Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Health Services, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Health Services, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Health Services, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HEALTH SERVICES 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE A – DESCRIPTION OF PLAN

The following description of Health Services, LLC 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on August 25, 2010. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) covering substantially all employees of Health Services, LLC and its affiliates Health Services Montana, LLC; Health Services Seattle, LLC; Rowyn, LLC; Health Services Nevada; Health Services Wyoming; Health Services Kansas; and Health Services Oklahoma (collectively referred to as "the Company") who have met the service requirement of two months of service and are not nonresident aliens. The Plan was amended effective February 1, 2022, to include Health Services Montana, LLC; Health Services Nevada, Health Services Seattle, LLC; Health Services Wyoming; Health Services Oklahoma; Health Services Kansas; and Rowyn, LLC as participating employers. Effective December 14, 2023, the Plan was amended to also exclude residents of Puerto Rico. Participants may enter the Plan on the first day of the month coinciding with or next following the date requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute on a pre-tax basis or post-tax (Roth) basis to the Plan up to 85% of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor matching contribution each payroll period equal to 100% of participant contributions up to 3% of compensation plus 50% of participant contributions from 3% of compensation up to 5% of compensation. The Company may also make discretionary matching contributions and nonelective contributions to the Plan. For the years ended December 31, 2023 and December 31, 2022, the Company did not make any discretionary matching or nonelective contributions to the Plan. Participants direct the investment of their employer contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company safe harbor matching contributions, Company discretionary matching contributions, if any, an allocation of Company discretionary nonelective contributions, if any, and Plan earnings (losses). Participants are charged with an allocation of administrative expenses that are paid by the Plan, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

HEALTH SERVICES 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants vest immediately in their contributions and their safe harbor contributions plus actual earnings thereon. Participants vest in their Company discretionary matching contributions, if any, and Company discretionary nonelective contributions, if any, based on years of service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
0 - 2	0%
3+	100%

If a participant dies or is disabled prior to attaining normal retirement age, the participant becomes 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Participants, or their beneficiaries, may receive the vested interest of their Plan account through a distribution of benefits upon retirement, death, termination of employment, or a qualifying withdrawal. Hardship withdrawals are not permitted by the Plan. In-service distributions may be made to a participant who has not separated from service provided the participant has attained age 59 ½. Benefit payments are made in the form of lump sum distributions. Effective December 14, 2023, benefit payments may also be made in the form of partial withdrawals. Participants who terminate employment with a balance of less than \$1,000 may receive an automatic lump sum distribution of their balance. Participants who terminate employment with a balance of less than \$5,000, but more than \$1,000, may receive an automatic direct rollover of their account balance into an individual retirement account.

Forfeited Accounts

Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated employees or adjustments, if any. Forfeitures may be used to pay Plan expenses or reduce future employer contributions. As of December 31, 2023 and 2022, the forfeiture balance was \$668 and \$39,129, respectively. During the year ended December 31, 2023, forfeitures of \$50,018 were used to reduce employer contributions. During the year ended December 31, 2022, no forfeitures were used.

NOTES TO FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the guaranteed investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Administrative expenses include fees for recordkeeping services, investment advisory services, and third-party administration. Fees related to the administration of benefit payments and participant loans and individual financial advisory services are charged directly to the participant's account and are included in administrative expenses.

NOTE D – FAIR VALUE MEASUREMENTS

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority

HEALTH SERVICES 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows.

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds (and money market fund): Valued at the daily closing price as reported by the fund. Mutual funds (and the money market fund) held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds (and money market fund) held by the Plan are deemed to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

December 31, 2023

Investment type:	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 4,972,663	\$ 4,972,663
Total investments, at fair value	<u>\$ 4,972,663</u>	<u>\$ 4,972,663</u>

December 31, 2022

Investment type:	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 3,572,760	\$ 3,572,760

HEALTH SERVICES 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE E – GUARANTEED INVESTMENT CONTRACT

Effective December 14, 2023, the Plan entered a fully benefit-responsive guaranteed investment contract with Transamerica Life Insurance Company through a group annuity contract. Transamerica Life Insurance Company maintains the contributions in a general account (“Guaranteed Interest Fund”). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that the issuer guarantees to the Plan.

The contract meets the fully benefit responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value, as reported to the Plan by Transamerica Life Insurance Company, represents contributions made under the account, plus earnings, less charges under the account for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value as of December 31, 2023 was \$8,320. There are no reserves against contract value for credit risk of the issuer or otherwise. The crediting rate is based on a formula established by the contract issuer. There is no minimum guaranteed interest rate under the contract. The crediting rate is reviewed on a semiannual basis for resetting. The crediting rate from December 14, 2023 through December 31, 2023 was 1.25%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The contract is subject to a market value adjustment if the plan terminates the contract and elects a lump sum distribution. The Plan administrator believes that any events that would limit the Plan’s ability to transact at contract value with participants are not probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan’s investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer. The Plan administrator does not believe that any events would limit the Plan’s ability to transact at contract value.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

HEALTH SERVICES 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE G – TAX STATUS

The Plan adopted non-standardized pre-approved defined contribution plans which obtained their latest opinion letters on June 30, 2020, in which the IRS stated that the Plan is designed in accordance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity Workplace Services LLC (“Fidelity”) was the recordkeeper and third-party administrator for the Plan through December 13, 2023. Effective December 14, 2023, Transamerica Retirement Solutions, LLC (Transamerica) became the recordkeeper and third-party administrator for the Plan. Fees were paid to Fidelity and Transamerica, which have been included in administrative expenses, and the Plan invested in funds managed by Fidelity and Transamerica. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

The Plan’s assets were held by Fidelity Management Trust Company through December 13, 2023. Effective December 14, 2023, the Plan’s investments were transferred to Transamerica Life Insurance Company and Reliance Trust Company and were held by them from December 14, 2023 through December 31, 2023. Fidelity Management Trust Company, Transamerica Life Insurance Company, and Reliance Trust Company were trustees for the Plan and are parties-in-interest.

Securities America Advisor Inc is the investment advisor for the Plan. Fees paid to Securities America Advisor Inc have been included in administrative expenses. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Notes receivable from participants and related interest income are considered party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

HEALTH SERVICES 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE J – DELINQUENT PARTICIPANT CONTRIBUTIONS

During the years ended December 31, 2023, 2022, 2021, 2018, and 2017, the Company failed to remit participant contributions within the time period required by regulations. The late remittances, including participant contributions and loan repayments, total \$828,257. Late remittances of \$129,832 and \$127,309 have not been remitted to the Plan as of December 31, 2023 and 2022, respectively, and have been included in participant contributions receivable on the statement of net assets available for benefits. The Company is working with Transamerica to correct all delinquent participant contributions as soon as administratively feasible.

NOTE K – OPERATIONAL FAILURE

An operational failure was discovered during the 2023 audit related to vesting calculations. The Company's safe harbor matching contributions were allocated to the discretionary employer match contribution source in error. As a result, the vesting schedule for the discretionary employer match contributions, which is a 3-year graded schedule as disclosed in NOTE A, was used to determine the vesting for the safe harbor matching contributions and earnings thereon. The safe harbor matching contributions plus earnings thereon should vest immediately. The error began when the Plan was amended to include a safe harbor matching contribution effective October 26, 2020. As a result of this error, forfeitures were incorrectly calculated and several participants who received benefit payments during the Plan years ended December 31, 2023, 2022, 2021, and 2020 did not receive the correct amount. Plan management analyzed all forfeitures and reviewed all benefit payments to determine the amounts owed to participants due to this failure. The amount owed to participants totaled \$51,227, which included the additional vested benefit owed to participants plus estimated lost earnings for all instances of this failure during the Plan years ended December 31, 2023, 2022, 2021, and 2020. This amount is included in other employer contributions receivable on the statement of net assets available for benefits as of December 31, 2023 as is included in other employer contributions for the year ended December 31, 2023 on the statement of changes in net assets available for benefits. The Company will fund the correction in 2024.

NOTE L - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain amounts included on the Schedule H Part I and II of the Annual Return/Report of Employee Benefit Plans (Form 5500) have been grouped differently for purposes of presentation in the financial statements.
