INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Belleville Shoe Manufacturing Company
Employee Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Belleville Shoe Manufacturing Company Employee Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of April 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of April 30, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of April 30, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

 NOTES TO FINANCIAL STATEMENTS
 April 30, 2025 and 2024**

NOTE 1 — DESCRIPTION OF PLAN

The following description of the Belleville Shoe Manufacturing Company Employee Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Belleville Shoe Manufacturing Company (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Principal Trust Company is the trustee for the Plan and Principal Life Insurance Company (Principal Life) provides recordkeeping services. The Administrative Committee is the plan administrator and has overall responsibility for the operation and administration of the Plan. The plan administrator determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Various Plan provisions are determined by location and/or employee classification as specified below:

Location	Employee Classification
1	Belleville Union Closed (frozen May 21, 2014)
2	Belleville South Hourly
3	Highly Compensated Employees
4	Non-highly Compensated Salaried Employees
5	Belleville Nonunion Hourly
9	Belleville Union New Hire
10	Belleville Non-highly Compensated Employees

Location 1 is closed to new entrants as of May 21, 2014. Employees from locations 2 and 3 are eligible to participate May 1, August 1, November 1 or February 1 on or after they reached 3 months of service. Employees from locations 4, 5, and 10 may participate the first day of the month following 1 month of service. Employees from location 9 may participate May 1, August 1, November 1 or February 1 on or after they reach age 21 and one year of service.

Contributions

Participants may contribute up to 100% of annual eligible compensation, as defined in the Plan, and may designate a portion or all of their elective deferrals as Pre-tax or Roth elective deferrals. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. The Plan provides for Company matching contributions based on location. Participants in location 1 receive a 0% match. Participants in locations 2 and 3 receive 100% of the first 4% of compensation, as defined. Participants in locations 4, 5, and 10 receive 100% of the first 6% of compensation. Participants in location 9 receive a matching contribution of 50% of the first 6% after they have reached 2 years of service.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Investment Options

Participants of the Plan elect investment accounts in which their contributions, as well as Company contributions, are invested. The investment account options comprise various degrees of risk and return.

Participant Accounts

Each participant's account is credited with the participant's and Company's contributions, and investment earnings based on their selected investments. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their elective deferral contributions and rollover contributions. Vesting in the company matching contributions is determined by years of service according to location. Participants in locations 2 and 3 are 100% vested after three years of service. Participants in locations 4, 5, and 10 are 100% vested after one year of service. Participants in location 9 vest in the Company's matching contribution at a rate of 20% per year until they have received the Company contribution for five years at which point they will be 100% vested.

Notes Receivable From Participants

Participants may borrow from their accounts up to a maximum equal to \$50,000 or 50% of the participant's vested account balance, whichever is less. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is typically paid ratably through payroll deductions.

Payment of Benefits

Participants or their designated beneficiaries are entitled to receive the vested amounts credited to their accounts upon normal retirement at age 65, cessation of employment, disability, or death. Benefits can be distributed in the form of cash or annuities.

The Company may authorize certain withdrawals from a participant's account in the event of proven financial hardship. Hardship withdrawals are subject to specific statutory and regulatory requirements.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts may be used to reduce Company contributions or pay administrative expenses. For the years ended April 30, 2025 and 2024, forfeitures of \$8,028 and \$9,976 were used to pay plan expenses. Unallocated forfeitures were \$17,914 and \$17,189 at April 30, 2025 and 2024, respectively.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Note receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions

Contributions from participants and the associated Company matching contributions are recorded in the Plan year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Plan expenses primarily consist of recording fees. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess Contributions Payable

The Plan recorded excess contribution payable of \$103,557 and \$119,720 as of April 30, 2025 and 2024, respectively. The liabilities are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the IRS.

Subsequent Events

Subsequent events were evaluated through October 28, 2025, which is the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which level 1 inputs were not available. Level 3 inputs would only be used if level 1 or level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodology used at April 30, 2025 and 2024.

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the SEC. The funds must publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Pooled separate accounts: Valued at the NAV of units of the fund, the practical expedient to estimate fair value, which is based on the estimated market value of the underlying investments less its liabilities.

The Plan limits transfer activity for the Principal U.S. Property SA-13 pooled separate account. Once the number of allowed transfers is met, participants are not allowed to transfer back into the investment option which they have transferred out of until the holding period elapses. All participant investment transfers and non-scheduled rebalancing activity are counted toward the number of transfers allowed. Contributions into the investment option are not impacted. Participants may still transfer out to different investment options.

NOTE 3 — FAIR VALUE MEASUREMENTS (Continued)

Common/collective trusts: Valued at the NAV of units of the fund, the practical expedient to estimate fair value, which is based on the estimated market value of the underlying investments less its liabilities.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of April 30, 2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,051,681	\$ -	\$ -	\$ 3,051,681

				<u>\$ 14,663,349</u>

* Certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 4 — INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a deposit contract with Principal Life. Principal Life maintains the contributions in guaranteed interest accounts. The investments are included in the financial statements at contract value as reported to the plan administrator by Principal Life. The contract value of the accounts is the value paid any time funds are withdrawn prior to their maturity for an event other than death, disability, termination, or retirement, and reflects the applicable surrender charge.

BELLEVILLE SHOE MANUFACTURING COMPANY
EMPLOYEE SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
April 30, 2025 and 2024

NOTE 4 — INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract was \$883,544 and \$841,369 at April 30, 2025 and 2024, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Guaranteed interest rates for new allocations are subject to change daily, and each amount allocated to the guaranteed interest account will earn interest based on this guaranteed interest rate in effect for the date that the amount is allocated to this guaranteed interest account.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Principal may terminate the guaranteed investment contract for reasonable cause with 30 days advance written notice to the Plan. Upon termination by either party, the payout value may be subject to adjustment, either in a lump-sum payment or in installment payments.

NOTE 5 — INFORMATION CERTIFIED BY TRUSTEE

Information regarding investments and notes receivable from participants held at April 30, 2025 and 2024, and net appreciation in fair value of investments, dividends and interest for the years then ended, disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from data provided to the plan administrator and certified to as complete and accurate by Principal Trust Company, the trustee.

NOTE 6 — PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units in pooled separate accounts, common/collective trusts and a guaranteed investment contract managed by Principal Life and therefore, these transactions qualify as party-in-interest transactions. These transactions are not considered prohibited under ERISA.

NOTE 7 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their company contributions.

NOTE 8 — TAX STATUS

The Company has adopted a pre-approved defined contribution plan, and therefore, can rely on the advisory letter issued by the Internal Revenue Service on June 30, 2020, which stated that the Plan is acceptable under Section 401 of the Internal Revenue Code. Management believes that the Plan is operating in compliance with all the terms provided in the nonstandardized plan agreement. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan is subject to examination by the Internal Revenue Service for the statutory period.

NOTE 9 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
