**Chamberlain, Hrdlicka, White, Williams
& Aughtry Profit Sharing and 401(k) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Chamberlain, Hrdlicka, White, Williams & Aughtry Profit Sharing and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024 and schedule H, line 4a - schedule of delinquent participant contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Chamberlain, Hrdlicka, White, Williams & Aughtry Profit Sharing and 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan for the benefit of employees of Chamberlain, Hrdlicka, White, Williams, & Aughtry, P.C. (the “Company”), excluding self-employed persons, leased employees, and nonresident aliens deriving no earned income from the Company. Prior to January 1, 2024, employees were eligible to participate on the first day of each quarter following the completion of one year of eligibility service from their date of hire and had completed 1,000 hours within that year of service. The Plan was amended effective January 1, 2024, to allow employees to participate in the Plan on the first day of the month after completing one month of service. Employees are eligible to participate in the employer matching and discretionary contributions (“profit sharing”) on the first day of each quarter following the completion of 1,000 hours of eligibility service from their date of hire. The Plan is participant-directed and participants may change their contribution rates monthly and change investment options at any time. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may elect to make pre-tax and/or Roth salary deferral contributions to the Plan of up to 92% of eligible compensation, subject to certain statutory limitations. Upon election, the salary deferral contribution percentage may be converted to a fixed dollar contribution. Participants who have attained age 50 before the close of a plan year are eligible to make catch-up contributions. The Plan allows for rollover contributions from individual retirement accounts and from qualified plans including after-tax contributions subject to certain conditions.

The Company makes matching contributions for all non-highly compensated, non-attorney participants equal to 20% of each participant’s contributions not to exceed 4% of the participant’s eligible compensation. In addition, the Company may make profit sharing contributions to the Plan, computed as a percentage of eligible employees’ compensation, as approved by the Administrative Committee. Upon meeting eligibility requirements to participate in the profit sharing contributions, the participants must complete 1,000 hours of service in the plan year and be employed at the end of the plan year to receive a profit sharing contribution. The Company’s contributions to the Plan may not exceed the amount deductible by the Company under statutory provisions. In 2024, the Company made matching contributions and profit sharing contributions of \$152,995 and \$2,045,711, respectively.

Vesting and Forfeitures

Participants are at all times fully vested in their salary deferral contributions, rollover contributions, the Company’s matching contributions, and the appreciation or depreciation thereon.

CHAMBERLAIN, HRDLICKA, WHITE, WILLIAMS & AUGHTRY
PROFIT SHARING AND 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participants vest in the profit sharing contributions portion of their accounts plus earnings thereon based on years of service. Participants vest 20% per year after one year of service and are 100% vested after five years of service.

Forfeitures of nonvested profit sharing contributions shall be used to reduce the Company's profit sharing contributions. The forfeitures balance at December 31, 2024 and 2023 was \$90,574 and \$45,661, respectively. Forfeitures of \$45,661 were used to reduce the Company's profit sharing contributions in 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions. The Company's contributions are allocated to the participant's account as defined by the Plan. The Plan allows each participant to invest his or her contributions in various investment options and/or in a self-directed brokerage account investing in stocks, bonds, mutual funds, and other investments. Contribution allocations to and transfers between investments are at the discretion of the participant. Earnings and losses from these investments are allocated specifically to the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

A participant shall be immediately vested upon death, retirement, termination of employment due to total and permanent disability, or termination of the Plan. Normal retirement age under the Plan is 65. Benefits are payable to participants or a designated beneficiary upon the occurrence of a participant's retirement, disability, death, or termination of service with the Company. Participants aged 59½ or older may take in-service distributions. Participants may elect to receive distributions in installments, partial payments, or a lump-sum amount.

Notes Receivable from Participants

Plan participants may borrow Plan assets limited to the lesser of 50% of a participant's vested account balance in the Plan or \$50,000. Note terms may not exceed five years unless used to acquire the participant's principal residence, in which case the terms may not exceed ten years. The notes are secured by the vested balance in the participant's account and bear interest at a reasonable rate. Principal and interest are paid through payroll deductions. A participant may not have more than two loans outstanding at one time.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Administrative Expenses

Substantially all expenses of maintaining the Plan and all fees related to notes receivable from participants, withdrawals, and contract administration are paid directly by the Company and are excluded from these financial statements. Other investment-related expenses are included in net appreciation in fair value of investments.

Investments

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Interest and dividend income, as well as capital gain distributions, are included in investment income. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and matching contributions from the Company are recorded in the Plan year in which the participant contributions are withheld from compensation. Profit sharing contributions are recorded in the year in which the Company determines a profit sharing contribution will be made.

Payment of Benefits

Benefit payments are recorded when distributed.

December 31, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Federal Income Taxes

The Plan has adopted a non-standardized, pre-approved prototype plan, which obtained its latest opinion letter on September 21, 2020, in which the Internal Revenue Service (“IRS”) stated that the prototype document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 3 - INFORMATION CERTIFIED

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, and the supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024, and the related investment income and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024.

NOTE 4 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan’s investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

CHAMBERLAIN, HRDLICKA, WHITE, WILLIAMS & AUGHTRY
PROFIT SHARING AND 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Account: Account consists of mutual funds, common stocks, corporate bonds, United States government and agency obligations and unit investment trusts that are valued at the closing price reported by the active markets on which the individual securities are traded. In addition, the account includes interest-bearing cash and certificates of deposit, which are valued at principal plus interest, which approximates fair value.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The common/collective trusts are valued using the NAV practical expedient determined by the administrators of the trusts. The NAVs of these investments are not quoted in an active market. However, the NAVs are based on underlying investments of the trusts, which are either traded on an active market or are valued based on observable inputs. The common/collective trusts held by the Plan provide for daily redemption by the Plan at reported NAV with no advance notice requirement. The Plan has no unfunded commitments and no contractual obligations to further invest in the common/collective trusts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2024 or 2023.

	<u>\$81,626,954</u>			81,626,954
Investments measured at net asset value*				<u>17,567,605</u>
Total investments at fair value				<u>\$ 99,194,559</u>

*Certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the investment amounts presented in the statements of net assets available for benefits.

NOTE 5 - INVESTMENT AT CONTRACT VALUE

The Plan invests in the Anchor Account IV (the "Anchor Account"), a pooled separate account group annuity contract provided by New York Life Insurance Company ("NYL"). The Anchor Account is a fully benefit-responsive stable value product that guarantees principal and accumulated interest and is designed to allow participant transactions at contract value. The Plan's investment in the Anchor Account of \$7,894,176 and \$7,293,611 at December 31, 2024 and 2023, respectively, is included in the statements of net assets available for benefits at contract value.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 5 - INVESTMENT AT CONTRACT VALUE (CONTINUED)

Amounts allocated to the Anchor Account by participants are invested in a pooled separate account (“PSA”) maintained by NYL consisting of a portfolio of high-quality, fixed-income securities. The assets in the PSA are maintained solely for the benefit of the contract holders of the Anchor Account and are not chargeable with any other liabilities arising out of any other business of NYL. An annuity contract (“wrapper contract”) provides a guarantee of principal and accumulated interest, subject to the terms of the contract. Interest is accrued daily and credited monthly. Key factors that affect the interest-crediting rate under the wrapper contract are the timing and magnitude of the cash flows in and out of the PSA as well as prevailing market rates on fixed-income assets available for investment by the PSA. The interest-crediting rate reflects the book yield on the PSA, adjusted to reflect amortization of any realized gains and losses. The minimum interest-crediting rate is 0%.

The wrapper contract provides that daily withdrawals from the Anchor Account for benefit payments and notes receivable from participants, as well as transfers to other Plan investments, are permitted at contract value and without advance notice, except for withdrawals due to certain events initiated by the Company. These events include a total or partial Plan termination, merger, spin-off, lay-off, early retirement incentive program, sale or closing of all or part of the Company’s operations and bankruptcy. The Company does not consider any of these events probable of occurring. Distributions to participants upon termination of the wrapper contract by the Company are permitted at contract value provided that the Company provides twelve-months’ advance notice. The Plan has no unfunded commitments and no contractual obligations to further invest in the Anchor Account.

NOTE 6 - PARTIES IN INTEREST

Parties in interest of the Plan include Charles Schwab Trust Bank (“Charles Schwab”), and Plan participants. Charles Schwab is the trustee of the Plan. Certain Plan investments are in mutual funds and common/collective trusts managed by affiliates of Charles Schwab. These investments are considered party-in-interest transactions. Notes receivable from Plan participants are also considered party-in-interest transactions. These party-in-interest transactions are covered by an exemption from the prohibited transaction provisions of ERISA.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in participants’ accounts and the statements of net assets available for benefits.

NOTE 8 - DELINQUENT CONTRIBUTIONS

During 2024, there were unintentional delays by the Company in submitting participant contributions to the Plan in the amount of \$4,833, which were corrected during 2024.
