## Independent Auditor's Report

October 15, 2025

To the Participants and Plan Administrator of the  
Ameridial, Inc. 401(k) Plan and Trust

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of the Ameridial, Inc. 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the **Auditor’s Responsibilities for the Audits of the Financial Statements** section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“U.S. GAAS”). Our responsibilities under those standards are further described in the **Auditor’s Responsibilities for the Audits of the Financial Statements** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audits of the Financial Statements**

Except as described in the **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

#### **Other - Matter Supplemental Schedule Required by ERISA**

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Ameridial, Inc. 401(k) Plan and Trust

### Notes to Financial Statements

#### Note 1 - Description of Plan

The following description of the Ameridial, Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participating employers and entities under common control - Participating employers include Ameridial, Inc., Vital Recovery Services, LLC, Occurrence, Inc., and Advanced Communications Group (see below) (collectively, the "Company"). Participating employers are also members of a controlled group, as defined in the Internal Revenue Code Section 414(b), therefore, the Company is treated as one employer when applying the participation and discrimination rules.

General - The Plan is a qualified defined contribution profit-sharing plan under Section 401(a) of the Internal Revenue Code with a Section 401(k) provision. Substantially all employees of the Company are eligible to participate with salary deferrals to the Plan after they attain age twenty-one and have completed one year of service. All assets acquired under the Plan are the result of employee and employer contributions thereto, and all income and other additions thereto are administered, distributed, forfeited, or otherwise governed by the provisions of the Plan and the Employee Retirement Income Security Act of 1974 ("ERISA").

Change in investment custodian, third-party administrator, and plan document - Effective October 6, 2023, the Plan changed third-party administration services to Human Interest, Inc. from CBIZ Investment Advisory Services, Inc. In addition, effective October 6, 2023, the Plan changed investment Custodians to Matrix Trust Company from Voya Retirement Insurance and Annuity Company's (see Note 3). Additionally, effective October 6, 2023, the Plan adopted the CCH Incorporated d/b/a ftwilliam.com Basic Plan Document #01 and the Human Interest, Inc. 401(k)/Profit Sharing Non-Standardized Adoption Agreement #002 (see Note 6).

Fully benefit-responsive investment contract - Through October 6, 2023, the Plan held an investment in the Voya Fixed Account, a fully benefit-responsive investment contract stated in accordance with the Financial Accounting Standards Board's authoritative guidance regarding accounting for fully benefit-responsive investment contracts held by certain investment companies, which states that contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investments contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represented contributions made under the contract plus earnings, less withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There were no reserves against contract value for credit risk of the contract issuer or otherwise. Investments measured at contract value are not required to be classified in the fair value hierarchy.

As described above, in October 2023, Plan assets were transferred from Voya Retirement Insurance and Annuity Company, the former Custodian, to Matrix Trust Company, the current Custodian. As a result of this, the fully benefit-responsive investment contract was terminated and transferred to Matrix Trust Company as of December 31, 2023.

Contributions - Participants are allowed to make elective 401(k) salary deferrals, including Roth elective deferrals, up to the maximum amount allowed by the Internal Revenue Code. Eligible participants, who attain the age of fifty before the end of the Plan year, are eligible to make catch-up contributions, subject to certain limitations of the Internal Revenue Code. Rollover contributions to the Plan are allowed.

The Company has a Safe Harbor matching contribution provision. Whereby the Company will match 100% of salary deferrals up to 3% of the participant's compensation plus 50% of the salary deferrals that exceed 3% of the participant's compensation but do not exceed 5%. Safe Harbor matching contributions were \$94,848 and \$91,847 for the years ended December 31, 2024 and 2023, respectively. The Company may also make additional discretionary matching and discretionary profit-sharing contributions. There were no additional discretionary contributions made for the years ended December 31, 2024 and 2023.

Vesting - Participants are always 100% vested in their elective salary deferral and rollover contributions, as well as the Company's safe harbor matching contributions plus actual earnings thereon.

Participant accounts - Each participant's account is credited with the participant's elective deferral contributions, and allocations of employer contributions of Plan earnings. Allocations are based on account balances, according to specific terms provided by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance. Participants can access their account information via the Matrix Trust Company website, where they have the ability to change their elective deferrals and investment options, as well as apply for participant notes receivable and request distributions.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of a) \$50,000 reduced by the excess of the participant's highest outstanding loan balance during the twelve-month period ending on the date of the loan or b) 50% of their vested account balance. The notes are secured by the balance in the participant's account. Each note receivable from a participant bears a reasonable interest rate determined as the prime interest rate plus 1.00% (8.50% as of December 31, 2024). Interest rates on outstanding loans range from 4.25% to 9.50% as of December 31, 2024. Principal and interest is repaid through payroll deductions each pay period. The notes receivable and interest thereon shall be repaid over a period not to exceed five years unless the note is used to acquire a personal residence. The plan administrator will consider a note in default if any scheduled payment remains unpaid at the end of the cure period or there is an outstanding principal balance existing on a loan after the last scheduled repayment date. Any notes that are in default as defined by the Plan document, are reported as either deemed distributions or benefit payments (see below and Note 2).

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivable from participants who are actively participating in the Plan and have not continued to make payments on their outstanding notes, as required under the Plan document. There were no deemed distributions for the years ended December 31, 2024 and 2023.

Investment options - Upon enrollment in the Plan, a participant may direct their elective contributions to the Plan in various investment options. Participants may change their investment options daily through online access.

Payment of benefits - Upon termination of service due to death, disability, retirement, or other reasons, a participant or beneficiary may elect to receive the value of the vested interest in his or her account as a lump sum distribution or rollover contribution to another qualified plan. A participant of at least fifty-nine and a half years of age may also be eligible to receive in-service distributions subject to the Plan's provisions.

Hardship withdrawals - A participant may apply for a hardship withdrawal to assist in the payment of several types of personal hardships, as defined by the Plan document. Any hardship withdrawals are limited to the amount necessary to meet the financial need and must be approved by the plan administrator.

Plan termination - Although it has not expressed any intent to do so, the Company has the right under the Plan Agreement to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

#### Note 2 - Summary of accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of plan income and expenses during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market risk. Market risks include domestic and global events which could impact the value of investment securities, such as economic concerns. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment valuation and income recognition - As described in Note 1, effective October 6, 2023, all plan assets were transferred from Voya Retirement Insurance and Annuity Company to Matrix Trust Company. All investment values as of December 31, 2024 and 2023 have been determined and certified by Matrix Trust Company, the Custodian of the Plan, and all investment values for the period January 1, 2023 to October 6, 2023 were determined and certified by Voya Retirement Insurance and Annuity Company, the Custodian of the Plan (see Note 3). Investments held by the Plan as of December 31, 2024 and 2023 are stated at fair value (see Note 4). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when incurred. Management individually reviews all notes receivable balances that exceed ninety days from the date of the most recent payment and, based on the assessment of credit worthiness, estimates the portion, if any, of the balance that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance if and when potentially uncollectable participant notes receivable become material. If a participant defaults on a note receivable and distribution from the participant's account has been made during the Plan year because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statements of changes in net assets available for benefits and deducted from the receivable balance. Interest income on notes receivable from participants is recorded when it is earned.

Payment of benefits - Benefits are recorded when paid.

Economic dependency and concentration of credit risk - As of December 31, 2024 and 2023, substantially all of the Plan's assets are held and managed by Vanguard. Accordingly, the Plan is dependent upon the financial condition of this company.

Administrative costs - Administrative costs, including maintaining participants' accounts, legal costs, and accounting costs, are the obligation of the Plan; however, the Company may pay for such expenses or reimburse the Plan for any payment of these expenses. Costs of managing the investments are paid directly out of the Plan's assets (see Note 5).

Subsequent events - Management has evaluated subsequent events through October 15, 2025, the date that the financial statements were available for issue.

#### Note 3 - Information certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held as of

December 31, 2024 and 2023, net appreciation in investments, interest and dividend income, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023 was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company, the Custodian of the Plan as of December 31, 2024 and 2023 and for the period October 6, 2023 to December 31, 2024, and Voya Retirement Insurance and Annuity Company, the Custodian of the Plan for the period January 1, 2023 to October 6, 2023. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to the information except to compare such information to the related information included in the financial statements and ERISA-required supplemental schedules.

#### Note 4 - Fair value measurement

The Financial Accounting Standards Board has published authoritative guidance on fair value measurement, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1            Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that a plan has the ability to access.

Level 2            Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3            Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for the Plan's assets measured at fair value.

*Registered Investment Companies (i.e., Mutual Funds)* - The investment portfolios consist of mutual funds, which are valued at the closing price reported on the active market on which the individual security is traded (Level 1).

*Money Market Funds* - Managed portfolios, which consist of U.S. Government obligations valued at the closing price reported on the active market on which the individual security is traded (Level 2).

The preceding methodology may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2024 or 2023.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 2,365,583	\$ -	\$ -	\$ 2,365,583

Note 5 - Party-in-interest transactions

The Plan's investments are managed by Matrix Trust Company as of December 31, 2024 and 2023 and for the period October 6, 2023 through December 31, 2023. The Plan's investments were managed by Voya Retirement Insurance and Annuity Company for the period January 1, 2023

through October 6, 2023. Fees paid for these services qualify as party-in-interest transactions and are included in the net appreciation in investments in the accompanying statements of changes in net assets available for benefits.

The Plan contracts with Human Interest, Inc. to provide investment advisory services, record keeping, and third-party administrative services which qualify as party-in-interest transactions under ERISA and are recorded as administrative expenses in the accompanying statements of changes in net assets available for benefits. Recordkeeping fees paid for these services to Human Interest, Inc. amounted to \$13,943 for the year ended December 31, 2024. Fees paid for these services to Human Interest, Inc. were paid for by the Company for the period October 6, 2023 through December 31, 2023. The Plan contracted with CBIZ Investment Advisor Services, Inc. and CBIZ Benefits & Insurance Services, Inc. to provide investment advisory services, record keeping, and third-party administrative services which qualify as party-in-interest transactions under ERISA. Fees paid for these services to CBIZ Investment Advisor Services, Inc. and CBIZ Benefits & Insurance Services, Inc. amounted to \$12,814 for the period January 1, 2023 through October 6, 2023. For the year ended December 31, 2023, organization and disbursement fees paid by the Plan were \$4,719. Additionally, the Plan contracts with Dannible & McKee, LLP to provide auditing services which qualifies as party-in-interest transactions. Fees for these services were paid for by the Company for the year ended December 31, 2024 and 2023.

#### Note 6 - Tax status of Plan

Effective October 6, 2023, the Plan has adopted the CCH Incorporated d/b/a ftwilliam.com Basic Plan Document #01 and the Human Interest, Inc. 401(K)/Profit Sharing Non-Standardized Adoption Agreement #002. For the period January 1, 2023 through October 6, 2023, the Plan had adopted the CBIZ Benefits & Insurance Services, Inc. Volume Submitter 401(k) Profit-Sharing Plan Basic Plan Document and Adoption Agreement No. 001. The Internal Revenue Service has determined and informed the Company that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's Trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2024 and 2023. The Plan is no longer subject to regulatory examinations by tax authorities for the closed years before 2021.

The Plan is in the process of completing certain required nondiscrimination testing for the year ended December 31, 2024, results of which have not yet been determined. However, management believes the results from this testing will have an immaterial impact on the Plan's financial statements, if any.

#### Note 7 - Classification differences between the financial statements and Form 5500

Form 5500 has certain investment balances and income items that differ from amounts shown on the accompanying financial statements. These differences relate to classification and rounding only and have no effect on the net assets available for benefits as of December 31, 2024 and 2023, nor changes in net assets available for benefits for the years then ended.

#### Note 8 - Prohibited transactions

The Company failed to remit to the Plan's third-party administrator employee contributions of \$58,830 within the period prescribed by the United States Department of Labor for the year ended December 31, 2024. The Company failed to remit to the Plan's third-party administrator employee contributions of \$2,638 and participant notes receivable repayments \$4,134 within the period prescribed by the United States Department of Labor for the year ended December 31, 2023. Delays in remitted contributions were due to problems with payroll file feeds and the Company remitted these contributions to the affected participant accounts in 2024 and 2023. The missed employee contribution remittances are included in employee contributions receivable and participant contributions receivable, respectively, as of and for the years ended December 31, 2024 and 2023.
