INDEPENDENT AUDITORS' REPORT

To the Trustees of the
Arch Amenities Group 401(k) Savings Plan
Rockville, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Arch Amenities Group 401(k) Savings Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **Arch Amenities Group 401(k) Savings Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Arch Amenities Group 401(k) Savings Plan
Independent Auditors' Report (Continued)
Page 2**

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Arch Amenities Group 401(k) Savings Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Arch Amenities Group 401(k) Savings Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**Arch Amenities Group 401(k) Savings Plan
Independent Auditors' Report (Continued)
Page 3**

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Arch Amenities Group 401(k) Savings Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Arch Amenities Group 401(k) Savings Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at end of year and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

**Arch Amenities Group 401(k) Savings Plan
Independent Auditors' Report (Continued)
Page 4**

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARCH AMENITIES GROUP 401(k) SAVINGS PLAN
Notes to Financial Statements
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Arch Amenities Group (AAG) 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Arch Amenities Group 401(k) Savings Plan was established on March 1, 1997 as a defined contribution savings plan as described in Section 401(k) of the Internal Revenue Code (IRC). With the exception of nonresident aliens, leased employees, and Hawaii PEO employees, the Plan covers substantially all employees of AAG after one year and 1,000 hours of service, who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible participants can elect to contribute a percentage of their annual compensation, as defined in the Plan, up to the maximum allowed under the applicable provision of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain IRAs. Participants may direct contributions and related earnings to a general asset fund or other pooled separate investment accounts selected by the 401(k) Plan Trustees. The Plan presently maintains 33 investment fund options that are classified by the Plan as stable, conservative, moderate, dynamic, or aggressive in nature. The stable value fund is a common collective trust which is supported by investments in guaranteed investment contracts, collateralized mortgage obligations, managed bond portfolios and cash. Participants may elect to revise investment allocations at any time using on-line access. The Plan Sponsor may, at its discretion, make matching contributions based on a percentage of the participants' compensation as defined by the Plan agreement. To discharge fiduciary liability for investment losses, the Plan sponsor qualified the Plan as a 404(c) plan under the Employee Retirement Security Act of 1974 (ERISA).

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) employer contributions and, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is their vested account balance.

ARCH AMENITIES GROUP 401(k) SAVINGS PLAN
Notes to Financial Statements (Continued)
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are fully vested in their contributions, employer safe harbor matching contributions and related earnings. Vesting in discretionary employer contributions and related earnings is based on years of continuous service as follows:

| <u>Years</u> | <u>Percent</u> |
|--------------|----------------|
| 1 | - |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

Notes Receivable from Participants

The Plan also includes a loan provision allowing participants to borrow money from their individual accounts at amounts between \$1,000 and the lesser of \$50,000 or 50% of the participant's vested balance. Participants may have two outstanding loans at any one time. The notes are secured by the balance in the participant's account and bear interest ranging from 4.25% - 9.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. The maximum repayment period is generally five years, unless the loan was for the purchase of a primary residence. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of Benefits

Upon termination of service, participants whose vested accounts have never exceeded \$5,000 will receive an immediate lump sum distribution, while all others may elect to withdraw balances in lump sum or installments or may let the balances remain in the Plan until the participant has reached age 70½. The Plan also offers hardship withdrawals for those in need who qualify. Hardship distributions totaled \$26,273 for the year ended December 31, 2024.

Amounts allocated to participants who have withdrawn from the Plan but have not received a payout of benefits amounted to \$2,340,590 as of December 31, 2024.

ARCH AMENITIES GROUP 401(k) SAVINGS PLAN
Notes to Financial Statements (Continued)
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

When termination occurs before the employer matching contributions are 100% vested, the forfeited amount is first used to reduce the Plan's administrative expenses then employer matching contributions. The employer has elected not to make discretionary matching contributions, thus no forfeited amounts were used in 2024 or 2023.

Upon complete or partial termination of the Plan, or in the event of complete discontinuance of contributions, the rights of all affected participants to benefits accrued through the date of termination or discontinuance shall become non-forfeitable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using contract value for the fully benefit-responsive investment contract.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

ARCH AMENITIES GROUP 401(k) SAVINGS PLAN
Notes to Financial Statements (Continued)
December 31, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make note receivable repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by WTS International, LLC d/b/a Arch Amenities Group the Plan sponsor.

Federal Income Tax Status

The Plan is operating under a prototype Plan provided by Principal Trust Company, the Plan's third-party administrator, which received a favorable determination letter from the IRS dated June 30, 2020. Therefore, it is exempt from Federal income taxes under Section 401(k) of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Federal tax returns are subject to audit by taxing authorities, generally for three years after filing, hence the Plan's tax returns for the years 2021 and onward are open to examination.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. There were no Level 3 inputs used at December 31, 2024.

Level 1 Fair Value Measurements

Fair values are based on quoted prices (unadjusted) in active markets or identical assets that the plan has the ability to access at the measurement date (e.g. prices derived from NYSE, NASDAQ or Chicago Board of Trade).

Level 2 Fair Value Measurements

Fair values are based on inputs other than quoted price included within level 1 that are observable for valuing the asset or liability, either directly or indirectly (i.e. interest rate and yield curves observable at commonly quoted intervals, default rates, etc.). Observable inputs include quoted price for similar assets or liabilities in active or non-active markets. Level 2 inputs may also include insignificant adjustments to market observable inputs.

NAV as a Practical Expedient for Fair Value: It was determined that as a practical expedient, net asset value ("NAV") per share is permitted by ASC 820 to estimate the fair value of an investment as long as the investment does not already have a readily determinable fair value (i.e. it's available on a domestic stock exchange or is a mutual fund with a published price), it's calculated in a manner consistent with the measurement principles of the investment company reporting as of the reporting entity's measurement date and there are no plans to redeem the investments at amounts different from NAV.

Notes to Financial Statements (Continued)
December 31, 2024 and 2023

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

Common Collective Trust Funds: Investments held by a collective investment trust are valued at the net asset value (NAV) of units of the fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The collective investment trust is required to be reported at fair value.

Pooled Separate Accounts: Pooled Separate Accounts: The pooled separate accounts (PSAs) invest mainly in domestic stocks, the majority of which have observable Level 1 inputs. While the underlying asset values are quoted prices, the net asset value ("NAV") of a separate account is not publicly quoted. Accounting Standard Codification (ASC) 820 allows NAV per share to serve as an estimate of fair value as long as certain requirements are met, and it is the Plan Custodian's assessment that these conditions have been met. These PSAs can be redeemed at NAV.

Mutual Funds: The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the Plan are deemed to be actively traded.

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. There were no transfers (out of) or into Level 3 for the years ended December 31, 2024 and 2023.

The Statement of Net Assets Available for Benefits as of December 31, 2024 and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Principal Life Insurance Company, the trustee of the Plan, as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Statement of Net Assets Available for Benefits as of December 31, 2023, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Reliance Trust Company. The certified information includes total investments of \$16,936,162 and \$11,565,457 at December 31, 2024 and 2023, respectively, and a related net investment gain of \$1,919,949 the year ended December 31, 2024.

NOTE 5 - INVESTMENTS

Securities Lending

Several of the common collective trust funds managed by SSGA participate in a securities lending program. Under this program, the Plan’s investment securities are loaned to investment brokers for a fee. Securities so loaned are fully collateralized by cash, letters of credit, and securities issued or guaranteed by the U.S. government, its agencies, and instrumentalities. Funds that engage in securities lending do so in order to benefit from the potential additional income that securities lending offers to institutional investors, whether to augment returns, offset plan expenses or other similar purposes. The collateral pools have not realized any material credit losses nor do they hold securities of issuers that have defaulted on their obligations. There are no direct securities lending by the Plan; however certain investment funds permit securities lending. Should there be a default on loaned securities; the funds are generally reimbursed for the amount of the default. In certain market circumstances, there is the possibility that the funds may impose withdrawal restrictions. As of December 31, 2024, there were no withdrawal restrictions and no effect on net asset values. There were no losses allocated to participants as a result of the loss of collateral with respect to securities lending programs as of and for the year ended December 31, 2024.

NOTE 6 - INVESTMENTS IN STABLE VALUE COMMON COLLECTIVE TRUST

The Alta Trust Stable Asset Trust holds assets that provide for benefit payments or withdrawals on a contractual basis such as guaranteed investment contracts ("GICs"), group annuity contracts (including separate account guaranteed investment contracts), and synthetic GIC contracts (collectively, "Investment Contracts"). Since market quotations are not readily available for Investment Contracts, the Trustee or its agent will determine the fair value of Investment Contracts, also sometimes referred to as their contract value, which shall generally be their accrued book value (purchase price of Fund assets covered by the Investment Contract ("covered assets") minus the sale price of covered assets sold to fund unit redemptions (if any), plus interest accrued at the crediting rate specified in the investment contract). With respect to Investment Contracts covering interests in insurance company separate accounts, the Trustee shall be entitled to rely on the valuation provided by the insurance company sponsoring the account. In certain circumstances, the terms of an Investment Contract may require some or all of the Covered Assets to be valued at their market value without reference to the Investment Contract rather than at their accrued book value, which could adversely affect the value of the Fund.

Because changes in market interest rates affect the yield to maturity and the market value of the underlying investments, they can have a material impact on the wrapper contract's interest crediting rate. In addition, participant withdrawals and transfers from the Trust are paid at contract value but funded through the market value liquidation of the underlying investments, which also impacts the interest crediting rate.

Investment contracts are valued at contract value principally because unitholders are able to transact at contract value when initiating benefit-responsive withdrawals, taking loans or making investment option transfers permitted by the participating plan. A benefit-responsive withdrawal includes a payment to a unitholder arising from retirement, termination of employment, disability or death. In the normal course, unitholder events are predictable (for unitholders as a group) such that the economic integrity of investment contracts is largely unaffected by unitholder withdrawals.

Employer initiated events, if material, may affect the underlying economics of investment contracts. These events include plant closings, layoffs, plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, tax disqualification of a trust or other events. The occurrence of one or more employer initiated events could limit the Trust's ability to transact at contract value with plan unitholders. Other events that would permit a wrapper contract issuer to terminate a wrapper contract upon short notice include the plan's loss of its qualified status, material breaches of responsibilities that are not cured, or material and adverse changes to the provisions of the plan. If one of these events was to occur, the wrapper contract issuer could terminate the wrapper contract at the market value of the underlying investments.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - PLAN TERMINATION

Although it has not expressed any intent to do so, WTS International, LLC d/b/a Arch Amenities Group the Plan sponsor, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all contributions.

NOTE 11 - DELINQUENT PARTICIPANT CONTRIBUTIONS

The Plan sponsor had late remittances of \$367,036 during plan year ending December 31, 2024, which have been corrected outside of the Voluntary Fiduciary Correction Program in 2025.

As a result, the Plan sponsor feels that the adequate remittances have been made to the Plan and no further action is deemed necessary.
