To the Plan Administrator and Trustees of
Dandelion Energy Inc. Retirement Savings Plan

We have audited the financial statements of the Dandelion Energy Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] as of and for the year ended December 31, 2024, and we will issue our report thereon dated September 19, 2025. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by the Reliance Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 29, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2024. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the fair value measurement of investments. The Plan's investments are stated at fair value based on published valuations and reports. We obtained a certification from the Reliance Trust Company, the trustee of the Plan, stating investments values at year end were complete and accurate in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of fair value of investments in Note 3 to the financial statements because of the materiality of investments compared to the financial statements taken as a whole and the reliance on the Reliance Trust Company's certification.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no corrected or uncorrected misstatements identified by us as a result of our audit procedures.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable finding:

Fiduciary Duty and Oversight

There is no formal oversight committee established for the Plan, nor is there any evidence of periodical review of the Plan investments, investment performance and fees. Plan sponsors have fiduciary responsibilities with respect to the Plan including plan management, hiring and monitoring service providers, employee education, participant communication, administrative support, and plan design. As part of the plan sponsor's fiduciary responsibility the plan trustees or an oversight committee should have regular meetings to review and evaluate the Plan assets and administration, investment performance and fees against benchmarks and guidelines. Meeting minutes are generally some of the first documents requested by the IRS from a Plan Sponsor during an audit. In addition to the IRS's concerns regarding potential noncompliance or tax code violations, in recent years, the IRS has taken a more active role in Plan governance. Thus, meeting minutes content as well as documentation practices seem to have increasing importance to the IRS.

We recommend that the plan sponsor establish a formal plan committee and meetings should occur no less than annually. Formal minutes should be kept that document plan operating issues, plan investment performance review, and review of direct and indirect plan expenses.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 19, 2025.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

To the Plan Administrator and Trustees of
Dandelion Energy Inc. Retirement Savings Plan
September 19, 2025

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan Administrator, Board of Trustees and management of the Dandelion Energy Inc. Retirement Savings Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

RE: 2024 5500 Filing Reasonable Cause Letter for 313506

To IRS:

We are writing to respectfully request the abatement of the penalty assessed under the above-referenced notice for the late filing of the 2024 5500 Form. We believe the late filing resulted from an isolated administrative oversight and reliance on erroneous third-party information, constituting reasonable cause under the provisions of the Internal Revenue Code.

The failure to file by the correct deadline was primarily due to two factors involving communication and process failure with our third-party vendor responsible for tax document distribution and reporting.

1. **Erroneous Deadline Information:** We were operating under the good faith belief that the filing deadline for the company was October 31, 2025 based on a call with the representative on April 15, 2025. This belief was based directly on information received from our vendor, who had verbally indicated that the final submission date for this specific filing was October 31st. We relied on this professional communication in good faith, which inadvertently led to the delayed submission. When attempting to file our information today, October 23, 2025, we were told that we were past the submission deadline.
2. **Internal Misdirection of Vendor Notices:** The second contributing factor was a breakdown in internal routing for official correspondence related to the filing process. The notices and communications from the vendor (which contained information critical to the processing party) were not sent to the responsible personnel or processing department. This administrative failure prevented the team responsible for finalizing the return from having the complete, accurate documentation and prompts necessary to override the earlier, erroneous October 31st deadline and file on time.

We understand and respect our obligation to comply with all federal tax requirements and filing. This incident was not due to willful neglect or a disregard for tax law; but rather an uncommon confluence of reliance on a third-party vendor's misstatement and a temporary internal communication gap. In light of this, we respectfully ask that the IRS consider these circumstances and grant a full abatement of the penalty.

We will file as soon as the vendor has corrected our 5500 Form file and have taken immediate steps to prevent future recurrence. If you require any further documentation or clarification, please do not hesitate to contact me at the information provided above.

Sincerely,

A handwritten signature in black ink, appearing to read "JGivens", is written over the typed name.
