## *Independent Auditor's Report*

To the Administrative Committee of  
Sevenson Environmental Services, Inc. Pension Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Sevenson Environmental Services, Inc. Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sevenson Environmental Services, Inc. Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sevenson Environmental Services, Inc. Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Severson Environmental Services, Inc. Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Severson Environmental Services, Inc. Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedule Required by ERISA**

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**SEVENSON ENVIRONMENTAL SERVICES, INC.**  
**PENSION PLAN**

**NOTES TO FINANCIAL STATEMENTS**

Note 1. **Description of Business**

The Severson Environmental Services, Inc. Pension Plan (the Plan), effective June 30, 1981, is a money purchase plan covering all eligible employees of Severson Environmental Services, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company has appointed State Street Bank and Trust Company (State Street) as Trustee of the Plan and Transamerica Retirement Solutions as record keeper. The Plan has adopted the Transamerica Retirement Solutions Pre-Approved Money Purchase Plan.

Employees will be eligible to participate when they (i) have completed one year of service with the Company or its affiliates and (ii) have attained age 18. The following employees are not eligible: (a) union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, (b) dump truck drivers, (c) leased employees, and (d) employees on whose behalf an employer contributes to a multi-employer pension plan (including union supervisory employees such as superintendents and assistant superintendents). Further, an employee shall not be eligible with respect to any period during which his/her services are performed under a contract requiring payment of "prevailing wages" and with respect to which the employee is entitled to contributions under the Severson Environmental Services, Inc. Prevailing Wage Pension Plan or a successor plan thereto. The plan entry date is the first day of the plan year, nearest to the date that an employee completes one year of service and has attained the age of 18.

Other employers who have adopted the Plan are: Severson Industrial Services, Inc. and Severson Environment Services of PA, Inc.

All investments are non-participant directed. The Trustee of the Plan and the investment committee are responsible for all investment decisions of the Plan. Each participant's account is credited with (a) the Company's contribution and (b) Plan earnings (losses) and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. Participants' accounts become vested ratably over six years of service.

Note 2. **Summary of Significant Accounting Policies**

*Basis of Accounting* - The accompanying financial statements have been prepared on an accrual basis and present net assets available for benefits and changes in those net assets of the Plan.

*Investments* - Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the Severson pension fund, a unitized managed account, is determined based upon the fair value of the underlying assets as reported on the active markets. The Severson Pension Fund is composed of seventeen mutual funds, over fifty bond investments, and cash equivalents. The underlying assets of the Severson Pension Fund are not owned by the participants; rather, a participant owns an interest in the Fund. Purchases and sales of the investment funds are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

*Notes receivable from participants* - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

*Estimates* - The preparation of the financial statements in conformity with generally accepted accounting principles required the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Note 2. **Summary of Significant Accounting Policies** *(Continued)*

*Benefits paid* - Benefits are recorded when paid (see Note 4).

*Operating expenses* - Investment transactions and advisor fees are paid by the Plan. The Company pays all other operating expenses.

*Unallocated accounts* - Unallocated accounts in the Plan represent forfeitures, advanced employer funds and the expense budget account. Forfeitures of non-vested participant balances can be used to pay administrative expenses, and any remaining forfeitures will be used to reduce the employer's contribution. In 2024 the Plan had forfeitures of \$34,493 (\$27,091 - 2023). At December 31, 2024 unallocated forfeitures were \$77,602 (\$60,859- 2023). The December 31, 2024 employer contribution was not reduced by forfeitures (\$0 - 2023). The Plan had unallocated advanced employer funds of \$8,884 at December 31, 2024 (\$0 - 2023). There was no balance in the expense budget account at December 31, 2024 and 2023. This account is used to pay plan expenses.

Note 3. **Contributions**

The Company makes annual contributions for participants equal to 7% of a participant's total compensation, plus 3.5% of the compensation in excess of the Social Security Taxable Wage Base for the year. The participant must be employed on the last day of the Plan year to be eligible. The compensation used to determine the contribution allocation of highly compensated employees excludes overtime and bonuses. Participants' accounts become vested ratably over six years of service. Participants will become 100% vested in employer contributions and earnings on the employer contributions if, while employed they attain the normal retirement age of 62; they become permanently disabled; or upon death of the participant.

The Plan does not allow participant rollover contributions.

Note 4. **Payment of Benefits**

Participants' benefits under the Plan are payable to participants and their beneficiaries upon the termination of employment, normal retirement (age 62), late retirement, disability or death. The normal form of payment is a qualified joint and survivor annuity, if married, or a straight life annuity if not married. Other optional forms of payment are lump sum and installment payments. In any case, if the vested benefit is \$5,000 or less, then a single lump sum payment will be made. The Plan allows in-service distributions for prior rollover contributions at any time.

Note 5. **Notes Receivable Participants**

The Plan allows for hardship loans only. Loans (i) bear a reasonable rate of interest, (ii) are secured by the participant's account, (iii) are limited to 50% of the participant's vested account balance, (iv) provide for repayment over a period not to exceed five years unless such loan is used to purchase a primary residence and (v) are limited to an amount not to exceed \$50,000. A loan will not be issued for an amount less than \$1,000. A married participant's spouse must consent to the loan before it can be made. Principal and interest are paid ratably through payroll deductions.

Note 6. **Termination**

The Company reserves the right to terminate the Plan at any time. Upon termination, all amounts credited to participants' accounts will become immediately vested. The Company will direct the distribution of accounts in a manner permitted by the Plan as soon as practical.

Note 7. **Tax Status**

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated June 30, 2020, that the Transamerica Pre-Approved Money Purchase Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements and, therefore the Plan qualifies as tax exempt.

Note 7. **Tax Status (Continued)**

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS and the Department of Labor. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 8. **Information Prepared and Certified by the Trustee**

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee, State Street Bank and Trust Company.

Net appreciation (depreciation) in fair value of investments	\$ 6,535,924	\$ 7,795,671

Note 9. **Fair Value Measurements**

Financial Accounting Standard Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets.
  - Quoted prices for identical or similar assets or liabilities in inactive markets.
  - Inputs other than quoted prices that are observable for the asset or liability.
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
  - If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 9. **Fair Value Measurements** *(Continued)*

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Sevenson pension fund (unitized managed account): valued at the net asset value (NAV) based upon the closing prices on the active markets on which the underlying securities of the fund are traded. The unitized managed account is classified as a Level 2 for December 31, 2024 and 2023 due to the fact that the underlying assets consist of bonds and mutual funds.

Note 10. **Subsequent Events**

The Plan has evaluated subsequent events through October 6, 2025, the date the financial statements were available to be issued.

Note 11. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
