Profit Sharing Plan Committee
Neurosurgical Associates, Ltd. Profit Sharing Plan
Phoenix, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Neurosurgical Associates, Ltd. Profit Sharing Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Neurosurgical Associates, Ltd. Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023

Note 1. Description of Plan

The following brief description of Neurosurgical Associates, Ltd. Profit Sharing Plan (Plan) is provided for general information purposes only. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Neurosurgical Associates, Ltd. (Company) who have completed one year of service. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Contributions

Each year, participants may contribute 1% to 75% of annual pretax compensation, as defined in the Plan. The Plan also allows for after-tax Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes a safe harbor contributions provision. Under this provision, the Company contributes 3% of compensation to all eligible participants, as defined, during the plan year. The Company may also elect to make a discretionary non-elective contribution to the Plan (profit sharing). For the year ended December 31, 2024, the Company contributed \$1,585,079 as profit-sharing contributions. Contributions are subject to certain limitations.

The Plan includes an auto-enrollment provision, whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Forfeiture Accounts

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$100,864 and \$127,691, respectively. These accounts are used to reduce future employer contributions. The 2024 employer contributions, funded in 2024, were reduced by \$43,941 from forfeited nonvested accounts.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor contributions, as well as allocations of the Company's profit-sharing contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

The Plan allows each participant to direct the investment of his or her contributions and the Company's contributions among various investment alternatives and make changes to this allocation directly with the trustee. Consequently, each participant's account reflects earnings or losses resulting from his or her investment decisions.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon, as well as the Company's safe harbor contributions. Vesting in the Company's profit-sharing portion of their accounts is based on years of credited service. A participant is vested 20% after two years of credited service and vests an additional 20% each year until fully vested after six years of credited service.

Notes to Financial Statements
December 31, 2024 and 2023

Notes Receivable From Participants

The Plan allows participants to borrow from their accounts a minimum of \$1,000, up to a maximum not to exceed the lesser of \$50,000 or 50% of their vested account balance. The loans are collateralized by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates. The loans are required to be paid over a maximum of 5 years or up to 15 years if the loan is for the purchase of a primary residence. Principal and interest payments are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a defined period of time or elect to roll his or her investment into another qualified plan or account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets and the reported amounts of additions to and deductions from net assets. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the trustees. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from plan participants and profit sharing and safe harbor contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Expenses relating to specific participant transactions (*i.e.*, distribution request, etc.) may be charged directly against the appropriate participant's account.

Note 3. Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2024 and 2023. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Neurosurgical Associates, Ltd. Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023

Collective Trust Fund

The collective trust fund represents an investment with various investment managers. The respective fair value of this investment is determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Units held in the collective trust fund are valued based on the market prices of the underlying investments in the fund at year-end.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund

The market value of the fund's investments was determined using amortized cost, in accordance with rules under the *Investment Company Act of 1940*. Amortized cost approximates the current fair value of a security, but since it is not obtained from a quoted price in an active market, securities valued at amortized cost are considered to be valued using Level 2 inputs.

Self-Directed Brokerage Accounts

Self-directed brokerage accounts primarily consist of interest-bearing cash, common stock, mutual funds, governmental securities, corporate bonds, and unit investment trusts. These investments are valued on the basis of readily determinable market prices and evaluated pricing.

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. These investments are exposed to various risks, such as interest rate fluctuation, market fluctuation, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and the accompanying statement of changes in net assets available for benefits.

Note 6. Certification of Plan Custodian

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank (Schwab Trust Bank), a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023
- Investment income and interest income from notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2024

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 7. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Schwab Trust Bank is the custodian as defined by the Plan. The Plan paid \$33,679 of record-keeping fees to Schwab Trust Bank during the year ended December 31, 2024.

The Company provides certain administrative services at no cost to the Plan.

Note 8. Income Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a volume submitter profit-sharing plan document sponsored by Schwab Retirement Plan Services. This volume submitter plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Transfer of Forfeitures From Cash Balance Plan

Effective November 13, 2024, in connection with the termination of the Company's cash balance pension plan, the remaining forfeitures from that plan, totaling \$587,235, were transferred to the Company's profit-sharing plan.

This transfer represents unallocated amounts or forfeiture accounts from the terminated cash balance pension plan, which are now available for use within the profit-sharing plan in accordance with its terms and applicable regulations. The plan document outlines the acceptable uses for these funds, including potentially reducing employer contributions, paying plan expenses, or allocating them among eligible participants.

Note 10. Subsequent Events

The plan administrator has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued.

Appendix 1 - Shareholder Servicing Payment Rates :

Charles Schwab & Co., Inc. and its affiliates ("Schwab") may receive indirect compensation from fund companies or their affiliates for shareholder related services. The rate received by Schwab may change from time to time as changes are made by fund companies. Outlined below is an illustration of rates received by Schwab as of the end of the reporting period for funds held in your plan at that time.

On average, the rate earned with respect to your plan's fund holding(s) in plan brokerage account(s) in the fund family(ies) listed is 0.13%, as further detailed below:

Received by Charles Schwab & Co., Inc. (EIN#94-1737782)		
Fund Family/Provider	EIN	Formula
Cohen & Steers	14-1904657	Rate of 0.10% of average daily balance of asset(s)
Dimensional Fund Advisors	22-2370029	Rate of 0.02% of average daily balance of asset(s)
The Pacific Financial Group	Not Available	Rate of 0.27% of average daily balance of asset(s)

Please note, the EIN for Fund Family/Provider was provided by Morningstar and is based on how the fund is marketed on the fund website or in other sales literature. Morningstar evaluates the legal entity options that are available and assigns the Provider Company EIN reflected in the above table(s). The EIN should be representative of the fund company or its affiliates, one or more of which may pay Schwab for shareholder related services.

For more details, please refer to your Schwab service, trust or custody agreements.

If you need additional information, please contact your Schwab service representative.
