(1) Name: **GRANT THORNTON LLP**

(2) EIN: **36-6055558**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☒ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year 0.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Employee Benefits Plan Committee
JBT Corporation Employees' Retirement Program

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of JBT Corporation Employees' Retirement Program (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 (in liquidation) and 2023 (ongoing), and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 (in liquidation) and 2023 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of matter

As described in Note A to the financial statements, on March 18, 2024, the Compensation Committee of the Board of Directors of John Bean Technologies Corporation, the Plan's sponsor, approved the termination of the Plan effective April 30, 2024, at which time it was determined liquidation is imminent. Accordingly, the Plan has changed its basis of accounting from the going concern basis used in presenting the Plan's December 31, 2023 financial statements to the liquidation basis used in presenting the Plan's December 31, 2024 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2024 and of reportable transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 (in liquidation) and December 31, 2023 (ongoing)

NOTE A - DESCRIPTION OF THE PLAN AND TRUST

The following description of the JBT Corporation Employees' Retirement Program (the Plan) provides general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan sponsored by John Bean Technologies Corporation (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan covers certain employees of the Company, its retirees and terminated vested employees. The Plan also provides benefits to eligible retirees of certain predecessor companies, including former employees of the FoodTech and AeroTech businesses of FMC Corporation and FMC Technologies, Inc.

The Plan's assets are held in a trust with The Northern Trust Company (Northern Trust or the Trustee). All of the assets of the Plan are available to pay benefits to participants of the Plan.

Plan Termination

On March 18, 2024, the Compensation Committee of the Board of Directors of the Company (the Committee) approved the Plan's termination effective April 30, 2024. All participants of the Plan became 100% vested at the time of the termination. The Plan Sponsor had the right under the Plan to discontinue contributions at any time and terminated the Plan subject to ERISA and subject to the terms of the Plan. The Company filed Form 500 (Standard Termination Notice Single-Employer Plan Termination) with the Pension Benefit Guarantee Corporation (PBGC) on September 3, 2024. In connection with the termination of the Plan, a lump sum payment window was offered in which eligible participants could elect to take a lump sum payment. Benefit payments totaling approximately \$30,429,000 were distributed during 2024 in relation to this payment window. The Plan Sponsor also entered into an agreement with Massachusetts Mutual Life Insurance Company (MassMutual) to transfer all Plan obligations to participants with regard to accrued benefits under the Plan. In connection with MassMutual's assumption of such obligations, MassMutual issued a group annuity contract and the Plan paid a total of \$178,491,699 on February 4, 2025.

For any participant who did not elect a lump sum distribution, the Company purchased a group annuity contract from an insurance company that provided for the distribution of Plan benefits, and the insurance company will then be responsible for paying benefit distributions (see above).

The group annuity contract with MassMutual excluded certain participants. The Company entered into an agreement with the PBGC to assume the obligation related to these participants. The total cost paid to the PBGC in relation to this agreement was \$3,006,469. No additional contributions are expected to be made in liquidation as the Plan will have sufficient assets to cover the Plan's benefit obligations. The Committee is still in the process of determining the ultimate disposition of the Plan's assets that remain after all liabilities in liquidation have been settled.

The following paragraphs describe the policies applicable to the Plan prior to its termination.

Eligibility

The Plan is a defined benefit pension plan covering certain employees of the Company, its retirees and terminated vested employees.

**JBT Corporation
Employees' Retirement Program**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 (in liquidation) and December 31, 2023 (ongoing)

The Plan was amended effective January 1, 2010, to freeze benefits accruals and future participation for non-union employees, and amended again effective January 1, 2015, to freeze benefits accruals and future participation for union employees.

Pension Benefits

Effective January 1, 2010, the Plan was amended to discontinue future benefit accruals for active non-union employees who were participants under the Plan as of December 31, 2009.

The following provisions of the Plan apply to the salaried and non-union hourly employees of the Company:

The normal retirement age is 65. A participant who terminates employment prior to completing five years of service is not eligible to receive a pension under the Plan. However, an active employee becomes vested at age 65 regardless of the years of service.

The normal annual benefit amount is equal to the sum of [(1) + (2)] multiplied by (3) where:

- (1) 1% of final average annual earnings up to allowable Social Security covered compensation

Plus

1.5% of final average annual earnings in excess of allowable Social Security covered compensation

Multiplied by

Years of credited service projected to age 65 (maximum of 35 years)

- (2) 1.5% of final average annual earnings multiplied by years of credited service projected to age 65 in excess of 35 years

- (3) Ratio of years of credited service as of termination to years of credited service projected to age 65

Plan participants hired before January 1, 1984, are eligible for early retirement on or after age 55. Plan participants hired after December 31, 1983, are eligible for early retirement following attainment of age 55 and 10 years of credited service.

The following provisions of the Plan apply to employees covered by the Jetway Systems Union and former employees covered by the Jetway Systems Union, Green Bay Union, Hoopeston Union and Smith Meter Unit Hourly benefit structures:

- The normal retirement age ranges between 62 and 65. A participant who terminates employment prior to completing vesting service of five years is not eligible to receive a pension under the Plan. The normal monthly benefit amount ranges between \$625 and \$634 multiplied by the years of service.
- Participants are entitled to early retirement following attainment of a specified age and a specified number of years of vesting service. For early retirement, the benefit is the monthly-accrued benefit, reduced by early retirement reduction factors outlined in the Plan.

Death and Disability Benefits

Certain union participants are eligible for disability benefits upon becoming permanently and totally disabled and, in some cases, after completing 10 to 15 years of service. The Plan also has provisions for benefits for the surviving spouse or beneficiary of a participant (including a pre-retirement survivor benefit if the employee's death occurs while still an active employee).

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

As a result of the Plan termination, the liquidation basis of accounting was used as of and for the year ended December 31, 2024, as termination was deemed imminent. The going concern (or ongoing) basis of accounting was used as of and for the year ended December 31, 2023. The difference between the accrual basis of accounting (ongoing basis) and the liquidation basis of accounting is that the liquidation basis of accounting requires assets be revalued to the value expected to be received upon liquidation. Assumptions used in the determination of liabilities are revalued under the terms of the liquidation, and income and expense expected to be earned and incurred through the date of liquidation are estimated and accrued as of the end of the reporting period. The effects of these changes are presented as adjustments to the liquidation basis in the accompanying 2024 financial statements.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates, but the Plan administrator does not believe such differences will materially affect the Plan's financial position or results of operations.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurements date. See Note G for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses of investments bought and sold, as well as, held during the year.

Payment of Benefits

Benefits paid to participants and beneficiaries are recorded when paid.

Administrative Expenses

Administrative expenses are primarily paid by the Plan.

JBT Corporation
Employees' Retirement Program

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 (in liquidation) and December 31, 2023 (ongoing)

NOTE C - FUNDING POLICY

The Company's funding policy is to contribute at least the minimum required by law, and to make additional discretionary contributions where advantageous to provide for favorable tax treatment, reduce long-term costs and/or improve short-term results. The determination of required contributions to be made by the Company during 2024 and 2023 was based on actuarial valuations as of January 1 of each year and in accordance with Internal Revenue Service (IRS) regulations. The Company has met the minimum funding requirements as set forth by ERISA for the 2024 and 2023 Plan years.

NOTE D - ACCUMULATED PLAN BENEFITS

As a result of the Plan's termination (see Note A), all benefits were settled in 2025. Distributions include the monthly annuities prior to the settlement of the Plan as well as the distributions arising from the Plan termination, which include lump sum payments for participants who elected a lump sum distribution, and the annuity payment purchases for participants who elected or were already enrolled for annuity payments. As a result, no actuarial valuation is presented as of December 31, 2023.

Prior to the Plan's termination, the Plan elected to present its actuarially computed present value of accumulated plan benefits as of the beginning of the Plan year. Accumulated Plan benefits were those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits included benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. Benefits payable under all circumstances (retirement, death, disability and termination) were included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of those accumulated Plan benefits was determined by the Plan's independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death or retirement) between the valuation date and the expected date of payment.

The following actuarial assumptions used in the December 31, 2022 valuation were based on the presumption that the Plan would continue:

1. Life expectancy of participants - weighted aggregate rates from the Pri-2012 mortality table, projected generationally from 2012 using Scale MP-2021 was used for the year ended December 31, 2022.
2. Retirement age assumptions - the assumed average retirement age varies between 55 and 70 for active participants and 63 and 64 for terminated vested participants for the year ended December 31, 2022.
3. An assumed rate of return on assets of 6.25% for the year ended December 31, 2022.

**JBT Corporation
Employees' Retirement Program**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 (in liquidation) and December 31, 2023 (ongoing)

The actuarial present value of accumulated Plan benefits as computed by independent actuaries as of December 31, 2022 was as follows using assumptions for an ongoing plan:

Vested benefits	
Participants currently receiving payments	\$ 148,624,449
Other participants	<u>62,857,463</u>
Total vested benefits	211,481,912
Non-vested participants	<u>706,415</u>
Total actuarial present value of accumulated Plan benefits	<u>\$ 212,188,327</u>

NOTE E - TAX STATUS

On August 8, 2016, the Company received a favorable determination letter from the IRS as to the qualified status of the Plan under Section 401(a) of the Internal Revenue Code. The determination letter applies to the Plan adopted on June 8, 2008, and amendments dated: September 15, 2009, December 23, 2009, October 25, 2011 and May 22, 2012.

A determination letter request filing was submitted to the IRS on March 20, 2024 related to the termination of the Plan. The Plan received approval from the IRS to terminate the Plan on May 6, 2025. The Company believes the termination of the Plan does not affect the qualified tax status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024 (in liquidation) and 2023 (ongoing), there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, at fair value, interest and dividends receivable, and payable for investments purchased, as shown in the statements of net assets available for benefits as of December 31, 2024 (in liquidation) and 2023 (ongoing).
- Investment (loss) income, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 (in liquidation) and 2023 (ongoing).
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2024.
- Schedule H, line 4(j) - schedule of reportable transactions for the year ended December 31, 2024.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE G - FAIR VALUE MEASUREMENTS

The fair value framework requires the categorization of assets and liabilities into three levels based on the assumptions (inputs) used to price the assets or liabilities. Level 1 provides the most reliable measure of fair value; whereas Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1 - Unadjusted quoted prices in active markets for identical assets and liabilities;

Level 2 - Observable inputs other than those included in Level 1; for example, quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets; and

Level 3 - Unobservable inputs reflecting management's own assumptions about the inputs used in pricing the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

U.S. Government Securities - Certain U.S. Treasury bonds and bills are valued based upon recent bid prices or the average of recent bid and asked prices when available (Level 2 inputs) and, if not available, they are valued through matrix pricing models developed by sources considered by management to be reliable. Matrix pricing, which is a mathematical technique commonly used to price debt securities that are not actively traded, values debt securities without relying exclusively on quoted prices or the specific securities but rather by relying on the securities' relationship to other benchmark quotes securities (Level 2 inputs).

Registered Investment Companies - Valued at the closing price reported in the active market in which the individual security is traded.

Collective Funds - Valued using the net asset value (NAV) provided by the fund's trustee based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding held by the Plan at year end as practical expedient fair value. The Plan's fair value is based on the Plan's proportionate ownership of the underlying investments. The NAV is calculated, at a minimum, on a daily basis. The funds have various objectives and certain funds seek to maximize long-term capital appreciation.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

⁽¹⁾ The Plan is required to provide a redemption notice to withdraw its shares in the collective fund investment, after which time the investment will no longer be available as an investment option. These funds may be redeemed daily without restrictions other than the Plan liquidating its investments. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 (in liquidation) and December 31, 2023 (ongoing)

NOTE H - DERIVATIVE FINANCIAL INSTRUMENTS

The Plan enters into futures contracts in the normal course of its investing activities to manage market risk associated with the Plan's fixed income investments, and to achieve overall investment portfolio objectives. The contracts involve elements of market risk in excess of the amount recognized in the statements of net assets available for benefits. The credit risk associated with these contracts is minimal as they are traded on organized exchanges and settled daily.

During the year ended December 31, 2024 (in liquidation), the Plan was party to futures contracts held for trading purposes for the two-year, five-year, ten-year and twenty-five-year U.S. Treasury notes and U.S. Treasury bonds. Upon entering into the futures contracts, the Plan is required to deposit either in cash or securities an amount equal to a certain percentage of the notional value of the contract. Subsequent payments are then made or received by the Plan, depending on the daily fluctuation in the value of the underlying contracts.

As of December 31, 2024 (in liquidation), the Plan held futures contracts with a fair value of \$0 and a notional amount of \$4,394,406. Notional amounts do not quantify risk or represent assets or liabilities of the Plan but are used in the calculation of the cash settlements under the contracts.

Changes in fair value are accounted for as net (depreciation) appreciation in fair value of investments.

The Plan is subject to master netting arrangements or similar agreements with certain counterparties for derivative transactions. These agreements specify not only the collateral movement based on exposure levels, but also the setoff, offsetting and netting provisions with the counterparty.

The Plan holds exchange traded futures; however, since these contracts are settled daily with initial margin and variation margin, the Plan considers its credit and counterparty risks to be minimal and therefore the market value and the month-end mark to market value of futures contracts is minimal as of the report date.

NOTE I - PARTY-IN-INTEREST TRANSACTIONS

All transactions with the Company, Northern Trust, service providers or participants are considered party-in-interest transactions. Certain Plan assets are invested in funds managed by Northern Trust. Northern Trust is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions.

NOTE J - RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and accumulated Plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE K - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	<u>2024</u>
Net assets available for benefits per the financial statements	\$ 538,539
Interest income to be received in liquidation	(918,323)
Annuity refund receivable in liquidation	(1,616,839)
Accrued annuity contract purchase in liquidation	178,491,699
Accrued benefit payment to participants in liquidation	5,598,183
Accrued PBGC payment in liquidation	<u>3,006,469</u>
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 185,099,728</u>

NOTE L - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2024 financial statements for subsequent events through October 15, 2025, the date the financial statements were available to be issued. Plan management is not aware of any additional subsequent events, other than the annuity purchase contract described in Note A, that require recognition or disclosure in the financial statements.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Interest Rates for Minimum Funding Purposes	Based on the full yield curve with no lookback (as of December 2023), (to which the interest rate stabilization corridor does not apply), with sample rates as follows: Duration 0.5–5.46% Duration 5.5–4.81% Duration 10.5–5.13% Duration 15.5–5.24% Duration 20.5–5.22% Duration 25.5–5.18% Duration 30.5–5.17%
Optional Payment Form Election Percentage	45%: single life annuity; 20%: 50% joint and survivor annuity; 35%: 100% joint and survivor annuity
Optional Payment Form Conversion Interest Rate	6.00% for salaried and non-union hourly 8.00% for union hourly
Optional Payment Form Conversion Mortality	RP-2000 Combined Healthy Mortality Table for salaried and nonunion hourly; 1983 Group Annuity Mortality Table for union hourly
Retirement Age	
Active Participants	See Table 1
Terminated Vested Participants	Age 64 (Salaried and nonunion hourly participants who were terminated under Reduction in Force and who attained 65 points (age plus service) at termination are assumed to retire at age 60 with the enhanced early retirement benefit reductions)
Mortality Rates

Surviving Spouse Benefit

It is assumed that 75% of males and 75% of females have an eligible spouse, and that males are two years older than their spouses.

Benefit Limits

Projected benefits are limited by the current IRC section 415 maximum benefit of \$275,000.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Retirement Benefits

Early Retirement

The benefit is computed in the same manner as the normal retirement benefit except for the following:

- (1) The amount determined in [(1) + (2)] times (3) above will be reduced by $\frac{1}{3}$ of 1% for each month in excess of 36 that retirement precedes age 65.
- (2) For each year that retirement precedes age 65, the amount of employee contributions and interest required to provide \$1.00 of benefits under part (4) above is increased by \$3.00.

Deferred Vested

The accrued normal retirement benefit payable for life commencing at age 65. The benefit is payable as early as age 55, with reductions of 0.5% applied for each month between benefit commencement and age 65.

Participants who were terminated under a reduction in force and who attained 65 points (age plus service) at termination will receive the early retirement benefit reductions.

Preretirement Death Benefits

Survivor's Benefit

For employees eligible for early retirement, a benefit is payable to a beneficiary for life equal to 50% of what the participant would have received had the participant retired on the day of his death with the 50% joint and survivor option in effect.

The employee's past contributions with interest serve as a minimum benefit upon death.

Spouse's Benefit

For employees who are vested but not yet eligible for early retirement, a benefit is payable to a surviving spouse equal to 50% of the amount the participant would have received if the participant terminated on the date of his death, survived until his earliest retirement date and retired with the 50% joint and survivor option in effect.

The employee's past contributions with interest serve as a minimum benefit upon death.

Normal Form of Annuity

Life annuity. Benefits are paid to married participants on a reduced basis as a qualified joint and survivor annuity, unless elected otherwise.

Optional Forms of Annuity

50% joint and survivor annuity, 75% joint and survivor annuity, 100% joint and survivor annuity, and level income annuity options.

JBT Corporation Employees' Retirement Program
EIN: 91-1650317 PN: 001

Employee Contributions

None are required or permitted since May 1, 1969.
Interest is credited on accumulated amounts up to the date of retirement (or withdrawal, if earlier).

Benefit Offset

This plan will offset the November 30, 1985 benefits that are provided by Aetna and Prudential nonparticipating annuities.

Minimum Benefit

There is a minimum benefit equal to the accrued benefit as of December 31, 1990, as determined under the FMC plan existing on that date.

Benefit Accruals While On Long-Term Disability

Employees who are on long-term disability prior to January 12, 2006 will continue to earn credited service and vesting service during the period of disability. In addition, pensionable earnings are imputed during the period of disability. For participants who commence receiving long-term disability benefits on or after January 12, 2006, credited service and vesting service are not imputed during the period of disability.

Definitions

Plan Year

January 1 to December 31.

Vesting Service

Elapsed time from date of hire to date of termination. A partial month of service is recognized as a full month.

Credited Service

Same as vesting service except no service is credited for certain leaves of absence and no service is credited after December 31, 2009.

Earnings

Regular compensation including overtime, administrative and discretionary bonuses, sales bonuses and sales commissions, and incentive compensation (earned during the plan year but paid after the end of the plan year). Earnings exclude hiring and stay bonuses, awards, deferred compensation, severance pay, accrued vacation and other special payments. Earnings after December 31, 2009 will be excluded.

Final Average Earnings

The average of the highest consecutive 60 months of earnings out of the last 120 months of employment.

Covered Compensation

Covered compensation is the allowable 35-year average of the maximum earnings subject to Social Security tax. The 35-year period ends in the year the employee reaches Social Security retirement age. Each year as the Social Security wage base changes, the allowable covered compensation amount will also change.

Union Hourly

Plan Status

The plan was closed to new union participants as of January 1, 2015.

Eligible union employees who were hired prior to September 1, 2014, were given an election to continue to accrue future benefit service through December 31, 2017. Credited service will be frozen as of December 31, 2014, for all other participants who did not make this election.

Eligibility for Benefits

Normal Retirement

Age 65.

Early Retirement

Age 55 and 10 years of credited service.

Deferred Vested

Five years of vesting service.

Preretirement Death

Five years of vesting service.

Disability

Ten years of vesting service.

Retirement Benefits

Normal Retirement

Monthly pension is \$33.00 times years of service, effective September 1, 2011.

Early Retirement

The benefit is computed in the same manner as the normal retirement benefit except for the following:

The benefit for employees will be reduced 4% for each year that retirement precedes age 65 and 5% for each year retirement precedes age 60.

Deferred Vested

The monthly accrued benefit, reduced actuarially if payments commence after age 55 but before age 65.

Disability

The monthly accrued benefit payable immediately after the completion of any waiting period after the date of disability. The disability benefit is subject to a minimum of \$100 per month. An additional \$100 monthly benefit is payable to participants until eligible for Social Security benefits.

Preretirement Death Benefit

If eligible for early retirement, the benefit payable to the spouse for life is equal to 50% of what the participant would have received had the participant retired on the day of his death with the 50% joint and survivor option in effect. If vested, but not yet eligible for early retirement, the benefit is equal to 50% of the amount the participant would have received if the participant terminated on the date of his death, survived until his earliest retirement date and retired with the 50% joint and survivor option in effect.

Normal Form of Annuity

Unmarried participants receive a single life annuity; married participants receive a 50% joint and survivor annuity.

Optional Forms of Annuity

75% joint and survivor annuity.
100% joint and survivor annuity.

Plan Changes Since the Prior Year

The funding valuation reflects the following plan change:

- The JBT Corporation Employees' Retirement Program was terminated effective April 30, 2024.

Other Information to Fully and Fairly Disclose the Actuarial Position of the Plan

Due to software limitations with the electronic filing process, information filed electronically cannot be controlled by the Enrolled Actuary. The values on the signed Schedule SB will govern to the extent there are any differences in the entries filed electronically and the actual data contained on the signed Schedule SB.

This is the final Schedule SB filing, as the plan terminated effective April 30, 2024. This Schedule SB reflects a short plan year ending April 30, 2024, and therefore the normal cost and amortization bases have been prorated by 4/12.

Schedule SB, line 24 — Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes:

- A change in the active retirement rates for nonunion participants to better reflect anticipated future experience.
- A change in the unlimited expected rate of return on plan assets from 6.25 percent to 5.00 percent.

These changes were made to better reflect the anticipated plan experience. These non-prescribed assumption changes did not reduce the funding shortfall more than the funding thresholds stated in the Internal Revenue Code section 430(h)(5); as such, approval of the Commissioner is not required.
