Independent Auditor's Report

To the Plan Administrator of
Above and Beyond 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Above and Beyond 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of November 26, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the period January 1, 2024 to November 26, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Above and Beyond 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Above and Beyond 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Terminating the Plan

As further discussed in Note 1 to the financial statements, the plan's sponsor approved the termination of the plan, effective December 19, 2023. In accordance with accounting principles generally accepted in the United States of America, the plan has changed its basis of accounting to the liquidation basis used in presenting the 2024 and 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Above and Beyond 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Above and Beyond 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. DESCRIPTION OF PLAN

The following brief description of the Above and Beyond 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a participant directed, defined contribution plan qualifying under section 401(k) of the Internal Revenue Code, (“IRC”), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was established for the purpose of providing eligible employees of Above and Beyond – Business Tools and Services for Entrepreneurs, Inc. (the “Employer”) and their beneficiaries funds for retirement. The Employer was acquired by Global Payments Inc. on December 22, 2023.

Termination of Plan

Effective December 19, 2023, the Plan's sponsor approved the termination of the Plan. Upon termination, participants became 100 percent vested in their benefits. As a result, the Plan financials statements are reported under the liquidation basis of accounting for 2024 and 2023. A participant may take a single sum benefit payment, purchase an annuity, or roll over the asset into an Individual Retirement Account of another qualified plan. Plan assets were fully distributed on November 26, 2024.

Eligibility

An employee of the Employer became an eligible participant in the Plan for elective contributions, discretionary match contributions, and non-elective profit-sharing contributions upon completing 3 consecutive months of service and the attainment of the age of 21. Employees must also complete 1,000 hours of service for the Plan year and be employed at year end to receive profit sharing contributions. Employees could join the Plan on the first day of each month once they meet the eligibility requirements. The Plan excludes union, leased employees and nonresident aliens who have no earned income.

Employee Contributions

A participant in the Plan could annually contribute through payroll deductions, any amount up to 100 percent of pretax compensation not exceeding amounts as determined by the Internal Revenue Service (“IRS”). Any participant, age 50 or over, could make an additional “catch up” contribution as determined by the IRS. Participants direct the investment of their contributions into various investment options offered by the Plan. Rollover contributions were permitted into the Plan in accordance with Internal Revenue Service regulations and Plan provisions.

Employer Contributions

The Employer could make a matching contribution equal to a discretionary percentage to be determined by the Employer on a uniform basis for all participants. The Employer made an elective contribution equal to 100 percent of the salary deferrals up to the first 3 percent of Plan compensation contributed and 50 percent of the salary deferrals in excess of 3 percent and up to 5 percent. For the period January 1, 2024 to November 26, 2024, the Employer made a qualified non-elective contribution of \$2,456.

**Above and Beyond 401(k) Plan
Notes to the Financial Statements – Liquidation Basis
For the Period Ending January 1 to November 26, 2024 and for the Year Ended
December 31, 2023**

Distributions and Withdrawals

Prior to the retirement age of 55, distributions and withdrawals were not permitted from the Plan except in the instances of death, disability, termination of employment, or hardship as defined in the Plan document. A participant shall be considered 100 percent vested upon termination of service due to death or disability.

Participants or their beneficiaries may receive a lump-sum amount equal to the value of the participant's vested account balance. After attaining age 55, 100 percent of the participant's account may be withdrawn for any reason.

Notes Receivable From Participants

Any participant could borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. All loans are considered a direct investment of the participant and payments of principal and interest are credited to the participant's account. Interest is charged at a reasonable rate (as defined in the Plan agreement). Outstanding loans as of December 31, 2023, had interest rates ranging from 2.00 to 10.50 percent and maturity dates through June 2034.

Restrictions and repayment terms are described in the Plan document. A participant was only permitted to have one outstanding loan at a given time. Principal and interest are paid ratably through bi-weekly payroll deductions.

Vesting

A participant's interest in his or her contributions to the Plan will always be fully vested and nonforfeitable. A participant is vested in the Employer's safe harbor contribution upon election to contribute.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

For the period January 1, 2024 to November 26, 2024 and for the year ended December 31, 2023, the financial statements have been prepared on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is determined based on the net asset value of shares held by the Plan at year end. Fair value measurements are discussed in Note 4.

The Plan presents in the statement of changes in net assets available for benefits, the net appreciation, including realized gains and losses on those investments. In addition, certain investment related fees have been reflected as an offset of net investment income and are not readily determinable.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

The expenses necessary to administer the Plan, including but not limited to, retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment advisor are paid by the Employer. All expenses except for account maintenance fees, transaction fees and investment fund .

Above and Beyond 401(k) Plan

Notes to the Financial Statements – Liquidation Basis

For the Period Ending January 1 to November 26, 2024 and for the Year Ended December 31, 2023

Payment of Benefits

Benefit payments to participants are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of November 26, 2024 or December 31, 2023.

Risk and Uncertainties

The Plan's assets are invested in registered investment companies and an investment contract with an insurance company. Registered investment companies, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

Forfeited Accounts

Forfeited accounts are retained in the Plan and may be applied to pay administrative costs of the Plan or used to reduce employer contributions. For the period January 1, 2024 to November 26, 2024 and for the year ended December 31, 2023, the Plan had \$0 in forfeited accounts.

3. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

No auditing procedures were performed by the independent auditor as permitted by ERISA Section 103(a)(3)(C) with respect to information certified as complete and accurate by American Trust Company (the "custodian"), except for comparing such information with the information reported in the financial statements. Based on information provided and certified by the custodian, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2024 and 2023. Accordingly, the custodian of the Plan assets has certified the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of November 26, 2024 and December 31, 2023.
- Net appreciation and depreciation in fair value of investments, dividends, interest income on notes receivable from participants and other (loss) reflected on the accompanying statement of changes in net assets available for benefits for the period January 1, 2024 to November 26, 2024 and for the year ended December 31, 2023.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or

similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Money Market Funds: Money market funds are valued at quoted market prices which represent fair value of the amount invested into the fund plus interest earned.

Mutual Funds: Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	2023			
	Total	Level 1	Level 2	Level 3
Money market funds	\$ 352,641	\$ 352,641		\$ --
Mutual funds	<u>11,584,263</u>	<u>11,584,263</u>	--	--
	<u>\$ 11,936,904</u>	<u>\$ 11,936,904</u>	<u>\$ --</u>	<u>\$ --</u>

Changes in Fair Value Levels: The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluated the significance of transfers between levels based upon the nature of the

financial instrument and size of the transfer relative to total assets available for benefits. For the period January 1, 2024 to November 26, 2024 and for the year ended December 31, 2023, there were no transfers in or out of levels 1, 2 or 3.

5. INCOME TAX STATUS

The Plan adopted a prototype volume submitter profit sharing 401(k) plan. By letter dated June 30, 2020, the Internal Revenue Service has determined that the prototype plan and related trust are designed in

accordance with the applicable sections of the Internal Revenue Code (“IRC”). Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of November 26, 2024 and December 31, 2023 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan has investments in mutual funds managed by the custodian of the Plan. In addition, the Plan has paid administrative expenses of \$57,817 and \$62,013 to the custodian and certain investment related expenses have been offset with investment income, during the period January 1, 2024 to November 26, 2024 and for the year ended December 31, 2023 respectively. These transactions qualify as party-in-interest transactions. Loans to participants represent exempt party-in-interest transactions.

7. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 16, 2025, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred which require adjustment to or for disclosure in the financial statements.
