INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator
of the Taylor, Porter, Brooks & Phillips, L.L.P. Profit Sharing 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Taylor, Porter, Brooks & Phillips, L.L.P. Profit Sharing 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Taylor, Porter, Brooks & Phillips, L.L.P. Profit Sharing 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Taylor, Porter, Brooks & Phillips, L.L.P. Profit Sharing 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Taylor, Porter, Brooks & Phillips, L.L.P. Profit Sharing 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Taylor, Porter, Brooks & Phillips, L.L.P. Profit Sharing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Taylor, Porter, Brooks & Phillips, L.L.P. Profit Sharing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held for Investment Purposes as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TAYLOR, PORTER, BROOKS & PHILLIPS, L.L.P.
PROFIT SHARING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024

A: DESCRIPTION OF THE PLAN

The following description of the Taylor, Porter, Brooks & Phillips, L.L.P. Profit Sharing 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Taylor, Porter, Brooks & Phillips, L.L.P. ("Partnership") under the provision of Section 401(a) of the Internal Revenue Code for the benefit of eligible employees of the Partnership. The Partnership is a law firm with an office in Baton Rouge, Louisiana. All employees age twenty-one or older who have completed six months of employment are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan administrator is the executive committee of the Partnership. The Plan's assets were held and invested by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the Plan's trustees as of December 31, 2024 and 2023. Plan administration costs, except for those directly related to participant activity, were paid by the Partnership and are not reflected in these statements.

Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Rollover contributions of \$261,250 were received by the Plan in 2024.

Participants are allowed to make Roth elective deferrals to the Plan, up to 100% of compensation.

The Plan is a Safe Harbor Plan, and the Partnership is required to make a guaranteed non-elective contribution equal to 3% of compensation for each eligible participant for 2024.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participants' contributions and related employer contributions, if any. Participants may apportion their deposits between approved investment funds and can change their current investment mix as often as desired. The earnings or losses on their respective investments will be credited or charged to their account.

A: DESCRIPTION OF THE PLAN (Continued)

Plan administrative expenses, if any, are charged against a participant's account based on the investment services provided to that participant by the Trustee. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting

Participants are fully vested in participant and safe harbor contributions immediately.

Forfeitures

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$13,825 and \$13,002, respectively. There were no forfeiture used to reduce employer contributions for the 2024 plan year.

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum amount equal to the lesser of \$50,000 or 50% of the participant's non-forfeitable account balance.

Loan terms for all loans, other than loans made for the purpose of acquiring the principal residence of the participant, range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the WSJ Prime rate on the last business day of the month prior to the month in which the loan was issued, plus 1%. The interest rates on the Plan's participant notes varied between 4.25% and 9.50%. Principal and interest are paid ratably through monthly, semi-monthly or bi-weekly payroll deductions. At December 31, 2024 the Plan had two loans in default.

Notes Receivable from Participants - Defaulted

Defaulted loans are loans resulting from the failure of a participant to make the required loan repayments on an outstanding loan. These loans are considered a distribution to the participant for which a federal 1099 tax form is issued. If the participant is still active and the loan has been defaulted on, then the loan is categorized as a deemed distributed loan. Deemed distributed loans continue to be reflected in the participant loan balances, remain as outstanding loans for purposes of number of loans allowed, and are used in the loan availability calculation. Participants have the option of repaying a deemed distributed loan until the time of a distributable event, at which time the remaining outstanding loan balance is offset against the participant's account vested balance. Deemed distributed loans totaled \$1,564 and \$1,484 as of December 31, 2024 and 2023, respectively.

Payment of Benefits

Upon termination of service for any reason, participants may elect to receive a lump-sum amount equal to the value of the vested interest in their account.

Also, upon age 59 ½, a participant may elect to receive a payment from their account's vested interest.

A: DESCRIPTION OF THE PLAN (Continued)

Plan Termination

Although it has not expressed its intent to do so, the Partnership has the right at any time to terminate the Plan by giving the Trustee and Administrator written notice. Upon full termination, the Partnership would direct the distribution of Plan assets in cash or in property allocated to Participants' accounts or through purchase of an irrevocable nontransferable deferred commitment from an insurer. In the event of Plan termination, participants would become fully vested in their employer contributions.

B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses have been recorded as of December 31, 2024 or 2023.

Payment of Benefits

Benefits are recorded when paid.

C: FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy are described as follows:

- Level 1 – inputs are based upon unadjusted quoted prices for identical instruments traded in active markets.
- Level 2 – inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of assets or liabilities.
- Level 3 – inputs are generally unobservable and typically reflect management’s estimates of assumptions that market participants would use in pricing the assets or liabilities. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-ended funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Brokerage securities: Accounts primarily consist of registered investment companies, money market funds, and common stocks that are valued at quoted prices on the active market on which the securities are traded.

Variable annuities: Prices/unit values for variable annuity investment options are calculated daily by the annuity provider according to the methods described in the annuity contract.

Common collective trust: Valued at the NAV practical expedient.

C: FAIR VALUE MEASUREMENT(Continued)

The methods used to measure the fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

The following table presents the fair-value hierarchy levels of the Plan's financial assets and liabilities that are measured at fair value on a recurring basis at December 31, 2024 and 2023:

	Fair Value Measurements at Reporting Date Using			
	Fair Value	Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Unobservable Inputs (Level 3)

Total	<u>\$ 10,197,590</u>	<u>\$ 9,347,414</u>	<u>\$ -</u>	<u>\$ -</u>

(a) In accordance with GAAP, Investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

C: FAIR VALUE MEASUREMENT (Continued)

Net Asset Value (NAV) Per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

D: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Empower Trust Company, LLC, and Empower Annuity Insurance Company of America, Trustees of the Plan, hold the Plan's assets and executes transactions therein. Certain financial information appearing in the accompanying financial statements and supplemental information schedule is based on information provided by the Trustee, a qualified institution. That information, which has not been examined by independent accountants, includes all information pertaining to investments, notes receivable from participants, net appreciation (depreciation) in fair value of investments, interest income, and dividend income included in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the Trustee.

E: GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2018, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America (EAICA). EAICA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2024 and 2023, was \$589,541 and \$628,921, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.45%. Such interest rates are reviewed on a quarterly basis for resetting.

E: GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY
(Continued)

Certain events limit the Plan's ability to transact at contract value with EAICA. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

F: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were investments at contract value managed by Empower Annuity Insurance Company of America, the parent company of the Trustee of the Plan. As a result, these transactions qualify as party-in-interest transactions as defined by ERISA.

Additionally, participant loans are considered party-in-interest transactions. These transactions are not prohibited under ERISA and were conducted in accordance with the Plan's provisions and fiduciary standards.

G: TAX STATUS

The Internal Revenue Service (IRS) has determined in a letter dated March 31, 2014 that the volume submitter plan and related trust utilized by the Partnership are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status. The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

G: TAX STATUS (Continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

I: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of differences between the financial statements and Form 5500 at December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Investments per statements of net assets available for benefits	\$ 12,827,984	\$ 10,826,511
Adjustment for participant loans classified as investments on Form 5500	75,056	72,962
Adjustment for loans deemed distributed but ineligible for offset	(1,564)	(1,484)

Net increase in net assets available for benefits	\$ 2,006,050	
Adjustment for change in loans deemed distributed but ineligible for offset	<u>(80)</u>	
Net income per Form 5500	<u>\$ 2,005,970</u>	

J. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 3, 2025, which is the date the financial statements of the Plan were available to be issued.

We attempted to file the return on 10/15/2025 timely and received a rejection for an invalid attachment type. We then resubmitted same day, next day, and kept trying by modifying the pdf attachments to attempt to fix the issue. There are 3 pdf attachments, and it appears the accountant's opinion one was uploading by UltraTax without the proper name code. I called both UltraTax Support and the EFAST help desk to figure out and resolve the issue. Below is a record of my filing attempts. As a result, I respectfully request the late submission be accepted as timely filed and any late filing penalties be abated.

On 10/28, I spent over an hour on the phone with our tax software support, and he had to follow up via email. This was the email. Two plans were having this issue, and I made the pdf file revisions requested and confirmed it went through this morning so am now submitting this return as well.

Fix for Form Rejection – Attachment Naming Convention

 Morris, Jeff (Operations & Technology) <Jeffrey.Morris@thomsonreuters.com>
To: Wayne Dussel

Hi Wayne,

Upon second review. We may need to change the naming style of the attachment with no spaces (add hyphen or underscore between the words).

The filing was rejected because attachment names do not meet EFAST2 requirements. Spaces in file names are not allowed. Example: Financial Report 2024.PDF should be renamed to Financial_Report_2024.pdf

Required Naming Rules:

- Use letters, numbers, underscores, or hyphens only
- No spaces or special characters
- Under 49 characters
- Use .pdf extension (lowercase preferred)
- Do not encrypt or password-protect

After renaming, reattach files in UltraTax CS, regenerate the electronic file, and resubmit.

Reminder: Section 4.4 requires at least one valid electronic signature using User ID and PIN. Attachments such as Accountant's Opinion and signed Schedule MB/SB must be included as signed PDFs.
