## Independent Auditors' Report

To the Participants and Administrative Committee  
Hatalom Corporation 401(k) Profit Sharing Plan and Trust:

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Hatalom Corporation 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hatalom Corporation 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hatalom Corporation 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hatalom Corporation 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hatalom Corporation 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hatalom Corporation 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter — Supplemental Schedules Required by ERISA***

The supplemental Schedule of Assets (Held at Year End) for the year ended December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**401(k) Profit Sharing Plan and Trust**

Notes to the Financial Statements

December 31, 2024 and 2023

**(1) Description of Plan**

The following description of the Hatalom Corporation 401(k) Profit Sharing Plan and Trust (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**(a) General**

The Plan was originally established July 1, 2018 and was amended and restated effective January 1, 2024. The Plan is a defined contribution plan and covers all persons employed by Hatalom Corporation (the “Company”). All employees are eligible to participate in the Plan as of their date of hire, with no age or service requirements for eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**(b) Contributions**

Each year, participants may elect to make before-tax or roth contributions up to limits established by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as permitted by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“rollover contributions”). Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions are transferred to the Plan throughout the year.

The employer may make matching contributions to eligible employees equal to 100% of participant’s elective deferrals not to exceed 5% of participant’s qualified compensation. Additionally, the Employer may at Plan Year end make profit sharing contribution to the Plan on behalf of Qualifying Participants based on a discretionary formula that is determined from year to year. The employer profit sharing contributions are allocated to the individual accounts of qualifying participants based on a pro-rata formula in the ratio that each qualifying participant’s compensation for the plan year bears to the total compensation of all qualifying participants for the plan year. For the year ended December 31, 2024 total employer contributions to the Plan were \$498,542.

All participant and employer contributions are subject to the limitations specified by the Plan and the Internal Revenue Code and Regulations.

**(c) Participant accounts**

Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s profit sharing contributions, (b) Plan earnings, and (c) forfeitures of employer profit sharing contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Notes to the Financial Statements

December 31, 2024 and 2023

**(1) Description of Plan (Continued)**

**(d) Vesting**

Participants are vested immediately in their contributions and the portion of their individual account derived from matching contributions. Participants are vested in the company's profit sharing contributions plus actual earnings thereon based on the following schedule:

<b>Years of Vesting Service</b>	<b>Vesting Percentage</b>
Less than One	100%
1	100%
2	100%
3	100%
4	100%
5	100%
6	100%

**(e) Notes Receivable From Participants**

Participants may borrow a minimum of \$1,000 up to a maximum of \$50,000 minus the highest outstanding loan balance in the previous 12 months. Interest on the loans is at prime rate plus 1%. Loans are repayable over a term of up to four and a half years unless the purpose of the loan is to acquire a primary residence. Primary home loans are repayable over a terms of up to ten years. Participants' notes are collateralized by no more than 47.5% of the participant's vested account balance in the Plan. At December 31, 2024, the loans earned interest rate at a rate of 9 - 9.50% and maturities ranged from 2025-2029. As of December 31, 2024, all loans are considered collectible.

**(f) Retirement, Death, and Disability**

A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

**(g) Payment and Benefits**

Distributions of a participant's pre-tax account are made upon retirement from the Company, in cases of financial hardship, termination of service from the Company, death, or permanent or total disability. The normal retirement age, as defined by the Plan, is the date at which participants reach the age of 65. Participants still employed who have reached the age of 59½ are eligible to withdraw all or a portion of their vested account. If a participant terminates before retirement, the participant will receive either a lump-sum payment of his or her account balance or, if the account exceeds \$5,000, the participant may elect any distribution date up to age 70½. The period may not extend beyond the life expectancy of the participant or the joint life expectancy of the participant and his beneficiary.

**(1) Description of Plan (Continued)**

**(h) Forfeitures**

Forfeited amounts will first be applied to the restoration of any forfeiture of former participants that have rejoined the Plan within five years of termination, under certain conditions. Any remaining amounts will then be used to reduce employer profit sharing contributions. The balances in forfeiture accounts at December 31, 2024 and 2023 was \$30,113 and \$37,193, respectively.

**(i) Administrative and Investment Management Expenses**

Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

**(j) Hardship Withdrawals**

Subject to certain limits set by the Plan, hardship withdrawals will be considered for participants for certain medical expenses, to pay the costs related to the purchase of a principal residence, payment of tuition and related educational fees for the next twelve months of post-secondary education, and payments to prevent eviction from a principal residence. Hardship withdrawals may be made once in a twelve-month period and will be paid as soon as practical following the receipt of all information necessary to make payment. Participants will be suspended from making Elective Contributions to this Plan or any other qualified or nonqualified plan(s) of their Employer for six months following the hardship withdrawal. The withdrawal may not exceed the amount necessary to meet the need but may include amounts necessary to pay federal, state or local income taxes and penalties resulting from the withdrawal. The withdrawal may be subject to both the additional 10% federal tax penalty described below and ordinary income tax.

Hardship withdrawals may be made only if there are no other resources available to meet the financial need, including loans from this Plan (if provided under the Plan) or any other plan(s) maintained by the Employer. Hardship withdrawals may not be rolled over to another qualified employer plan or an Individual Retirement Account.

**(2) Summary of Significant Accounting Policies**

**(a) Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**(b) Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in net assets and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to the Financial Statements

December 31, 2024 and 2023

**(2) Summary of Significant Accounting Policies (Continued)**

**(c) *Investment Valuation and Income Recognition***

The Plan's investments are reported at fair value based on the quoted market price of the fund, which represents the net asset value of shares held by the fund at year-end.

Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investment and unrealized appreciation or depreciation is recognized at period end when carrying values of the related investments are adjusted to their fair values. Purchases and sales of investments are recorded on a trade-date basis.

Earnings on investments, with the exception of participant notes, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. The portion of interest included in each note payment made by a participant is recognized as interest income in the participant's individual account. Participant loans are valued at their outstanding balances, which approximates fair value.

**(d) *Notes Receivable From Participants***

Participants' notes are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan agreement.

**(e) *Benefits Paid***

The Plan records benefit payments when paid.

**(f) *Risk and Uncertainties***

The Plan provides for various investment options in mutual funds and a collective trust fund. The underlying investment securities are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

**(g) *Concentration of Credit Risk***

Financial instruments which potentially subject the Plan to concentrations of credit risk consist of the Plan's investments. Management believes that the Trustee maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure of any particular investment.

**Hatalom Corporation**  
**401(k) Profit Sharing Plan and Trust**

Notes to the Financial Statements

December 31, 2024 and 2023

**(3) Fair Value Measurements**

FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements required under other accounting pronouncements, but does not change existing guidance as to whether or not an instrument is carried at fair value. The fair value of the Plan's financial instruments is based on the closing market prices of the instruments when applicable, or alternatively, valuations utilizing market data and other observable inputs, inclusive of the risk of nonperformance. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described as follows:

**Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023:

*Mutual Funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to the Financial Statements

December 31, 2024 and 2023

**(3) Fair Value Measurements (Continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 3,626,322	\$ -	\$ -	\$ 3,626,322
Money market fund	20,150	-	-	20,150

Total investments at fair value	\$ 2,358,946	\$ -	\$ -	\$ 2,358,946

**(4) Certification of Investment Information**

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023; net depreciation in fair value of the investments and interest and dividends for the year ended December 31, 2024, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Mid Atlantic Trust Company, the trustee of the Plan.

**(5) Tax Status**

The Company has adopted Paychex Inc Non-Standardized Pre-Approved Profit Sharing Plan that received a favorable opinion letter from the Internal Revenue Service dated August 31, 2020. The Company and its counsel believe the Plan is designed and currently being operated in compliance with the IRC and that, therefore, the Plan is tax exempt.

**(6) Plan Termination**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

**(7) Party-In-Interest**

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses, including audit fees, are paid directly

## Independent Auditors' Report

To the Participants and Administrative Committee  
Hatalom Corporation 401(k) Profit Sharing Plan and Trust:

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Hatalom Corporation 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hatalom Corporation 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hatalom Corporation 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hatalom Corporation 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hatalom Corporation 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hatalom Corporation 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter — Supplemental Schedules Required by ERISA***

The supplemental Schedule of Assets (Held at Year End) for the year ended December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**401(k) Profit Sharing Plan and Trust**

Notes to the Financial Statements

December 31, 2024 and 2023

**(1) Description of Plan**

The following description of the Hatalom Corporation 401(k) Profit Sharing Plan and Trust (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**(a) General**

The Plan was originally established July 1, 2018 and was amended and restated effective January 1, 2024. The Plan is a defined contribution plan and covers all persons employed by Hatalom Corporation (the “Company”). All employees are eligible to participate in the Plan as of their date of hire, with no age or service requirements for eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**(b) Contributions**

Each year, participants may elect to make before-tax or roth contributions up to limits established by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as permitted by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“rollover contributions”). Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions are transferred to the Plan throughout the year.

The employer may make matching contributions to eligible employees equal to 100% of participant’s elective deferrals not to exceed 5% of participant’s qualified compensation. Additionally, the Employer may at Plan Year end make profit sharing contribution to the Plan on behalf of Qualifying Participants based on a discretionary formula that is determined from year to year. The employer profit sharing contributions are allocated to the individual accounts of qualifying participants based on a pro-rata formula in the ratio that each qualifying participant’s compensation for the plan year bears to the total compensation of all qualifying participants for the plan year. For the year ended December 31, 2024 total employer contributions to the Plan were \$498,542.

All participant and employer contributions are subject to the limitations specified by the Plan and the Internal Revenue Code and Regulations.

**(c) Participant accounts**

Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s profit sharing contributions, (b) Plan earnings, and (c) forfeitures of employer profit sharing contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

**(1) Description of Plan (Continued)**

**(d) Vesting**

Participants are vested immediately in their contributions and the portion of their individual account derived from matching contributions. Participants are vested in the company's profit sharing contributions plus actual earnings thereon based on the following schedule:

<b>Years of Vesting Service</b>	<b>Vesting Percentage</b>
Less than One	100%
1	100%
2	100%
3	100%
4	100%
5	100%
6	100%

**(e) Notes Receivable From Participants**

Participants may borrow a minimum of \$1,000 up to a maximum of \$50,000 minus the highest outstanding loan balance in the previous 12 months. Interest on the loans is at prime rate plus 1%. Loans are repayable over a term of up to four and a half years unless the purpose of the loan is to acquire a primary residence. Primary home loans are repayable over a terms of up to ten years. Participants' notes are collateralized by no more than 47.5% of the participant's vested account balance in the Plan. At December 31, 2024, the loans earned interest rate at a rate of 9 - 9.50% and maturities ranged from 2025-2029. As of December 31, 2024, all loans are considered collectible.

**(f) Retirement, Death, and Disability**

A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

**(g) Payment and Benefits**

Distributions of a participant's pre-tax account are made upon retirement from the Company, in cases of financial hardship, termination of service from the Company, death, or permanent or total disability. The normal retirement age, as defined by the Plan, is the date at which participants reach the age of 65. Participants still employed who have reached the age of 59½ are eligible to withdraw all or a portion of their vested account. If a participant terminates before retirement, the participant will receive either a lump-sum payment of his or her account balance or, if the account exceeds \$5,000, the participant may elect any distribution date up to age 70½. The period may not extend beyond the life expectancy of the participant or the joint life expectancy of the participant and his beneficiary.

**(1) Description of Plan (Continued)**

**(h) Forfeitures**

Forfeited amounts will first be applied to the restoration of any forfeiture of former participants that have rejoined the Plan within five years of termination, under certain conditions. Any remaining amounts will then be used to reduce employer profit sharing contributions. The balances in forfeiture accounts at December 31, 2024 and 2023 was \$30,113 and \$37,193, respectively.

**(i) Administrative and Investment Management Expenses**

Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

**(j) Hardship Withdrawals**

Subject to certain limits set by the Plan, hardship withdrawals will be considered for participants for certain medical expenses, to pay the costs related to the purchase of a principal residence, payment of tuition and related educational fees for the next twelve months of post-secondary education, and payments to prevent eviction from a principal residence. Hardship withdrawals may be made once in a twelve-month period and will be paid as soon as practical following the receipt of all information necessary to make payment. Participants will be suspended from making Elective Contributions to this Plan or any other qualified or nonqualified plan(s) of their Employer for six months following the hardship withdrawal. The withdrawal may not exceed the amount necessary to meet the need but may include amounts necessary to pay federal, state or local income taxes and penalties resulting from the withdrawal. The withdrawal may be subject to both the additional 10% federal tax penalty described below and ordinary income tax.

Hardship withdrawals may be made only if there are no other resources available to meet the financial need, including loans from this Plan (if provided under the Plan) or any other plan(s) maintained by the Employer. Hardship withdrawals may not be rolled over to another qualified employer plan or an Individual Retirement Account.

**(2) Summary of Significant Accounting Policies**

**(a) Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**(b) Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in net assets and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

**(2) Summary of Significant Accounting Policies (Continued)**

**(c) *Investment Valuation and Income Recognition***

The Plan's investments are reported at fair value based on the quoted market price of the fund, which represents the net asset value of shares held by the fund at year-end.

Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investment and unrealized appreciation or depreciation is recognized at period end when carrying values of the related investments are adjusted to their fair values. Purchases and sales of investments are recorded on a trade-date basis.

Earnings on investments, with the exception of participant notes, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. The portion of interest included in each note payment made by a participant is recognized as interest income in the participant's individual account. Participant loans are valued at their outstanding balances, which approximates fair value.

**(d) *Notes Receivable From Participants***

Participants' notes are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan agreement.

**(e) *Benefits Paid***

The Plan records benefit payments when paid.

**(f) *Risk and Uncertainties***

The Plan provides for various investment options in mutual funds and a collective trust fund. The underlying investment securities are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

**(g) *Concentration of Credit Risk***

Financial instruments which potentially subject the Plan to concentrations of credit risk consist of the Plan's investments. Management believes that the Trustee maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure of any particular investment.

**(3) Fair Value Measurements**

FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements required under other accounting pronouncements, but does not change existing guidance as to whether or not an instrument is carried at fair value. The fair value of the Plan's financial instruments is based on the closing market prices of the instruments when applicable, or alternatively, valuations utilizing market data and other observable inputs, inclusive of the risk of nonperformance. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described as follows:

**Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023:

*Mutual Funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total investments at fair value	\$ 2,358,946	\$ -	\$ -	\$ 2,358,946

**(4) Certification of Investment Information**

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023; net depreciation in fair value of the investments and interest and dividends for the year ended December 31, 2024, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Mid Atlantic Trust Company, the trustee of the Plan.

**(5) Tax Status**

The Company has adopted Paychex Inc Non-Standardized Pre-Approved Profit Sharing Plan that received a favorable opinion letter from the Internal Revenue Service dated August 31, 2020. The Company and its counsel believe the Plan is designed and currently being operated in compliance with the IRC and that, therefore, the Plan is tax exempt.

**(6) Plan Termination**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

**(7) Party-In-Interest**

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses, including audit fees, are paid directly
