INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Roofers Local No 58 Supplemental Benefit Plan
Seattle, Washington

Opinion on the Financial Statements

We have audited the accompanying financial statements of Roofers Local No 58 Supplemental Benefit Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could

reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules of Assets (Held at End of Year) and Delinquent Participant Contributions as of and for the year ended December 31, 2024, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ROOFERS NO. 58 SUPPLEMENTAL BENEFIT PLAN

Notes to Financial Statements

December 31, 2024

Note 1 - Background Information and Description of Plan

The following description of the Roofers Local No 58 Supplemental Benefit Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General

The Plan was established May 1, 1983. The Plan is a defined contribution plan covering all eligible employees whose employer is a member of the United Union of Roofers, Waterproofers and Allied Workers Local Union No. 58 (Roofers Local No. 58). With an express written consent of the trustees, the Plan can also cover other (non-bargaining unit) employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the trustees of the Plan, and they are responsible for the oversight of the Plan. The trustees determine the appropriateness of the Plan's investments and monitor the investment performance.

Eligibility

The Plan covers eligible employees of employers who have executed collective bargaining agreements with United Union of Roofers, Waterproofers and Allied Workers Local Union No. 58. An employee must complete at least 1,000 hours of covered employment in no more than two consecutive Plan years in order to begin to participate in the employer contribution of the Plan.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Contributions are subject to certain Internal Revenue Service (IRS) limitations.

For each hour of covered employment that is worked by an employee, a fixed rate contribution is to be made by the employer on behalf of that employee. The contribution rate is governed by a collective bargaining agreement for bargaining unit employees. The employer contribution rate ranged from \$0.12 to \$0.25 per hour for the year ended December 31, 2024.

The contribution rate for non-bargaining unit employees is subject to the discretion of the trustees of the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, any participant rollovers, the employer's contribution, Plan earnings or losses, and charged with an allocation of administrative. Allocations to the participant accounts are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ROOFERS NO. 58 SUPPLEMENTAL BENEFIT PLAN

Notes to Financial Statements

December 31, 2024

Vesting

Participants are immediately vested in their contribution sources, plus actual earnings thereon. Participants shall be 100% vested in the employer contributions upon the completion of 1,000 hours of covered employment in no more than two consecutive Plan years.

Forfeited Accounts

During the years ended December 31, 2024 and 2023, administrative expenses that were allocated to participants' accounts were reduced from forfeited non-vested accounts by \$3,406 and \$8,145, respectively.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive the value of their vested balance in a lump-sum if the amount is \$5,000 or less, or in the form of an annuity or a lump sum if more than \$5,000. For termination of service due to other reasons, a participant shall complete a 6-month waiting period during which he or she does not perform any work for which contributions are required before benefit payments in the form of a lump sum can be paid. Participants may also elect to have their benefit distribution be rolled over to an eligible retirement plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The maximum loan term is five years, unless the loan is for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest are paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions

Contributions from participants are recorded in the period in which they are withheld from the participant's compensation. Matching contributions from the Company are recorded in the period in which the related participant contributions are recorded. Profit-sharing contributions, if any, are recorded in the period related to which they are declared.

Notes to Financial Statements

December 31, 2024

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation of investments represents the change in fair value of assets from one period to the next and includes realized and unrealized gains and losses on investments.

Administrative Expenses

As provided in the Plan document, all administrative expenses are paid by the Plan.

Benefit Payments

Benefits are recorded when paid.

Note 3 - Fair Value Measurements

Financial Accounting Standards Board *Accounting Standards Codification 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

December 31, 2024

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the assets of the Plan measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

Certificate of Deposit: The fair value of the certificate of deposit is based on amortized cost or original cost plus accrued interest.

103-12 Investment Entity: Valued based on NAV of units (or equivalents), which is based on the estimated fair value of the underlying assets of the Plan at year-end as determined in good faith by the fund manager. The NAV, as provided by the fund manager, is issued as a practical expedient to estimate fair value.

Due to the inherent uncertainty associated with the valuation of the mortgage income fund and real estate equity fund, the estimated fair values may differ significantly from values that would have been used had an observable market existed. The fair value of the mortgage income fund and real estate equity fund at December 31, 2024 and 2023, have been estimated by the Board of Trustees in the absence of observable fair value inputs. The Trustees' estimates are based on the information provided by the fund manager. There were no restrictions on the Plan's ability to liquidate the 103-12 investment entities and the Plan was able to transact at the NAV price at December 31, 2024 and 2023.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurement at December 31, 2024

Notes to Financial Statements

December 31, 2024

*Certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the Plan administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 5 - Related Party and Party-In-Interest Transactions

The Plan pays expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

Note 6 - Tax Status

The Plan document has received its latest determination letter dated March 6, 2015. In this letter, the IRS has determined and informed the Plan's trustees that the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note 7 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Concentration of Employer Contributions

One employer contributed approximately 91% of the total employer contributions for the year ended December 31, 2024.

Note 9 - Nonexempt Transactions

During 2024, certain employers failed to remit employee 401(k) deferral contributions for certain payroll periods within the time frame prescribed by the Department of Labor. These are deemed prohibited transactions in accordance with ERISA and the IRC.
