## **INDEPENDENT AUDITORS' REPORT**

To the Plan Administrator, Participants and Beneficiaries of the  
AEGIS 401(k) Retirement Plan

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of AEGIS 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matters***

#### ***Supplemental Schedule Required by ERISA***

The supplemental schedule of assets (held at end of year) as of December 31, 2024 (the "supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**AEGIS 401(K) RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 and 2023**

**Note 1 - Plan description:**

The following brief description of the AEGIS 401(k) Retirement Plan (the "Plan"), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, including the definition of eligible compensation and eligible participants.

**General:**

The Plan is a defined contribution plan, covering substantially all employees of AEGIS Insurance Services, Inc. (the "Company", or "Plan Sponsor"), who have completed 30 days of credited service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Pension and Benefit Committee is responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

The Plan was amended effective July 1, 2022. The 2022 restatement document is substituted in lieu of the prior document which was effective as of January 1, 2021. There were no material changes to the Plan as a result of the restatement. As was the case with the previous restatement the Plan continues to qualify as a profit-sharing plan under the Internal Revenue Code.

On September 4, 2024, the Plan document was amended as per resolution of the Board of the Plan Sponsor and includes various changes effective on and after January 1, 2025 (see Note 10).

Any participant whose deferral contribution is lower than 6%, is re-enrolled into the Plan each January 1 at the automatic default rate of 6%, while for those who had a deferral rate at 6% or higher would continue to be enrolled at the latest deferral rate the participant had chosen.

Principal Financial Group ("Principal") provides investment, recordkeeping and administrative services to the Plan and Principal Trust Company ("Trustee") is the trustee of the Plan.

Participants may elect to contribute 1% to 80% of eligible pre-tax compensation. A participant may elect to designate all or any portion of contributions as Roth contributions, which are after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans, which represent rollover contributions.

The Pension Plan for Employees of AEGIS Insurance Services, Inc. ("Pension"), another plan sponsored by the Plan Sponsor, was terminated pursuant to a Board resolution of the Plan Sponsor and amendment of the Pension document and in conjunction with the termination, two transfers of assets were executed. The first transfer was executed on November 8, 2023, and was for participants who were participants of both the Plan and Pension. The second transfer of assets was executed on April 4, 2024, in the amount of \$6,131,254 which was for excess surplus due to the Pension being overfunded (relative to the Pension, the Plan was a qualified replacement plan as per amendment effective September 1, 2023). The second transfer was accrued as a transfer from related plan on the accompanying statement of net assets available for benefits. In accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 205-30-25, the amount of the second transfer reflected all costs expected to be incurred and all income expected to be earned through the end of liquidation of the Pension.

**AEGIS 401(K) RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 and 2023**

**Note 1 - Plan description: (continued)**

**Contributions:**

Participants are automatically enrolled at a 6% deferral rate once the eligibility requirements are satisfied unless the participant elects to opt out or elects a different deferral rate. The automatic deferral will increase annually on January 1 by 1%, up to a maximum of 10%, of eligible compensation as defined by the Plan document. All contributions are subject to certain limitations imposed by the Internal Revenue Service Code (the "Code").

The Company matches 50% of the participant's contributions up to the first 6% of the participant's eligible compensation, as defined. The Company can also annually elect to make additional discretionary matching and profit-sharing contributions. For the year ended December 31, 2024, the Company made an additional discretionary match of 75% of the participant's eligible compensation up to the first 6% of eligible compensation, while the Company awarded a profit-sharing contribution of 4% of the participant's eligible compensation. For the year ended December 31, 2023, the Company's additional discretionary match was 50% of the first 6% of eligible compensation, and the profit-sharing contribution was 2% of eligible compensation.

To receive a share in the additional discretionary elective matching contribution on the last day of the Plan year, a participant must have been an active participant, as defined. To receive a share in the additional discretionary nonelective profit sharing contribution, a participant must be employed on the last day of the Plan year unless employment was terminated as a result of a participant's death, disability, or attainment of normal retirement age.

In addition to the Company's matching, additional discretionary matching, and profit-sharing contributions, the Company also contributes an amount equal to 4% of an employee's eligible compensation ("Additional Contributions") for all active participants during the year, which is not based on the participant's contributions to the Plan.

Participants can direct the investment of participant and employer contributions into various investment options offered by the Plan.

The funds for the second transfer of assets as a result of the termination of the Pension were deposited into a suspense account and must be allocated to participants within seven years. As per the amendment effective September 1, 2023, amounts will be used to fund future Additional Contributions and will be allocated as follows: a minimum of 14% will be allocated in the year of transfer; a minimum of 17% will be allocated one year after the transfer; a minimum of 20% will be allocated two years after the transfer; a minimum of 25% will be allocated three years after the transfer; a minimum amount of 33% will be allocated four years after the transfer; a minimum of 50% will be allocated five years after the transfer; and a minimum of 100% will be allocated six years after the transfer. Participants will be allocated amounts that will not result in any participant exceeding any limitations imposed by the Code. If all Participants have received the maximum amount to not exceed any limitations imposed by the Code and any funds remain unallocated, then such funds shall revert to the Company. As of December 31, 2024, the balance of the suspense account was \$5,379,629, representing the remaining unallocated and available amount. During the year ended December 31, 2024, approximately \$1,094,170 were used to fund Additional Contributions.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 and 2023**

**Note 1 - Plan description: (continued)**

**Participant accounts:**

Each participant's account is credited or charged with the participant's contributions and allocations of (a) the Company's contributions, if any, and (b) Plan earnings net of investment administrative expenses. Allocations are based on eligible compensation, participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:**

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, and earnings thereon, is based on years of credited service. Contributions attributable to matching, additional discretionary matching and profit-sharing contributions are fully vested after two years of credited service or upon retirement, death, or disability. Contributions attributable to Additional Contributions are fully vested after three years of credited service or upon retirement, death, or disability. Participants become 100% vested in their account balances if employed on the date he or she reaches normal retirement age, death, disability or early retirement age, as defined.

**Notes receivable from participants:**

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are considered administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Participants may borrow from their fund accounts, to the extent vested, a minimum of \$500 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance, excluding amounts resulting from Additional Contributions.

Each note is secured by the balance in the participant's account and bears interest rates that ranged from 4.25% to 9.50%, at December 31, 2024 and 2023, which are commensurate with local prevailing rates as determined by the trustees at the time the loan is initiated.

Principal and interest are paid ratably by participants through payroll deductions over a period of 60 months, or 120 months if the funds are used to acquire a principal residence. If a participant ceases to make a loan repayment, the participant loan is deemed to be in default. The participant's notes receivable balance is reduced and reclassified as a distribution based upon the terms of the Plan document.

**AEGIS 401(K) RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 and 2023**

**Note 1 - Plan description: (continued)**

**Payment of benefits:**

Participants are entitled to distributions of their vested benefits upon retirement, death, disability, termination of employment or termination of the Plan. Upon retirement, the participant may elect to take distributions through a lump-sum payment, a fixed period installment option, or installment payments over a period of time not to exceed the life expectancy of the participant, joint survivors, or beneficiaries. Participant balances attributable to Additional Contributions earned prior to January 1, 2019, are also eligible for distribution under various annuity options as defined in the Plan document. Upon separation from service other than for retirement, the entire vested account balance is distributed to the participant when requested by the participant. Participants with account balances less than \$1,000 will be paid out in an involuntary lump-sum payment. No in-service withdrawals from the Plan are permitted. Withdrawals for financial hardship are permitted. Effective April 10, 2021, to comply with the Bipartisan Budget Act of 2018, changes were made by the Plan for when a withdrawal under the hardship provisions are allowed.

**Forfeited accounts:**

Forfeited non-vested accounts available at December 31, 2024 and 2023 were approximately \$31 and \$0, respectively. Forfeited non-vested account balances may be used to reduce employer contributions and pay administrative expenses. During the year ended December 31, 2024, approximately \$39,790 and \$0 in forfeitures were used to reduce employer contributions and pay administrative expenses, respectively.

**Basis of accounting:**

The accompanying financial statements are prepared under the accrual method of accounting.

**Use of estimates:**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions which affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**AEGIS 401(K) RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 and 2023**

**Note 2 - Summary of significant accounting policies:**

**Investment valuation and income recognition:**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net depreciation in fair value of investments includes the Plan's gains and losses in the value of investments bought and sold as well as held during the year.

**Payment of benefits:**

Benefits are recorded when paid.

**Plan expenses:**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net depreciation of fair value of investments.

**Note 3 - Fair value measurements:**

The Plan measures its investments using fair value. Fair value is a market-based measurement and not an entity-specific measurement and requires the use of a fair value hierarchy with the highest priority given to quoted prices in active markets. In determining fair value, the Plan uses various valuation approaches. Investments measured and reported at fair value are classified and disclosed in one of the following categories:

- Level 1 - Quoted prices available in active markets that the Plan has the ability to access for identical investments as of the reporting date are used to determine fair value. Mutual funds are measured at fair value and classified as Level 1.
- Level 2 - Pricing inputs include: (a) quoted market prices for similar assets or liabilities in active markets; or (b) quoted prices for identical or similar assets or liabilities in inactive markets. If there is a contractual term, the input must be observable for substantially the full term.
- Level 3 - Pricing inputs are unobservable and include situations where there is little, if any, observable market activity for the investment, asset or obligation. The inputs into the determination of fair value require significant management judgment or estimation.

**AEGIS 401(K) RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 and 2023**

**Note 3 - Fair value measurements: (continued)**

Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy is determined based on the lowest-level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds:

Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These investments are subject to fees and sales charges which are allowable under SEC guidelines. The most common type of fees are 12b-1 fees that are deducted prior to the allocation of the Plan's investment earnings activity, and are thus not separately identifiable as an expense as they are reflected in the NAV.

Pooled separate accounts:

Pooled separate accounts are valued at NAV as a practical expedient, based on the market value of the underlying investments. The pooled separate account NAV is not a publicly quoted price in an active market. The pooled separate accounts are comprised mainly of exchange traded mutual funds.

Stable value fund:

A stable value fund that is composed primarily of fully benefit-responsive investment contracts and is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) can occur daily.

Common/collective trusts:

The trusts are valued at the NAV of the shares of the common/collective trust. The NAV, as provided by Principal Trust Company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets held by the fund less its liabilities, divided by the number of shares outstanding. Participant transactions (purchases and sales) may occur daily.

**Note 3 - Fair value measurements: (continued)**

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023:

<u>2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$40,999,893</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 40,999,893</u>
Total investment assets in the fair value hierarchy	<u>\$40,999,983</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 40,999,893</u>
Investments measured at net asset value: (A)				
Pooled separate accounts				70,217,686
Stable value fund				10,976,475
Common/collective trusts				<u>80,532,135</u>
Total investment assets at fair value				<u>\$202,736,189</u>

<u>2023</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$34,634,823</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 34,634,823</u>
Total investment assets in the fair value hierarchy	<u>\$34,634,823</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 34,634,823</u>
Investments measured at net asset value: (A)				
Pooled separate accounts				60,039,773
Stable value fund				11,212,147
Common/collective trusts				<u>62,820,290</u>
Total investment assets at fair value				<u>\$168,707,033</u>

(A) The pooled separate accounts, stable value fund, and common/collective trusts use NAV as a practical expedient, and therefore are not classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

## AEGIS 401(K) RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 and 2023

#### Note 4 - Fair value of investments that use net asset value:

The following presents the fair value, unfunded commitment, redemption frequency and redemption notice period for those investments whose fair value is estimated using net asset value per share as a practical expedient, as of December 31, 2024 and 2023:

2024:	Fair Value	Unfunded Commitment	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts (A)	\$ 70,217,686	-	One per 30 day period	1 Day
Stable value fund (B)	\$ 10,976,475	-	Daily	30 Days
Common/collective trusts (C)	\$ 80,532,135	-	Daily	1 Day

2023:	Fair Value	Unfunded Commitment	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts (A)	\$ 60,039,773	-	One per 30 day period	1 Day
Stable value fund (B)	\$ 11,212,147	-	Daily	30 Days
Common/collective trusts (C)	\$ 62,820,290	-	Daily	1 Day

(A) The majority of the Plan's pooled separate account investments are in Principal S&P index accounts and T. Rowe Price and Brown Advisory LargeCap Growth account. The Plan's investment in the Principal Large Cap S&P 500 Index Separate Account seeks to mirror the investment performance of the S&P 500 index by allocating assets in the common stock of companies within the S&P 500. The Plan's investment in the Principal Mid Cap S&P 400 Index Separate Account primarily invests in common stock of companies that are part of the S&P 400 Index. The Plan's investment in the T. Rowe Price and Brown Advisory LargeCap Growth Separate Account seeks to provide returns relative to the Russell 1000 Growth Index by allocating assets in the common stock of large-cap growth companies.

(B) The Plan's investment in the Principal Stable Value Fund seeks to provide diversification of investments consistent with a stable fixed-income methodology and the careful and prudent assumption of investment risk providing for preservation of capital, stability and predictability of returns, liquidity to pay plan benefits and high credit quality and is achieved by being 100% invested in the "Morley Stable Value Fund", a collective trust fund of the Trustee. Net asset value is determined each business day. Unitholder transactions are processed daily. Withdrawals from the fund for benefit payments and participant transfers to noncompeting options can be paid within 30 days after written notification is received.

**AEGIS 401(K) RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 and 2023**

**Note 4 - Fair value of investments that use net asset value: (continued)**

- (B) Other withdrawals require 12 months advance written notice. Principal, in its sole discretion, may choose to disburse withdrawals at the Plan and participant level in less than the required notice period.
- (C) The Plan invests in Principal LifeTime Hybrid Collective Investment Funds that range from expected retirement year of 2015 to 2070. Investments seek total return consisting of long-term growth of capital and current income that is consistent with the investment strategy of an investor who expects to retire in each individual investment's target retirement date. The dissolution of the Plan's investment may require a 12-month notice of redemption. Principal, in its sole discretion, may choose to waive this notice period.

**Note 5 - Related party and party-in-interest transactions:**

Certain Plan investments are shares of mutual funds, pooled separate accounts, a stable value fund and common/collective trusts managed by an affiliate of Principal Trust Company, the trustee of the Plan, and Principal, the recordkeeper of the Plan. In addition, Principal charges certain participant level transaction fees for recordkeeping and participant-initiated transactions, including notes receivable from participant initiation fees and distribution fees. As a result, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to Principal were \$4,361 for the year ended December 31, 2024.

**Note 6 - Plan termination:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

**Note 7 - Tax status:**

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored by Principal Life Insurance Company. On June 30, 2020, the Internal Revenue Service ("IRS") stated in an advisory letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

## **AEGIS 401(K) RETIREMENT PLAN**

### **NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 and 2023**

#### **Note 7 - Tax status: (continued)**

The Plan administrator has analyzed the positions taken by the Plan, as required by U.S. generally accepted accounting principles, and has concluded that there are no uncertain tax positions taken or expected to be taken as of December 31, 2024 that more likely than not would not be sustained upon examination by a government authority. Accordingly, the Plan does not require the recognition of a tax liability or disclosure in the financial statements. The Plan is subject to routine examinations by the IRS; however, there are currently no examinations for any tax periods in progress for the Plan.

#### **Note 8 - Risks and uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits as of December 31, 2024.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2024 may not necessarily be indicative of amounts that could be realized in a market exchange subsequent to the Plan's year-end.

#### **Note 9 - Certification of trustee:**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company has certified to the completeness and accuracy of all investments and notes receivable from participants and all related activity. The accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the statement of changes in net assets available for benefits for the year ended December 31, 2024 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2024, were obtained or derived from information supplied to the Plan administrator that was certified as complete and accurate by Principal Trust Company.

**AEGIS 401(K) RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 and 2023**

**Note 10 - Subsequent events:**

The Plan has evaluated subsequent events through October 10, 2025, which is the date the financial statements were available to be issued with the following being the only significant subsequent event.

The following are effective January 1, 2025 as per resolution of the Board of the Plan Sponsor (see Note 1). The maximum contribution rate under auto-escalation will increase from 10% to 15%. The Plan will opt in for the provision under the Secure Act 2.0 which will allow participants between the age of 60 and 63 to defer up to \$10,000 or 150% of the regular catch-up. The Plan will include the Hardship Self Certification option to allow for participants to certify his or her respective request qualifies under the relevant hardship rules and provisions and to maintain his or her own documentation. Effective January 1, 2026, participants over the age of 50 and participants earning \$145,000 in FICA wages will be required to make any catch-up contributions as Roth contributions.
