Independent Auditors' Report

To the Participants and Plan Administrator of
Williams & Connolly LLP Profit Sharing Plan for Secretarial and Certain Other Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Williams & Connolly LLP Profit Sharing Plan for Secretarial and Certain Other Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Williams & Connolly LLP Profit Sharing Plan for Secretarial and Certain Other Employees' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Williams & Connolly LLP Profit Sharing Plan for Secretarial and Certain Other Employees and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Williams & Connolly LLP Profit Sharing Plan for Secretarial and Certain Other Employees' ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Williams & Connolly LLP Profit Sharing Plan for Secretarial and Certain Other Employees' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Williams & Connolly LLP Profit Sharing Plan for Secretarial and Certain Other Employees' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Williams & Connolly LLP Profit Sharing Plan for Secretarial and Certain Other Employees

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following description of the Williams & Connolly LLP Profit Sharing Plan for Secretarial and Certain Other Specified Employees (the Plan), as last amended and restated effective January 1, 2022, provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory, defined contribution plan that was created effectively July 1, 1994 to reward eligible employees for their loyal service, accumulate funds for their later years and provide funds for their beneficiaries in the event of death or disability. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan's Pension Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Secretarial and certain other specified employees and partners become participants on January 1 or July 1 following the date on which they complete two years of service as defined by the Plan. Nonpartner attorneys become participants upon promotion to partner, provided they have met the eligibility requirements. Long-term part-time employees who met eligibility requirements under the SECURE Act are also eligible to participate in the Plan.

Effective January 1, 2002, the Plan was converted from a money purchase pension plan to a profit sharing plan. The portion of each participant's individual account attributable to employer contributions for plan years prior to 2002 shall at all times remain subject to the distribution restrictions applicable to money purchase pension plans.

Master Trust

As of December 31, 2024 and 2023, and for the year ended December 31, 2024, the Plan's trustee was Charles Schwab Trust Bank (the Trustee). Williams & Connolly LLP (the Partnership) has a master trust arrangement (the Master Trust) with the Trustee for the investment of assets of the Plan along with the assets of three other retirement plans sponsored by the Partnership.

A participant may direct contributions into a variety of investment options available through the Master Trust.

Contributions

The Partnership may contribute 7.5% of each participant's compensation up to the social security wage base and 13.2% above that threshold up to maximum defined contribution plan limits as defined by the Internal Revenue Code (IRC). Additional amounts may be contributed by the Partnership as defined in the plan document. Contributions by the Partnership are discretionary on the part of the Partnership.

Vesting

Participants are 100% vested in the Plan. Each participant's account is credited with the allocations of (a) the Partnership's contributions and (b) the Plan's earnings based on participant account balances.

Notes to Financial Statements

December 31, 2024 and 2023

Payment of Benefits

Termination of employment, disability, hardship, attainment of age 59½, qualified birth or adoption, or termination of the Plan are causes for distribution of the value of each participant's account balance, as set forth in the plan document. The plan document contains automatic distribution provisions if a terminated participant's vested balance is less than \$7,000. If no method of distribution is specified by the participant, distributions of vested balances less than \$7,000 will be distributed to an individual retirement account designated by the plan administrator; however, distributions under \$1,000 will be paid out in the form of a cash lump sum payment.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments, held in the Master Trust, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian/trustee. See Note 3 for discussion of fair value measurements.

The Plan's interest in the investment gain (loss) of the Master Trust, in the accompanying Statement of Changes in Net Assets Available for Benefits includes the Plan's allocation of interest, dividends, net appreciation (depreciation), including the gains and losses on investments bought and sold as well as held during the year, and fees charged to the Master Trust, which are netted against or included with net appreciation (depreciation) in fair value of investments. These fees represent charges by the Trustee for services provided in connection with recordkeeping and investment management. Net unrealized appreciation (depreciation) in fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investments as of the beginning of the period or the cost of the investment if purchased during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

Transfers to or from Affiliated Plan

From time to time, employees may no longer meet the eligibility requirements of the Plan and become eligible to participate in another qualified plan sponsored by the Partnership or vice versa. These employees have their account balances transferred between the Plan and another qualified plan sponsored by the Partnership.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Administrative expenses, including investment advisory fees and accounting fees, are paid by the Partnership. Transaction expenses are paid by either the participant or the Plan.

Recent Regulatory Update

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory and certain optional provisions effective for the year ended December 31, 2024, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of the SECURE 2.0 Act did not have a material effect on the Plan's financial statements.

Subsequent Events

Subsequent events were evaluated through October 7, 2025, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Master Trust has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

December 31, 2024 and 2023

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Master Trust are deemed to be actively traded.

Investments measured at NAV: Consisting of common-collective trusts, valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Master Trust to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts: Consisting of investments in cash and interest-bearing cash, U.S. treasury notes, money market funds/cash equivalents, common stocks/exchange traded funds/unit investment trusts, mutual funds, corporate bonds/municipal bonds, convertible debt obligations and preferred stocks. Cash and interest-bearing cash are reported at carrying value, which approximates fair value. U.S. treasury notes are valued using pricing models maximizing the use of observable inputs for similar securities. Money market funds/cash equivalents are valued at the quoted NAV of shares held by the Master Trust at year end. Common stocks/exchange traded funds/unit investment trusts are valued at the closing price reported on the active markets on which the individual securities are traded. Corporate bonds/municipal bonds/convertible debt obligations are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. Preferred stocks are valued at the closing price reported on inactive markets on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, a summary of the investments in the Master Trust at fair value as of December 31, 2024 and 2023:

Master Trust Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total

4. Interest in Master Trust

At December 31, 2024 and 2023 and for the year ended December 31, 2024, the Plan's investments were held in the Master Trust, which was established for the investment of the assets of the Plan along with the assets of three other retirement plans sponsored by the Partnership. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by the Trustee.

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2024 and 2023, the Plan's undivided interest in the net assets of the Master Trust was approximately 11%. Total investment income (loss) (including net appreciation (depreciation) in the value of investments) and administrative expenses of the Master Trust are allocated to the individual plans based upon the amount of time the Plan's assets were invested in the Master Trust.

The following table presents the investments and other assets and liabilities of the Master Trust as of December 31, 2024 and 2023:

	Master Trust Balances 2024	Plan's Interest in Master Trust Balances 2024	Master Trust Balances 2023	Plan's Interest in Master Trust Balances 2023
Common collective trusts	\$ 358,964,750	\$ 40,630,197	\$ 326,970,872	\$ 37,666,432
Mutual funds	161,807,362	14,481,851	126,620,413	11,604,249
Self-directed brokerage accounts	103,758,294	13,288,895	105,824,316	13,608,556
Total	\$ 624,530,406	\$ 68,400,943	\$ 559,415,601	\$ 62,879,237

The following are net appreciation (depreciation) in the fair value of investments and investment income for the Master Trust for the year ended December 31, 2024:

	2024
Net appreciation (depreciation) in fair value of investments	\$ 50,869,623
Investment income (loss)	4,733,990
Total	\$ 55,603,613

5. Concentrations

As of December 31, 2024 and 2023, the Plan had investments of \$52,974,400 and \$48,612,416, respectively, that were concentrated in five funds.

6. Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023 and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, with the exception of \$3,572,858 and \$4,954,058 in self-directed brokerage accounts as of December 31, 2024 and 2023, respectively, within the Plan's interest in the Master Trust, and \$371,723 of investment income for the year ended December 31, 2024. Such information was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution.

7. Related-Party and Party in Interest Transactions

Certain of the Plan's investments are managed by an affiliate of the Trustee, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Master Trust for the investment manager services are included in Plan interest in the master trust investment gain (loss), as they are paid through revenue sharing, rather than a direct payment.

Certain administrative functions of the Plan are performed by officers or employees of the Partnership. No such officer or employee receives compensation from the Plan.

8. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Additionally, the Partnership reserves the right, by appropriate action, to amend the Plan. However, any such action will not deprive any participant, former employee or beneficiary under the Plan of any vested right he or she may have, except to the extent that laws or regulations may preclude such vesting in order to prevent discrimination in favor of officers, partners or highly compensated employees.

9. Tax Status

The IRS has determined and informed the Partnership by a letter dated February 5, 2018, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving this letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
