INDEPENDENT AUDITOR'S REPORT

To the Bunge U.S. Retirement Plans Committee
and the Plan Administrator of the
Bunge Retirement Savings Plan

Opinion

We have audited the accompanying financial statements of the Bunge Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Bunge Retirement Savings Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Bunge Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bunge Retirement Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bunge Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bunge Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BUNGE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

The Bunge Retirement Savings Plan (the "Plan") was established on January 1, 1971. On January 1, 2004, the Plan was amended to include participants from the Bunge Management Services Inc. Savings Plan, the Central Soya and Affiliates Thrift Savings Plan, and the non-union participants from the Bunge North America, Inc. Savings Plan.

On November 1, 2023, Bunge Global SA completed the change of jurisdiction of incorporation of its group holding company from Bermuda to Switzerland (the "Redomestication"). The Redomestication, as approved by Bunge shareholders, was effected pursuant to a scheme of arrangement under Bermuda law. Each common share of Bunge Limited, par value \$0.01 per share, was cancelled in exchange for an equal number of registered shares of Bunge Global SA, par value \$0.01 per share (the "registered shares"). The registered shares began trading on the New York Stock Exchange under the symbol "BG" on November 1, 2023, which is the same symbol under which the Bunge Limited shares were previously traded. References in this Report on Form 11-K to "shares" refer to Bunge Limited common shares prior to the Redomestication and to Bunge Global SA registered shares after the Redomestication, unless otherwise specified. The Redomestication did not have an impact on the Plan or the accompanying financial statements of the Plan.

Significant accounting policies followed by the Plan are as follows.

Basis of Accounting — The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition — The Plan's investment in the Bunge Defined Contribution Master Trust (the "Trust") is presented at fair value, which has been determined based on the fair value of the underlying investments of the Trust. The Trust's investments primarily include mutual funds, Bunge Global SA's shares, and self-directed brokerage accounts, whereby a participant may elect to invest the participant's transferable account balance in a variety of options including mutual funds, other common stock, and interest-bearing cash and cash equivalents that are stated at estimated fair value based on quoted market prices. Other investments are valued using pricing models maximizing the use of observable inputs for similar securities.

The collective trust funds consist of certain trust funds that are valued at the net asset value per share as determined by the issuer based on the underlying fair value of its net assets and of a stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust.

One of the investment options offered by the Plan, the MIP II Fund, is a collective trust that is fully invested in contracts deemed to be fully benefit-responsive. The Plan reports its investment in the MIP II Fund at fair value using the net asset value of the units held by the fund at year-end as a practical expedient. See *Note 11 - Investments Measured Using The Net Asset Value Per Share Practical Expedient*, for investments held by the Trust for which fair value is measured using the net asset value per share practical expedient.

Sales and purchases of investments are accounted for on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Earnings on investments are allocated to participants based on daily account balances. See *Note 9 - Fair Value Measurements* for discussion of fair value measurements.

Payment of Benefits — Benefit payments are recorded when paid.

BUNGE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

Administrative Expenses — Administrative expenses of the Plan are paid by the participants as provided in the Plan document. Certain expenses of maintaining the Plan are paid directly by Bunge North America, Inc. (the "Company") and are excluded from these financial statements.

Use of Estimates — The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, accompanying notes of the Plan financial statements, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan invests in the Trust, which holds various securities, primarily including mutual funds, Bunge Global SA's shares, collective trust funds, other common stock, and interest-bearing cash and cash equivalents that are stated at estimated fair valued based on quoted market prices. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Voluntary Compliance Resolution — The Company had late participant contributions for the Plan year ended December 31, 2023. The Company utilized the Department of Labor Voluntary Fiduciary Correction Program calculator to determine the lost earnings in the amount of \$946, and corrected the delinquent contributions in 2023.

Subsequent Events — In April 2025, Bunge entered into an agreement to sell substantially all of its corn milling business in North America to Grain Craft, LLC. The transaction is expected to close in mid-2025. Following the sale, assets of affected participants will be fully vested.

Effective January 1, 2025, the Plan was amended to include automatic enrollment for newly eligible employees at a deferral rate of 5% of eligible compensation.

The Plan has evaluated subsequent events through June 24, 2025, the date the financial statements were available to be issued.

2. PLAN DESCRIPTION

The Plan is a defined contribution plan designed to qualify under Section 401(k) of the Internal Revenue Code ("IRC"). The Bunge U.S. Retirement Plans Committee is responsible for administering the Plan in accordance with the Employee Retirement Income Securities Act of 1974 and Plan documents. The Investment Committee is charged with plan governance and responsible for monitoring Plan assets. The Company has appointed Fidelity Management Trust Company ("Fidelity") to serve as record keeper, administrator, and trustee of both the Plan and the Trust. The descriptions of Plan terms in the following notes to financial statements are provided for general information purposes only and are qualified in their entirety by reference to the Plan document. Participants should refer to the Plan document for a more complete description of the applicable provisions of the Plan. All non-union employees (except seasonal and temporary employees) employed by Bunge North America, Inc., EGT, LLC, Bunge SCF Grain, LLC, Bunge Loders Croklaan USA, LLC, and subsidiaries and affiliates of these entities which have adopted the Plan (collectively the "Employer Group") are immediately eligible to participate in the Plan. Individual accounts are maintained for each Plan participant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

3. CONTRIBUTIONS AND WITHDRAWALS

Contributions

Participants may contribute up to 50% of their eligible compensation as defined by the Plan document during the plan year on a pre-tax or Roth after-tax basis. As determined by the IRC's qualified retirement plan limits, the total amount which a participant could elect to contribute to the Plan on a pre-tax or Roth after-tax basis could not exceed \$23,000 in 2024 and \$22,500 in 2023. However, if a participant reached age 50 by December 31 of that year, they are able to contribute an additional \$7,500 in 2024 and 2023 in "catch up" contributions to the Plan on a pre-tax or Roth after-tax basis. Participants could also contribute regular after-tax contributions, up to an aggregate when combined with pre-tax and Roth after-tax contribution of 100% of compensation.

Each pay period, matching contributions are made in cash by the Employer Group. Participant contributions are matched at the rate of 100% of the first 3% and 50% of the next 2% of participant pre-tax or Roth after-tax contributions. Furthermore, all employees, regardless of hire or rehire date, are eligible to receive an additional contribution to the Plan from the Employer Group on behalf of the participant for an amount equal to 5% of the participant's compensation; provided that, in no event shall a participant be eligible to receive an allocation during any plan year in which the participant accrues a benefit under the Bunge U.S. Pension Plan.

Plan participants may select from a number of investment alternatives for their contributions. Investment choices include various mutual funds, self-directed brokerage accounts, whereby a participant may elect to invest in a variety of investment options, and the Bunge Common Stock Fund (subject to certain limits) (the "Bunge Fund"). The Bunge Fund pools a participant's money with that of other employees to buy shares of Bunge Global SA as well as short-term investments designed to allow participants to buy or sell without the usual trade settlement period for individual stock transactions. The value of the participant investment in the Bunge Fund will vary depending on the performance of Bunge Global SA, the overall stock market, and the performance and amount of short-term investments held by the Bunge Fund, less any expenses accrued against the Bunge Fund. All dividends and interest earned in the Bunge Fund are reinvested in the Bunge Fund. A participant's ownership in the Bunge Fund is measured in units of the Bunge Fund instead of shares.

Employer Group matching and fixed contributions are allocated to participants based upon the current contribution allocation among investment alternatives elected by the individual participant. Thereafter, employee and employer contributions may be reallocated by the participant among all investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan allows participants the option of making qualified (as defined by the Plan document and the IRC) rollover contributions into the Plan.

Vesting

Participants are vested immediately in their contributions and the Employer Group's matching contributions plus actual earnings thereon. Vesting in the Employer Group's 5% fixed contribution portion of their account is based on years of continuous services and participants are 100% vested after two years of credited service.

Nonvested forfeited accounts can be used to reduce future employer contributions or pay plan expenses. During the years ended December 31, 2024 and 2023, employer contributions were reduced by \$187,410 and \$211,626, respectively, and nonvested forfeited accounts remaining in Net Assets Available for Benefits as of December 31, 2024 and 2023 were \$354,670 and \$10,856, respectively.

BUNGE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

Withdrawals

A participant may withdraw all or any portion of their after-tax contribution account or rollover contribution account, including earnings, at any time and, in certain circumstances, vested pre-January 1, 2004 Employer Group contributions plus earnings. Vested Employer Group contributions plus earnings may only be withdrawn after all participant after-tax contributions plus earnings have been withdrawn. Participants may not withdraw pre-tax and Roth after-tax contributions except as provided for hardship withdrawals or age 59½ withdrawals permitted by the Plan. Following normal retirement or termination of employment, participants may withdraw their entire account balances in a lump sum or any other form of payment allowed by the Plan prior to April 1 following the calendar year in which the participant attains age 73. Participants with account balances less than or equal to \$7,000 upon retirement or termination must withdraw their entire account balances in a lump sum or any other form of payment allowed by the Plan on the date the participant terminates employment. Withdrawals by participants are recorded upon distribution.

4. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years with the exception of loans for the purchase of a primary residence which may have a longer term and participants can have no more than one loan outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with the prevailing interest rate charged on similar commercial loans by lending institutions as determined by the plan administrator. Loan payments, including interest due, are paid ratably through payroll deductions. As of December 31, 2024, participant loans bear interest rates of 3.75% to 9.00% and mature through October 2052. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent loans are recorded as distributions based on the terms of the Plan document. Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, participants will become 100% vested in their employer contributions.

6. FEDERAL INCOME TAX STATUS

The Plan obtained a determination letter from the Internal Revenue Service on August 15, 2022, stating that the Plan and related trust were designed and in compliance with the applicable sections of the IRC. Effective September 20, 2024, the Plan is placing reliance on an opinion letter from the Internal Revenue Service on the prototype plan indicating that the Plan is designed in accordance with the applicable section of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax exempt. Accordingly, no provision for income taxes has been recorded in the Plan's financial statements.

BUNGE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the state and federal taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain of the Trust's investments are in shares of funds offered by Fidelity. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA. Fees paid by the Plan were \$86,938 and \$98,604 for the years ended December 31, 2024 and 2023, respectively.

Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

The Plan allows for participants to invest in the Bunge Fund (subject to certain limits) which holds Bunge Global SA registered shares and short-term investments. Bunge Global SA is the parent company of the sponsoring Company. The Bunge Fund held 128,117 and 122,572 shares of Bunge Global SA at December 31, 2024 and 2023, respectively, of which 120,502 and 114,184 shares were allocated to the Plan at December 31, 2024 and 2023, respectively. During 2024 and 2023, the Plan recorded dividend income of \$316,075 and \$298,878, respectively, and net depreciation in fair value of \$2,687,582 and net appreciation in fair value of \$122,777, respectively, from Bunge shares.

8. INTEREST IN BUNGE DEFINED CONTRIBUTION MASTER TRUST

The Plan's investment assets are held in the Trust which was established for the investment of the combined assets of the Plan and other defined contribution plans sponsored by the Company. The assets of the Trust are held, managed, and administered by Fidelity pursuant to the terms of the Bunge Defined Contribution Master Trust. Investment income and administrative expenses relating to the Trust are allocated to the individual participants in the plans based upon individual participant activity. Each participating retirement plan has a divided interest in the Trust.

The Trust is required to maintain separate accounts reflecting the equitable share of each participating plan in the Trust. The Plan's equitable share of the Trust cannot be used for the payments of expenses or benefits allocable to any other participating plan.

At December 31, 2024 and 2023, the Plan's interest in the net assets of the Trust was approximately 93.6% and 93.5%, respectively.

9. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures* ("ASC 820"), establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements.

The various inputs that may be used to determine the value of the Plan's and Trust's investments are summarized in three broad levels. The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. There have been no changes in methodologies or investment levels during the years ended December 31, 2024 and 2023.

Level 1 — Quoted prices (unadjusted) in active markets for identical securities.

Level 2 — Other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.).

Level 3 — Significant unobservable inputs (including the fund's own assumptions used to determine the fair value of investments).

10. PLAN TRANSFERS

Certain Plan participants also had accounts in another defined contribution plan sponsored by the Company or a company within the same control group. In addition, if a change in a participant's employment classification occurs during a plan year (for example, transfer from union to non-union classification), the assets related to such participant would be transferred to the applicable plan within the control group for such participant's new employment status. Such transfer will be made within a reasonable period of time following the change in employment classification. Timing of those transfers may from time-to-time result in plan payables or receivables in the respective plans.

11. INVESTMENTS MEASURED USING THE NET ASSET VALUE PER SHARE PRACTICAL EXPEDIENT

The following table summarizes investments held by the Trust for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

INDEPENDENT AUDITOR'S REPORT

To the Bunge U.S. Retirement Plans Committee
and the Plan Administrator of the
Bunge Retirement Savings Plan

Opinion

We have audited the accompanying financial statements of the Bunge Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Bunge Retirement Savings Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Bunge Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bunge Retirement Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bunge Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bunge Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BUNGE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

The Bunge Retirement Savings Plan (the "Plan") was established on January 1, 1971. On January 1, 2004, the Plan was amended to include participants from the Bunge Management Services Inc. Savings Plan, the Central Soya and Affiliates Thrift Savings Plan, and the non-union participants from the Bunge North America, Inc. Savings Plan.

On November 1, 2023, Bunge Global SA completed the change of jurisdiction of incorporation of its group holding company from Bermuda to Switzerland (the "Redomestication"). The Redomestication, as approved by Bunge shareholders, was effected pursuant to a scheme of arrangement under Bermuda law. Each common share of Bunge Limited, par value \$0.01 per share, was cancelled in exchange for an equal number of registered shares of Bunge Global SA, par value \$0.01 per share (the "registered shares"). The registered shares began trading on the New York Stock Exchange under the symbol "BG" on November 1, 2023, which is the same symbol under which the Bunge Limited shares were previously traded. References in this Report on Form 11-K to "shares" refer to Bunge Limited common shares prior to the Redomestication and to Bunge Global SA registered shares after the Redomestication, unless otherwise specified. The Redomestication did not have an impact on the Plan or the accompanying financial statements of the Plan.

Significant accounting policies followed by the Plan are as follows.

Basis of Accounting — The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition — The Plan's investment in the Bunge Defined Contribution Master Trust (the "Trust") is presented at fair value, which has been determined based on the fair value of the underlying investments of the Trust. The Trust's investments primarily include mutual funds, Bunge Global SA's shares, and self-directed brokerage accounts, whereby a participant may elect to invest the participant's transferable account balance in a variety of options including mutual funds, other common stock, and interest-bearing cash and cash equivalents that are stated at estimated fair value based on quoted market prices. Other investments are valued using pricing models maximizing the use of observable inputs for similar securities.

The collective trust funds consist of certain trust funds that are valued at the net asset value per share as determined by the issuer based on the underlying fair value of its net assets and of a stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust.

One of the investment options offered by the Plan, the MIP II Fund, is a collective trust that is fully invested in contracts deemed to be fully benefit-responsive. The Plan reports its investment in the MIP II Fund at fair value using the net asset value of the units held by the fund at year-end as a practical expedient. See *Note 11 - Investments Measured Using The Net Asset Value Per Share Practical Expedient*, for investments held by the Trust for which fair value is measured using the net asset value per share practical expedient.

Sales and purchases of investments are accounted for on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Earnings on investments are allocated to participants based on daily account balances. See *Note 9 - Fair Value Measurements* for discussion of fair value measurements.

Payment of Benefits — Benefit payments are recorded when paid.

BUNGE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

Administrative Expenses — Administrative expenses of the Plan are paid by the participants as provided in the Plan document. Certain expenses of maintaining the Plan are paid directly by Bunge North America, Inc. (the "Company") and are excluded from these financial statements.

Use of Estimates — The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, accompanying notes of the Plan financial statements, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan invests in the Trust, which holds various securities, primarily including mutual funds, Bunge Global SA's shares, collective trust funds, other common stock, and interest-bearing cash and cash equivalents that are stated at estimated fair valued based on quoted market prices. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Voluntary Compliance Resolution — The Company had late participant contributions for the Plan year ended December 31, 2023. The Company utilized the Department of Labor Voluntary Fiduciary Correction Program calculator to determine the lost earnings in the amount of \$946, and corrected the delinquent contributions in 2023.

Subsequent Events — In April 2025, Bunge entered into an agreement to sell substantially all of its corn milling business in North America to Grain Craft, LLC. The transaction is expected to close in mid-2025. Following the sale, assets of affected participants will be fully vested.

Effective January 1, 2025, the Plan was amended to include automatic enrollment for newly eligible employees at a deferral rate of 5% of eligible compensation.

The Plan has evaluated subsequent events through June 24, 2025, the date the financial statements were available to be issued.

2. PLAN DESCRIPTION

The Plan is a defined contribution plan designed to qualify under Section 401(k) of the Internal Revenue Code ("IRC"). The Bunge U.S. Retirement Plans Committee is responsible for administering the Plan in accordance with the Employee Retirement Income Securities Act of 1974 and Plan documents. The Investment Committee is charged with plan governance and responsible for monitoring Plan assets. The Company has appointed Fidelity Management Trust Company ("Fidelity") to serve as record keeper, administrator, and trustee of both the Plan and the Trust. The descriptions of Plan terms in the following notes to financial statements are provided for general information purposes only and are qualified in their entirety by reference to the Plan document. Participants should refer to the Plan document for a more complete description of the applicable provisions of the Plan. All non-union employees (except seasonal and temporary employees) employed by Bunge North America, Inc., EGT, LLC, Bunge SCF Grain, LLC, Bunge Loders Croklaan USA, LLC, and subsidiaries and affiliates of these entities which have adopted the Plan (collectively the "Employer Group") are immediately eligible to participate in the Plan. Individual accounts are maintained for each Plan participant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

3. CONTRIBUTIONS AND WITHDRAWALS

Contributions

Participants may contribute up to 50% of their eligible compensation as defined by the Plan document during the plan year on a pre-tax or Roth after-tax basis. As determined by the IRC's qualified retirement plan limits, the total amount which a participant could elect to contribute to the Plan on a pre-tax or Roth after-tax basis could not exceed \$23,000 in 2024 and \$22,500 in 2023. However, if a participant reached age 50 by December 31 of that year, they are able to contribute an additional \$7,500 in 2024 and 2023 in "catch up" contributions to the Plan on a pre-tax or Roth after-tax basis. Participants could also contribute regular after-tax contributions, up to an aggregate when combined with pre-tax and Roth after-tax contribution of 100% of compensation.

Each pay period, matching contributions are made in cash by the Employer Group. Participant contributions are matched at the rate of 100% of the first 3% and 50% of the next 2% of participant pre-tax or Roth after-tax contributions. Furthermore, all employees, regardless of hire or rehire date, are eligible to receive an additional contribution to the Plan from the Employer Group on behalf of the participant for an amount equal to 5% of the participant's compensation; provided that, in no event shall a participant be eligible to receive an allocation during any plan year in which the participant accrues a benefit under the Bunge U.S. Pension Plan.

Plan participants may select from a number of investment alternatives for their contributions. Investment choices include various mutual funds, self-directed brokerage accounts, whereby a participant may elect to invest in a variety of investment options, and the Bunge Common Stock Fund (subject to certain limits) (the "Bunge Fund"). The Bunge Fund pools a participant's money with that of other employees to buy shares of Bunge Global SA as well as short-term investments designed to allow participants to buy or sell without the usual trade settlement period for individual stock transactions. The value of the participant investment in the Bunge Fund will vary depending on the performance of Bunge Global SA, the overall stock market, and the performance and amount of short-term investments held by the Bunge Fund, less any expenses accrued against the Bunge Fund. All dividends and interest earned in the Bunge Fund are reinvested in the Bunge Fund. A participant's ownership in the Bunge Fund is measured in units of the Bunge Fund instead of shares.

Employer Group matching and fixed contributions are allocated to participants based upon the current contribution allocation among investment alternatives elected by the individual participant. Thereafter, employee and employer contributions may be reallocated by the participant among all investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan allows participants the option of making qualified (as defined by the Plan document and the IRC) rollover contributions into the Plan.

Vesting

Participants are vested immediately in their contributions and the Employer Group's matching contributions plus actual earnings thereon. Vesting in the Employer Group's 5% fixed contribution portion of their account is based on years of continuous services and participants are 100% vested after two years of credited service.

Nonvested forfeited accounts can be used to reduce future employer contributions or pay plan expenses. During the years ended December 31, 2024 and 2023, employer contributions were reduced by \$187,410 and \$211,626, respectively, and nonvested forfeited accounts remaining in Net Assets Available for Benefits as of December 31, 2024 and 2023 were \$354,670 and \$10,856, respectively.

BUNGE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

Withdrawals

A participant may withdraw all or any portion of their after-tax contribution account or rollover contribution account, including earnings, at any time and, in certain circumstances, vested pre-January 1, 2004 Employer Group contributions plus earnings. Vested Employer Group contributions plus earnings may only be withdrawn after all participant after-tax contributions plus earnings have been withdrawn. Participants may not withdraw pre-tax and Roth after-tax contributions except as provided for hardship withdrawals or age 59½ withdrawals permitted by the Plan. Following normal retirement or termination of employment, participants may withdraw their entire account balances in a lump sum or any other form of payment allowed by the Plan prior to April 1 following the calendar year in which the participant attains age 73. Participants with account balances less than or equal to \$7,000 upon retirement or termination must withdraw their entire account balances in a lump sum or any other form of payment allowed by the Plan on the date the participant terminates employment. Withdrawals by participants are recorded upon distribution.

4. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years with the exception of loans for the purchase of a primary residence which may have a longer term and participants can have no more than one loan outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with the prevailing interest rate charged on similar commercial loans by lending institutions as determined by the plan administrator. Loan payments, including interest due, are paid ratably through payroll deductions. As of December 31, 2024, participant loans bear interest rates of 3.75% to 9.00% and mature through October 2052. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent loans are recorded as distributions based on the terms of the Plan document. Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, participants will become 100% vested in their employer contributions.

6. FEDERAL INCOME TAX STATUS

The Plan obtained a determination letter from the Internal Revenue Service on August 15, 2022, stating that the Plan and related trust were designed and in compliance with the applicable sections of the IRC. Effective September 20, 2024, the Plan is placing reliance on an opinion letter from the Internal Revenue Service on the prototype plan indicating that the Plan is designed in accordance with the applicable section of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax exempt. Accordingly, no provision for income taxes has been recorded in the Plan's financial statements.

BUNGE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the state and federal taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain of the Trust's investments are in shares of funds offered by Fidelity. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA. Fees paid by the Plan were \$86,938 and \$98,604 for the years ended December 31, 2024 and 2023, respectively.

Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

The Plan allows for participants to invest in the Bunge Fund (subject to certain limits) which holds Bunge Global SA registered shares and short-term investments. Bunge Global SA is the parent company of the sponsoring Company. The Bunge Fund held 128,117 and 122,572 shares of Bunge Global SA at December 31, 2024 and 2023, respectively, of which 120,502 and 114,184 shares were allocated to the Plan at December 31, 2024 and 2023, respectively. During 2024 and 2023, the Plan recorded dividend income of \$316,075 and \$298,878, respectively, and net depreciation in fair value of \$2,687,582 and net appreciation in fair value of \$122,777, respectively, from Bunge shares.

8. INTEREST IN BUNGE DEFINED CONTRIBUTION MASTER TRUST

The Plan's investment assets are held in the Trust which was established for the investment of the combined assets of the Plan and other defined contribution plans sponsored by the Company. The assets of the Trust are held, managed, and administered by Fidelity pursuant to the terms of the Bunge Defined Contribution Master Trust. Investment income and administrative expenses relating to the Trust are allocated to the individual participants in the plans based upon individual participant activity. Each participating retirement plan has a divided interest in the Trust.

The Trust is required to maintain separate accounts reflecting the equitable share of each participating plan in the Trust. The Plan's equitable share of the Trust cannot be used for the payments of expenses or benefits allocable to any other participating plan.

At December 31, 2024 and 2023, the Plan's interest in the net assets of the Trust was approximately 93.6% and 93.5%, respectively.

9. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures* ("ASC 820"), establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements.

The various inputs that may be used to determine the value of the Plan's and Trust's investments are summarized in three broad levels. The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. There have been no changes in methodologies or investment levels during the years ended December 31, 2024 and 2023.

Level 1 — Quoted prices (unadjusted) in active markets for identical securities.

Level 2 — Other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.).

Level 3 — Significant unobservable inputs (including the fund's own assumptions used to determine the fair value of investments).

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

10. PLAN TRANSFERS

Certain Plan participants also had accounts in another defined contribution plan sponsored by the Company or a company within the same control group. In addition, if a change in a participant's employment classification occurs during a plan year (for example, transfer from union to non-union classification), the assets related to such participant would be transferred to the applicable plan within the control group for such participant's new employment status. Such transfer will be made within a reasonable period of time following the change in employment classification. Timing of those transfers may from time-to-time result in plan payables or receivables in the respective plans.

11. INVESTMENTS MEASURED USING THE NET ASSET VALUE PER SHARE PRACTICAL EXPEDIENT

The following table summarizes investments held by the Trust for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment Type	Fair Value at December 31,		Unfunded Commitments at December 31,		Redemption Frequency	Redemption Notice Period
	2024	2023	2024	2023		
Collective trust - MIPHI fund	\$ 6,037,911	\$ 8,268,557	\$ —	\$ —	Daily	Daily ⁽¹⁾
Collective trust funds	\$241,482,485	\$195,066,894	\$ —	\$ —	Daily	Daily

⁽¹⁾ Withdrawals made on the collective trust can be initiated daily. Plan Sponsor terminations of the contracts can be initiated daily. Disbursements of the funds for Plan Sponsor terminations will be provided as soon as practicable within twelve months following written notice.
