Report of Independent Auditors

The Plan Administrator and Participants
TCW LLC Profit Sharing and Savings Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of TCW LLC Profit Sharing and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of TCW LLC Profit Sharing and Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of TCW LLC Profit Sharing and Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TCW LLC Profit Sharing and Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TCW LLC Profit Sharing and Savings Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TCW LLC Profit Sharing and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TCW LLC Profit Sharing and Savings Plan Notes to Financial Statements

Note 1 – Description of the Plan

The following description of the TCW LLC Profit Sharing and Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all eligible employees of TCW LLC (the Company or the Plan Sponsor). The Plan is designed to provide retirement benefits funded by participants' tax-deferred and after-tax contributions and Company contributions on behalf of the participating employees. The Plan administrative committee, as appointed by the Board of Directors of the Company, controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Charles Schwab Trust Bank serves as the custodian of the Plan. Schwab Retirement Plan Services, Inc. serves as the recordkeeper of the Plan.

Effective September 1, 2024, the Plan was amended to adopt the SECURE Act 2.0, including qualified disaster relief provisions related to distributions and loans, domestic abuse distribution, terminal illness distribution, and increased the threshold for the mandatory distribution rule that requires a terminated participant's vested balance to be more than \$7,000.

Eligibility – Employees of the Company are eligible to participate in the Plan and receive employer discretionary matching contributions immediately upon hire. Participants must complete at least 1,000 hours of service during the plan year and be employed as of the first and last day of the plan year to be eligible to receive Company profit sharing contributions.

Contributions – Each year, participants may contribute on a pre-tax basis and/or Roth elective deferrals at the lesser of (a) 75% of their annual wages, as defined in the Plan, or (b) \$23,000 in 2024. The Plan allows In-Plan Roth Rollovers, whereas all or a portion of a participant's accumulated account balance may be converted to a Roth account in the Plan. Participants may make voluntary after-tax contributions of up to 75% of their aggregate compensation in 2024. If a participant is age 50 or older, the participant is eligible to make an additional catch-up contribution of \$7,500 in 2024. Excess contributions, if any, are distributed back to participants after year end. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. The Plan has an automatic enrollment feature for eligible participants, as defined by the Plan. Eligible participants shall have 6% of compensation automatically withheld unless the participant elects to withhold a different amount or opt out of participation. The automatic withholding percentage is subject to an automatic 1% annual increase of combined pre-tax and Roth deferral percentage until such combined deferral equals 10%.

The Company may elect to make discretionary matching and profit sharing contributions to the Plan. The Company matches 50% of the first 6% of total compensation that a participant contributes to the Plan. For the year ended December 31, 2024, the employer discretionary matching contributions amounted to \$4,171,128, including a calculated true-up contribution in the amount of \$468,517, net of forfeitures in the amount of \$100,483. The Company, at the option of its Board of Directors, may also make a discretionary profit sharing contribution to the Plan. In 2024, the Company made discretionary profit sharing contributions to eligible participants equal to 4% of eligible compensation. For the year ended December 31, 2024, the employer profit sharing contributions amounted to \$2,874,367, net of forfeitures in the amount of \$81,985. The employer discretionary match true up and profit sharing contributions were remitted to the Plan in March 2025.

TCW LLC Profit Sharing and Savings Plan Notes to Financial Statements

Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Investment options – Participants direct the investment of their contributions into any of the several available investment options of mutual funds, a common collective trust, and self-directed accounts (in increments of no less than 1%).

One participant currently invests in a universal life policy issued by a life insurance company on the participant's life. This investment option is no longer offered to current participants.

Participant accounts – Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution and a pro rata allocation of fund gains or losses and certain administrative expenses. In addition, each participant who meets certain requirements as defined in the Plan Agreement, as amended, will be credited with an allocation of the Company's discretionary profit sharing and matching contributions. Profit sharing allocations are based on participant earnings and generally will be made to those participants who have gross earnings of less than \$345,000 for the year ended December 31, 2024. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants – A participant may, subject to prior approval of the Plan's administrative committee, borrow from his or her account an amount not to exceed the lesser of 50% of the total vested balance of his or her account or \$50,000, subject to certain limits as defined in the Plan Agreement. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 15 years. Certain loans transferred into the Plan through acquisitions have longer repayment terms of 30 years. Under the terms of the Plan Agreement, plan loans will bear a reasonable rate of interest determined by the Plan Sponsor. Principal and interest are paid ratably through semi-monthly payroll deductions. At December 31, 2024, the rates of interest on outstanding loans ranged from 4.25% to 9.50%, with various maturities through March 2040.

Vesting – Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Employer discretionary matching contributions made prior to January 1, 2019, are immediately vested. Vesting in the Company's discretionary profit sharing contributions and discretionary matching contributions, after January 1, 2019, is based on years of continuous service. All employees will be vested on their third year of credited service, based on the three-year cliff vesting, as provided for by the Plan Agreement.

Forfeited accounts – Forfeitures are the non-vested portion of a participant's accounts that is lost upon termination of employment. Forfeitures are retained in the Plan and used to reduce current and future Company profit sharing contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$182,468 and \$74,910, respectively. During the plan year ended December 31, 2024, forfeitures in the amount of \$74,910 were used to reduce employer discretionary matching and profit sharing contributions related to the plan year 2023.

TCW LLC Profit Sharing and Savings Plan Notes to Financial Statements

Payment of benefits – Participants' accounts under the Plan are payable upon retirement, permanent disability, death, or termination of employment. A participant who is still an employee may request an in-service distribution on or after the date the participant reaches age 59½. Financial hardship distributions are also an allowable form of distribution from the Plan. Distributions from the Plan are paid in a single lump-sum amount equal to the value of the participant's vested interest in his/her account. The Plan adopted a mandatory distribution rule that requires a terminated participant's vested balance to be paid out if it is less than \$1,000. Effective September 1, 2024, the \$1,000 threshold was increased to \$7,000. The Plan allows installment and partial payments for termination distributions and limits in-service distributions to one per quarter.

Administrative expenses – Administrative expenses of the Plan related to the Plan's recordkeeper, custodian, and auditors are paid by the Plan as provided in the Plan Document. Charles Schwab Trust Bank may earn compensation from the mutual fund investments in the Plan for services rendered to the funds. Such compensation results in a reduction of the administrative expenses of the Plan not to exceed the amount of the administrative expenses incurred during an applicable plan year. All other overhead expenses related to the administration of the Plan are paid by the Company.

Note 2 – Summary of Accounting Policies

Basis of accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan's investments are stated at fair value. The Plan's custodian, Charles Schwab Trust Bank, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

TCW LLC Profit Sharing and Savings Plan Notes to Financial Statements

Risks and uncertainties – The Plan utilizes various investment instruments, including mutual funds, money market fund, and an insurance contract. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan Agreement.

Payment of benefits – Benefits are recorded when paid.

Excess contributions payable – Excess contributions payable represent amounts refunded to participants after year end to comply with regulatory contribution limitations.

Note 3 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, employees become 100% vested in their accounts.

Note 4 – Federal Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 21, 2020, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Company and Plan management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Certified Investment Information

The following information related to investments was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, a qualified institution:

- Participant-directed investments, except for the insurance contract (cash surrender value), and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, dividends, interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments reflected on the schedule of assets (held at end of year), except for the insurance contract (cash surrender value).

Note 6 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation techniques are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation techniques include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation techniques are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

TCW LLC Profit Sharing and Savings Plan Notes to Financial Statements

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Insurance contract (cash surrender value) – Insurance contract (cash surrender value) is based on cash surrender value based on observable market information from the insurance brokers and is categorized as Level 2 of the fair value hierarchy.

Self-directed accounts – Accounts primarily consist of mutual funds, common stocks, preferred stock, cash equivalents, and unit investment trusts that are valued on the basis of readily determinable market prices and categorized as Level 1 of the fair value hierarchy. Accounts also consist of governmental and corporate bonds that are valued using pricing models maximizing the use of observable inputs for similar securities, which includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, government and corporate bonds are valued under a discounted cash flow approach that maximizes observable inputs, such as current yields or similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks. Bonds are categorized as Level 2 of the fair value hierarchy.

Collective trust – The Plan invests in the Galliard Capital Management Retirement Income Fund and Northern Trust S&P 500 Index Fund, which are collective trusts (CTs). Units held in the CTs are valued using the NAV practical expedient of the CTs as reported by the CT managers. The NAV practical expedients are based on the fair value of the underlying assets owned by the CTs, minus liabilities, and then divided by the number of units outstanding. There were no redemption restrictions or unfunded commitments as of December 31, 2024 and 2023.

The valuation methods as described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

TCW LLC Profit Sharing and Savings Plan Notes to Financial Statements

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2024 and 2023:

Fair Value Measurement at December 31, 2024

Note 7 – Exempt Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by TCW Investment Management Company, an affiliate of the Company; MetWest Asset Management, an affiliate of the Company; and Charles Schwab Trust Bank. The Company is the Plan Sponsor and Charles Schwab Trust Bank is the custodian, as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for custodial services to Charles Schwab Trust Bank amounted to \$40,689 for the year ended December 31, 2024.

Note 8 – Subsequent Events

Subsequent events were evaluated through September 17, 2025, the date the financial statements were available to be issued.

Please note, the EIN for Fund Family/Provider was provided by Morningstar and is based on how the fund is marketed on the fund website or in other sales literature. Morningstar evaluates the legal entity options that are available and assigns the Provider Company EIN reflected in the above table(s). The EIN should be representative of the fund company or its affiliates, one or more of which may pay Schwab for shareholder related services.

For more details, please refer to your Schwab service, trust or custody agreements.

If you need additional information, please contact your Schwab service representative.
