Independent Auditors' Report

**To the Plan Administrator
VS Engineering, Inc. 401(k) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of VS Engineering, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2023 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2023 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 16, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

VS ENGINEERING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

NOTE 1 - PLAN DESCRIPTION

The following is a brief description of the VS Engineering, Inc. 401(k) Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the participating employer who are 21 and older and have completed 30 days of service except for leased employees, non-resident aliens, co-op students, seasonal employees and interns. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Entrance Date

An employee is eligible to enter the Plan on the first day of each Plan quarter, immediately following completion of the eligibility requirements.

Contributions

Each year, participants may contribute pre-tax and after-tax contributions up to the allowable limits established by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts from other qualified plans.

Company contributions consist of a safe harbor required matching contribution equal to 100% of the first 3% of compensation contributed by each participant, and 50% of the next 2% of compensation. A discretionary profit-sharing contribution may also be made by the Company as determined by the Company's board of directors. Active employees on the last day of the Plan year are eligible to receive a discretionary profit-sharing contribution upon completing 1,000 hours of service during the Plan year. For the year ended December 31, 2023, discretionary profit-sharing contributions amounted to \$405,465.

Forfeitures

Forfeitures attributable to profit-sharing contributions can be used to reduce future Company contributions. For 2023, \$25,279 were used to reduce employer contributions. Amounts available for future use as of December 31, 2023, and 2022, were \$930 and \$24,481, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based upon participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VS ENGINEERING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Participant Notes Receivable

Participants may borrow from their accounts up to an amount that is equal to the lesser of \$50,000 or 50% of the present value of the participant's nonforfeitable accrued benefit. All loans are to be repaid over a period not to exceed five years, although an extension of the repayment period may be granted if the loan proceeds are used to purchase a participant's principal residence. Only three loans may be outstanding at any time. Interest is charged at a rate commensurate with prevailing market rates as determined by the Plan administrator. Any loans shall reduce the participant's balance in the individual's account and will be restored as the principal balance when such loan is repaid. All interest paid by the participant shall be credited to his or her own individual account. Participant notes receivable is measured at their unpaid principal balances plus accrued interest.

Vesting

Participants are immediately vested in their voluntary contributions and Company safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary profit-sharing contributions plus actual earnings is based on years of service and is determined as follows:

Years of Service > 1,000 Hours	Percent Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Benefit Payments

Upon termination of service or normal retirement, whichever occurs first, a participant may elect to receive vested benefits in a lump-sum payment. Participants may also take an in-service distribution upon reaching age 65. Withdrawals, other than for termination, are permitted under certain circumstances provided by the Plan. Hardship distributions are permitted. Benefit payments are recorded when paid.

Plan Termination

Although they have not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, excluding the guaranteed interest account, which is reported at contract value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Fair Value Measurements

Accounting Standards Codification (ASC) 820 defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (or exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the inputs that market participants would use in pricing the asset or liability and are developed based on the best information available in the circumstances.

The fair value hierarchy input levels are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

VS ENGINEERING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Fair Value Measurements (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Management Evaluation of Subsequent Events

The Company has evaluated subsequent events through October 15, 2024, the date on which the financial statements were available to be issued.

NOTE 3 - PARTICIPANT DIRECTED INVESTMENTS

Participant contributions held in the Plan are participant-directed accounts. That is, individual participants decide how funds held in trust for them are allocated among various investment options.

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American United Life Insurance Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

VS ENGINEERING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

NOTE 5 - TAX STATUS

The Plan has adopted a volume submitter plan and received an opinion letter dated November 30, 2020, stating that the Plan, as then designed, was qualified under Section 401 of the Internal Revenue Code. The volume submitter plan has been amended since receiving the opinion letter. The VS Engineering, Inc. 401(k) Plan has not requested a separate opinion letter. The Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Authoritative accounting standards require the Plan to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next 12 months or that would not sustain an examination by applicable taxing authorities.

The Plan's policy is to recognize penalties and interest as incurred in its statement of changes in net assets available for benefit.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of pooled separate accounts, and a stable value fund managed by American United Life Insurance Company, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

NOTE 7 - ADMINISTRATIVE EXPENSES

Significant administrative expenses are paid by the Company.

NOTE 8 - FAIR VALUE MEASUREMENTS

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Pooled separate accounts: The value of the units in pooled separate accounts are based on quoted market prices of the underlying investments and are based on the net asset value ("NAV") as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

VS ENGINEERING, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)

Common collective trusts: The fair values of participation units held in collective trusts are based on the NAV per unit as reported by the fund managers, using the practical expedient as provided by the FASB's ASC 820. The practical expedient would not be used if it determined to be probable that the funds will sell the investment for an amount different from the reported NAV. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share. Participant assets may be deposited into or withdrawn from the Stable Value Fund at the stated unit value as of the close of business on any business day, and there are no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023, and 2022:

Assets at Fair Value as of December 31, 2023

Investments measured at NAV *	
Pooled separate accounts	\$ 12,827,285
Common collective trusts	292,199
Total assets at fair value	<u><u>\$ 13,119,484</u></u>

Assets at Fair Value as of December 31, 2022

Investments measured at NAV *	
Pooled separate accounts	\$ 10,658,655
Common collective trusts	336,540
Total assets at fair value	<u><u>\$ 10,995,195</u></u>

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented on these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENT

Effective January 1, 2024, the Plan was amended to exclude employees assigned to the Hammond Project Office from the definition of eligible employees.
