## Report of Independent Auditors

To the Pension and Benefits Board of Michelin 401(k) Savings Plan

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the accompanying financial statements of Michelin 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as at December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("US GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedules Required by ERISA***

Schedule H, line 4i – Schedule of Assets (Held at End of Year) as at December 31, 2024 and Schedule H, line 4j – Schedule of Reportable Transactions for the year ended December 31, 2024 (“supplemental schedules”), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other

records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

For the years ended December 31, 2024 and 2023

### 1 Description of the Plan

The following brief description of Michelin 401(k) Savings Plan (the Plan) is provided for general information purposes only. The Plan sponsor, Michelin North America, Inc. (the Company or the Plan Sponsor), is a wholly owned subsidiary of Michelin Corporation (Michelin). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### General

The Plan is a qualified profit-sharing plan, which is administered by the Company's Pension and Benefits Board consisting of individuals appointed by the Board of Directors of the Company. Effective January 1, 2011, the Plan was amended and restated. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Contributions to the Plan are deposited with Vanguard Fiduciary Trust Company (VFTC or the Trustee). The investments of the Plan are participant-directed, allowing for the selection of various investment options.

The Plan covers all salaried employees of the Company and all wage employees not participating in the Michelin North America, Inc. Wage 401(k) Savings Plan or the American Synthetic Rubber Company, LLC Incentive Savings Plan.

On December 31, 2020, the Michelin Retirement Account Plan (the MRAP) was merged into the Plan. The MRAP was set up as an additional profit-sharing plan available to the participants of the 401(k) Savings Plan. The plans were merged for administrative simplification.

On December 31, 2021, the Camso 401(k) Retirement Plan (the Camso plan) was merged into the Plan. The Camso plan was established on August 1, 1994 as a qualified 401(k) and profit-sharing plan covering employees of Camso Manufacturing USA, Ltd. All employees age 18 or older were eligible to participate after three months of service. Effective as of the merger, participants of the Camso plan became participants in the Michelin 401(k) Savings Plan. The plans were merged for administrative simplification.

#### Plan termination

The Company has the right to add to, modify or amend the Plan and to suspend, for any period of time, the contributions to be made by the Company to the Plan, and has the right at any time to terminate the Plan, provided that no such addition to, modification, amendment or termination of the Plan has the effect of reducing the interest that any participant has accrued under the Plan or of diverting any part of the assets of the trust fund for purposes other than provided in the Plan document. On any termination of the Plan, the interest of each participant in his or her account shall be delivered and paid to the participant as soon as practicable.

## Contributions

Participants are permitted to make the following contributions under the Plan:

- Pre-tax contributions – Participants may elect to defer up to 100% of their compensation.
- Roth contributions – Participants may elect to defer up to 100% of their compensation.
- The maximum allowable combined employee pre-tax and Roth contribution is \$23,000 for 2024 and \$22,500 for 2023 (\$30,500 for 2024 and \$30,000 for 2023 for participants age 50 and above).
- After-tax contributions – Participants may elect to make voluntary contributions on an after-tax basis up to 10% of compensation.
- Participants hired by the Company after August 31, 2005 who do not make any elective deferrals to the Plan will automatically be enrolled in the Plan, with a pre-tax contribution rate of 5%, and will automatically increase each year by 1%, unless the participant elects otherwise.

The Company makes a matching contribution equal to 100% of each participant's first 3% of pre-tax and Roth contributions and 50% of each participant's second 2% of pre-tax and Roth contributions.

For employees hired prior to February 28, 2022, the Company makes contributions to the Plan on an annual basis equal to a percentage of participants' eligible compensation. The percentage is determined by age and years of service as follows:

Participant's age plus years of service divided by 365.25	Company contribution percentage of participant's eligible compensation %
Less than 40	3
40–49	4
50–59	6
60 or more	8

For employees hired after February 28, 2022, the Company makes a 3% contribution to the Plan on an annual basis (2023 – 3%).

The Company may also make certain non-elective contributions to the accounts of eligible participants. No non-elective contribution was made in 2024 or 2023.

## Vesting

### Notes receivable from participants

A participant may borrow from his or her account under the Plan as long as the eligibility requirements are met. Participants may borrow a minimum of \$750 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The maximum term of a loan is five years or 15 if the loan is for the purchase of a principal residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate of prime plus 1%. The range of interest rate on loans outstanding at December 31, 2024 was 4.25% to 9.5% (2023 – 4.25% to 9.5%). Participant loans are valued at amortized cost as at December 31, 2024 and 2023. Principal and interest are paid rateably through payroll deductions.

### Participant accounts

Each participant's account is credited with the participant's contribution, Company's contribution, allocations of Plan earnings and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

### Payment of benefits and withdrawals

On termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly or annual instalments over a fixed period of time not to exceed the participant's life expectancy. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

A participant may withdraw, in whole or in part, all or any portion of the total amount credited to his or her after-tax contribution account at any time.

A participant may make withdrawals of amounts from his or her pre-tax contribution account at any time prior to the age of 59 ½ in order to meet a financial hardship as defined under Section 401(k) of the Internal Revenue Code (IRC). A participant who has attained the age of 59 ½ shall be entitled to withdraw all or any portion of the total amount credited to his or her account.

## 2 Significant accounting policies

### Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with the accounting principles generally accepted in the United States of America (US GAAP).

### Use of estimates

The preparation of the Plan's financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as at the date of the financial statements and the changes in net assets available for benefits during the reporting period and,

when applicable, disclosures of contingent assets and liabilities as at the date of the financial statements. Actual results could differ from those estimates.

### **Risks and uncertainties**

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk, which could have a material effect on the future reporting of the statement of net assets available for benefits and participants' account balances.

Significant market disruptions, such as those caused by pandemics (e.g. COVID-19 pandemic), natural or environmental disasters, war (e.g. Russia's invasion of Ukraine), acts of terrorism or other events, can adversely affect local and global markets and normal market operations. Any such disruptions could have an adverse impact on the value of the Plan's investments and Plan's performance.

### **Investment valuation and income recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussions of fair value measurements.

Investment income earned in the pooled separate accounts, mutual funds and the common collective trust funds is allocated to participants based on their proportionate share of the net assets of the respective investment funds. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Pooled separate accounts, common collective trusts and mutual funds have been reported at fair value.

On January 1, 2021, the Company established the MNAI Master Trust for the Boston Partners Separately Managed Account (the master trust), which invests in a variety of equity securities and is recorded at fair value. The Plan owns 95.03% of the investments in the master trust (2023 – 95.12%). As a separate Form 5500 is filed for the master trust, the Plan's financial statements disclose the investments held in the master trust on a look-through basis. Securities that are traded on a securities exchange are valued by the master trust at the last reported sales price on the last business day of the year. The Plan, through its investment in the master trust, considers the net asset value or its equivalent a practical expedient to fair value when the investment fund does not have a readily determinable fair value.

Net change in fair value of investments held by the master trust includes realized and unrealized gains and losses. Gains and losses realized on sales of securities within the master trust are determined on the basis of a specific identification of the securities. Dividends are recorded as at the ex-dividend date. Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade date basis.

## 4 Fair value

The Plan's investments are stated at fair value other than fully-benefit responsive contracts, which are recorded at contract value in accordance with ASU 2015-12. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at both December 31, 2024 and 2023, though, following the establishment of the master trust in 2021, "master trust investment" is disclosed rather than "separately managed account".

*Mutual funds and separately managed accounts:* Units held by the Plan at year-end are valued at quoted prices in an active market.

*Master trust investment:* The master trust is invested in the Boston Partners Small Cap Equity Separately Managed Account, which is valued at the closing price reported on the active market on which the individual securities are traded. The master trust's investments and the Plan's interests in those balances at year-end were as follows:

<b>Master trust balances</b>	<b>2024</b> \$	<b>2023</b> \$

*Money market fund:* Valued at quoted prices in an active market.

*Common collective trust funds:* The fair value of the common collective trust funds is determined by the Trustee of the common collective trust based on the underlying assets, which represent the net asset value, a practical expedient to fair value, of units held by the Plan. The common collective trust funds do not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

*Brokerage options:* Valued at the closing price reported on the active market on which the individual securities are traded.

### Notes to Financial Statements

For the years ended December 31, 2024 and 2023

The preceding methods described may produce a fair value calculation that may not be indicative of a net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as at December 31, 2024 and 2023:

## Notes to Financial Statements

For the years ended December 31, 2024 and 2023

---

### 5 Income tax status

The Internal Revenue Service (IRS) has determined and informed the Company, by a letter dated April 10, 2014, that the Plan, as then designed, was in accordance with the applicable sections of the IRC. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

US GAAP requires Plan management to evaluate the tax position taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained on examination by the IRS. The Plan's management and its tax counsel have analyzed the tax positions taken by the Plan and have concluded that, as at December 31, 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure on the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 6 Related party transactions

Certain Plan investments are managed by VFTC. VFTC is the Trustee as defined by the Plan and, therefore, those transactions qualify as party-in-interest transactions. Fees paid to VFTC for custodial services amounted to \$ 1,065,426 and \$896,614 and \$810,288 for the years ended December 31, 2024 and 2023, respectively.
