Independent Auditor's Report

To the Plan Administrator
Blue Ridge Bankshares, Inc. 401(k) Plan
Richmond, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Blue Ridge Bankshares, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Alerus Financial, N.A. as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Opinion, Continued

- The information in the accompanying financial statements related to assets held by and certified to by Alerus Financial, N.A. agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Auditor's Responsibilities for the Audit of the Financial Statements, Continued

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA, Continued

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by Alerus Financial, N.A. agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that the management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2023 and 2022

Note 1. Description of the Plan

The following brief description of the Blue Ridge Bankshares, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all employees of Blue Ridge Bankshares, Inc. (the "Company" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan is Alerus Financial, N.A. ("Alerus" or the "trustee").

Transfer of plan assets:

The Board of Directors of the Plan Sponsor voted on November 17, 2021, to transfer the Plan matching fund account balances from the Blue Ridge Bankshares, Inc. Employee Stock Ownership Plan ("BRB ESOP") and Bay Banks of Virginia, Inc. Employee Stock Ownership Plan ("BAYK ESOP"). Effective December 31, 2021, \$708,367 in cash and 101,778 shares of Company stock from BRB ESOP and \$68,889 in cash and 68,576 shares of Company stock from the BAYK ESOP were transferred to the control of the Plan. During 2023, the physical transfer for BAYK ESOP occurred and during 2022, the physical transfer occurred for BRB ESOP.

Contributions:

Each year, participants may contribute up to 95 percent of eligible annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan does not allow for contributions into the employer common stock. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The deferral rate will increase by 1 percent each year until it reaches a maximum deferral rate of 6 percent. The Company contributes a Safe Harbor matching contribution of 100 percent of the first 5 percent of base compensation that a participant contributes to the Plan. Additional discretionary and profit sharing amounts may be contributed at the option of the Company's Board of Directors. To be eligible for Company contributions, participants must complete 12 months of service. In addition, to be eligible for Company profit sharing contributions, participants must work 1,000 hours during the Plan year and be employed on the last day of the year, as defined. During the year ended December 31, 2023, the Company made \$1,955,193 in Safe Harbor matching contributions to the plan. No discretionary or profit sharing contributions were made during the year. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participants accounts:

Each participant's account is credited with the participant's contributions, Company contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Blue Ridge Bankshares, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1. Description of the Plan, Continued

Vesting:

Participants are vested immediately in their voluntary contributions, and Company Safe Harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary and profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes receivable from participants:

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested balance. The loans are secured by the balance in the participant's account. The loan interest rate is a fixed rate of interest of one percent above the prime interest rate as determined by the Plan Administrator, as defined by the Plan. The loans' interest rates range from 5.25 percent to 9.50 percent. Principal and interest is paid ratably through payroll deductions.

Payment of benefits:

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or other installment options as provided by the Plan. Hardship distributions are permitted upon demonstration of a financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59½.

Forfeited accounts:

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$7 and \$6, respectively. These accounts will be used to reduce any nonelective or matching contribution. During 2023, no forfeited nonvested accounts were used to reduce Company contributions.

Put option:

Under Federal income tax regulations, the employer common stock that is held by the Plan and its participants and is not readily tradeable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of the employer common stock distributed to participants for which there is no market. The put price is determined as of the most recent valuation date (each December 31) under the Plan. The Company can pay for the purchase with interest over a period of five years if fair market value of stock exceeds a specified limit as described in the Plan. Currently, the stock is readily tradable on an established market.

Voting of employer common stock:

With respect to any corporate matter which involves the voting of such shares at a shareholder meeting and which constitutes a merger, consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all assets of a trade or business or a similar transaction specified in the regulations under Section 409(e)(3) of the Code, each participant will be entitled to give confidential instructions to the Trustee as to the voting rights attributable to the shares allocated to the participant's account. In that event, any allocated Company stock with respect to which voting directions are not given by the participant shall be voted by the Trustee as the Trustee, in its sole discretion shall deem appropriate.

Note 1. Description of the Plan, Continued

Voting of employer common stock, continued:

Each participant is entitled to direct the Trustee as to the manner in which the Company stock which is entitled to vote and which is allocated to the Company stock account of such participant is to be voted. If the Trustee does not timely receive voting directions from a participant, the Trustee shall vote such Company stock.

Note 2. Summary of Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions:

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits:

Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies, Continued

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events:

Management of the Plan has evaluated subsequent events through October 23, 2025, which is the date these financial statements were available to be issued.

Recently issued accounting pronouncements:

Accounting standards that have been issued or proposed by the Financial Accounting Standards Board or other standard setting bodies are not expected to have a material impact on the Plan's financial statements.

Note 3. Trustee Certifications

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that the information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	<u>2023</u>	<u>2022</u>
Investments at fair value:		
Money market fund	\$ 1,197,403	\$ 828,382
Mutual funds	21,186,501	16,361,511
Company common stock	<u>588,605</u>	<u>1,126,685</u>
	22,972,509	18,316,578
 Notes receivable from participants	 411,432	 240,975
Cash, non-interest bearing	129,684	-
Due to broker	<u>(129,684)</u>	<u>-</u>
	<u>\$ 23,383,941</u>	<u>\$ 18,557,553</u>

The trustee also certified to the completeness and accuracy of \$2,173,038 of net appreciation in the fair value of investments, \$661,343 of interest and dividends, as well as \$24,018 of interest on notes receivable from participants for the year ended December 31, 2023.

As of December 31, 2022, Company common stock in the amount of \$856,514 was not certified and excluded from the table above.

Note 4. Company Common Stock

The cost and number of shares of the Company common stock is as follows:

	2023	2022
Number of shares	194,259	158,783
Cost	\$ 1,733,746	\$ 1,139,495
Fair value	\$ 588,605	\$ 1,983,199

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Money market fund: The money market fund is invested in the Alerus Money Market Fund. Fair value is based on the net asset value (NAV) that can be validated with a sufficient level of observable activity (i.e. purchases and sales at NAV).

Company common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Blue Ridge Bankshares, Inc. 401(k) Plan

Notes to Financial Statements

Note 5. Fair Value Measurements, Continued

Mutual funds: Valued at the closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets:

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 1,197,403	\$ -	\$ -	\$ 1,197,403

Note 6. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Alerus Financial, N.A. Alerus Financial, N.A. is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator and investment advisor totaling \$82,909 which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company discretionary and profit sharing contributions.

Note 8. Tax Status

Effective January 1, 2022, the Plan adopted a non-standardized pre-approved 401(k) plan sponsored by Alerus Financial, N.A., the plan provider. The plan provider has received an opinion letter from the IRS as to the preapproved plan's qualified status. The pre-approved plan's letter dated June 30, 2020, has been relied upon by this Plan. Although the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 8. Tax Status, Continued

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2023 statement of net assets available for benefits.

Note 10. Subsequent Events

Since year end, the Plan Sponsor's stock has increased in value from \$3.03 per a share as of December 31, 2023 to \$3.22 per a share as of December 31, 2024. The closing stock price per share during 2025 has remained between \$3.00 and \$4.00 per a share prior to issuance.
