Independent Auditor's Report

Participants and Investment Committee
First Eagle Investments 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the First Eagle Investments 401(k) Plan (f/k/a First Eagle Investment Management 401(k) Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

First Eagle Investments 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the First Eagle Investments 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Effective January 1, 2024, the Plan's name was changed from the First Eagle Investment Management 401(k) Retirement Savings Plan to the First Eagle Investments 401(k) Plan.

General: The Plan is a defined contribution plan covering substantially all eligible employees age 21 or older of First Eagle Investment Management, LLC (the Company or Plan Sponsor), and its wholly owned subsidiaries, First Eagle Alternative Credit LLC (FEAC), Napier Park Global Capital LP, Napier Park Global Capital (US) LP, and FE Administrative Services LLC (FEAS). Eligible employees are able to begin participating in the Plan on the later of their date of hire or attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to 80% of their annual compensation, as defined in the Plan, into the Plan as 401(k) or Roth contributions or a combination of both, up to an annual maximum of \$23,000 for the 2024 Plan year. Participants who will attain age 50 before the end of the plan year are eligible to make catch-up contributions, up to an annual maximum of \$7,500. Additionally, participants may also contribute up to an annual maximum of \$30,650 in After-Tax contributions. The annual after-tax limit is the annual additions limit for defined contributions plans (Internal Revenue Code Section 415(c)) less (a) the maximum elective deferral for the Plan year less (b) the maximum nonelective contributions for the Plan year less (c) the maximum matching contributions for the Plan year. Additionally, participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated investment option until changed by the participant; there are no escalating provisions. The Company may make discretionary matching contributions of 100% of participants' 401(k) and Roth deferrals up to a maximum of \$5,000 in any given year, subject to revision by the Company. During 2024, the Company made discretionary matching contributions of 100% of participants' 401(k) and Roth deferrals up to a maximum of \$5,000.

Additionally, the Company may make discretionary profit sharing contributions to the Plan at the end of the Plan year equal to 4% of eligible wages with a minimum of \$5,000 and limited to 3% of the maximum 401(a)(17) compensation in place for the applicable limitation year. Participants are eligible for discretionary profit sharing contributions if they are active employees at the end of the Plan year or if their employment terminates due to death or disability during the Plan year. Additionally, participants who retired during the Plan year but were actively employed prior to May 1, 2015, and did not participate in the Plan through a merger or acquisition, are eligible for discretionary profit sharing contributions. For the year ended December 31, 2024, the Company made \$2,953,472 and \$4,910,792 of discretionary matching contributions and discretionary profit sharing contributions, respectively; contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company discretionary matching contribution, if any, (b) the Company discretionary profit sharing contributions, if any, and (c) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. Transaction-based fees associated with optional services rendered are charged directly to the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

First Eagle Investments 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Investment options: Upon enrollment in the Plan, a participant may direct the investment of their contributions in any one or a combination of various registered investment companies, common/collective trusts or participant-directed brokerage accounts. Through a participant-directed brokerage account, participants may invest in registered investment companies and fixed income government and agency obligations. Participants may change their investment options at any time.

Vesting: Participants are immediately vested in their contributions and the Company's discretionary profit sharing contribution portion of their account, plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after two years of credited service, with no vesting prior thereto. To earn a year of service, a participant must be employed by the Company for a 12-month period. Participants whose employment is terminated due to death or disability are 100% vested in their account balances. Additionally, upon reaching normal retirement age, participants are 100% vested in their account balance.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may only have one note outstanding at any time. Note terms range from one to five years or up to 10 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest to be determined based on current interest rates charged by persons in the business of lending money for similar loans at the time the loan is made. Participants are charged a one-time fixed fee at the time the note is originated and may be charged a quarterly administration fee as described in the Plan document. Interest rates on participant notes outstanding at December 31, 2024, were between 5.25% and 10.50%, with maturity dates ranging from January 2025 to January 2035. Principal and interest are paid ratably through semimonthly payroll deductions.

Payment of benefits and withdrawals: On termination of service due to death, disability, attainment of age 59½, or retirement, a participant or their beneficiary may elect to receive either a lump-sum cash distribution or equal installments equal to the value of the participant's vested interest in their account or partial payments as requested from time to time by the participant. In-service distributions and hardship distributions are paid as a lump sum. A participant's account will be subject to mandatory distribution if their account balance at time of termination is less than \$7,000. Distributions will be made as a rollover or in cash, depending on the account balance.

Forfeited accounts: As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$98,352 and \$43,516, respectively. These amounts, if not used to pay administrative expenses, will be used to reduce the Company's contributions in future periods. Subsequent to December 31, 2024, the Plan used \$98,352 of forfeitures to reduce the Company's 2024 discretionary profit sharing contributions.

First Eagle Investments 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and the custodian. The Plan's management determines the hierarchy of the Plan's investments based on the framework for measuring fair value and by utilizing information provided by the Plan's investment advisor and investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest is reflected in interest on notes receivable from participants. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Contributions: Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation. In a year where there is a discretionary profit sharing contribution from the Company, such contribution is funded subsequent to the applicable plan year end but is recorded in the year in which the contribution pertains to.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Except for loan origination fees and quarterly administration fees associated with notes receivable from participants, administration expenses of the Plan are paid by the Plan as provided in the Plan document. Certain other administrative expenses are paid by the Company on behalf of the Plan, without reimbursement, and are excluded from these financial statements.

Notes to Financial Statements

Note 3. Information Certified or Provided by Charles Schwab Trust Bank (the Trustee)

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and income information for the year ended December 31, 2024, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Charles Schwab Trust Bank, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2024	2023
Investments, at fair value:		
Shares of registered investment companies	\$ 141,648,568	\$ 114,203,951
Units of common/collective trusts	57,950,744	47,115,940
Participant-directed retirement accounts	11,130,351	9,969,335
	<u>\$ 210,729,663</u>	<u>\$ 171,289,226</u>
Notes receivable from participants	<u>\$ 952,197</u>	<u>\$ 755,409</u>

Charles Schwab Trust Bank also certified the completeness and accuracy of \$20,075,296 of net appreciation in fair value of investments, \$6,628,827 of interest and dividends, as well as \$66,196 of interest income on notes receivable from participants for the year ended December 31, 2024.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

First Eagle Investments 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of common/collective trusts: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient in estimating fair value. The NAV is based on the fair value of the underlying investments comprising the trust, less its liabilities. The practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

Participant-directed retirement accounts: Accounts primarily consist of common stocks and open-end mutual funds that are valued on the basis of readily determinable market prices. Participant funds that are temporarily unallocated are held in interest-bearing accounts. The carrying amount of cash held in interest-bearing accounts approximates fair value due to the short maturity of those instruments.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 141,648,568	\$ -	\$ -	\$ 141,648,568
Participant-directed retirement accounts	11,130,351	-	-	11,130,351
Total assets in fair value hierarchy	<u>\$ 152,778,919</u>	<u>\$ -</u>	<u>\$ -</u>	<u>152,778,919</u>
Investments measured at NAV (a)				57,950,744
Investments, at fair value				<u>\$ 210,729,663</u>

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 114,203,951	\$ -	\$ -	\$ 114,203,951
Participant-directed retirement accounts	9,969,335	-	-	9,969,335
Total assets in fair value hierarchy	<u>\$ 124,173,286</u>	<u>\$ -</u>	<u>\$ -</u>	<u>124,173,286</u>
Investments measured at NAV (a)				47,115,940
Investments, at fair value				<u>\$ 171,289,226</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

First Eagle Investments 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table sets forth the fair value of investments in certain funds that calculate NAV per share (or its equivalent) as of December 31, 2024 and 2023:

Investment	2024	2023	Unfunded Commitment	Plan's Redemption Frequency	Plan's Redemption Notice Period
Units of common/collective trusts	<u>\$ 57,950,744</u>	<u>\$ 47,115,940</u>	<u>\$ -</u>	Immediate	12 Months

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. During the year ended December 31, 2024, there were no transfers in and out of Level 3.

Note 5. Related-Party Transactions and Party-in-Interest Transactions

The Plan invests in certain registered investment companies, which are held in the participant-directed retirement accounts, that are issued by Charles Schwab & Co., Inc., an affiliate of Charles Schwab Trust Bank, the trustee of the Plan. The Plan also invests in registered investment companies issued by FEF Distributors, LLC, an affiliate of the Plan Sponsor. Therefore, these transactions qualify as party-in-interest and related-party transactions. During the year ended December 31, 2024, the Plan made a direct payment to an affiliate of the trustee of the Plan, the record keeper, in the amount of \$3,020. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Certain employees of the Company provide administrative services to the Plan and neither the Company nor the employees receive reimbursement from the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note 7. Tax Status

The Plan adopted a nonstandardized form of a prototype plan sponsored by Schwab Retirement Plan Services, Inc. as a result of an opinion letter received from the Internal Revenue Service dated September 21, 2020, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan has been amended since the date of the opinion letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

First Eagle Investments 401(k) Plan

Notes to Financial Statements

Note 7. Tax Status (Continued)

U.S. GAAP requires Plan management to evaluate the Plan's tax positions and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2024 and 2023:

	2024	2023
