To the Plan Administrator and Participants
Dominion Group 401(K) Plan
Knoxville, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the accompanying financial statements of Dominion Group 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dominion Group 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dominion Group 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dominion Group 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dominion Group 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, as shown in the Table of Contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Dominion Group 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2020, and is a defined contribution plan for Dominion Development Group, LLC (the "Plan Sponsor"), and its affiliates, and other entities as follows:

Dominion Management Group, LLC	Dominion Louisville, LLC
Dominion Florence, LLC	Dominion Clemson, LLC
Dominion Richmond, LLC	Dominion Louisville II, LLC
Dominion Maryville, LLC	Dominion Hixson II, LLC
Dominion Crossville, LLC	Dominion Johnson City II, LLC
Dominion Hixson, LLC	Dominion Clemson II, LLC
Dominion Bristol, LLC	Dominion Senior Living, LLC
Dominion Athens, LLC	Dominion Wellsprings Johnson City, LLC
Dominion Frankfurt, LLC	Dominion Wellsprings Sevierville, LLC
Dominion Anderson, LLC	BCA Construction

Collectively, Dominion Development Group, LLC and its above-referenced affiliates and adopting employers/ entities are hereinafter referred to as the "Employers". The Plan has entered into a trust agreement with Reliance Trust Company ("RTC") (the "Trustee") and appointed this company as a Trustee of the plan assets. RTC holds the Plan's assets and uses Transamerica Retirement Solutions, LLC ("Transamerica") to provide recordkeeping services. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA") of 1974, as amended.

Eligibility

The Plan covers employees who have met certain eligibility requirements defined by employers. A hired employee can become eligible to enroll in the Plan following attainment of one year of service. Additionally, enrollment eligibility includes the employee being at least 21 years of age, a non-leased employee, and classification of management. Additionally, enrollment in the Plan can occur as soon as the first day of the calendar year or the first day of the seventh calendar month following their attainment of the respective days of service.

Contributions

Each year, participants may contribute a percentage of their annual pre-tax compensation, as defined in the Plan, subject to the limitations provided by the Internal Revenue Code ("IRC"), which was \$23,000 for those who were under age 50 in 2024 and \$22,500 in 2023. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers multiple pooled separate accounts and a general account through the Plan's group annuity contract with Transamerica.

The Employers provide a matching contribution equal to 100% of participants' elective deferrals that do not exceed 3% of total compensation plus 50% of salary deferrals between 3% and 5% of compensation.

The Employers may, at their discretion, make profit-sharing contributions. No such contributions were made for the years ended December 31, 2024 and 2023.

Dominion Group 401(K) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employers' matching contribution, (b) the Employers' profit-sharing contribution, and (c) Plan earnings, and charged with an allocation of administrative expenses not paid by the Employers, withdrawals, and an allocation of Plan losses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer match contributions to the Plan plus actual earnings. Participants vest over a six-year period in the Company's profit-sharing contributions. The Employers' profit-sharing contributions become 100 percent vested upon normal retirement or termination of employment due to death or disability.

Payment of Benefits

A participant may elect to take distributions from the Plan in accordance with regulations set forth by the Internal Revenue Service ("IRS) and the plan documents.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$12,731 and \$12,403, respectively. These accounts are available to be used to pay Plan expenses or reduce future company contributions. No forfeitures were used during the year ending December 31, 2024.

Participant Notes Receivable

No loans are permitted under the plan document.

Administrative Expenses

The Employer may elect to pay the administrative expenses of the Plan. If not paid by the Employer, administrative expenses are required to be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of distributions and investment advisory service expenses are charged directly to the participant's account and are included in administrative expenses. All such costs and expenses will, unless allocable to the accounts of particular participants, be charged against the accounts of all participants on a pro-rata basis. Investment related expenses are included in net appreciation of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Dominion Group 401(K) Plan

Notes to Financial Statements

December 31, 2024 and 2023

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONCLUDED

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation of the fair value of mutual funds includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

In preparing the financial statements, the Plan administrator has evaluated subsequent events through the date of the audit report, which is the date the financial statements were available to be issued.

4. INVESTMENTS (UNAUDITED)

Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investment information for the years ended December 31, 2024 and 2023. All investment information disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodian.

5. TAX STATUS

The initial effective date of the Plan was January 1, 2020. Effective July 1, 2022, the Plan was amended and restated and adopted the ERISA Services, Inc. Non-Standardized Pre-Approved Profit Sharing Plan With CODA (the ERISA Services Plan"). The IRS determined and informed ERISA Services, Inc. ("ERISA Services") by a letter dated June 1, 2021, that the ERISA Services Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has not filed for its own determination letter and there were no significant changes to provisions of the Plan as a result of the restatement. Although the Plan has been amended since the pre-approved profit-sharing plan determination letter was issued the Plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust tax-exempt as of the financial statement date.

The Plan recognizes tax loss contingencies when it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated. The amount recognized would be subject to estimates and management's judgment with respect to the likely outcome of each uncertain tax position. Although the tax years ending December 31, 2021, through December 31, 2024, remain open for examination by various taxing authorities, it is management's opinion that no significant uncertain tax positions remain open at December 31, 2024.

Dominion Group 401(K) Plan

Notes to Financial Statements

December 31, 2024 and 2023

6. PARTIES-IN-INTEREST

Certain administrative functions are performed by officers or employees of the Employers. No such officer or employee receives compensation from the Plan. Costs incurred for audit, legal, and other administrative functions are paid by the Employers on behalf of the Plan. There were no financial transactions recorded between the Company and the Plan other than contributions made by the Company to the Plan. The Plan invests in funds managed by Transamerica. Transamerica acts as a contract holder and record keeper for those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from prohibited transactions rules. Reliance Trust Company serves as the trustee of the Plan; Transamerica Retirement Solutions, LLC serves as the recordkeeper of the Plan.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employers and the Plan Sponsor have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their company contributions.

8. RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with its investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles in the United States of America provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices: in active markets for identical investments (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting principles in the United States of America are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for investments measured at fair value on a recurring basis. There have been no changes in the methodology used as of December 31, 2024.

Dominion Group 401(K) Plan

Notes to Financial Statements

December 31, 2024 and 2023

10. FAIR VALUE MEASUREMENTS, CONCLUDED

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. All investments held by the Plan are mutual funds and are deemed to be actively traded and are classified as level 1.

General Account

The general account is part of a group annuity contract, which invests in stable value investment contracts. The contract value of the general account approximates fair value at December 31, 2024 and 2023.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the fair value hierarchy for the balances of the assets and liabilities of the Plan measured at fair value on a recurring basis as of:

	Investment Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment funds	\$ 3,157,843	\$ -	\$ -	\$ 3,157,843
General account	-	65,267	-	65,267
Total investments	<u>\$ 3,157,843</u>	<u>\$ 65,267</u>	<u>\$ -</u>	<u>\$ 3,223,110</u>

	Investment Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment funds	\$ 2,728,305	\$ -	\$ -	\$ 2,728,305
General account	-	55,214	-	55,214
Total investments	<u>\$ 2,728,305</u>	<u>\$ 55,214</u>	<u>\$ -</u>	<u>\$ 2,783,519</u>

11. GROUP ANNUITY CONTRACT

The Plan has entered into a group annuity contract with Transamerica, the recordkeeper of the Plan, called Transamerica Stable Value Core Option fund. The group annuity contract is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The contract is credited with earnings on the underlying investments and charged for participant withdrawals and administrative fees. The average yield on the general account was 1.58% and 1.18% for 2024 and 2023, respectively. The credited interest rate is set monthly.

12. RELATED PARTY TRANSACTIONS AND TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain administrative functions are performed by officers or employees of the Employers. No such officer or employee receives compensation from the Plan. Costs incurred for audit, legal, and other administrative functions are paid by the Employers on behalf of the Plan. There were no financial transactions recorded between the Company and the Plan other than contributions made by the Company to the Plan. The Plan invests in funds managed by Transamerica. Transamerica acts as a contract holder and record keeper for those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from prohibited transactions rules. Reliance Trust Company services as the trustee of the Plan; Transamerica Retirement Solutions, LLC serves as the recordkeeper of the Plan.
