## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator  
Altas Health Solutions 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audits**

We have performed audits of the accompanying financial statements of Altas Health Solutions 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Altas Health Solutions 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Altas Health Solutions 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Altas Health Solutions 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Altais Health Solutions 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Altais Health Solutions 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules delinquent participant contributions for the year ended December 31, 2024 and of assets (held at end of year) as of December 31, 2024 (collectively, "supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Altais Health Solutions 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of the Altais Health Solutions 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan documents for more complete description of the Plan's provision.

General

The Plan, a defined contribution plan covering all employees of Altais Health Solutions ("the Company," "Employer," or "Plan Sponsor"), is designed to comply with Section 401(k) and related provisions of the Internal Revenue Code (IRC). The Plan established on November 1, 1997, and was restated effective January 1, 2023. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan covers all employees who meet certain eligibility requirements as defined by the Plan. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and the IRC.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE 2.0) was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of December 31, 2024.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Empower Annuity Insurance Company of America (the "Custodian") and Empower Trust Company, LLC (the "Trustee") are responsible for the custody and management of the Plan's assets. An affiliate of the Custodian is responsible for maintaining participant accounts and transactions related to participant initiated activity.

Eligibility

Employees covered under the Plan include all employees except those who are members of a collective bargaining agreement and nonresident aliens. Covered employees are eligible to participate in the Plan upon commencement of employment.

Participants must be credited with at least six months of service to receive Employer nonelective discretionary contributions. Participants must be employed by the Company on the last day of the year and complete 1,000 hours of service during the year to be eligible to receive Employer nonelective discretionary contributions.

Altas Health Solutions 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Contributions

Participants may elect to contribute through payroll deductions amounts up to 100% of their annual eligible compensation as defined by the Plan, on a pre-tax basis or after-tax basis (as Roth contributions), up to a maximum amount allowed by the IRC. Participants over the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover contributions from other qualified employer-sponsored retirement plans or certain individual retirement accounts as described in the plan documents.

Effective January 1, 2023, newly eligible participants are automatically enrolled to defer 4% of their eligible compensation on a pre-tax basis, unless the participant makes a contrary election. Participants will also have their deferral rate increased by 1% annually up to the maximum of 15% of their eligible compensation.

The Company makes Employer safe harbor matching contributions of 100% of each participant's elective deferrals up to 4% of the participant's eligible compensation, as defined by the Plan. For the year ended December 31, 2024, Employer safe harbor matching contributions totaled \$1,650,254.

The Company may also make Employer nonelective discretionary contributions. For the year ended December 31, 2024, the Company did not make any Employer nonelective discretionary contributions.

Participant accounts

Each participant's account is credited with the participant's contributions, rollovers, and Employer contributions, if any, and investment earnings, and charged with investment losses, if any, and an allocation of administrative expenses not paid directly by the Company. Participants may direct their account balances into any of the investment options offered by the Plan. Allocations of investment earnings are based strictly on participant's selection of investments and timing of purchases and sales. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Employer safe harbor matching contributions plus actual earnings thereon. Vesting in the Employer nonelective discretionary contributions plus earnings thereon is based on a one-year cliff vesting schedule. Participants are 100% vested after one year of credited service, as defined in the plan document. In the event of death, disability, or attaining normal retirement age, participants are immediately vested in all Employer contributions.

Altais Health Solutions 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Vesting (continued)

The vesting schedule for the Employer nonelective discretionary contribution is as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0 %
1	100 %

Forfeitures

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$8,218 and \$9,256, respectively. The Plan may elect to use forfeitures to reduce the Company's contributions and/or to pay administrative expenses. Forfeitures of \$1,252 were used for a correction during the year ended December 31, 2024. Forfeitures of \$8,219 recorded in the year have been transferred to the Charles Schwab Trust Bank.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants (or "participant loans" or "loans") are secured by the balance in the participant's account and bear interest at a fixed rate equal to the prime lending rate plus 1% at origination. The repayment of principal plus interest is generally required by the Plan to be made through semi-monthly payroll deductions over five years, unless the loan is used for the purchase of a primary residence whereby the loan term may be extended for a period not to exceed fifteen years. Interest rates range from 4.25% to 9.50% as of December 31, 2024 and had various maturities through August 2039.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability, or death. If a participant's vested account balance is less than or equal to \$1,000 upon termination, the balance is immediately distributed as a lump sum payment unless otherwise elected. Upon termination, if a participant's vested account balance is greater than \$1,000 and less than or equal to \$7,000, their balance shall be automatically rolled over into an individual retirement account designated by the Plan administrator, unless otherwise elected. Upon termination, if a participant's vested account balance is greater than \$7,000, the participant may elect to receive a distribution of their account balance as a lump-sum payment, a direct rollover into another qualified plan, or postpone payment to a later date and remain in the Plan as described in the plan document.

Altas Health Solutions 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits (continued)

Effective January 1, 2024, the Plan was administratively amended to adopt the increased threshold for mandatory distributions under Section 304 of the SECURE 2.0 Act, raising the limit from \$5,000 to \$7,000 for automatic rollovers to an individual retirement account without the participant's consent.

Upon attaining the age of 59 ½, participants may, while still employed by the Company, elect to withdraw all or a portion of their vested account balance. Hardship distributions are permitted under limited circumstances as defined in the plan documents.

Administrative expenses

Administrative expenses are generally paid by the Company, but may, at the discretion of the Plan administrator, be paid by the Plan. Transaction fees for certain participant-initiated activity are charged to the specific account of the participant initiating any such transaction. The Plan is not required to reimburse the Company for expenses paid on its behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and the change therein, and disclosure of contingent liabilities. Actual results may differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4). Contract value represents contributions made under a contract, plus interest, less participant withdrawals, and administrative expenses (Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. Employer contributions, if any, are recorded in the year they are earned to coincide with the year in which the Company records the contribution in its general ledger. The Plan records receivables based upon the contributions due, less amounts received by the Plan as of the last day of the Plan year.

Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Custodian and the Trustee.

Notes receivable from participants

Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. If a participant ceases to make loan repayments and the participant loan is determined to be a distribution, the participant loan balance is reduced and a deemed distribution is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN AND TRUSTEE  
(UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodian and Trustee, determined to be qualified institutions by the Plan administrator, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2024 ("supplemental schedule").

Accordingly, as requested by the Plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the Plan's financial statements and the supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full-term of the assets or liabilities; or
- *Level 3* - unobservable inputs for the asset or liability that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported on the active market on which these securities are traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within Level 1 of the fair value hierarchy.

*Collective trust funds:* Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Custodian and Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less fees and expenses, divided by the number of outstanding units. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The collective trust funds have no unfunded commitments and can be redeemed daily.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	<u>\$ 23,057,471</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 23,057,471
Investments measured at NAV*				<u>13,410,007</u>
				<u>\$ 36,467,478</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	<u>\$ 27,733,800</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 27,733,800
Investments measured at NAV*				<u>6,339,024</u>
				<u>\$ 34,072,824</u>

4. FAIR VALUE MEASUREMENTS (continued)

\* In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share practical expedient (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

5. KEY GUARANTEED PORTFOLIO FUND

The Plan's investment in the Key Guaranteed Portfolio Fund (the "Fund") is a fully benefit-responsive guaranteed interest account (similar to an investment contract) which is unconditionally guaranteed by Empower and is held in its general account. The Plan's balance in the Fund at December 31, 2024 and 2023, is \$1,781,957 and \$2,223,140, respectively.

For guaranteed interest accounts that are fully benefit-responsive, contract value is the relevant measurement attributed for that portion of the net assets available for benefits attributable to the Fund. The Fund is included in the Plan's financial statements at contract value, as reported by Empower. Contract value represents accumulated cash contributions made under the contract, interest credited to the contract, less participant withdrawals and transfers and Fund expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk for the contract issuer or otherwise. The investment contract provides a guarantee of principal. The average crediting interest rate for the contract at December 31, 2024 and 2023, was 1.41% and 1.23%. The crediting interest rate may change or stay the same each quarter and is determined and reset by Empower, every quarter. Additional interest is not guaranteed for future periods.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value of the Plan or with participants are probable of occurring.

6. TAX STATUS

The Plan has adopted the Empower Retirement LLC Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan ("pre-approved plan"). The Internal Revenue Service has issued an opinion letter dated November 14, 2022, stating that the pre-approved plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan, as adopted and amended, is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similar to a related party under financial accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain fees and expenses of the Plan are paid by the Company. These transactions qualify as party-in-interest transactions. The Plan is not required to repay expenses paid by the Company on its behalf.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts.

The Custodian and Trustee retain, as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain Plan investments are owned and managed by the Custodian and Trustee or its affiliates, therefore, these investment transactions qualify as exempt party-in-interest transactions.

8. PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become fully vested in their accounts.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2025, the date the financial statements were available to be issued. As of January 1, 2025, the Plan changed its custodian and recordkeeper to Charles Schwab Trust Bank and the following affiliated plans will also be merged into the Altas Health Solutions 401(k) Plan as of January 1, 2025 and each became an adopting employer of the Plan: My Health Medical Group (BT Health) 401(k) Plan, Altas Medical Group Riverside 401(k) Plan, and Family Care Specialists 401(k) Plan. The Plan also restated the Plan effective as of January 1, 2025, and adopted the Schwab Retirement Plan Services, Inc. Pre-Approved Defined Contribution Plan. The automatic enrollment provision was removed from the Plan's provisions. No other subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:
