Independent Auditor's Report

To the Trustees and Participants of
Driveline Retail Merchandising 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Driveline Retail Merchandising 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at year end as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DRIVELINE RETAIL MERCHANDISING 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following description of the Driveline Retail Merchandising 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2023 to provide voluntary retirement benefits and tax-deferred savings opportunities to eligible employees, as defined in the Plan, of Driveline Retail Merchandising, Inc. (the "Company" and “Plan administrator”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Certain administrative functions are performed by officers and employees of the Company. The assets of the Plan are held in a trust by OneAmerica (“Trustee”), who also serves as the Plan's record-keeper.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) was passed by Congress. The CARES Act contained several provisions that temporarily impact 401(k) plans, including the waiver of required minimum distributions, a new hardship withdrawal option, increased loan limits, and a pause option for loan payments. The provisions of the CARES Act were effective and operationalized immediately, prior to amending the plan document. The Company has adopted the provisions included in the CARES Act.

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement 2.0 Act (“Secure 2.0 Act”) was passed by Congress. The Secure 2.0 Act contains numerous provisions that impact employee benefit plans. Generally, the deadline for formally adopting any required plan amendments made pursuant to the Secure 2.0 Act is December 31, 2026; however, plans must be operated in accordance with the effective dates of each new provision. The Plan has administratively complied with and adopted all applicable provisions of the Secure 2.0 Act for the years ended December 31, 2024 and 2023. Plan management expects the Plan to be formally amended prior to the Secure Act 2.0 deadline.

Plan Separation

Effective December 31, 2022, Driveline Retail Merchandising, Inc. discontinued its participation in the Trion Solutions, Inc. 401(k) Profit Sharing Plan by transferring the assets in the amount of \$5,620,865 into this newly established trust in January 2023.

Eligibility

Employees of the Company are eligible to participate in the Plan upon attaining of age of 21 and after completing twelve months of service. Participants can enroll into the Plan on the first day of the month coinciding with or next following the date the eligibility requirements are met. All employees are eligible to participate unless they are covered by a collective bargaining agreement, leased employees, or nonresident aliens.

Notes to Financial Statements (Continued)

December 31, 2024 and 2023

1. Description of Plan (Continued)

Contributions

Under the terms of the Plan, eligible employees may elect to defer any amount of their annual compensation limited to a maximum annual amount specified by the IRS (\$23,000 for employees under age 50 and \$30,500 for employees ages 50 and over in 2024). Deferrals may be made on a pre-tax and/or after-tax (Roth 401(k)) basis through salary deductions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company makes employer matching contributions equal to 25% of the participant's elective contribution not to exceed 4% of compensation, which amounted to \$86,946 for the year ended December 31, 2024. The Company may also make nonelective or discretionary profit-sharing contributions. There were no non-elective or discretionary profit-sharing contributions in 2024.

Participant Accounts

Each participant's account is credited with the participant's contribution, including the earnings and losses on these contributions, and an allocation of the Company's matching and profit sharing contribution. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollovers and in the actual earnings thereon. Vesting in the Company's matching, non-elective and discretionary profit-sharing contributions are based on the participants' years of employment as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 3 years	0%
3 years	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance reduced by the participant's highest outstanding loan balance during the prior 12-month period. A participant can only have one loan outstanding at any given time. Notes receivable from participants are secured by the balance of the participant's account and bear interest as determined by the Plan administrator. During the year ended December 31, 2024, interest rates ranged from 4.25% to 9.5%. The notes mature through November 2029. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the Internal Revenue Code ("IRC").

DRIVELINE RETAIL MERCHANDISING 401(k) PLAN

Notes to Financial Statements (Continued)
December 31, 2024 and 2023

1. Description of Plan (Continued)

Payments of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. Benefits are paid as a lump-sum cash payment. No participant consent is required for those with vested benefits of less than \$5,000. If participant makes no election, balances of less than \$1,000 are automatically rolled over to an IRA. On termination of employment prior to retirement, other than a result of death or disability, participants forfeit their non-vested balances. Prior to termination, participants may receive a hardship or in-service distribution for part or all of their vested account, under certain circumstances.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions, in percentage increments, into a series of mutual funds or fixed annuity contracts offered by the Plan. Participants may change their investment options at any time.

Corrective Distribution Payable

During the plan year ended December 31, 2024 and 2023, the Plan identified amounts required to be distributed to certain participants in order to comply with IRC nondiscrimination requirements. As of December 31, 2024 and 2023, corrective distribution payable was \$57,990 and \$0, respectively.

Forfeitures

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$2,454 and \$1,345, respectively. These accounts are to be used to pay plan expenses, and in some cases, remaining forfeitures will be used to reduce employer contributions. In 2024, there were no forfeited non-vested accounts that were used to reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates which estimates may require revision in future periods.

Notes to Financial Statements (Continued)
December 31, 2024 and 2023

2. Summary of Significant Accounting Policies (Continued)

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value with the exception of the fully benefit-responsive investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. In accordance with the Plan's policy of stating investment at fair value, net unrealized gains and losses for the year are included in the accompanying statement of changes in net assets available for benefits.

The Plan invests in a fully benefit-responsive guaranteed investment contract ("GIC"). The GIC is an investment contract issued by an insurance company backed by a portfolio underlying the contract that is maintained separately from the contract issuer's general assets. The contract value is the relevant measurement attributable to the fully benefit-responsive investment contract because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contract represents contributions plus earnings, less participant withdrawals, and administrative expenses. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

All expenses incurred in maintaining the Plan are paid using the Plan's assets, unless the Company, at its discretion, elects to pay certain expenses. These expenses include fees of the Plan's custodian and third-party administrators. The expenses of maintaining the Plan paid directly by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in the fair value of investments.

3. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, investments at December 31, 2024, and investment income for the year ended December 31, 2024, that are disclosed in the accompanying financial statements and supplemental schedules, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan.

4. Fair Value Measurements

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the following fair value measurement.

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for financial instruments measured at fair value:

- *Mutual funds*: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Guaranteed investment contract*: The GIC meets the fully benefit-responsive investment contract criteria and is reported at the contract value. See Note 5.

4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis as of December 31:

<u>2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 6,850,598	\$ -	\$ -	\$ 6,850,598

Total investments				<u>\$ 6,866,233</u>
<u>2023</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 5,603,111	\$ -	\$ -	\$ 5,603,111
GIC at contract value				622,595
Total investments				<u>\$ 6,225,706</u>

5. Guaranteed Investment Contract with Insurance Company

The Plan offers the guaranteed long-term fund, which is a traditional fully benefit-responsive group annuity contract. Nationwide Trust Company maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Certain events may allow for investments to settle at an amount different from contract value. The events include layoffs of Plan participants, early retirement windows, spin-offs, sale of a division, facility closings, full or partial Plan terminations and changes in laws or regulations. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investments contracts is also dependent on the third-party issuer's ability to meet its financial obligations.

The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Related Party and Party-in-Interest Transactions

The Plan's engages in transactions involving acquisition or disposition of units in funds managed by the record-keeper or the Trustee and its affiliates. These transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

Notes to Financial Statements (Continued)

6. Related Party and Party-in-Interest Transactions (Continued)

The Plan allows participants to borrow from their vested balances. These transactions qualify as party-in-interest transactions and are exempt from prohibited transaction rules under ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts, and Plan assets would be distributed based upon the participants' account balances at that time.

8. Tax Status

The Plan adopted a prototype plan document sponsored by The Benefit Advantage, Inc. that received tax exempt status from the Internal Revenue Service ("IRS") on November 30, 2020. Although the Plan has since been amended, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability or (asset) if the plan takes a position that is more likely than not to be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of statements of net assets available for benefits per the financial statements to the Form 5500, Schedule H, Part I, at of December 31:
