INDEPENDENT AUDITOR'S REPORT

To the Participants and Board of Directors of the
Schnucks Pay Deferral Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Schnucks Pay Deferral Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Schnucks Pay Deferral Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Schnucks Pay Deferral Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Schnucks Pay Deferral Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Schnucks Pay Deferral Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Schnucks Pay Deferral Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules delinquent participant contributions for the year then ended and of assets (held at end of year) as of December 31, 2024 (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Schnucks Pay Deferral Plan
Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following brief description of the Schnucks Pay Deferral Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan, a defined contribution 401(k) plan, was established effective January 1, 1998 and amended October 1, 2021, to provide and administer certain retirement benefits for non-union employees of certain divisions of Schnucks Markets, Inc. (the "Company" or "Plan Sponsor" or "Employer") electing to participate in the Plan. An employee becomes eligible to participate in the Plan after completing 90 days of service, as defined, and attaining the age of 21. Available investment options are evaluated and approved by the Retirement Plan's Committee, which consists of individuals employed by the Plan Sponsor. Participants can choose between various investment options.

The Plan is designed to qualify under the applicable provisions of the Internal Revenue Code ("IRC") to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination of employment, or financial hardship. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, related to participants loans and distributions. The Company has until December 31, 2026, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until December 31, 2026, to amend the Plan for the changes related to SECURE 2.0.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Fidelity Trust Company, LLC (the "Trustee") is responsible for the custody and management of the Plan's assets. An affiliate of the Trustee is responsible for maintaining participant accounts and transactions related to participant initiated activity.

Schnucks Pay Deferral Plan
Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Contributions

Participants have the option of contributing from 1% to 50% of their eligible compensation, as pretax or Roth deferrals, not to exceed the dollar limitations contained in the Internal Revenue Code ("IRC"), except for highly compensated employees who are limited to 12%. The Plan has a catch-up contribution option that allows employees who reached age 50 or more during the Plan year the option to make catch-up contributions to the Plan from 1% to 75% of their annual compensation of up to \$7,500 and \$6,500 for the years ending December 31, 2024 and 2023, respectively.

The Plan incorporates an auto-enrollment feature for all eligible employees. If a deferral rate is not elected, the employee will automatically be enrolled at 3%. The Plan also includes a deferral escalation feature in which employees' deferral rates will increase on or around the first pay period on or after November 1, annually by 1% until a maximum of 10% is reached.

The Company contributes an amount equal to 25% of the contribution by a participant. The 25% matching contribution will be made upon a maximum of 6% of each participant's total eligible compensation.

Participant accounts

Each participant's account is credited with the participant's deferral contribution, rollovers, the Company's matching and discretionary contributions, and an allocation of Plan earnings and gains, as defined. Participant accounts are charged with any withdrawals or distributions, allocation of Plan losses as defined, and an allocation of administrative expenses paid out of the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The employer matching, participant contribution, and rollover contribution amounts credited to each participant's account are fully vested and non-forfeitable.

Forfeited accounts

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$3,113 and \$1,556, respectively. These accounts will be used to reduce future employer contributions and administrative expenses. Forfeitures in the amount of \$14,190 and \$452 were used during the years ended December 31, 2024 and 2023, respectively, to offset employer contributions.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. A participant may only have one loan outstanding at any time. The interest applied on the loan is comparable to the market rate being charged at the time of the loan application. Principal and interest are repaid directly back into the participant's account through payroll deductions. All loans must be repaid within four years and ten months, but may be repaid in entirety at any time, without penalty. Loans outstanding at December 31, 2024, bear interest at 3.25-8.50%, with maturity dates through October 2029.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability, or death, as defined by the Plan. Participants, while employed by the Company, may elect to withdraw all or a portion of their Company contribution account value upon attaining the age of 59 1/2. Under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Balances less than or equal to \$7,000 upon termination will be rolled over to an individual retirement account designated by the administrator if the participant has not requested a distribution. If the account balance is over \$7,000 upon termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, or postpone payment to a later date and remain in the Plan as described in the plan document.

Transfers

The Company also sponsors the Schnucks Pay Deferral Plan-30 ("PDP Plan-30"), a 401(k) plan for employees of certain divisions of the Company electing to participate. At times, participants may transfer to a classification of employees who are not eligible to participate in this Plan but are eligible to participate in the PDP Plan-30, or vice versa—no longer eligible for the PDP Plan-30 but eligible for this Plan. When such a transfer occurs, the participant's account under the current plan will be transferred to the newly eligible plan except for any unvested non-elective contributions. If the participant is not fully vested in employer matching contributions, those amounts will remain in the original plan until the participant becomes fully vested. At that time, the employer matching contributions will be transferred to the newly eligible plan. Net transfers from (to) the PDP Plan-30 for the years ended December 31, 2024 and 2023, were \$3,051,254 and \$(14,763), respectively.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. In addition, certain investment related expenses are included in investment income as presented in the accompanying statements of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent liabilities. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investments

The Plan's investments in the Schnuck Markets, Inc. Master Trust ("Master Trust") are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date. Net investment income includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from participants are recorded based on the date the contributions have been separated from the participant's pay by the Company, which is the pay date. The Company's matching contributions and discretionary contributions, are recorded in the year they are earned and to coincide with the year in which the Company records the contributions in its general ledger. Rollovers are recognized when received by the Trustee.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of benefits

Benefit payments to participants are recorded when paid.

Transfers

Transfers are recognized in the year in which they occur.

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

The Plan has evaluated subsequent events through October 24, 2025, the date the financial statements were available to be issued.

3. INVESTMENT CERTIFICATION

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA.

The Trustee and Custodian, determined to be qualified institutions by the plan administrator, have certified to the completeness and accuracy of the following:

	2024	2023
Statements of net assets available for benefits:		
Plan interest in the Schnuck Markets, Inc. Master Trust	\$ 148,518,678	\$ 130,519,906
Notes receivable from participants	1,154,516	914,813
	\$ 149,673,194	\$ 131,434,719
Statements of changes in net assets available for benefits:		
Plan interest in investment income of the Schnuck Markets, Inc. Master Trust (Note 4)	\$ 22,218,026	\$ 21,307,929
Interest income on notes receivable from participants	68,827	48,509
	\$ 22,286,853	\$ 21,356,438

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the information included in the Plan's financial statements and supplemental schedule.

4. INTEREST IN THE MASTER TRUST

The Plan's investments at December 31, 2024 and 2023, were in the Master Trust. The Master Trust was established for the investment of assets of the Plan and another Company-sponsored defined contribution plan. Each participating plan has a divided interest in the Master Trust. The Plan's interest in the net assets of the Master Trust was approximately 50.2% and 48.6% at December 31, 2024 and 2023, respectively. This was determined by comparing the Plan's investments in the Master Trust to total net assets in the Master Trust. The assets of the Master Trust are held with Fidelity Management Trust Company.

Financial information relating to the Master Trust is included in the financial statements and is based on information provided by the Trustee for the years ended December 31, 2024 and 2023.

The following tables present the net assets available for benefits in the Master Trust as of December 31, 2024 and 2023:

	<u>2024</u>		<u>2023</u>	
	<u>Master Trust</u>	<u>Plan's Interest</u>	<u>Master Trust</u>	<u>Plan's Interest</u>
Mutual funds	\$ 289,857,487	\$ 144,870,055	\$ 257,895,680	\$ 123,532,799

The following are the changes in net assets available for benefits of the Master Trust for the years ended December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Total investment income		
Appreciation in fair value of investments, net	\$ 33,701,795	\$ 36,068,880
Interest and dividends	<u>9,706,240</u>	<u>6,301,643</u>
Total investment gain of the Master Trust	43,408,035	42,370,523
Net transfers	(15,782,790)	(19,333,754)
Administrative expense	<u>(358,766)</u>	<u>(401,524)</u>
Net increase in net assets	27,266,479	22,635,245
Net assets of Master Trust:

Fair value measurements

Accounting standards establish a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Master Trust assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. INTEREST IN THE MASTER TRUST (continued)

Fair value measurements (continued)

Collective trust funds – Valued at the NAV of units of a bank collective trust held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets and liabilities at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	<u>\$ 289,857,487</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 289,857,487
Investments measured at net asset value as a practical expedient*				<u>6,116,572</u>
				<u>\$ 295,974,059</u>

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets and liabilities at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	<u>\$ 257,895,680</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 257,895,680
Investments measured at net asset value as a practical expedient*				<u>10,811,900</u>
				<u>\$ 268,707,580</u>

* Certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value measurements (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024:

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value Collective Trust Fund	\$ 2,143,331	none	Daily	12 months*
Allspring Special Mid Cap Value Collective Investment Trust Fund	\$ 3,973,241	none	Daily	90 days*

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023:

Investment type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value Collective Trust Fund	\$ 2,548,838	none	Daily	12 months*
Eagle Mid Cap Growth Collective Trust Fund	\$ 4,426,363	none	Daily	30 days*
Allspring Special Mid Cap Value Collective Investment Trust Fund	\$ 3,836,699	none	Daily	90 days*

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Master trust.

* Withdrawals made on this collective trust can be initiated daily. Plan Sponsor terminations of the contract can be initiated daily. Disbursements of the fund for Plan Sponsor terminations will be provided as soon as practicable following written notice.

5. RELATED PARTY & PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similar to a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation, arrangements, expense allowances or similar items.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer or relatives of such persons. Fees paid to Fidelity totaled \$89,543 and \$82,679 in 2024 and 2023, respectively.

5. RELATED PARTY & PARTY-IN-INTEREST TRANSACTIONS (continued)

The Plan incurs expenses related to general administration and recordkeeping. A portion of these administrative expenses relating to the Plan can be paid by the Company.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated April 2, 2018, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. DELINQUENT PARTICIPANT CONTRIBUTIONS

The Company made late contributions totaling \$627 during the Plan year ended December 31, 2024. The Company is in process of working with the trustee to determine lost earnings to self-correct these delinquent contributions.
