INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Norfolk Christian Schools 403(b) Retirement Plan
Norfolk, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of **Norfolk Christian Schools 403(b) Retirement Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2024 and 2023, and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note 3 to the financial statements, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to July 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 3, the Plan has excluded from investments in the accompanying Statements of Net Assets Available for Benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying Statement of Changes in Net Assets Available for Benefits. The effects of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Under accounting principles generally accepted in the United States of America, these accounts and the related income and distributions should have been included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4a, schedule of delinquent participant contributions and Schedule H, line 4i, schedule of assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section, it is inappropriate to, and we do not, express an opinion on the supplemental schedules referred to above.

NORFOLK CHRISTIAN SCHOOLS 403(B) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended June 30, 2024 and 2023

Note 1. Description of Plan

The following description of **Norfolk Christian Schools 403(b) Retirement Plan** (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all eligible employees of Norfolk Christian Schools (the School) as defined in accordance with the universal availability standards, which excludes employees who normally work less than twenty hours a week. Eligibility for employer contributions requires employees to have completed one year of service (and one thousand hours of service), and they must be twenty-one years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and other related regulations.

Contributions:

Each year participants may contribute up to the maximum permissible amount of wages. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing cash distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a guaranteed interest contract as investment options for participants. The School has a discretionary matching contribution up to 3.5% of eligible compensation calculated at Plan year end limited to \$1,000 per participant for the years ended June 30, 2024 and 2023. Additional profit sharing amounts may be contributed at the option of the School's Board of Directors. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts:

Each participant's account is credited with the participant's contribution, the School's matching contributions and profit sharing contributions, and plan earnings, and reduced by an allocation of administrative expenses. Allocations are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions as well as the School's matching and profit sharing contributions plus earnings thereon.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 1 percent above the prime rate, as defined, as of the initiation date. Principal and interest are paid ratably through semi-monthly payroll deductions while the participant is actively employed by the School.

Payment of benefits:

Upon retirement, disability or death, a participant or beneficiary receives the entire amount credited to the participant's account in either a lump sum or, at the participant's election, in annual installments or in an annuity. A participant may make one withdrawal per any 12 month period of any part of the participant's vested account resulting from rollover contributions while still employed by the School. A participant that has reached age 59 1/2 and is still employed by the School may make one withdrawal in any 12 month period from any contribution account.

NORFOLK CHRISTIAN SCHOOLS 403(B) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended June 30, 2024 and 2023

Note 1. Description of Plan (continued)

Forfeited accounts:

Participants are immediately vested in employer contributions; therefore, forfeited accounts are usually minimal.

Note 2. Summary of Significant Accounting Policies

Basis of accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition:

With the exception of its fully benefit-responsive guaranteed investments contract, the Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Fully benefit-responsive investment contracts are reported at contract value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold during the year as well as held at the end of the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivables from participants are recorded as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of June 30, 2024.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the School and are excluded from these financial statements. However, certain investment related expenses are included in net appreciation in fair value of investments, and expenses related to specific participant transactions are charged directly to the participant's account and are not included in administrative expenses.

See Independent Auditor's Report. Notes continued on next page.

NORFOLK CHRISTIAN SCHOOLS 403(B) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended June 30, 2024 and 2023

Note 3. Excluded Contracts

In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part I of Subtitle B of Title I of ERISA, as amended. Prior to the amended regulations, the Plan, established in 1998, was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts of participants who could engage in a range of actions with limited involvement, if any, by the Plan Sponsor. Accordingly, various accounting and salary deferral records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to July 1, 2009 were not required to be and therefore were not sufficiently maintained by the Plan. Accordingly, the financial statements have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan to the inception date of the amended regulations, the effect, if any, of this situation on the completeness or accuracy of the Plan's financial statements cannot be determined.

Accounting principles generally accepted in the United States of America require that all accounts and the related income and distributions be included in the accompanying financial statements. However, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts ("Excluded Amounts") issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded amounts and the related income and distributions are not determinable.

As part of Plan management's efforts to comply with the DOL's amended regulations, Plan management consolidated all previous custodial relationships into one with effective July 1, 2008. Accordingly, all new Plan contributions are now directed to the current custodian. In addition, participants are permitted to transfer balances associated with excluded amounts to Principal Financial Group and its member companies, the recordkeeper, at the individual's discretion.

Note 4. Information Certified by the Custodian

The following is a summary of the Plan's asset information at June 30, 2024 and 2023, and for the year ended June 30, 2024, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal"), the custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedules related to the following assets:

	<u>2024</u>	<u>2023</u>
Mutual funds, at fair value	\$ 2,802,391	\$ 2,596,615
Guaranteed investment account, at contract value	1,018,276	914,956
Notes receivable from participants	<u>11,531</u>	<u>26,887</u>
	<u>\$ 3,832,198</u>	<u>\$ 3,538,458</u>

Principal also certified to the completeness and accuracy of \$293,422 of net appreciation in fair value of investments and \$104,857 of interest and dividends related to the aforementioned assets for the year ended June 30, 2024.

See Independent Auditor's Report. Notes continued on next page.

NOTES TO FINANCIAL STATEMENTS

Years Ended June 30, 2024 and 2023

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

Mutual funds:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See Independent Auditor's Report. Notes continued on next page.

Note 5. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of June 30, 2024 and 2023:

<i>Assets at Fair Value as of June 30, 2024</i>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>2,802,391</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>2,802,391</u>
Total assets at fair value	\$ <u><u>2,802,391</u></u>	\$ <u><u>-</u></u>	\$ <u><u>-</u></u>	\$ <u><u>2,802,391</u></u>
<i>Assets at Fair Value as of June 30, 2023</i>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>2,596,615</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>2,596,615</u>
Total assets at fair value	\$ <u><u>2,596,615</u></u>	\$ <u><u>-</u></u>	\$ <u><u>-</u></u>	\$ <u><u>2,596,615</u></u>

Note 6. Investment Contract with Insurance Company

The Plan holds an investment contract with Principal Life Insurance Company (Principal Life), an affiliate of Principal Financial Group (hereafter referred to as "Principal"). Principal maintains the contributions in a general account. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made under the contract and is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate is guaranteed to the Plan. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The contract cannot be terminated before the scheduled maturity date. The contract value is included in the financial statements as reported to the Plan by Principal.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on Principal's ability to meet its financial obligations. Principal's ability to meet its contractual obligations may be affected by future economic and regulatory developments, but the Plan Administrator has made no reserves against contract value for credit risk of Principal or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

- (1) amendment to the Plan documents (including complete or partial Plan termination or merger with another plan),
- (2) premature termination of the contract,
- (3) changes to the Plan's prohibition on completing investment options,
- (4) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or
- (5) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

See Independent Auditor's Report. Notes continued on next page.

NORFOLK CHRISTIAN SCHOOLS 403(B) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended June 30, 2024 and 2023

Note 7. Transactions with Parties-In-Interest

Certain Plan investments are managed by the custodian; the Plan also receives recordkeeping and other investment services from affiliates of the custodians and other third parties. These transactions qualify as party-in-interest transactions. Administrative fees paid to the custodian, its affiliates, and other parties by the Plan during the Plan year ended June 30, 2024 totaled \$34,188. Additionally, the School provides certain recordkeeping services at no cost to the Plan and pays certain expenses of the Plan, both of which are considered to be party-in-interest transactions.

Note 8. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS). The Plan is required to operate in conformity with the Code to maintain the tax-exempt status, and management believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code.

The School identified that the Form 5500 for the plan year ended June 30, 2024 was not filed accurately by the required deadline. This late filing constitutes noncompliance with applicable regulations and could jeopardize the Plan's tax exempt status.

Note 9. Plan Termination

Although it has not expressed any intent to do so, the School reserves the right to amend or terminate the Plan or discontinue contributions at any time subject to the provisions of ERISA.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 11. Subsequent Events

Effective September 1, 2024, the Plan was amended to reduce the eligibility criteria for the employer matching contribution from one year of service to ninety days of service.

The Plan has evaluated subsequent events through October 28, 2025, the date the financial statements were available to be issued.

See Independent Auditor's Report.
