INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Doyon 401(k) Savings & Retirement Plan
Fairbanks, Alaska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Doyon 401(k) Savings & Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Doyon 401(k) Savings & Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Doyon 401(k) Savings & Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Doyon 401(k) Savings & Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we—

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Doyon 401(k) Savings & Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Doyon 401(k) Savings & Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, as described in the table of contents, as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DOYON 401(k) SAVINGS & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description

The following description of the Doyon 401(k) Savings & Retirement Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan document.

In November 2019, the Company's Board of Directors approved the Pension Plan Oversight Group's recommendation to merge the Doyon, Limited Money Accumulation Pension Plan, Doyon Drilling, Inc. 401(k) Savings & Retirement Plan, Doyon Government Group 401(k) Plan, and the Design Data Systems, Inc. 401(k) Plan into the Doyon 401(k) Savings & Retirement Plan, establishing a single 401(k) plan for Doyon, Limited and its subsidiaries effective December 31, 2019. The plan's most recent restatement was effective January 1, 2022.

General

The Plan is a defined-contribution multiple employer plan established by Doyon, Limited (the Company) under the provisions of Section 401(a) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan covers employees of the Company and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees of the Company who have completed one month of service, meet the eligibility requirements, and who are not subject to a collective bargaining agreement are eligible to participate in the Plan and eligible to receive Safe Harbor matching contributions. Additionally, for non-Safe Harbor non-elective contributions, employees of the Company who have 1,000 hours of service meet the service requirements.

Contributions

Participants may elect to contribute up to 100 percent of eligible compensation, as defined by the Plan, a pre-tax or after-tax (Roth) basis, subject to certain limitations under the IRC. Eligible participants who have attained age 50 may elect an additional catch-up contribution, subject to certain limitations under the IRC. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. All newly eligible participants who do not make an election are automatically enrolled in the Plan at a 3 percent contribution rate. The contributions from automatically enrolled participants are invested in one of Schwab's Managed Retirement funds based upon the participant's age unless the participant elects otherwise. Participant contributions automatically increase by 1 percentage point on January 1 of each year, until they reach a 10 percent deferral rate. Participants may choose to opt out of this automatic deferral increase.

In accordance with the Plan document, the Company and its subsidiaries make a Safe Harbor matching contributions equal to the sum of 100 percent of an eligible participant's contributions that do not exceed 3 percent of their compensation, plus 50 percent of a participant's contributions that exceed 3 percent of their compensation but do not exceed 5 percent of their compensation. The Company made matching contributions in the amount of \$4,919,547 and \$3,325,537 for 2024 and 2023, respectively.

NOTES TO FINANCIAL STATEMENTS

1. Plan Description, continued

Contributions, continued

Additionally, employees that met additional eligibility criteria, including 1,000 hours of service, were eligible for a discretionary employer profit sharing contribution. The Company made discretionary profit sharing contributions subject to certain limitations under the IRC. The following table presents the discretionary contributions per employer:

Plan Administration

The Plan is administered by the Pension Plan Oversight Group, which consists of certain employees of the Company. Charles Schwab Trust Bank is the trustee and the custodian of the Plan.

Participant Accounts

Individual accounts are valued daily and maintained for each of the Plan's participants to reflect the participant's contributions, the related Company contributions, and the participant's share of the Plan's income or losses and any related administrative expenses.

Participants may direct their account balance into any of the investment options allowed under the Plan. Participants may change their investment elections and make transfers between investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

DOYON 401(k) SAVINGS & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description, continued

Vesting

Participants are immediately eligible in their deferral contributions, rollover contributions, and Safe Harbor matching contributions. Vesting in non-Safe Harbor non-elective contributions for participants is determined as follows:

<u>Years of Vesting Service</u>	<u>Percent Vested</u>
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in their account, substantially equal installment payments over a specified period of time or partial payments in amounts as requested by the participant or beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. In-service distributions are permitted from vested accounts upon attainment of age 59½.

For termination of service with vested benefits of \$1,000 or less, a participant or beneficiary will automatically receive the value of the vested interest in their account as a lump-sum distribution. Retired or terminated participants with vested balances greater than \$1,000 but less than \$5,000 are automatically rolled over into an Individual Retirement Account. This was increased to \$7,000 in 2024 in connection with SECURE 2.0.

Hardship Withdrawals

Under certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, the employee contribution portion of their account balance. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, payments necessary to prevent eviction from or foreclosure on a participant's principal residence or to repair the principal residence due to catastrophic events or other casualty, the payment of postsecondary education tuition, or burial or funeral expenses for parents, spouses, children, or dependents of a participant.

DOYON 401(k) SAVINGS & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description, continued

Notes Receivable from Participants

Participants may borrow up to a maximum of 50 percent of their vested account balance or \$50,000, whichever is less. The minimum amount of a loan is \$1,000 and a participant may only have one loan outstanding at any time. The maximum repayment period is five years unless the loan is for the purchase of a participant's primary residence, in which case the loan term may extend to 15 years. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1 percent above the prime rate. Principal and interest is paid ratably through monthly payroll deductions.

Forfeited Accounts

The non-vested portion of a participant's account shall be forfeited if a participant is terminated. Forfeited accounts are used to pay Plan expenses and offset Company contributions. During the years ended December 31, 2024 and 2023, \$222,415 and \$102,170 were forfeited from participant accounts, net of restorations of previously forfeited accounts, respectively. During the years ended December 31, 2024 and 2023, forfeitures of \$218,550 and \$135,401, net of earnings, were used to pay Plan expenses and offset Company contributions. The forfeiture account balance was \$11,730 and \$3,380 at December 31, 2024 and 2023, respectively.

Revenue Sharing

The Plan has a revenue-sharing arrangement in connection with its Personal Choice Retirement Accounts. The Plan receives percentage-based indirect compensation that is used to reduce recordkeeping expenses. There is no balance of unused revenue sharing credits at December 31, 2024 or 2023.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

The Plan's investments are stated at fair value (see Note 3) except for fully benefit-responsive investment contracts (see Note 5), which are reported at contract value. Net change in fair value of investments represents the change in unrealized appreciation or depreciation during the period, and the realized gains and losses on sales of investments during the period.

DOYON 401(k) SAVINGS & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. Related fees are paid by the participant. Notes receivable from participants are scheduled to mature between January 2025 and December 2039, with interest rates of 4.25 percent to 9.50 percent, collateralized by participant's account balances.

Contributions

Participant and employer contributions are recorded in the year in which participant contributions are withheld and underlying compensation paid.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of administering the Plan may be paid from Plan assets at the election of the Plan Administrator. Certain expenses of maintaining the Plan may be paid by the Company and are therefore excluded from these financial statements. Investment related expenses are included in the net change in fair value of investments.

Recent Accounting Standard Adopted

On January 1, 2023, the Plan adopted Accounting Standards Update (ASU) 2016-13 Financial Instruments – Credit Losses (Topic 326): *Measurement of Credit Losses on Financial Instruments*, and all related amendments (ASC 326), which replaced the incurred loss methodology for recognizing credit losses with an expected loss methodology that is referred to as the current expected credit loss (CECL) methodology. CECL requires an estimate of lifetime expected credit losses to be recognized for financial assets based on historical experience, current conditions, and reasonable and supportable forecasts, and for the financial assets to be presented at the net amount expected to be collected on the statements of net assets available for benefits. The financial assets held by the Plan that are subject to ASC 326 are employer contributions receivable and participant contributions receivable. There was no impact to the financial statements as a result of adopting this standard.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

DOYON 401(k) SAVINGS & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements, continued

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to its fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. All mutual funds held by the Plan are open-ended funds registered with the SEC and are deemed to be actively traded and have a readily determinable fair value. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

Collective trust funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Because the trust funds are not actively traded, they are considered to be Level 2 investments.

Self-directed brokerage accounts: Comprised of cash equivalents, registered investments companies, and common stock. Valued at the closing prices on the active market on which the individual investments are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Guaranteed Investment Contract

In February 2024, in connection with the merger of Fairweather Retirement Plan, the Plan is party to a fully benefit-responsive guaranteed investment contract with American United Life Insurance Company (“AUL”) that was transferred into the plan. AUL maintains the contributions in a general account and is invested in accordance with AUL’s general account investment policy. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value, which the Plan Sponsor has determined approximates fair value. An interest rate is declared prior to the beginning of a calendar year and is guaranteed for the year until the new rate is set for next year. The crediting rate was 1.75 percent at December 31, 2024. Participants invested in the AUL Stable Value Account can transfer money into and out of the account without any restrictions. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value without any restrictions.

There are no reserves against contract value for credit risk of the contract issuers or otherwise.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

6. Tax Status

The Plan has adopted a non-standardized pre-approved profit sharing/money purchase plan with CODA. Schwab Retirement Plan Services, the sponsor of the prototype plan, received an opinion letter from the Internal Revenue Service (IRS) dated September 21, 2020 that the Plan document satisfies Internal Revenue Code (IRC) Section 401. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full or partial plan termination, affected participants will become fully vested in their account balances.

8. Party-in-Interest and Related Party Transactions

Certain plan investments are shares of registered investment companies and common collective trust funds managed by Charles Schwab Trust Bank. Charles Schwab Trust Bank is the custodian of Plan assets, and therefore, these transactions qualify as party-in-interest transactions. Fees paid to Schwab Retirement Plans Services, Inc., an affiliate of the custodian, for recordkeeping and advisory services, were \$87,965 and \$38,054 for the years ended December 31, 2024 and 2023, respectively. These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

9. Risks and Uncertainties

The Plan provides for various investment fund options which in turn invest in a combination of stocks, bonds, and other investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

10. Non-Exempt Transactions

During the years ended December 31, 2024 and 2023, participant contributions and loan repayments totaling \$73,517 and \$-0-, respectively, were not remitted to the Plan within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company is taking appropriate steps to correct the situation by reimbursing the employees for lost earnings and interest.

11. Plan Merger

During the year ended December 31, 2024, the Fairweather Retirement Plan and Fairweather Science Retirement Plan were merged into Doyon 401(k) Savings & Retirement Plan with an effective date of February 15, 2024. Fairweather and Fairweather Science employees retain their accrued years of service if hired prior to December 31, 2023. Total assets transferred of \$11,778,236 are reported on the accompanying statements of changes in assets available for benefits for the year ended December 31, 2024 in connection with this merger.
