INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Rothe Development, Inc. 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Rothe Development, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rothe Development, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rothe Development, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rothe Development, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rothe Development, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rothe Development, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i-Schedule of assets (held at end of year) as of December 31, 2024, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of December 31, 2024, are presented for purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sincerely,

Rothe Development, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

Note 1. Description of Plan

The following description of Rothe Development, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers all employees of Rothe Development, Inc. (the Company or Plan Sponsor) who have completed one month of service and are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustee is responsible for oversight of the Plan. The Administrative Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Trustee. The Plan was amended and restated effective March 1, 2021, to change the Trustee of the Plan.

Contributions: The Company may make discretionary matching contributions, as defined in the Plan. During 2024 and 2023, the Company elected to contribute 50% of a participant's elective deferrals that did not exceed 3% of compensation. For the years ended December 31, 2024 and 2023, the Company made discretionary matching contributions of \$567,726 and \$294,759, respectively.

Participants may elect to contribute up to 100% of eligible compensation, as defined by the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants are always 100% vested in their voluntary contributions.

Participant accounts: Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions, the Company's contribution portion of their accounts and actual earnings thereon.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest, as determined by the Plan Administrator. The notes receivable outstanding at December 31, 2024, had interest rates ranging from 4.25% to 9.50% and mature through October 2029. The notes receivable outstanding at December 31, 2023, had interest rates ranging from 4.25% to 9.50% and mature through November 2028. Principal and interest are paid through payroll deductions.

Payment of benefits: On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any balance under \$5,000 is automatically paid out as soon as administratively possible. Hardship withdrawals are also available subject to certain limitations.

Note 1. Description of Plan (continued)

Forfeitures: Forfeitures are used to reduce future employer contributions or pay Plan expenses. Forfeited nonvested accounts totaled \$4,159 and \$1,150 at December 31, 2024 and 2023, respectively. There were no forfeitures used during 2024 and 2023 to reduce employer matching contributions or to pay administrative expenses.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies utilizing information provided by investment advisors and the custodians. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as an asset on the statements of net assets available for benefits and continue to accrue interest until they are considered to be in default. Loans are considered to be in default and canceled according to the terms of the loan policy. Loans in default are classified as benefits paid to participants on the statement of changes in net assets available for benefits. The interest rate is determined by the Plan Administrator based on market rates at the inception of the loan and is fixed for the term of the note. All interest paid to the Plan with respect to a note is credited to the borrower's account balance. No allowance for credit losses has been recorded as of December 31, 2024, and 2023.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed are recorded as a liability with a corresponding reduction of contributions. There were no excess contributions at December 31, 2024 and 2023.

Payment of benefits: Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (continued)

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 15, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively, Great-West)

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that the information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31,	
	2024	2023
Investments at fair value	\$ 12,589,311	\$ 9,155,017
Investments at contract value	1,470,911	1,468,704
Notes receivable from participants	247,268	172,417
	<u>\$ 14,307,490</u>	<u>\$ 10,796,138</u>

The custodians also certified the completeness and accuracy of \$1,528,856 of net appreciation in fair value of investments, \$119,613 of interest and dividend income related to the aforementioned investments, and \$13,764 of interest income on notes receivable from participants for the year ended December 31, 2024.

The custodians also certified the completeness and accuracy of \$1,272,031 of net appreciation in fair value of investments, \$97,368 of interest and dividend income related to the aforementioned investments, and \$7,795 of interest income on notes receivable from participants for the year ended December 31, 2023.

Note 4. Fair Value Measurements

The FASB Accounting Standards Codification (ASC), Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC, Fair Value Measurements and Disclosures, are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices for the asset or liability that are observable
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023.

Mutual funds: Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Rothe Development, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

Note 4. Fair Value Measurements (continued)

Collective trust funds: Collective trust funds are valued at the NAV of units of a bank collective trust fund held by the Plan. The NAV, as provided by the custodians, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust fund, the investment adviser reserves the right to temporarily delay withdrawal from the collective trust fund in order to ensure securities liquidations will be carried out in an orderly business manner. The collective trust funds are not included in the valuation hierarchy.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total

Collective trust funds—valued at NAV per share*				5,867,084
Total investments at fair value				<u>\$ 9,153,867</u>

*In accordance with Subtopic 820-10, as amended by ASU No. 2015-07, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2024 and 2023:

	Fair Value as of December 31,		Unfunded	Redemption	Redemption
	2024	2023	Commitment	Frequency	Notice Period
Collective trust funds*	<u>\$ 10,077,264</u>	<u>\$ 5,867,084</u>	-	Daily	None

Notes to Financial Statements

December 31, 2024 and 2023

Note 4. Fair Value Measurements (continued)

*Collective trust funds share the common goal of growth and preservation of principal. The collective trust funds indirectly invest in a mix of United States of America and international common stocks and fixed income securities through holdings in various mutual funds. These investments can be redeemed daily and there are currently no redemption restrictions or unfunded commitments on these investments.

Note 5. Guaranteed Investment Contract

The Plan offers as an investment option a benefit-responsive guaranteed investment contract. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligation may be affected by future economic and regulatory developments.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contracts. The Plan Administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract and may include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

Note 6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and investment contracts managed by Great-West. Great-West is the custodian, as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions. The Plan Sponsor paid certain administrative expenses related to the Plan for the year ended December 31, 2024 and 2023.

Rothe Development, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Plan Sponsor contributions.

Note 8. Tax Status

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS) and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Effective January 1, 1997, the Plan adopted a non-standardized form of a prototype plan. The Plan has received a determination letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 9. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.
