## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants  
**The Schebler Company Employee Stock Ownership Plan**

### Opinion on the Financial Statements

We have audited the financial statements of The Schebler Company Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets (deficit) available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets (deficit) available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets (deficit) available for benefits of The Schebler Company Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in net assets (deficit) available for benefits for the year ended December 31, 2024 in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of The Schebler Company Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Schebler Company Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audits of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Schebler Company Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Schebler Company Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

## Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

# THE SCHEBLER COMPANY EMPLOYEE STOCK OWNERSHIP PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### Note 1 – Description of the Plan

#### General

The Plan is a defined contribution plan that was established on January 1, 2021 by The Schebler Company (the Company). The Plan is a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description or the Adoption Agreement, including amendments thereto, for a complete description of the Plan's provisions.

#### Administration

The Plan Sponsor and named Plan Administrator is The Schebler Company. The Plan Administrator is responsible for managing, controlling the operation and administration of the Plan and oversees the reasonableness of plan expenses and fees. The Company entered into a trust agreement with an independent trustee, Alturas Fiduciary Services (the Trustee). The Company's Board of Directors and Trustee are the named fiduciaries under the Plan. The Company has also retained Blue Ridge ESOP Associates to provide participant recordkeeping and administration services. Principal Life Insurance Company performed administration services related to payment of benefits during the year ended December 31, 2024 prior to engaging Blue Ridge ESOP Associates.

#### Eligibility

The Plan covers all employees of the Employer, except leased employees, independent contractors or non-resident aliens with no U.S. income. All eligible employees must attain one year of service, with at least 1,000 hours of service, prior to participating in the Plan. The participant will enter the Plan retroactive to the first day of the plan year during which he or she satisfies the eligibility requirements.

#### Contributions to the Plan

The Company may make, at the discretion of its Board of Directors, annual contributions to the Plan in cash or shares of company stock. Any shares of company stock contributed to the Plan are valued at their fair market value as at the date of contribution. Contributions are due by the last day of that plan year and are paid to the Trustee not later than the date for the filing of the Company's federal income tax return.

Allocations are based on a proportion of eligible compensation earned for that year by a participant to the total eligible compensation by all participants who are eligible to share in the allocations for that year. Participants must complete 1,000 hours of service during the plan year and must be employed on the last day of the plan year in order to share in allocations except for those who have reached normal retirement age or who died or became disabled during the plan year.

The Plan may not accept rollover contributions from other plans.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### Payment of Benefits

On termination of service, participants with vested account balances of \$7,000 or less are subject to involuntary cash-outs, in which automatic distribution of their account balance will occur without direct consent. Participants vested account balances which exceed \$7,000 are to be distributed in substantially equal annual installments over a period of five years. Prior to January 1, 2024, the Plan's cash-out limit was \$5,000. If a participant does not separate from service due to normal retirement, disability or death, the participant's distributions will commence as soon as administratively feasible during the sixth plan year following the plan year in which the participant separated from service. Participants who have their benefit payments deferred continue to share in allocations of investment income and losses, but do not share in subsequent allocations of employer contributions. Special rules apply to distributions due to death, disability and retirement. Participants should refer to the full plan document for details.

Distributions from a participant's Company Stock Account are made in cash or, if a participant elects, in the form of company stock subject to the requirement that the company stock be immediately sold to the Company at a price equal to its fair market value as determined as of the most recent valuation.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan, as long as the shares are not publicly traded.

### Administrative Fees and Expenses

As provided in the plan agreement, administrative expenses may be paid either by the Plan or by the Company.

### Voting Rights

The Trustee shall vote the shares of company stock held in the Plan with respect to all matter in its discretion. However, each participant or their beneficiary is entitled to direct the Trustee as to how to vote those shares allocated to his or her account with respect to any proposed merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all the assets of the business or any similar transaction.

### Participant Accounts

Individual accounts are maintained for each plan participant to reflect the participant's entire interest under the Plan. Participants are classified into one of two groups, Group 1 and Group 2, based on participation in local union pension or annuity plans. Group 1 Participants are those Employees who (i) do not participate in the local union pension or annuity plan pursuant to the collective bargaining agreement to which the Employer is a party, (ii) and union members who are not designated Journeymen, Apprentices or Mechanical Equipment Service Tradesman by either SMART Local 91 or Plumbers & Pipefitters Local 25 or any other unions under contract with the Employer. Group 2 Participants are those Employees who are eligible to participate under this plan and are not included in Group 1.

# THE SCHEBLER COMPANY EMPLOYEE STOCK OWNERSHIP PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

Each participant's account is credited as of the last day of each plan year with: a) an allocation of shares of the company stock purchased or contributed by the Company to the Trust Fund for that year, b) allocation of shares of the Company's common stock released by the Trustee from the unallocated suspense account, c) the participant's allocable share of contributions made in that year in cash or property other than company stock that is not used by the Trustee to purchase company stock, d) forfeitures of terminated participants' non-vested accounts, e) any cash distributions paid during the year on company stock credited to the participant's account, other than distributions paid directly to the participant and f) the allocable share of the Plan's net income or loss.

### Notes Receivable from Participants

Participant loans are not permitted.

### Vesting

Contributions are subject to a graded vesting schedule based on years of service at a rate of 20% per year after two full years of credited service. A participant is 100% vested after six years of credited service.

A participant's account also becomes fully vested upon attaining normal retirement age of 62 and two years of participation in the Plan or upon the participant's death or disability.

### Diversification

Diversification is offered during an election period to active participants who have attained age 55 and completed at least ten years of participation in the Plan so that they may have the opportunity to move part of their investment in shares of company stock into investments that are more diversified. The election period is the period of six consecutive plan years beginning with the plan year in which a participant first becomes eligible to diversify. A participant may direct that an amount of cash equal to the value of a portion of his or her shares be either distributed to him or her or transferred to an account in his or her account name in another tax-qualified plan maintained by the Company, to be invested at the direction of the Participant into three or more investment funds consisting of differing types of properties and offering different degrees of risk and potential reward.

### Forfeitures

Forfeitures of non-vested participant balances are held in a forfeiture account and are to be reallocated annually to each remaining participant based on a proportion of eligible compensation earned for that year to the total eligible compensation earned by all participants who are eligible to share in the allocations for that year. There were no unallocated forfeitures as of December 31, 2024 and 2023. During the year ended December 31, 2024, 5,952.8419 shares of company stock were forfeited from participant accounts and were reallocated to participants based on eligible compensation.

# THE SCHEBLER COMPANY EMPLOYEE STOCK OWNERSHIP PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants is not readily tradable on an established market, nor is it subject to trading limitations including a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock. See Note 4 for basis of fair value. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

### **Note 2 – Summary of Significant Accounting Policies**

#### Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Contributions and earnings are recorded when they are earned. Expenses are recorded in the accounting period in which they are incurred.

#### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Allocations

The financial statements present separately the assets and liabilities and changes therein pertaining to: (a) the accounts of employees with rights in allocated stock (“allocated”) and (b) stock not yet allocated to employees (“unallocated”), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

#### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The shares of company common stock are valued based upon an independent appraisal. See Note 4 for a discussion of the fair value measurements. Net appreciation or depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

# THE SCHEBLER COMPANY EMPLOYEE STOCK OWNERSHIP PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

### Payment of Benefits

Benefits are recorded when paid.

### Reclassifications

Certain reclassifications were made to prior year's financial statements to confirm with current year's presentation.

### Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 17, 2025, which is the date the financial statements were available to be issued.

### **Note 3 – Investments**

The Plan provides that, to the extent the Plan Administrator and Trustee deem practicable, the Trustee shall use all available cash, as directed by the Plan Administrator and Trustee, to buy company stock. If no company stock is available for purchase, and the Plan Administrator and Trustee determines that the purchase of additional company stock is not practicable, the Custodian may invest in other securities or property as directed by the Plan Administrator and Trustee.

The investment in company common stock is recorded at its estimated fair value at year end, as determined by an annual independent appraisal as of the Company's fiscal year end. The independent appraised fair value of the company common stock at December 31, 2024 and 2023 was \$9.20 per share and \$5.80 per share, respectively. The fair value of the company common stock increased primarily due to the continued repayment of interest bearing debt.

The investments in common stock of The Schebler Company are as follows:

	<u>December 31, 2024</u>		<u>December 31, 2023</u>	
	<u>Allocated</u>	<u>Unallocated</u>	<u>Allocated</u>	<u>Unallocated</u>

**Note 4 – Fair Value Measurements**

Generally accepted accounting principles (GAAP) establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Level 3 Fair Value Measurements

*Common stock:* There is limited or no observable market data for the process of The Schebler Company common stock that is held by the Plan. The Schebler Company common stock's fair value is determined by an annual valuation of the common stock of The Schebler Company shares and are valued at the price represented in the valuation report conducted by Vision ESOP Valuation. This appraisal was based upon a combination of the market and income valuation techniques, discounted for lack of marketability.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<b>As of December 31, 2024</b>			Total
	Level 1	Level 2	Level 3	
The Schebler Company common stock	\$ -	\$ -	\$ 9,261,024	\$ 9,261,024
Investments, at fair value	\$ -	\$ -	\$ 9,261,024	\$ 9,261,024

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<b>As of December 31, 2023</b>			<b>Total</b>
	Level 1	Level 2	Level 3	
The Schebler Company common stock	\$ -	\$ -	\$ 5,838,471	\$ 5,838,471
Investments, at fair value	\$ -	\$ -	\$ 5,838,471	\$ 5,838,471

There were no purchases or transfers into the Plan's Level 3 assets during the year ended December 31, 2024, which are nonparticipant-directed investments. The change in value of the Plan's Level 3 assets reflects the net appreciation in the fair value of those assets based upon the aforementioned annual valuation.

**Note 5 – Note Payable**

Effective December 30, 2021, the Plan entered into a 25 year term note payable agreement with the Company to purchase 1,006,633 shares of company common stock. The note calls for annual payments of \$255,807 plus interest at 1.90%. Unallocated shares are collateral for the Plan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. Shares are released proportionally based on the amount of principal and interest paid for the year as it relates to the total principal and interest due over the term of the note. This resulted in 56,260.4343 shares being released and allocated for the plan year ended December 31, 2024. The balance of the note was \$5,710,271 and \$6,224,439 at December 31, 2024 and 2023, respectively. Interest expense for the year ended December 31, 2024 was \$152,001.

The scheduled amortization of the note for the next five years and thereafter is as follows:

<u>Year Ending December 31<sup>st</sup></u>		
2025		\$ 338,332
2026		255,807
2027		255,807
2028		255,807
2029		255,807
Thereafter		4,348,711

**Note 6 – Party-in-Interest Transactions**

The Plan invests in company stock and has indebtedness guaranteed by the Company. These are related party and party-in-interest transactions. As described in Note 1, the Company may pay plan expenses and has a number of service providers. Such providers are parties-in-interest under ERISA.

### **Note 7 – Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time by action of the Board subject to the provisions of ERISA. In the event of plan termination, participants will be vested 100% the balances in their accounts. Custodial fees and other operating expenses incurred after the termination date may, at the discretion of the Plan Sponsor, be paid by the Plan.

### **Note 8 – Plan Amendment and Tax Status**

The Plan is an individually designed plan with an effective date of January 1, 2021, which has been filed with the IRS and has received a favorable opinion letter dated January 4, 2023. Although the Plan has been amended since receiving this letter, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of December 31, 2024.

Effective January 1, 2023, the Plan was amended to redefine Group 1 and Group 2 participants, as further described in the “Participant Accounts” disclosure of Note 1. Further, the Plan was amended effective January 1, 2023 to allow eligible employees to elect in writing not to participate or cease participation in the Plan.

Effective January 1, 2024, the Plan was amended to increase the force out distribution of plan benefit limit from \$5,000 to \$7,000 and the required commencement of benefit distributions age was increased to 73 in conjunction with SECURE 2.0 Act.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2024, the Plan Administrator believes that the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently being examined.

### **Note 9 – Risks and Uncertainties**

The Plan invests in The Schebler Company common stock. The Schebler Company common stock is exposed to various risks such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with certain investment securities and The Schebler Company common stock, it is at least reasonably possible that changes in the values of The Schebler Company will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets (deficit) available for benefits.
