INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Bergelectric Corporation Money Purchase Pension Plan
Escondido, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bergelectric Corporation Money Purchase Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an "ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Part IV, Line 4i) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BERGELECTRIC CORPORATION MONEY PURCHASE PENSION PLAN

Notes to Financial Statements December 31, 2024

NOTE 1. DESCRIPTION OF PLAN

The following description of Bergelectric Corporation Money Purchase Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan, which became effective on January 1, 1992, is a defined contribution plan covering all eligible employees of Bergelectric Corporation. Charles Schwab Trust Bank ("CSTB") is the Plan's trustee and custodian as of December 31, 2024 and 2023 and for the year ended December 31, 2024. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA"), and the provisions of the Internal Revenue Code (the "IRC").

Eligibility

Employees of the Company are eligible to participate in the Plan with the exception of union employees, merger and acquisition employees, leased employees, employees classified as independent contractors, and certain other employees as defined in the adoption agreement. All other employees are generally eligible to participate regardless of age and service. Eligible employees may enter the Plan immediately.

Contributions

The Company makes prevailing wage contributions on behalf of each participant who performs services subject to certain federal, state, or municipal prevailing wage statutes. The prevailing wage contribution is equal to the balance of the fringe benefit payment for health and welfare, training, pension, and other required benefits for each participant (after deducting the cost of cash differential payments for the participant) based on the hourly contribution rate for the participant's employment classification, as defined. For 2023, the Company made prevailing wage contributions to the Plan in the amount of \$18,364,965 of which \$1,498,777 is a receivable at December 31, 2024.

Participant Accounts

All investments are participant-directed. Each participant's account is credited with the employer prevailing wage contributions, and an allocation of (a) investment earnings and losses, and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always fully vested in employer prevailing wage contributions, plus actual earnings thereon.

Investment Options

Upon enrollment in the Plan, participants may direct employer contributions to any of the Plan's investment options. Subsequently, participants may change their allocations and transfer account balances between investment options in accordance with Plan provisions.

Notes to Financial Statements December 31, 2024

NOTE 1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants (Participant Loans)

Participants may borrow against their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested interests in their account balances, reduced by the highest outstanding loan balance in their account during the prior twelve-month period. Participants may have only one loan outstanding at any one time. Such loans are required to be repaid within five years, except that any loan used to purchase a participant's principal residence may be repaid over a ten-year period. Loans are secured by a participant's vested account balance. Participant loans bear a reasonable rate of interest based on current interest rates charged by persons in the business of lending money for similar loans at the time the loan is made. Principal and interest are paid regularly through payroll deductions. As of December 31, 2024, the interest rate on outstanding loans ranged from 4.25% to 9.50%.

Payment of Benefits

Upon disability, death, termination, or retirement, participants or their beneficiaries may receive a distribution of their vested accounts in a lump sum, partial payments, or defer distribution until a later date if the account exceeds \$5,000 (\$7,000 effective January 1, 2024). However, if such a participant's vested account balance is less than this threshold, but greater than \$1,000, the Plan may roll the balance into an individual retirement account designated by the Plan administrator. Also, at its discretion, the Plan may elect to distribute vested account balances of less than \$1,000.

Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act), which became law on December 20, 2019, and the SECURE 2.0 Act of 2022 (the "SECURE Act 2.0"), which became law on December 29, 2022, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reached the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires, except that –
- Beginning in 2023, the age a participant must begin taking distributions was raised to 73. If a participant reaches the age of 72 during 2023, the participant may defer receiving distributions until April 1, 2025, the latest date that required minimum distribution may be taken for 2024.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

BERGELECTRIC CORPORATION MONEY PURCHASE PENSION PLAN

Notes to Financial Statements December 31, 2024

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses consist primarily of recordkeeping and investment advisory fees which are allocated to participant accounts as defined in the Plan. Other, account-specific fees, such as any distribution or loan fees, are charged directly to the accounts of the transacting participants. Certain other administrative expenses of the Plan, such as legal, accounting, and other fees may be paid by the Plan or the Company.

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

The Plan has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation or depreciation in fair value of investments, dividends, interest, and other income for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by CSTB, the trustee of the Plan.

BERGELECTRIC CORPORATION MONEY PURCHASE PENSION PLAN

Notes to Financial Statements December 31, 2024

NOTE 4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's operating expenses are paid by the Company. The Company also provides administrative services for the Plan at no cost to the Plan. In addition, certain investments are managed by an affiliate of the trustee. These transactions qualify as exempt party-in-interest transactions.

NOTE 5. INCOME TAX STATUS

The Company has adopted a pre-approved defined contribution plan and relies upon its opinion letter from the Internal Revenue Service ("IRS") dated September 21, 2020, in which the IRS stated that the pre-approved plan's design was in accordance with the applicable requirements of the IRC. The Company has not applied for a determination letter from the IRS specific to the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

BERGELECTRIC CORPORATION MONEY PURCHASE PENSION PLAN

Notes to Financial Statements December 31, 2024

NOTE 6. FAIR VALUE MEASUREMENTS (Continued)

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments measured at fair value at December 31, 2024 and 2023. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust: Valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer may reserve the right to require a notification period in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Putnam Investments Stable Value Fund is a stable value collective trust which primarily consists of indirect investments in high-quality guaranteed investment contracts, security-backed investment contracts, high-quality money market instruments, cash, cash equivalents, and stable value funds through an investment company.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	December 31, 2024			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 120,960,349	\$ -	\$ -	\$ 120,960,349

Common/collective trust measured at net asset value ^(a)				<u>11,439,582</u>
Total investments at fair value				<u>\$ 115,625,459</u>

(a) In accordance with FASB ASC 820, Subtopic 10, certain investments that are measured at net asset value per share (or its equivalent) shall not be classified in the fair value hierarchy. The fair value amounts of the common collective trust presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

In addition, there were no transfers in or out of Level 3 between December 31, 2023 and 2024.

The following table summarizes certain characteristics of the Plan's investment in the common/collective trust (for which fair value is measured using the net asset value per share practical expedient). There are no participant redemption restrictions for this investment, and the redemption notice period is applicable only to the Plan.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

NOTE 8. SECURE 2.0 ACT

On December 29, 2022, the SECURE Act 2.0 became law. The purpose of the legislation is to expand access to retirement plans and to help working Americans increase their retirement savings. In addition to the changes to distributions described in Note 1, the SECURE Act 2.0 includes various required and optional provisions that become effective through 2033, certain of which are described below.

- Beginning January 1, 2025, a participant from the ages 60 to 63 can elect catch-up contributions up to the limit of the greater of \$10,000 or 150% of the catch-up contribution limit imposed by the IRS.
- Starting January 1, 2025, long-term part-time workers (defined as employees who have worked for two consecutive 12 month periods during each of which they have at least 500 hours of service) will become eligible to enroll in their employer's retirement plan after two years.
- Catch-up contributions will be made on a Roth basis, unless the participant earns \$145,000 or less, generally starting January 1, 2026.

Plan management has not yet determined which of the optional provisions, if any, the Plan will implement. Plan management expects to formally amend the Plan by December 31, 2026.
