INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator,
Plastic Suppliers, Inc. Employee Stock Ownership and Pension Plan
Columbus, Ohio

Opinion

We have audited the financial statements of Plastic Suppliers, Inc. Employee Stock Ownership and Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of October 31, 2024 and 2023; the related statements of changes in net assets available for benefits for the years then ended; and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of October 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Going Concern

The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. As discussed in Note 1 and Note 7 to the financial statements, the Plan Sponsor filed for bankruptcy and ceased operations subsequent to year end and as a result, Plan management has stated that substantial doubt exists about the Plan's ability to continue as a going concern. Management's evaluation of the events and conditions and management's plan regarding these matters are also described in Note 7. The financial statements do not include adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule as outlined on the Table of Contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: PLAN DESCRIPTION

General

The following description of the Plastic Suppliers, Inc. Employee Stock Ownership and Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan covering eligible employees of Plastic Suppliers, Inc. (the “Company”). Subsequent to year end and effective September 15, 2025, the Company changed its legal name to PSI Winddown, Inc. The Plan was established effective November 3, 1977, and it operates as a qualified Employee Stock Ownership and Pension Plan (“ESOP”) and is designed to comply with Sections 401(a) and 4975(e)(7) and the regulations there under of the Internal Revenue Code (“IRC”) of 1986, as amended.

The Plan is administered by an officer of the Company, appointed by the Company’s Board of Directors. The Plan’s trustee beginning October 25, 2024, is an individual acting through the MGM Group, Inc. an independent third-party. Prior to this date, the Plan’s trustee was an individual acting through Capital Trustees, LLC, an independent third-party. The trustee is responsible for the Plan’s assets and the execution of all Plan transactions in accordance with the Trust Agreement. The Company is the asset custodian and executes all of the Plan’s transactions under the direction of the trustee. The records of the Plan are maintained by a third-party administrator.

Subsequent to year end, the Board of Directors authorized Company management to file a petition for relief under the United States Bankruptcy Code. The Company filed a petition for relief under Chapter 11 of the United States Bankruptcy Code on December 22, 2024, with the United States Bankruptcy Court for the District of New Jersey, Case number 24-22549. The confirmation of the Company’s Plan of Liquidation was approved by the court on August 21, 2025.

Contributions

The Plan provides for discretionary contributions by the Company determined by the Board of Directors of the Plan Sponsor and may be made in the form of a contribution of cash or the Company’s common stock. The Plan does not provide for participant contributions. Contributions are subject to Internal Revenue Service limitations. The Company made a cash contribution of \$0 and \$586,484 during the plan years ended October 31, 2024 and 2023, respectively.

The investment income is allocated to the applicable participant accounts based on the ratio of each participant’s account balance to the total of all participant account balances.

Dividends

Dividends, if declared, on the shares are allocated based on each participant’s stock account balance to the total of all participant stock account balances. There were no dividends declared during the years ended October 31, 2024 or 2023.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: PLAN DESCRIPTION (CONTINUED)

Entry and Allocation Eligibility

A nonunion employee of the Company becomes eligible as a participant in the Plan on their date of hire. A participant shall have allocation eligibility as to discretionary contributions and forfeitures for any plan year in which such participant completes 1,000 or more hours of service with the Company and is employed by the Company on the last day of such plan year.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. The Company's contributions are allocated to eligible participants' accounts based on the ratio of each eligible participant's compensation for the year to the total compensation for all participants.

Vesting

Vesting of employer contributions for any participant terminated for any cause other than death, disability or retirement generally occurs as follows:

| <u>Years of Service</u> | <u>Percentage</u> |
|-------------------------|-------------------|
| Less than 1 year | 0% |
| 1 but less than 2 years | 20% |
| 2 but less than 3 years | 40% |
| 3 but less than 4 years | 60% |
| 4 but less than 5 years | 80% |
| 5 or more years | 100% |

Participants who have less than five years of eligible service and are terminated due to death, disability or retirement at age 65 or over are 100% vested.

Due to a partial plan termination that occurred in plan years 2010 and 2009, participants that terminated during that time were considered 100% vested in their balance.

Payment of Benefits

Upon retirement, disability, death, or vested termination, a participant or designated beneficiary may elect to receive the amount in their account in the form of cash or the Company's common stock, with cash payment for any fractional shares. Distributions will be paid to the participant or designated beneficiary as soon as administratively feasible following the end of the plan year in which the event occurred.

If a participant's vested accrued benefit is \$10,000 or less, a lump sum payment shall be paid (subject to the participant's consent to the distribution for amounts in excess of \$1,000). If a participant's vested accrued benefit is greater than \$10,000, then annual installments will be paid over five years.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: PLAN DESCRIPTION (CONTINUED)

Forfeiture

Forfeitures are allocated to participant accounts as provided by the Plan document. There were no reallocated forfeitures to participants in the year ended October 31, 2024. Forfeitures of \$0 and 562.34 shares were reallocated to participants in the year ended October 31, 2024. As of October 31, 2024 and 2023, there were no unallocated forfeitures.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Administrator shall direct the Trustee in the manner to vote for any allocated company stock with respect to which voting instructions are not given by a participant, and shares of Company stock which are not then allocated to Participants' stock accounts.

Put Option

Under Federal income tax regulations, the employer stock that is held by the plan and its participants and is not readily tradable on an established market, or is subject to trading limitations includes a put option. The put option is a right to demand that the company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The purpose of the put option is to ensure interest over a period of five years and to ensure that the participant has the ability to ultimately obtain cash.

The put options can be exercised during two periods. The first period is sixty days after the company stock is distributed. If the option is not exercised it lapses. The following year, the company will notify the participant of the revised stock value and another sixty day period is available to exercise the option. After this second period, the option lapses forever. The holder of the option shall in any event be provided with adequate security for the payment of any amounts deferred beyond 30 days from the exercise of the put option.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution. In 2024, no diversification payments were made. All participants who requested diversifications in 2024 were added to the bankruptcy unsecured creditor listing.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

PLASTIC SUPPLIERS, INC.
EMPLOYEE STOCK OWNERSHIP AND PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

The Plan relies significantly on the use of estimates in determining the valuation of the Plastic Suppliers, Inc. common stock, which is the primary Plan investment.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Distributions Paid to Participants

Participant distributions are recognized when paid. In 2024, no cash distributions were made to participants. All participants who requested distributions in 2024 were added to the bankruptcy unsecured creditor listing. In 2023, amounts allocated to accounts of participants who had elected to withdraw from the plan had been paid as of October 31, 2023.

Administrative Expenses

Administrative expenses may be paid by either the Company or by the Plan. Certain administrative functions are performed by the officers or employees of the Company. None of these officers and employees receives compensation from the Plan.

Subsequent Events

Subsequent events have been evaluated through October 20, 2025, which is the date the financial statements were available to be issued.

NOTE 3: INVESTMENTS

The Plan provides that, to the extent the Plan's Administrator and trustee (the "Committee") deem practicable, the Custodian shall use all available cash, as directed by the Committee, to buy Company stock. If no Company stock is available for purchase, and the Committee determines that the purchase of additional Company stock is not practicable, the Custodian may invest in other securities or property as directed by the Committee.

The investment in common stock of the Company is recorded at its estimated fair value at year-end as of the Company's fiscal year-end. The value, as set by the trustee of the Plan, at October 31, 2024 was \$0 per share. The value, as set by the trustee of the plan based on an independent appraisal, of the Company at October 31, 2023 was \$30.45 per share. On October 31, 2024 and 2023, the Plan owned 134,680 shares of common stock.

NOTE 4: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2024 and 2023:

Assets at Fair Value as of October 31, 2024

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets:

| | Level 3 Assets | |
|-------------------------------|------------------|------------------|
| | Year Ended | Year Ended |
| | October 31, 2024 | October 31, 2023 |
| Contributions | \$ 966 | \$ 586,484 |
| Benefits paid to participants | \$ - | \$ 585,253 |

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Following is a description of the valuation methodology used for assets measured at fair value as of and for the year ended October 31, 2023.

The fair value of the Company's common stock held by the Plan as of October 31, 2023 is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and fair value of company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability. The valuation process involves the ESOP trustee's engagement of an independent appraiser under contract. Plan management accumulates the data for the appraiser including the audited financial statements of the Company. The appraiser prepares a preliminary report which plan management, along with the ESOP trustee, reviews in detail, discusses and approves. The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

The fair value of the Company's common stock held by the Plan as of October 31, 2024 was determined by the Plan's trustee without an independent appraisal. The Trustee took into account the disposition of equity interests in the Company based on the Plan of Liquidation approved by the bankruptcy court.

Furthermore, although the plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5: RELATED PARTY TRANSACTIONS

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

PLASTIC SUPPLIERS, INC.
EMPLOYEE STOCK OWNERSHIP AND PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6: TAX STATUS

The Internal Revenue Service issued its determination letter on October 21, 2014, which stated that the Plan (as amended through January 28, 2014) and its underlying trust qualify under the applicable provisions of the Internal Revenue Code and, therefore, are exempt from federal income taxes. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE 7: PLAN TERMINATION

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, as amended. In the event of Plan termination, all participants will become fully vested in their accounts. Subsequent to year end, a board resolution was signed noting that the Plan had a partial plan termination for the year ended October 31, 2024. The Plan's full termination is expected to be completed prior to October 31, 2025.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 9: GOING CONCERN

Subsequent to year end, the Board of Directors authorized Company management to file a petition for relief under the United States Bankruptcy Code. The Company filed a petition for relief under Chapter 11 of the United States Bankruptcy Code on December 22, 2024, with the United States Bankruptcy Court for the District of New Jersey, Case number 24-22549. The confirmation of the Company's Plan of Liquidation was approved by the court on August 21, 2025. These conditions raise substantial doubt about the Plan's ability to continue as a going concern. The Plan is included as an equity holder in the bankruptcy proceedings and the court appointed fiduciary is responsible for distributing the remaining assets of the Plan Sponsor in accordance with the Company's Plan of Liquidation priorities. The amounts received by the Plan will determine the ultimate benefit for Plan participants. The financial statements included herein do not include any adjustments that might result from the outcome of this uncertainty.
