## INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of  
Page Southerland Page 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Page Southerland Page 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Plan Management for the Financial Statements**

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect plan management's responsibility for the financial statements.

In preparing the financial statements, plan management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Plan management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

**Other Matter - Supplemental Information Required by ERISA**

The supplemental information as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of Page Southerland Page 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

Plan Restatement

Effective January 1, 2023, the plan document was amended and restated. As such, the financial statements reflect the provisions under the restated plan document.

General

The Plan is a defined contribution plan covering all employees of Page Southerland Page, Inc. (the “Company”) who are age 21 or older. Employees are eligible to participate in the Plan the first day of the month coinciding with or next following the date in which an employee meets the eligibility requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Administrative Committee is responsible for oversight of the Plan.

Effective January 1, 2023, the assets of the Plan were transferred from State Street Bank and Trust Company (“State Street”) to Charles Schwab & Co. Inc. (“Charles Schwab”).

Effective January 1, 2023, the Page Southerland Page, Inc. 401(k) Plan No. 4 (the “PSP Inc. 401(k) Plan”) was merged with the Plan. The assets of the Page Inc. Plan assets were transferred from Principal Trust Company (“Principal”) to Charles Schwab.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at six percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company’s matching contribution is discretionary and determined annually by the Board of Directors. The Company matched 25 percent of participant contributions for the year ended December 31, 2024. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Company’s matching contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions and the Company’s matching contribution portion of their accounts, plus actual earnings thereon.

### Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 less the participant's highest outstanding loan balance during the past year or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by plan management. Principal and interest are paid ratably through payroll deductions. A participant may have only one outstanding loan at any time.

### Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, installments for a set time period, for a set amount, or for a lifetime, or partial non-periodic payments. Participants whose vested balance is less than \$5,000 are subject to mandatory cash out provisions as defined by the plan document. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

### Forfeited Accounts

As of December 31, 2024 and 2023, forfeited non-vested accounts total \$92,884 and \$64,730, respectively. These accounts will first be used to offset plan expenses and then to reduce future employer contributions. During the year ended December 31, 2024, \$50,598 in forfeitures were used to reduce plan expenses.

### Corrective Distributions

Amounts distributed to participants to correct failed nondiscrimination testing are recorded as corrective distributions when paid.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

### Payment of Benefits

Benefits are recorded when paid.

### Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payment of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

### Concentrations

The following table presents assets that represent ten percent or more of the Plan's net assets available for benefits as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Vanguard Target Retirement 2035	\$ 27,618,372	\$ 21,250,725

### 3. TAX STATUS

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, plan management and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financial statements any potential impact to the Plan, and recognize a tax liability at the Company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Charles Schwab, the custodian of the Plan, certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate as of December 31, 2024 and 2023, and for the year ended December 31, 2024.

	<u>2024</u>	<u>2023</u>
Investments at fair value	\$ 240,190,384	\$ 198,377,043
Notes receivable from participants	\$ 1,485,319	\$ 1,175,358
Net appreciation in fair value of investments	\$ 26,681,403	
Dividends	\$ 1,802,716	
Interest	\$ 7,036	
Interest income on notes receivable from participants	\$ 78,938	

## 5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standard Board (“FASB”) Accounting Standard Update (“ASU”) 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies: Valued at the daily closing price as reported by the fund house, investment provider or secondary pricing source. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Valued at the daily closing price reported on the active market on which the investments are traded.

Common collective trusts (“CCTs”): Valued at the NAV provided by the fund house or other investment provider of the respective CCTs. The NAV is calculated daily and is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. While the CCTs are not publicly traded, the underlying assets are actively traded, and pricing information is accessible to Plan participants.

Stable value fund (“SVF”): Valued at the NAV of units of a bank collective trust. The NAV is calculated daily and is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value.

Interest bearing cash: Valued daily based on the face value and the stated rate disclosed in the contract.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023.

Investments at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total

Investments measured at NAV				<u>6,927,916</u>
Total				<u>\$ 198,377,043</u>

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2024 and 2023,. There are no participant redemption restrictions for the investments; the redemption notice period is applicable only to the Plan.

	Fair Value as of December 31, 2024	Fair Value as of December 31, 2023	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Galliard - SVF	\$ 5,349,714	\$ 6,927,916	None	Daily	12-month

## 6. SELF-DIRECTED BROKERAGE ACCOUNTS

The plan document allows participants of the plan to invest their retirement funds in self-directed brokerage accounts. The fair value of investments in self-directed brokerage accounts totals \$10,083,519 and \$5,997,662 as of December 31, 2024 and 2023, respectively. Net appreciation in fair value of the self-directed brokerage accounts totals \$1,552,676 for the year ended December 31, 2024, and is included in net appreciation in fair value of investments on the accompanying Statement of Changes in Net Assets Available for Benefits.

## 7. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Plan investments are held by Charles Schwab. Charles Schwab is the custodian and recordkeeper as defined in the Plan and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for custodial and recordkeeper services are included in net appreciation in fair value of investments and administrative expenses.

Investment management services are provided by Fiducient Advisors (“Fiducient”). Fiducient is the Plan’s investment advisor and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for these services are included in administrative expenses.

The Plan is subject to an annual audit in order to remain in compliance with ERISA regulations. HM&M Group, LLC is the plan auditor and, therefore, this transaction qualifies as a party-in-interest transaction which is exempt from the prohibited transaction rules. Fees incurred by the Plan for the audit are included in administrative expenses.

## 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. See Note 10 for further discussion.

## 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

## 10. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through July 30, 2025, the date the financial statements were available to be issued.

The Plan will merge with Stantec 401(k) Plan effective August 30, 2025, with Merrill as the new custodian and recordkeeper.
