Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Hotel and Restaurant Industry Pension Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hotel and Restaurant Industry Pension Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hotel and Restaurant Industry Pension Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of employer contributions for the year ended December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Supplemental Schedule Required by ERISA

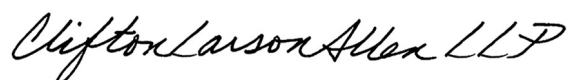

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 and schedule of reportable transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter

The 2023 financial statements and supplementary information of the Hotel and Restaurant Industry Pension Fund were audited by predecessor auditors whose report dated October 15, 2024 expressed an unmodified opinion on those statements.

NOTE 1 DESCRIPTION OF THE PLAN

The following description of Hotel and Restaurant Industry Pension Fund (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiemployer defined contribution money purchase plan providing retirement benefits for those employees who are covered under collective bargaining agreements between the employers and the Chicago Midwest Regional Joint Board (the Union). The Plan is administered by a Board of Trustees (the Trustees) consisting of union and employer representatives, each having equal voting power. The Trustees are responsible for the oversight and administration of the Plan. The Trustees have engaged the services of Benefit Services Group, Inc. as the third-party administrator to handle the daily administration of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

The Plan is funded by employer contributions in accordance with the terms of the participating employers' collective bargaining agreements (CBA).

Contributions are received from employers for the operation of the Plan. Contributions are recognized as revenue in the period in which covered work is performed and benefit coverage is provided, based on contribution rates set forth in the applicable CBA. Employers are required to remit contributions monthly.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the employer's contribution and an allocation of Plan earnings and fees on an annual basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants do not direct the investments within their account.

Eligibility

Participants are immediately eligible to participate in the Plan upon the date an employer first makes a contribution on behalf of the employee as required by the collective bargaining agreements.

Vesting

Participants become 100% vested in his or her account after completion of three years of service. Account balances for participants who incur a break in service and are partially vested are held as contingent forfeitures. After a continuous five-year break in service, the nonvested amounts are permanently forfeited. Forfeited balances are used to pay Plan operating expenses.

HOTEL AND RESTAURANT INDUSTRY PENSION FUND
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

Participants are eligible for normal retirement when they have five or more years of service and reach age 55. The benefit must be distributed no later than April 1 following the calendar year in which they reach age 73. The amount of benefits will be the amount which can be provided by the participant's account based on the form of benefit they have elected. Benefit options include joint and survivor option, certain and life option, lump sum option and a qualified optional survivor annuity option. On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value in his or her account under any option available per the Plan document. Participant account balances will be paid in a single lump sum if they are vested, their employment terminates, they have incurred a one-year break-in-service and their balances are \$7,000 or less. Participants with three or more years of service are entitled to disability benefits if they become permanently or totally disabled. Upon death of a participant, the participant's account shall be payable to their beneficiary.

Forfeited Accounts

Forfeited nonvested accounts can be used to pay administrative expenses and to reduce future employer contributions. Forfeited nonvested accounts as of December 31, 2024 and 2023, totaled \$78,871 and \$27,352, respectively. There were no forfeitures used to reduce Company contributions or pay administrative expenses for the year ended December 31, 2024.

Effective April 3, 2025, the Plan was amended to provide that forfeitures may be used to fund makeup contributions for certain rehires, pay administrative expenses of the Plan, or to allocate to all participants. Forfeitures are to be used no later than twelve month following the close of the Plan year in which the amount was forfeited.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Methods of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S.GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Cash

Cash is defined as currency on hand, in demand deposits.

HOTEL AND RESTAURANT INDUSTRY PENSION FUND
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Cash and cash equivalents are valued at the deposit account balances, payable on demand.

Certificates of deposit are valued based on their cost. The Plan normally holds the CD's until maturity, so no gain or loss is recognized. Interest is received periodically, and accrued interest is recorded. Therefore, the Plan deems it prudent to record the CD's cost as the current value. The difference between the cost and market pricing model as of December 31, 2024 and 2023 is immaterial.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded as paid.

Administrative Expenses

Administrative expenses are paid by the Plan.

NOTE 3 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024

HOTEL AND RESTAURANT INDUSTRY PENSION FUND
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 4 TAX STATUS

The Internal Revenue Service (IRS) issued its latest determination letter dated March 9, 2016, which states that the Plan and related trust continue to qualify under the applicable sections of the Internal Revenue Code (IRC) and are exempt from federal income taxes. The Plan has been amended since receiving the determination letter. However, the Plan's management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 PLAN TERMINATION

Although they have not expressed any intention to do so, the Trustees reserve the right to terminate the Plan in whole or part, subject to the provisions set forth in ERISA. In the event of suspension of contributions or receipt of written notice of termination of the Plan, or upon partial termination of the Plan, the benefits to which a participant of the terminating group are entitled under the Plan are nonforfeitable subject only to adjustments in market value and expenses of the Plan, and the Trustees shall prepare a list of all of the participants of the terminating group showing for each the value of the participant's account as of the date of Plan termination and will administer the account in accordance with the provisions of ERISA. Upon final distribution of the assets as specified above, the Plan shall be regarded as terminated to the terminating group, and no participant in the terminating group shall have any further right or claim therein.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

NOTE 7 CONCENTRATION

During the year ended December 31, 2024, there were three employers that individually represented more than 10% of total employer contributions.

NOTE 8 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2025, the date on which the financial statements were available to be issued.
