INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Venus Fashion, Inc. Retirement Benefits Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Venus Fashion, Inc. Retirement Benefits Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules, Form 5500 Schedule H Line 4i Schedule of Assets (Held at End of Year) and the Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Venus Fashion, Inc. Retirement Benefits Plan

Notes to Financial Statements

1. Description of Plan:

The following description of the Venus Fashion, Inc Retirement Benefits Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan was initially established on January 1, 1992, and restated August 1, 2021. The Plan is a 401(k) defined contribution plan covering all employees of Venus Fashion, Inc. (the “Company”). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective October 1, 2023, the Plan changed trustee and custodian from Voya Institutional Trust Company to Reliance Trust Company. As of result of the change in trustee and custodian, the following changes were made to plan provisions during 2023: 1) residents of Puerto Rico are excluded from participating and nonresident aliens are no longer excluded from participating, 2) participants may now contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, and 3) account balances that may be automatically distributed without the consent of the participant increased from \$1,000 to \$5,000.

Eligibility

Employees who have completed two months of service and are age twenty-one or older are eligible to contribute to the Plan, except employees covered by a collective bargaining agreement, leased employees, and residents of Puerto Rico. Eligible employees may enroll immediately upon satisfying the Plan’s eligibility requirements.

Employees who have completed 12 months of service and have completed one year of service, with 1,000 hours for a year of crediting service, are eligible to participate in employer safe harbor matching and nonelective contributions.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, common/collective trusts, and a guaranteed investment contract as investment options for participants.

Contributions

Each year participants may elect to contribute up to 90% of their annual compensation, as defined by the Plan up to the maximum allowable under the Internal Revenue Code (“IRS”). In addition, employees who have attained age 50 by the end of the Plan year may make catch-up contributions up to limits defined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company has elected to make safe harbor matching contributions equal to an amount equal to 100% of salary deferrals that do not exceed 4% of compensation. Additional employer discretionary matching and nonelective contributions may be made at the option of the Company. Contributions are subject to certain limitations. The Company did not contribute additional discretionary contributions to the Plan during 2023.

1. Description of Plan (Continued):

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and (b) Plan's investment earnings and losses. Plan earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants invested in that fund. Any related administrative expenses based on participant earnings or account balances are deducted from the participant's account. The participants' accounts are adjusted daily to reflect contributions, income, and expenses.

Vesting

Participants are vested immediately in their contributions as well as employer safe harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and nonelective contributions is based on the following table:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Participant Loans Receivable

Participants may borrow a minimum of \$500, up to 50% of their vested contributions and related earnings, not to exceed \$50,000. Participants are permitted one outstanding loan at a time. Loans are secured by the balance in the participant's account and must be repaid in level payments through payroll deductions within a five-year period, except for loans for the purchase of a principal residence which may be repaid over a reasonable period of time not to exceed a maximum of 30 years. Generally, notes receivable from participants include interest at 1% above the prime rate.

Payment of Benefits

The entire vested balance in an individual participant's account shall be payable to the participant upon the election of the participant, upon retirement at or after age 65, or upon determination of total and permanent disability, or to the participant's beneficiary in the event of death. A participant becomes fully vested upon death or total and permanent disability. Additionally, hardship withdrawals and certain other in-service withdrawals are also permitted by the Plan if certain criteria are met. Account balances that are under \$5,000 may be automatically paid out at the discretion of the Plan. The Plan requires a minimum distribution of \$500.

Forfeited Accounts

Forfeitures from non-vested participant accounts are used to reduce future Company contributions and to pay Plan expenses. At December 31, 2023 and 2022 there were \$6,603 and \$6,989 in forfeited non-vested accounts, respectively. During the year ended December 31, 2023, forfeitures totaling \$8,386 were used to reduce employer contributions.

Venus Fashion, Inc. Retirement Benefits Plan
Notes to Financial Statements

1. Description of Plan (Continued):

Administrative Expenses

Administrative expenses of the Plan may be paid by the Company or Plan. Unless paid by the Company, administrative expenses are allocated to 1) participant accounts proportionally based on the value of the account balances, 2) as an equal dollar amount based on the number of participants of the Plan, or 3) charged to the related participant's account, based on the nature of the expense.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

2. Summary of Accounting Policies:

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are presented at fair value, except fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Contract value is the relative measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Realized gains and losses on the sales of securities are reported on the average cost method.

Notes Receivable from Participants

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributed based upon the terms of the Plan document. The loans are secured by the balance in the participants' accounts.

2. Summary of Accounting Policies (Continued):

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Fair Value Measurements:

Financial Accounting Standards Board, Statement of Accounting Standards Codification Topic 820 (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Common/collective trusts: Stated at fair value as determined by the issuers of the funds on the fair market value of the underlying investments, which is valued at net asset value ("NAV") as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV.

Pooled separate accounts: The value of the units held in pooled separate accounts is based on the net asset value ("NAV") of the units as a practical expedient to estimate fair value. NAV is determined by the security prices of the underlying investments which are listed on national securities exchanges and valued on the basis of year-end closing prices. While the underlying security prices are quoted prices, the NAV of a separate account is not publicly quoted.

Venus Fashion, Inc. Retirement Benefits Plan
Notes to Financial Statements

3. Fair Value Measurements (Continued):

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan investment assets at fair value as of December 31, 2023 and 2022.

<i>December 31,</i>	Level	2023	2022
Mutual funds	<i>I</i>	\$ 11,789,071	\$ -
Common/ collective trusts	<i>(a)</i>	66,039	-
Pooled separate accounts	<i>(a)</i>	-	11,652,339
		<u>\$ 11,855,110</u>	<u>\$ 11,652,339</u>

(a) these funds were measured at net asset value per share in accordance with ASC Subtopic 820-10 and have not been classified in the fair value hierarchy.

4. Investment Contract with Insurance Company:

The Plan invests in a guaranteed interest contract with Voya Retirement Insurance and Annuity Company (“Voya”), which is a fully benefit-responsive investment contract. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value of the guaranteed interest contract was \$232,896 and \$681,592 at December 31, 2023 and 2022, respectively.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: 1) participant termination, 2) removal from the Plan of one or more groups or classifications of participants, 3) partial or complete Plan termination or 4) Plan disqualification. In general, the following events would permit Voya to terminate the contract and settle at other-than-contract value: 1) the Plan's loss of its qualified status, 2) Plan termination, 3) uncured breaches of material obligations under the contract, or 4) advance notification by either party.

5. Information Certified by the Plan's Custodian:

The following investments included in the statements of net assets available for benefits as of December 31, 2023 and 2022 and the dividends and net appreciation in fair value of investments included in the statement of changes in net assets available for benefits for the year ended December 31, 2023 have been derived from information certified as complete and accurate by Voya Institutional Trust Company and Reliance Trust Company in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as follows:

<i>December 31,</i>	2023	2022
Mutual funds	\$ 11,789,071	\$ -
Common/ collective trusts	66,039	-
Guaranteed investment contract	232,896	681,592
Pooled separate accounts	-	11,652,339

<i>Year Ended December 31,</i>	2023
Net appreciation in fair value of investments	\$ 1,768,464
Dividends	249,790

6. Party-in-Interest Transactions:

Certain Plan investments were managed by Voya during 2023 and 2022 and transactions with Voya have been identified as party-in-interest transactions which are exempt from prohibited transaction rules. Fees paid by the Plan to Voya for the investment management services and transaction fees amounted to \$11,423 and \$10,278 for the years ended December 31, 2023 and 2022, respectively, and are included in administrative expenses in the accompanying statements of changes in net assets available for benefits.

ADP, LLC ("ADP") provides recordkeeping services to the Plan and is considered a party in-interest to the Plan. The Plan paid \$7,675 to ADP during the 2023 Plan year which is included in administrative expenses.

Reliance Trust Company is the trustee and custodian of the Plan, therefore, transactions involving managed investments qualify as party-in-interest transactions.

Included in the Plan assets are notes receivable from participants. At December 31, 2023 and 2022, notes receivable from participants amounted to \$261,773 and \$277,329, respectively. For the year ended December 31, 2023, interest income related to notes receivable from participants amounted to \$12,576. These transactions qualify as party-in-interest transactions permitted under provisions of ERISA

7. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Venus Fashion, Inc. Retirement Benefits Plan
Notes to Financial Statements

8. Tax Status:

The Plan was established under the Prototype Non-standardized Profit Sharing Plan with CODA (the “Prototype Plan”). The Internal Revenue Service issued a determination letter dated October 6, 2020, stating that the Prototype Plan was in accordance with the applicable Plan designed requirements as of that date. The Plan as adopted and amended has not requested a determination letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement dates.

Management has evaluated the Plan's tax positions and concluded that as of December 31, 2023, the Plan had taken no uncertain tax positions that require recognition of a liability (or asset) in the financial statements. With few exceptions, the Plan is no longer subject to income tax examination by the U.S. federal, state or local tax authorities for tax years before 2020.

9. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2023 and 2022.

<i>December 31,</i>	2023	2022
Net assets reflected on Form 5500	\$ 12,349,779	\$ 12,618,144
Employer contributions receivable	-	26,429
Net assets reflected in the financial statements	<u>\$ 12,349,779</u>	<u>\$ 12,644,573</u>

The following is a reconciliation of net change in net assets per the financial statements to the Form 5500 for the year ended December 31, 2023.

<i>Year Ended December 31,</i>	2023
Net loss per the Form 5500	\$ (268,365)
Change in employer contributions receivable	(26,429)
Net change per the financial statements	<u>\$ (294,794)</u>

10. Non-Exempt Transactions:

The Company determined that during 2021 it failed to remit employee deferrals within the appropriate time period totaling \$179. Late or delinquent deferrals constitute prohibited transactions as defined by ERISA and are included in the accompanying supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions. Lost earnings related to the late remittances of 2021 have not been calculated by the Company or remitted to the Plan. The Company is reviewing its procedures to ensure deferrals are remitted correctly and within the prescribed period of time.

Notes to Financial Statements

11. Subsequent Events:

The Securing a Strong Retirement Act (“SECURE 2.0 Act”) was signed into law on December 29, 2022, and includes mandatory and optional provisions with varying effective dates in 2023 and later. The Plan Administrator will determine the optional provisions to elect and amend the Plan document accordingly.

Subsequent to the plan year ended December 31, 2023, the Plan experienced a partial termination due to a significant reduction in workforce. As a result, affected participants became fully vested in their account balances in accordance with IRS regulations.

Management has evaluated subsequent events through May 1, 2025, the date the financial statements were available to be filed and has determined that, except as disclosed above, there were no material events requiring recognition or disclosure
