INDEPENDENT AUDITOR'S REPORT

The Plan Administrator and Participants
STC Management Group, LLC 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of STC Management Group, LLC 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to the Plan's assets held for investment (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the

financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STC MANAGEMENT GROUP, LLC 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS Years ended December 31, 2024 and 2023

1. Plan description

The following brief description of the STC Management Group, LLC 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions. Copies of the Plan Agreement are available from STC Management Group, LLC.

General – The Plan is a contributory defined contribution plan covering substantially all employees of STC Consolidated Operations, LLC and STC Management Group, LLC (the Companies). Effective January 1, 2024, the Plan covers substantially all the Companies' employees who are age 18 or older and have completed six months of credited service, as defined in the Plan Agreement, without consideration for hours of service. During the year ended December 31, 2023, the Plan covered substantially all the Companies' employees who were age 18 or older and had completed 500 hours of service within the six-month period following date of hire. If the 500 hours of service within the initial six-month period of employment was not met, the participant had to satisfy the year of service requirement which was 1,000 service hours at the end of the twelve-month period beginning on the participant's date of hire and continuing until the year of service requirement was met. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions – Participants may contribute up to the maximum salary deferral set by law. Participants may also contribute amounts representing rollover distributions from other qualified plans. The Plan allows the participants to make after-tax Roth deferrals, and the Companies to make discretionary matching and profit-sharing contributions which are determined by the Companies' management. For the years ended December 31, 2024 and 2023, the Companies matched 50% of each participant's contribution up to 2% of each participant's annual compensation, as defined in the Plan Agreement. No profit-sharing contributions were made to the Plan for the years ended December 31, 2024 and 2023. The Plan requires a 4% automatic deferral for all employees who are eligible to participate in the Plan. Employees are subject to the automatic deferral unless they file an election to either not participate in the Plan or elect a different deferral percentage. All participants automatically enrolled into the Plan receive a 1% increase in their deferral percentage on the first day of the following Plan year and each subsequent year until the deferral percentage reaches 10%.

Participant accounts – All contributions are allocated by the discretion of the participant among selected investments. Each participant's interest in each of the investment accounts is accounted for in three separate accounts: one each relating to the participant's pre-tax contributions and rollover contributions, the participant's Roth contributions, and the

Companies' contributions. Each participant's account is credited with the participant's contributions and allocations of the Companies' contributions and plan earnings, and charged with allocations of investment-related fees, and administration expenses. Allocations of plan earnings, investment-related fees, and certain administration expenses are based on the value of each participant's account balance compared to the value of all participants' account balances. Allocations of profit-sharing contributions are based on the ratio each participant's compensation bears to the total of all participants' compensation for the plan year. Generally, a participant must be employed by the Companies on the last day of the plan year to share in the allocation of the Companies' profit-sharing contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and related earnings. Vesting in the Companies' matching and profit-sharing portions of their accounts and the related earnings is based on years of credited service, as defined in the Plan Agreement. Generally, a participant is fully vested with regard to the Companies' contributions and related earnings after three years of credited service. Participant rollover contributions from previous plans are fully vested. A participant becomes fully vested in the event of death, disability, or retirement, as defined in the Plan Agreement.

Payments of benefits – In the event of death, disability, retirement, or termination, a participant's benefit will be distributed in accordance with specific provisions of the Plan Agreement. In-service distributions and hardship withdrawals are also permitted upon meeting certain requirements, as defined by the Plan Agreement. Net assets available for benefits includes vested amounts totaling approximately \$213,000 and \$132,000 as of December 31, 2024 and 2023, respectively, that are allocable to participants who withdrew from plan participation and could not be located by the Plan's sponsors.

Forfeitures – As of December 31, 2024 and 2023, forfeited nonvested accounts total \$74 and \$20,946, respectively. Nonvested portions of the Companies' matching accounts may be applied to reduce the Companies' future matching contributions or pay plan administration expenses. Forfeitures totaling \$137,855 and \$292,563 were applied to reduce the Companies' matching contributions for the years ended December 31, 2024 and 2023, respectively. No forfeitures were applied to pay plan administration expenses for the year ended December 31, 2024. Forfeitures totaling \$5,000 were applied to pay plan administration expenses for the year ended December 31, 2023.

Administration – Certain administrative functions are performed by the Companies' officers and employees. No such officers or employees receive compensation from the Plan. Certain accounting, legal, and other expenses to maintain the Plan's records are paid by the Companies and are therefore not reported as expenses on the accompanying statements of changes in net assets available for benefits. Administration expenses reported on the accompanying statements of changes in net assets available for benefits represent certain fees charged by the Plan's third-party administrator and investment advisor.

2. Summary of significant accounting policies

Basis of accounting – The Plan’s financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Estimates – The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions and credit losses – Participant contributions are recorded when the Companies compute payroll deductions. The Companies’ contributions are recorded based on amounts actually received or committed to be paid for the year. Contributions to the Plan are recorded net of any credit losses provided for on the basis of anticipated collection losses. Estimated losses are determined from historical collection experience, review of current period outstanding receivables, and projection of future activity in the allowance for credit losses. The Plan’s management has determined that the Plan is not exposed to significant credit loss risk as the Plan’s contributions represent only amounts from the Plan’s participants and the Companies’ contributions. Accordingly, there is no provision for credit losses, no write-offs, or recoveries collected during the years ended December 31, 2024 and 2023.

Investment valuation and income recognition – As more fully described in Note 4, the Plan’s investments in mutual funds are valued at fair value based on quoted market prices on the measurement date. Realized gains and losses on investments in mutual funds are recognized upon the sale of the related investments, and unrealized appreciation or depreciation is recognized at period end when the carrying values of the related investments are adjusted to their estimated fair values. Net realized and unrealized appreciation or depreciation in the fair values of the Plan’s investments in mutual funds includes gains and losses on investments bought and sold, as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Certain investment-related fees charged to the Plan are deducted from income earned on investments and are not separately reflected on the accompanying statements of changes in net assets available for benefits. Consequently, investment return is reflected net of those investment-related fees on the accompanying statements of changes in net assets available for benefits.

Benefit and withdrawal payments – Benefit and withdrawal payments are recorded when paid.

Fair value measurements – The Plan applies the *Fair Value Measurement* topic of the Accounting Standards Codification (ASC) which requires determination of fair value based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The *Fair Value Measurement* topic emphasizes that fair value is a market-based measurement, not an

entity-specific measurement, and it applies in conjunction with other ASC topics that require or permit fair value measurements and disclosures. Impacted assets and liabilities are measured and disclosed in one of three categories based on the significance and source of the inputs to their valuation. The hierarchy consists of three broad levels: Level 1, Level 2, and Level 3. Level 1 inputs have the highest priority and consist of observable unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 2 inputs include: a) quoted prices for similar assets or liabilities in active markets; b) quoted prices for identical or similar assets or liabilities in inactive markets; c) inputs other than quoted prices that are observable for the asset or liability; and d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs have the lowest priority, are unobservable, and include judgments about the assumptions that market participants would use in pricing the asset or liability.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to its fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan's management uses specific valuation techniques based on the available inputs to measure the fair values of the Plan's impacted assets and liabilities. When available, the Plan's management measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

These methods may produce fair value calculations that may not be indicative of net realizable values, or reflective of future fair values. Furthermore, while the Plan's management believes the valuation methods utilized are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair values of certain assets and liabilities could result in different fair value measurements as of December 31, 2024 and 2023.

Subsequent events – The Plan's management has evaluated subsequent events through October 29, 2025, the date the financial statements were available for issue.

3. Information certified by plan investment custodian

The Plan's administrator has elected the method of annual reporting as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held as of December 31, 2024 and 2023, and net realized and unrealized appreciation in fair values of investments in mutual funds, dividend income, and other income for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC (ETC), the Plan's investment custodian. This information has not been audited by the Plan's independent auditors.

4. Investments and fair value measurements

The Plan's shares in mutual funds are publicly traded and are valued at the measurement date of the security reported on the principal exchange on which traded (Level 1 input). The Plan's investments in mutual funds are credited with earnings on the underlying investments, and charged for plan withdrawals, investment-related fees, and administration expenses. The mutual funds may be redeemed on a daily basis. Unfunded commitments are not applicable to mutual funds.

There have been no changes in the valuation methodologies used to value the Plan's investments in mutual funds as of December 31, 2024 and 2023.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
				<u>2024</u>
Mutual funds	<u>\$ 18,994,673</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,994,673</u>
Total investments, at fair value	<u>\$ 18,994,673</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,994,673</u>
				<u>2023</u>
Mutual funds	<u>\$ 15,206,641</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,206,641</u>
Total investments, at fair value	<u>\$ 15,206,641</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,206,641</u>

5. Plan termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions, and at any time to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

6. Income tax status

The Plan operates under a non-standardized pre-approved profit-sharing/money purchase plan sponsored by Empower Retirement, LLC (ER). The Internal Revenue Service (IRS) ruled in an opinion letter dated November 14, 2022 that the non-standardized plan was

qualified under applicable sections of the Internal Revenue Code (IRC). The plan has been amended since the date of the IRS opinion letter. However, the Plan's trustees, sponsors, and administrator are not aware of any occurrences that would adversely affect the Plan's qualified status, and believe the Plan is currently designed and operating in compliance with the applicable IRC requirements, is qualified, and the related trust is tax-exempt.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a tax liability, or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan's administrator believes the Plan is no longer subject to income tax examinations for years prior to the year ended December 31, 2022.

7. Party-in-interest assets and transactions

The Plan's investments are held and managed by ETC, the Plan's investment custodian. Therefore, the Plan's investments qualify as party-in-interest assets. In addition, transactions conducted by ETC, fees paid to the Plan's third-party administrator and financial advisor, and the Companies' contributions qualify as party-in-interest transactions. These transactions are permitted under the plan provisions and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate and credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that reductions in the values of the Plan's investment securities reported as of December 31, 2024 will occur in the near term and that such reductions would materially affect participant account balances and amounts reported on the accompanying December 31, 2024 statement of net assets available for benefits.

The Plan's exposure to concentrations risk is limited by diversification of investments across all investment elections. In addition, the investments within each investment election are further diversified into various financial investments.
