## **INDEPENDENT AUDITORS' REPORT**

To the Plan Administrator, Participants and Beneficiaries  
of the Royal Wine Corporation Profit Sharing Plan & Trust

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Royal Wine Corporation Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter***

#### ***Supplemental Schedule Required by ERISA***

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements December 31, 2024 and 2023

### NOTE A - DESCRIPTION OF PLAN

The following description of the Royal Wine Corporation Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### [1] General:

The Plan is a defined contribution plan covering all eligible employees of Royal Wine Corporation and Kent Advertising, LLC (collectively, the "Company" or "employer") in these financial statements. The Plan was established on June 17, 1971. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Members of Royal Wine Corporation's management are the Plan's trustees, and AXA Equitable Life Insurance Company ("AXA Equitable") is the insurance company of the Plan.

#### [2] Contributions:

Participants may elect to contribute up to 100% of eligible compensation, as defined by the Plan, up to the maximum deferral amount allowed by law (\$23,000 in 2024) as a reduction of salary. The Plan allows employees who attained age 50 by year-end to make catch-up contributions up to \$7,500 in 2024. Roth deferrals are also permitted under the Plan. In no event may participant pre-tax and after-tax contributions exceed any statutory limitations. In addition, participants may also roll over amounts representing distributions from other qualified plans. The Company makes a safe harbor contribution of 3% of eligible compensation for eligible employees, subject to statutory limitations. The Company may make a discretionary matching contribution of up to 6% of the participants' deferrals, not to exceed 4% of eligible compensation, subject to statutory limitations. Additional discretionary profit-sharing contributions may be made at the option of the Company's Boards of Directors. Discretionary profit-sharing contributions totaling \$92,370 were made in 2024. No discretionary matching contributions were made in 2024. Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan.

#### [3] Participant accounts:

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions and an allocation of the related employer matching contributions, Plan earnings and forfeited accounts' balance, and may be charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant compensation, account balance, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### [4] Eligibility:

Employees who are age 21 or older are eligible to participate in the Plan. Employees become eligible for participation in the Plan for employee deferral purposes only on the first day of the month coincident with or next following their date of employment, and part-time employees become eligible for participation on the first day of the month coincident with or next following their completion of 1,000 hours of service.

Employees become eligible for matching, profit-sharing, and safe harbor contributions ("employer contributions") on the first day of the month coincident with or next following their completion of 12 months of service and being 21 years old. To be eligible for matching and profit-sharing contributions, a participant must work 1,000 hours in the given Plan year and be employed on the last day of the Plan year.

**Notes to Financial Statements  
December 31, 2024 and 2023**

**NOTE A - DESCRIPTION OF PLAN (CONTINUED)**

**[5] Participants' investment options:**

Participants must direct their contributions to selected investments as made available and determined by the Plan administrator. Participants may change their investment options at any time.

The Plan offers a series of variable investment options, where each is a subdivision of a Separate Account No. 65 ("PSA" or "pooled separate account") of AXA Equitable. Each of the variable investment options invests in shares of a securities portfolio of EQ Advisors Trust or Variable Insurance Trusts or shares of an outside mutual fund portfolio, and pays fees that are charged daily against the investment option and are reflected in the investment option's unit value. These charges, including advisory fees, 12b-1 fees and operating expense, are reflected within each option's total annual operating expense. The Plan also provides for individually directed accounts ("IDA") as an investment option. Union Bank, N.A. was appointed as custodian for IDAs. No IDAs were held by the Plan as of December 31, 2024 and 2023 and during the year ended December 31, 2024.

**[6] Vesting:**

Each participant has a non-forfeitable right to 100% of the value of his or her salary reduction contributions, rollover contributions and safe harbor contribution accounts. A participant's entire account vests immediately upon reaching normal retirement age (later of attainment of age 62 or the fifth anniversary of the first day of the Plan year in which participation commenced), disability, death or partial or complete termination of the Plan. Otherwise, a participant shall have a vested interest in his or her discretionary employer contribution account according to the following vesting schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

**[7] Notes receivable from participants:**

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. Such loans may be payable over any reasonable period commensurate with the period permitted by commercial lenders for similar loans. Loan maturity dates as of December 31, 2024 range from years 2025 to 2053. The loans are secured by the balance in the participant's account and bear interest at prime plus 1% per annum, which is commensurate with local prevailing rates as determined by the Plan administrator. Interest rates on outstanding loan balances range from 4.25% to 9.50% at December 31, 2024 and 4.25% to 9.50% at December 31, 2023. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

## ROYAL WINE CORPORATION PROFIT SHARING PLAN & TRUST

### Notes to Financial Statements December 31, 2024 and 2023

#### NOTE A - DESCRIPTION OF PLAN (CONTINUED)

##### [8] Payment of benefits:

Upon retirement, benefit payments will begin no later than 60 days following the close of the Plan year in which such participant attains normal retirement age, which is age 62, or reaches the fifth anniversary of the first day of the Plan year in which they became a participant, whichever is later. Participants become 100% vested in their accrued benefits despite any prior vesting requirements.

Upon disability, benefit payments will begin to such disabled participant within 60 days following the close of the Plan year in which the participant becomes disabled, unless an election to defer payment was made. The disabled participant becomes 100% vested in their accrued benefits despite any prior vesting schedule.

Upon a participant's death, the Plan requires distribution within five years after the death of the participant unless required payments have already begun or an election has been made for payments to be made to a designated beneficiary.

Upon termination of service, participants may elect to receive an amount equal to the value of the participants' vested interest in their account in either a lump-sum amount or installment payments based on life expectancy. Participants can also elect to have their benefits paid as a partial lump sum. A participant who terminates employment with a vested balance of \$5,000 or less will receive an involuntary cash-out distribution.

A participant may postpone retirement beyond the normal retirement date and continue to participate in the Plan.

##### [9] Forfeitures:

The Company may decide in its discretion how to use the forfeitures under the Plan, in accordance with Internal Revenue Service ("IRS") regulations. During the year ended December 31, 2024, forfeitures of \$4,891 were used. Forfeited nonvested accounts available at December 31, 2024 and 2023 were approximately \$0 and \$4,800, respectively.

##### [10] Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

## Notes to Financial Statements December 31, 2024 and 2023

### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### [1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

#### [2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

#### [3] Investment valuation and income recognition:

The Plan's investments are reported at fair value (except for the fully benefit-responsive contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### [4] Payment of benefits:

Benefits are recorded when paid.

#### [5] Plan expenses:

Administrative expenses of the Plan are paid by either the Company or the Plan, as provided in the Plan document. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation (depreciation) of fair value of investments.

#### [6] Subsequent events:

The Plan has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued.

## ROYAL WINE CORPORATION PROFIT SHARING PLAN & TRUST

### Notes to Financial Statements December 31, 2024 and 2023

#### NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, AXA Equitable, the insurance company of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the statement of changes in net assets available for benefits for the year ended December 31, 2024, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2024.

#### NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

#### *Pooled separate account variable investment options*

The pooled separate accounts follow balanced, equity, and fixed income strategies. Some impose participant-level transfer restrictions, such as limits on the number of transfers in or out within a 30-day period. There were no full redemption restrictions noted for these investments.

Valued at Unit Value per share that is based on the net asset values of the underlying investments after the deduction of applicable investment management, fund administration and financial accounting charges. The Unit Value is not a publicly-quoted price in an active market. The pooled separate account variable investment options are comprised of a wide variety of underlying investments, such as equities, preferred stock, bonds, real estate and mutual funds.

#### NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023:

#### Investment Assets at Fair Value as of December 31, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
PSA variable investment options	<u>\$ -</u>	<u>\$ 24,606,316</u>	<u>\$ -</u>	<u>\$ 24,606,316</u>
Total investment assets at fair value	<u>\$ -</u>	<u>\$ 24,606,316</u>	<u>\$ -</u>	<u>\$ 24,606,316</u>

#### Investment Assets at Fair Value as of December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
PSA variable investment options	<u>\$ -</u>	<u>\$ 20,850,403</u>	<u>\$ -</u>	<u>\$ 20,850,403</u>
Total investment assets at fair value	<u>\$ -</u>	<u>\$ 20,850,403</u>	<u>\$ -</u>	<u>\$ 20,850,403</u>

#### Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Investment options with underlying portfolios that are part of the EQ Advisors Trust are subject to disruptive transfer activity restrictions. The EQ Advisors Trust considers transfers into and out of the same variable investment option within a five-business-day period as potentially disruptive transfer activity and reserves the right to reject a transfer that it believes is disruptive to the management of its portfolio.

AXA Equitable reserves the right to impose a charge with respect to any transfer among investment options after the first four such transfers made on behalf of a participant in any calendar year. The amount of such charge will not exceed 50% of the amount of the then-current administrative charge.

Discontinuance of contributions under the contract with AXA Equitable requires 90 days' written notice by either the Plan or AXA Equitable.

#### NOTE E - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a group annuity contract with AXA Equitable pursuant to which the Plan offers a Guaranteed Interest Option ("GIO") as an investment option. The GIO is part of AXA Equitable's general account and pays interest at guaranteed rates. The GIO is reported at contract value. The amount that a participant has in the GIO at any time equals to the sum of all amounts allocated or transferred to this account, plus the amount of interest credited, less all amounts that have been withdrawn, including charges to or transfers from this account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Transfers out of the GIO to other investment options are limited during the transfer period to an amount equal to the greater of (1) 25% of the amount the participants had in the GIO as of the last business day of the calendar year immediately preceding the current calendar quarter, or (2) the total of all amounts the participants transferred out of the GIO to any variance investment option during the same immediately preceding calendar year. The transfer period is the calendar quarter in which the transfer request is made and the preceding three calendar quarters. Generally, new participants will not be able to transfer assets out of the GIO during their first year of participation under the contract.

AXA Equitable will not permit transfers out of the GIO for 90 days after they receive notice of the Plan termination. In the case of termination of participation in the contract and upon receipt by AXA Equitable of request for payments, no transfers to or from the GIO will be made. If the Plan sponsor requests withdrawals, they will be made within 30 days of the later of (1) receipt by AXA Equitable of the request, or (2) the end of the 90-day notice period, and will generally be made in six annual installments. Each installment will be equal to the amount then in the GIO divided by the number of remaining installments, including the one then due. No withdrawal charges or market value adjustment, as defined in the contract, will apply to the installments. AXA Equitable reserves the right to pay the withdrawal in a single sum instead of annual installments, if the total Plan assets held in the GIO are less than \$1,000,000. Withdrawal charges or market value adjustment (not to exceed 7%) may apply.

Withdrawals made as a result of a participant's death, retirement, disability, separation from service, to purchase a life annuity distribution option or minimum required distributions as defined are not subject to the installment payout, market value adjustment or withdrawal charge.

Any withdrawal from the GIO due to Plan termination will be subject to a market value adjustment, as specified in the contract, if no withdrawal charge applies to such withdrawal or the withdrawal charge that applies is less than the market value adjustment.

AXA Equitable reserves the right to defer payment or transfer of any portion of participants' accounts in the GIO for up to six months while the participant is living.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such crediting interest rate is reviewed by AXA Equitable on a monthly basis for resetting and is affected by the investment experience of the assets held in the insurance company's general account. The interest crediting rate under the contract was 3.00% for 2024.

### **Notes to Financial Statements December 31, 2024 and 2023**

#### **NOTE F - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks, as well as risks related to the financial strength of the insurance company. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial market may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2024 may not necessarily be indicative of amounts that could be realized in a current market exchange.

#### **NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

AXA Equitable's affiliate, AXA Equitable Funds Management Group, LLC ("FM Group"), acts as the investment advisor to the securities portfolios offered through the EQ Advisors Trust. FM Group receives an advisory fee which is reflected in the total operating expense for the investment portfolio and, therefore, included in the net realized/unrealized appreciation (depreciation) in the value of investments in the statement of changes in net assets available for benefits of the Plan.

Additionally, AXA Equitable provides certain administrative services to the Plan. Administrative fees paid to AXA Equitable were \$116,478 for the year ended December 31, 2024.

#### **NOTE H - TAX STATUS**

The Plan has adopted a Defined Contribution Volume Submitter Plan and Trust sponsored by AXA Equitable. On June 30, 2020, the IRS stated in an advisory letter that the volume submitter adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.
