Independent Auditors' Report

Administrative Committee and Management
The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC
Sahuarita, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Administrative Committee and Management
The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC
Sahuarita, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC

Notes to Financial Statements

Years Ended December 31, 2024 and 2023

1. Description of plan:

The following description of The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

Effective July 1, 1990, ASARCO LLC (the Company) established the Plan. The Plan was most recently restated as of December 2, 2019. The Plan is administered by the Company's Administrative Committee appointed by the Board of Directors. The Plan is designed to provide a method for eligible employees to save for retirement.

General:

The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan provides for employee pre-tax and matching employer contributions in accordance with Section 401(k) of the Internal Revenue Code (IRC). The Plan covers substantially all hourly employees upon completion of one month of service.

Contributions:

Wage deferral contributions may range, in whole percentages, up to 75% of the participant's earnings as defined, based on their physical location within the United States. A participant may elect to increase, decrease, or suspend the pre-tax and post-tax wage deferral contributions at any time, effective as of the first day of the payroll period following such election (or as soon as administratively practicable thereafter). Catch-up contributions, on a pre-tax basis up to the statutory maximum, are allowed for those participants 50 years and older.

The Plan automatically enrolls newly eligible employees at 3% of basic earnings after one month of service and automatically increases the percentage by 1% each subsequent year until the IRC limits are reached. During 2024, an amendment was made to begin enrolling newly eligible employees on January 1, 2025 at 4% and increasing the enrollment percentage 1% annually through 2028. The participant can opt out of the automatic enrollment or annual increase at any time.

Prior to August 2024, the Company matched the first 6% of a participant's contribution each payroll period at the rate of 50% for participants first employed by the Company prior to July 1, 2011. For participants first employed by the Company after June 30, 2011, the Company matched the first 7% of a participant's contribution each payroll period at the rate of 100%. Beginning in August 2024, the Company will match all participants, regardless of hire date, up to 7% of a participant's contribution each payroll period at the rate of 100%. The Company does not match catch-up and/or post-tax contributions. Also during 2024, there was an amendment made to the Plan which provided for a one-time employer contribution to specific eligible employees who were employed by the Company on June 1, 2024. This contribution totaled approximately \$452,000 and was immediately 100% vested.

Notes to Financial Statements (continued)

Years Ended December 31, 2024 and 2023

1. Description of plan (continued):

Contributions (continued):

The Company is not obligated to make a matching contribution during any period in which the contribution is not deductible under Section 404 of the Code, or the Plan is not in compliance with applicable laws, and the Administrative Committee may, at its discretion, suspend the Plan if any of these conditions are not met. The Company's contributions are subject to all legal restrictions which may apply, including Sections 401 and 425 of the IRC, which limit the annual contributions to a participant's account.

Rollover contributions or distributions:

Participants entering the Plan may roll over contributions from a trust, individual retirement account (IRA), or individual retirement annuity qualified under the IRC no later than the sixtieth day following the day on which the individual receives the distribution. Participants leaving the Plan may request rollover distributions to the qualified plan of another employer, an IRA account, or to an insurance company IRA annuity.

Participant accounts:

Each participant's account is credited with the participant's deferral contributions, rollover contributions, allocations of the employer's contributions and actual earnings thereon. Participant accounts are also credited/charged with an allocation of other income and expenses. Allocations are based on participant earnings or account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

New employees are 100% vested in their contributions immediately upon participation and 100% vested in the Company's matching contribution after completing 3 years of service. A participant will also become fully vested upon disability, death, permanent plant shut down, or when participant reaches retirement date or turns 65.

Notes receivable from participants:

The Plan provides for loans to participants who have participated in the Plan for at least one year, subject to certain limitations. The maximum loan allowed to each participant is limited to the lesser of 50% of the vested interest of the participant's accounts, or \$50,000, reduced by the outstanding balance of any plan loans to such participant.

A participant's loan is repayable within a maximum of five years or immediately upon termination of employment. Interest is currently accrued at the prime rate which was in existence on the first day of the month in which the loan was issued. The loans are secured by the balance in the participant's account and, excluding deemed distributed loans, bear interest at 3.25 to 8.50 percent. Principal and interest is paid ratably through payroll deductions. A participant may pre-pay a loan at any time without penalty.

Deemed distributions represent notes receivable from participants that are currently in default and are considered unlikely to be repaid as the participant is no longer an employee of the Company.

Notes to Financial Statements (continued)

Years Ended December 31, 2024 and 2023

1. Description of plan (continued):

Payment of benefits:

Upon retirement or termination of employment (other than by death) prior to age 65, a participant must consent in writing to receive a distribution of account balances. If participants do not consent in writing, payment of a distribution is made upon the earlier of death or attainment of age 65. Participants who retire may elect to receive payments in annual cash installments over a period of up to 10 years. In the event of the death of a participant, his or her entire interest in the Plan will be paid to their designated beneficiary in either a single lump sum or annual cash installments not to exceed 10 years. Benefits are recorded when paid.

If the vested balance is less than \$1,000, it is paid out to the participant in one lump sum as soon as practicable following termination. If the vested balance is greater than \$1,000 and less than \$5,000, the Administrative Committee may elect to distribute the balance into an IRA established on behalf of the participant. If the vested balance is greater than \$5,000, the participant may leave the account in the Plan or withdraw all or part of the vested account after termination or upon retirement.

Hardship withdrawals:

A participant may withdraw any part of the vested portion of their individual account balance in the event of financial hardship due to an immediate and heavy financial need as defined in the Plan Document.

Forfeitures:

Forfeited balances of terminated participants' nonvested accounts are used to reduce employer contributions. At December 31, 2024 and 2023, forfeitures of \$22,428 and \$31,837 respectively, were available to offset future employer contributions. Forfeitures used to reduce employer contributions during 2024 and 2023 were \$237,000 and \$190,204, respectively.

Plan transfers:

Participants in the Plan regularly transfer into the Savings Plan of ASARCO LLC and Participating Subsidiaries as they become salaried employees and vice versa. The related participant account balances represent transfers into or from that plan.

Administrative expenses:

Certain expenses of maintaining the Plan such as trust, recordkeeping, consulting, audit and legal fees are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Years Ended December 31, 2024 and 2023

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates in preparation of financial statements:

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make a number of estimates and assumptions that affect reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for uncollectible loans has been recorded as of December 31, 2024 or 2023. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document, and are included in the statements of changes in net assets available for benefits as deemed distributions. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when incurred.

Payment of benefits:

Benefits paid to participants are recorded when paid.

3. Federal income tax status:

The Internal Revenue Service (IRS) has determined and informed the Company in a letter dated January 22, 2013 that the Plan, as restated as of January 1, 2009 and amended through August 16, 2012, meets the requirements of Section 401(k) of the IRC and is exempt from federal income tax. Although the Plan has been amended and restated since receiving the determination letter, the Plan Administrator and the Plan's legal counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC

Notes to Financial Statements (continued)

Years Ended December 31, 2024 and 2023

3. Federal income tax status (continued):

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2024 and 2023, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company (Vanguard).

5. Fair value measurements:

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The 401(k) Savings Plan for Eligible Hourly-Rated Employees of ASARCO LLC

Notes to Financial Statements (continued)

Years Ended December 31, 2024 and 2023

5. Fair value measurements (continued):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value measured on a recurring basis:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds - at fair value:				
as of December 31, 2024	\$ 74,628,566	\$ -	\$ -	\$ 74,628,566
as of December 31, 2023	66,667,898	-	-	66,667,898

6. Related party and party-in-interest transactions:

Exempt party in interest transaction:

Certain Plan investments are managed by Vanguard, the trustee of the Plan. The Plan paid certain expenses to Vanguard during 2024 related to plan administration and investment activity. These transactions qualify as exempt party in interest transactions under ERISA.

Related party transactions:

Expenses that are paid directly by the Company are excluded from these financial statements. Employees of the Company perform certain accounting and administrative functions for the Plan, however, no employee receives compensation from the Plan.

7. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate, amend, modify, or suspend the Plan, subject to the provisions of ERISA and with the agreement of the unions that were parties to the 2007 CBA or their successors-in-interest, except as necessary to comply with applicable law.

Notes to Financial Statements (continued)

Years Ended December 31, 2024 and 2023

8. Risks and uncertainties:

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent events:

The Plan has evaluated the events that have occurred subsequent to December 31, 2024 through October 14, 2025, the date that the financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.
