Independent Auditor's Report

To the Board of Trustees
Section 403(b) Retirement Plan for Stein Hospice Service, Inc 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of Section 403(b) Retirement Plan for Stein Hospice Service, Inc 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits in liquidation as of December 31, 2024, and the related statements of changes in net assets available for benefits in liquidation for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Section 403(b) Retirement Plan for Stein Hospice Service, Inc 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2024 Financial Statements

We do not express an opinion on the financial statements of Section 403(b) Retirement Plan for Stein Hospice Service, Inc. 403(b) Plan referred to in the first paragraph. Because of the significance of matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2024 Financial Statements

Stein Hospice Retirement Plan does not have sufficient accounting records and supporting documents relating to participants' individual account balances accumulated from inception of the plan to December 31, 2008. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Basis of Accounting

As discussed in Note 10 to the financial statements, the governing body of Section 403(b) Retirement Plan for Stein Hospice Service, Inc 403(b) Plan approved a plan of liquidation on September 1, 2024, and management determined liquidation was imminent. Generally accepted accounting principles require financial statements to be prepared on the liquidation basis of accounting when liquidation is imminent. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Section 403(b) Retirement Plan for Stein Hospice Service, Inc 403(b) Plan's ability to continue as a going concern for one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

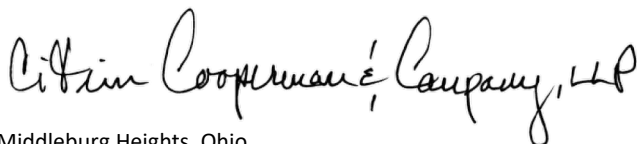

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Our responsibility is to conduct an audit of Section 403(b) Retirement Plan for Stein Hospice Service, Inc 403(b) Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion on the 2024 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Section 403(b) Retirement Plan for Stein Hospice Service, Inc 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Auditor's Report on the 2023 Financial Statements

The 2023 financial statements of Section 403(b) Retirement Plan for Stein Hospice Service, Inc 403(b) Plan were audited by predecessor auditors. As permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report, dated October 11, 2024, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SECTION 403(b) RETIREMENT PLAN FOR STEIN HOSPICE SERVICE, INC 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION

YEARS ENDED DECEMBER 31, 2024 AND 2023

1. Description of the Plan:

General:

Section 403(b) Retirement Plan for Stein Hospice Service, Inc 403(b) Plan (the "Plan") that covered all eligible employees of Stein Hospice Service, Inc. (Stein). Western Reserve Care Solutions (WRCS) (the "Company" and "Plan Sponsor") became the sole member of Stein, effective April 1, 2022 through a member substitution agreement. Effective January 1, 2023, the Plan was frozen, and the final employee and employer matching contributions were made to the Plan on January 13, 2023. The Board of Directors of the Plan Sponsor approved to terminate the Plan effective September 1, 2024 (See Note 10).

The Plan is a defined contribution retirement plan in accordance with Internal Revenue Code (IRC) Section 403(b) covering all employees, except for student employees. An employee becomes eligible to participate in the elective deferral portion of the Plan on their first day of employment with the employer, but in order to participate in the employer matching portion of the Plan, an employee must be at least 21 years of age and have been employed one year. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 1, 2010, the Plan Sponsor, Stein Hospice Service, Inc., opened a new investment vehicle for its employees. At that same time, salary deferrals and contributions were redirected to the new investment vehicle. The financial statements and tax filing are reported as a combination of the old and new investment vehicles.

Contributions:

Participants may elect to contribute a percentage of their compensation into the Plan on a pre-tax or post-tax (Roth contribution) basis. The amount participants can contribute on an annual basis is limited to the amount set by the IRC. The participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary employer matching contributions based on a percentage of participants' compensation. There were no discretionary employer matching contributions during 2024. There were no discretionary employer matching contributions receivable at December 31, 2024.

Participant accounts:

Each participant's account is credited with employer and participant contributions. Plan earnings and losses are allocated based upon account balances. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

YEARS ENDED DECEMBER 31, 2024 AND 2023

1. Description of the Plan (continued):

Vesting:

All participants hired prior to November 1, 2009 were immediately vested in their deferral contributions, discretionary employer matching contributions and earnings/losses thereon. All participants hired on or after November 1, 2009 are immediately vested in the value of their account attributable to the voluntary employee contributions. Participants vest in discretionary employer matching contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	0%
2	100%

Forfeitures of nonvested accounts may be used to reduce the discretionary matching contributions or pay Plan expenses. There were no forfeitures in the Plan at December 31, 2024. Forfeitures in the Plan totaled \$1,735 at December 31, 2023. Participants became 100% vested in discretionary employer matching and discretionary profit sharing contributions due to the plan termination (see Note 10).

Participant notes:

Participants may borrow against their accounts up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Repayment of a note must be made over a period not to exceed five years, unless the note is used to purchase a principal residence, in which case longer repayment term may be permitted. The notes are secured by the balance in the participant's account. As of December 31, 2024, no allowance for credit losses has been recorded. If a participant does not make repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. At December 31, 2024, all outstanding loans were distributed as part of the plan termination (see Note 10). At December 31, 2023, the Plan had outstanding notes receivable totaling \$36,689, bearing interest at 4.25% to 7.50%.

Participant notes from the Plan's old investment vehicle are collateralized by the participants investment funds and bear interest at 3.00% to 3.25%. Note terms may range from one to five years (longer for the purchase of a primary residence). Notes receivable from participants from the Plan's old investment vehicle are made directly with Metropolitan Life Insurance Company (MetLife). The balance of these notes receivable from participants was \$0 at December 31, 2024 and \$20,955 at December 31, 2023. All notes receivable from participants are secured by the account balance of each respective individual participant. Principal and interest is paid ratably through payroll deductions.

Participant notes were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and expensed when they were incurred. No allowance for credit losses was recorded as of December 31, 2024 and 2023. If a participant ceased to make note repayments and the plan administrator deemed the participant note to be in default, the participant note balance was reduced and a benefit payment was recorded.

1. Description of the Plan (continued):

Payment of benefits:

Participants who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement or death. On termination of service, participants may elect to receive a lump sum distribution equal to the vested value of their account balance, a partial lump sum distribution not to exceed the vested value of their account balance, or in installments not to exceed the life of the participant.

Benefits are recorded when paid.

2. Summary of significant accounting policies:

Basis of accounting:

As a result of the Board of Trustees of the Plan Sponsor's decision to terminate the Plan effective September 1, 2024, the liquidation basis of accounting was used in presenting the statements of net assets available for benefits in liquidation and the statements of changes in net assets available for benefits in liquidation as of and for the years ended December 31, 2024 and 2023. For terminating plans, from the date liquidation is imminent, which, for a defined contribution plan, is generally the date the decision was made to terminate the plan, accounting principles generally accepted in the United States of America (U.S. GAAP) require the liquidation basis to be applied. Under the liquidation basis of accounting, assets are measured at the estimated amounts expected to be collected.

Investment contracts are reported at liquidation value, which approximates fair value, except for fully benefit-responsive contracts, which are reported at contract value. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits in liquidation at the date of the financial statements and changes in net assets available for benefits in liquidation during the year. Accordingly, actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year such adjustments are determined.

YEARS ENDED DECEMBER 31, 2024 AND 2023

2. Summary of significant accounting policies (continued):

Investment valuation and income and loss recognition:

There were no investments held by the Plan as of December 31, 2024. At December 31, 2023, the Plan maintained investments with MetLife for the guaranteed interest accounts and the pooled separate accounts. The guaranteed interest accounts are the insurance company's guarantee backed by the underwriting insurance company's general asset account. The pooled separate accounts are an insurance company's separate account maintained by the insurance company that invests in the underlying mutual funds.

Investments in pooled separate accounts are readily determinable on an established market and were reported at fair value, which was certified by MetLife, trustee of the Plan, at December 31, 2023 and 2024. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. These amounts were primarily provided by MetLife for the years ended December 31, 2024 and 2023.

3. Information prepared and certified by MetLife:

The Plan trustees have elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, MetLife has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024. All investments are directed by the participants.

Investments as provided by MetLife:	<u>2024</u>	<u>2023</u>
Pooled separate accounts (at fair value)	\$ -	\$ 4,344,976
Guaranteed interest accounts (at contract value)	<u>-</u>	<u>858,147</u>
Total investments	-	5,203,123
Notes receivable from participants	<u>-</u>	<u>36,689</u>
Total certified assets	<u>\$ -</u>	<u>\$ 5,239,812</u>
Dividend and interest income	<u>\$ 17,137</u>	
Net appreciation in fair value of investments	<u>\$ 641,165</u>

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Assets measured at net asset value or fair value on a recurring basis at December 31, 2024 and 2023 were as follows:

	2024	2023
	Level 2	Level 2
Pooled separate accounts	\$ -	\$ 4,344,976

Amounts allocated to the investment account within MetLife separate account are credited to a participant's account in the form of accumulation units. The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by MetLife and the daily equivalent of any fee charged by MetLife pursuant to the contract. The value of each accumulation unit is published each business day. Each investment account is invested by MetLife exclusively in shares of a specific mutual fund or other investment entities as directed by the contract holder and/or the participant.

YEARS ENDED DECEMBER 31, 2024 AND 2023

5. Investment contracts with insurance company:

The Plan participates in benefit-responsive investment contracts with MetLife. MetLife maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the plan by MetLife. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits in liquidation attributable to the guaranteed investment contracts.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer. Such interest rates were reviewed on a quarterly basis for resetting.

Certain events limited the Plan's ability to transact at contract value with MetLife. Such events included the following: (a) amendments to the plan documents (including complete or partial termination or merger with another plan), (b) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator did not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with plan participants, was probable.

Generally, there were no events that limited the ability of the Plan to transact at contract value paid within 90 days or contract value paid over time. Additionally, there were not any events that allowed the issuer to terminate the contract and which required the Plan Sponsor to settle at an amount different than contract value paid either within 90 days or over time.

The contract value of these contracts at December 31, 2024 and 2023 was \$- and \$858,147, respectively. The net average yields on the contracts was 3.15% and 2.08% in 2023.

6. Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of participant notes are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in the net increase in the value of investments. Certain administrative functions of the Plan are performed by employees of the Company. No such employee, nor the Company, receives compensation from the Plan for these functions.

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION (CONTINUED)

YEARS ENDED DECEMBER 31, 2024 AND 2023

7. Income tax status:

The Internal Revenue Service (IRS) has determined that the MetLife's non-standard deferred contribution pre-approved plan under which the Plan is organized, is designed in accordance with applicable sections of the IRC. MetLife's plan received a determination letter from the IRS dated March 31, 2017. The Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with applicable requirements of the IRC, and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Party in interest transactions:

Certain Plan investments are managed by MetLife. MetLife is the trustee as defined by the Plan, and, therefore, these transactions qualify as party in interest transactions. Certain fees related to the administration of the Plan were paid by the Plan or the Company, which qualifies them as party in interest transactions. Administrative expenses of the Plan are paid by the Company. Certain administrative functions are performed by employees of the Company. Neither any such employee, nor the Company, receives compensation from the Plan for these functions.

9. Plan termination:

The Company had the right at any time within its sole discretion to reduce, suspend or discontinue contributions to the Plan or to terminate the Plan subject to the provisions of ERISA. The Board of Directors of the Plan Sponsor elected to terminate the Plan effective September 1, 2024. Final distributions were determined on all participants who were 100% vested and was made on December 31, 2024. In accordance with U.S. GAAP, the Plan changed its basis of accounting from the ongoing plan basis to the liquidation basis for 2024 and 2023.

10. Risks and uncertainties:

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits in liquidation.

11. Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 10, 2025, the date the Plan's financial statements were available to be issued.
