INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
Guardiar USA LLC 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Guardiar USA LLC 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Guardiar USA LLC 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Guardiar USA LLC 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Guardiar USA LLC 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Guardian USA LLC 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Guardian USA LLC 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2022 Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2022, and of assets (held at end of year) as of December 31, 2022, (collectively, the "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of Guardiar USA LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Guardiar USA LLC 401(k) Profit Sharing Plan and Trust (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was originally established on January 1, 2009, and was restated on May 1, 2022. Effective January 1, 2022, Guardiar Solutions Inc. became a participating employer in the Plan. The Plan covers substantially all employees of Guardiar USA LLC and Guardiar Solutions Inc. (collectively referred to as the "Plan Sponsor," "Company," or "Employer"). The Plan is governed by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and the Internal Revenue Code (IRC).

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Cares (CARES) Act, related to participant loans and distributions. The Company has until December 31, 2026, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Plan Sponsor is responsible for the administration and operation of the Plan. Effective January 01, 2022, Reliance Trust Company serves as the Plan's directed trustee (the "Trustee") and is responsible for the custody and management of the Plan's assets. ADP, Inc. (ADP) provides recordkeeping and administrative services to the Plan and is responsible for maintaining participant accounts and transactions related to participant initiated activity. The Plan's Custodian was Mid-Atlantic Trust Company (Custodian or Mid-Atlantic) through December 31, 2021. Paychex, Inc. served as the record-keeper (record-keeper or Paychex) of the Plan through December 31, 2021. The Plan was self-trusted by two officers of the Company.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

All employees, except employees covered by a collective bargaining agreement, nonresident aliens, leased employees, and residents of Puerto Rico are eligible to make elective deferral contributions and receive Employer matching contributions on the first day following the completion of two months of service and attaining age 18.

Participant contributions

Participants are allowed to contribute up to 90% of their eligible pre-tax or after-tax (as Roth contributions) compensation, as defined in the plan documents, up to the annual contribution limit as defined in the IRC. Participants are also allowed to make pre-tax and after-tax (as Roth) rollover contributions to the Plan from other qualified retirement plans.

Plan participants who have attained age 50 before the end of a calendar year are allowed to make additional contributions called "catch-up contributions" to the Plan, up to the annual contribution limit as defined in the IRC.

Employer contributions

The Plan allows the Company to make matching contributions and discretionary profit-sharing contributions to the Plan. During 2022, the Company's matching contributions were equal to 100% of up to 4% of eligible compensation, as defined in the plan documents. Discretionary profit-sharing contributions to the Plan, if any, are approved by the Company's Board of Directors and are calculated based on the ratio each eligible participant's eligible compensation, as defined in the plan documents, bears to the total eligible compensation of all eligible participants. During 2022, matching contributions amounted to \$133,174. No discretionary profit-sharing contributions were made by the Company for the year ended December 31, 2022.

Participant accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's matching contributions and discretionary profit-sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings or account balances, as defined in the plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants direct the investment of contributions to their respective accounts into the investment options offered by the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Vesting and forfeitures

Participants are immediately vested in their contributions and any earnings thereon. Vesting in the Company's matching and discretionary profit sharing contributions, plus earnings thereon, is based on years of vesting service, as defined. In the event of death, disability or attaining normal retirement age, participants are immediately vested in all Company contributions.

The vesting schedule for the Employer matching and discretionary profit sharing contribution are as follows:

<u>Years of Service</u>	<u>Percentage</u>
1	25 %
2	50 %
3	75 %
4	100 %

Notes receivable from participants

Participants may borrow a minimum of \$500 and up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants ("participant loans") must be repaid within five years, unless the participant's loan is used to acquire a primary residence, in which case the repayment period may be longer than five years. Participant loans are secured by the respective participant's vested interest in their account balance. Participant loans bear interest at a rate commensurate with rates charged on instruments with similar characteristics at the time the loan is made. Principal and interest are generally paid ratably through payroll deductions with payments made each pay period. The maximum number of loans outstanding at any time for any participant is two. Outstanding participant loans at December 31, 2022 bear interest at annual rates of between 4.25% and 9.50% and have various maturity dates through September 2027.

Payment of benefits

Withdrawals from the Plan are governed by applicable Internal Revenue Service (IRS) regulations and provisions of ERISA. Penalties may apply in certain instances. The Plan provides that, upon termination of employment, retirement, disability, or upon attainment of age 65, the Trustee may commence distribution of the participant's vested account by payment of lump sum, partial payments, or a series of installments in accordance with the provisions of the plan document. If a terminated participant's total vested accrued benefit is less than \$5,000, the Plan Sponsor may distribute the account to the participant in a lump sum payment. Balances greater than \$1,000 but less than \$5,000 upon termination will be rolled over to an individual retirement account designated by the administrator if the participant has not requested a lump-sum cash payment or a direct rollover into another qualified benefit plan.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits (continued)

In addition to the foregoing, participants are permitted to request in-service distributions from their vested Plan accounts at any time after having attained age 59½. Also, participants may request a distribution of their deferral account upon incurring a financial hardship, as defined in the Plan.

Forfeited non-vested accounts

Forfeited non-vested account balances may be used to pay Plan expenses or to offset future Employer contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$6,052 and \$24,278, respectively. Forfeitures amounting to \$32,218 were used to reduce the Company's matching contributions and \$3,256 were used to pay Plan expenses during 2022.

Administrative expenses

Certain administrative expenses of the Plan, including recordkeeping and audit fees, were paid by the Company for the year ended December 31, 2022. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan and impact Plan earnings.

Participants may be charged for some or all of the costs and expenses of operating the Plan. Such expenses include, but are not limited to costs to process distributions, participant loans, and domestic relations orders. Generally, the Company pays for any administrative expenses of the Plan. The Plan is not required to reimburse the Company for expenses paid on its behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the change therein, and disclosure of contingent liabilities. Actual results could differ from these estimates.

Guardiar USA LLC 401(k) Profit Sharing Plan & Trust
Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. Contributions from the Company are recorded in the year earned to coincide with the year in which the Company records the contributions. The Plan records receivables for all contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Trustee.

Investment valuation and income recognition

The Plan's investments in mutual and money market funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when it is earned.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent events

The Plan has evaluated subsequent events through September 16, 2025, the date the financial statements were available to be issued. No other subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, determined to be a qualified institution by the plan administrator, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022.
- Investment income (loss) and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments and notes receivable are reflected on the schedule of assets (held at end of year) as of December 31, 2022, ("supplemental schedule").

Accordingly, as requested by the Plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards define fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Such standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value within a fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Guardiar USA LLC 401(k) Profit Sharing Plan & Trust
Notes to Financial Statements
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENTS (continued)

- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or.
- *Level 3* - inputs are unobservable inputs for the asset or liability and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds and money market fund: Valued at the daily closing price as reported on an open exchange. Mutual and money market funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies of assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	<u>\$ 1,371,424</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,371,424</u>
Investments measured at net asset value (*)				<u>33,561</u>
				<u>\$ 1,404,985</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Fair Value
Money market funds	\$ 96,610	\$ -	\$ -	\$ 96,610
Mutual funds	<u>1,305,290</u>	<u>-</u>	<u>-</u>	<u>1,305,290</u>
	<u>\$ 1,401,900</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,401,900</u>

* Investments measured at fair value using the NAV per share practical expedient have not been classified in the fair value hierarchy in accordance with applicable guidelines. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. TAX STATUS

The Company has adopted a prototype 401(k) profit sharing plan document, sponsored by ADP (the "ADP Plan"). The ADP Plan received a favorable opinion letter from the IRS, dated October 6, 2020, stating that the form of the ADP Plan was acceptable for use by employers for the benefit of their employees.

The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Guardiar USA LLC 401(k) Profit Sharing Plan & Trust
Notes to Financial Statements
December 31, 2022 and 2021

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, the full value of each participant's account would become fully vested and nonforfeitable.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Trustee retains as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates. An affiliate of ADP receives indirect compensation from the Plan's investment funds for broker-dealer services.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:
