Independent Auditor's Report

To the Retirement Program Committee
The Permanente Medical Group, Inc. Salary Deferral Plan
Pleasanton, California

Opinion

We have audited the financial statements of The Permanente Medical Group, Inc. Salary Deferral Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. Description of the Plan

The following description of The Permanente Medical Group, Inc. Salary Deferral Plan (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is sponsored by The Permanente Medical Group, Inc. (TPMG) and is a defined contribution plan as defined under section 401(k) of the Internal Revenue Code (IRC). The Plan was established effective January 2, 1982, and subsequently amended and restated to provide benefits to eligible employees, as defined in the Plan Document. The Plan covers substantially all physicians and salaried employees. Physicians and salaried employees are eligible to participate in the Plan on the first day of the first month following employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may contribute up to 75% of annual compensation, as defined in the Plan, as either pre-tax or Roth contributions, up to the maximum allowable under the IRC which was \$23,000 in 2024 and \$22,500 in 2023. In addition, employees are allowed to contribute voluntary after-tax contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in excess of \$1,000. Participants age 50 or older may elect to contribute catch-up contributions up to the maximum allowable under the IRC which was \$7,500 in 2024 and 2023.

Unless otherwise elected, an automatic enrollment contribution of 6% of eligible compensation will be deducted from newly eligible employees. The auto-enrollment deferral rate of the participants will automatically increase by 1% annually, up to a maximum deferral rate of 15% of eligible compensation. These contributions are treated as pretax contributions and are invested in the BTC Life Path Fund nearest the year the participant turns age 65, unless otherwise specified by the participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan and may change their investment options at any time. Currently, the Plan offers mutual funds, TPMG pre-assembled funds, self-directed accounts, common collective trust (CCT), and synthetic guaranteed investment contracts (synthetic GICs) as investment options under a master trust arrangement for participants. See Note 3 for a discussion of the master trust arrangement.

The Permanente Medical Group, Inc. Salary Deferral Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, subject to IRS limitations. The notes are secured by the balance in the participant's account and bear an interest rate equal to the prime rate plus 1% as of the first business day of the quarter the note is made. The interest rate remains fixed during the entire period of the note. Current interest rates range from 4.25% to 9.50%. The notes are repaid ratably over a period of five years unless used for the purchase of a primary residence, in which case, may be repaid over a period of 15 years. Participants may only have two notes outstanding at any time from the Plan and The Permanente Contribution Plan of The Permanente Medical Group, Inc., combined.

Payment of Benefits

Upon separation from service, death, disability, retirement, or attainment of age 59 ½, participants may receive their benefits as a joint and survivor annuity if married, a life annuity, a lump-sum amount, or in the form of installments. Unless otherwise elected, participants with vested account balances of \$1,000 or less will receive a lump-sum cash payout. In addition, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Trustee

Fidelity Management Trust Company (FMTTC) is the custodian and trustee of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments held by The Permanente Medical Group, Inc. Master Trust (Master Trust) are reported at fair value, except for the synthetic GICs which are held through the Master Trust's investment in the T. Rowe Price Preservation Fund and are valued at contract value.

The Permanente Medical Group, Inc. Salary Deferral Plan

Notes to Financial Statements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The synthetic GICs are fully benefit-responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the synthetic GICs. Contract value represents contributions made under the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Investment income is reported as income when earned and represents the Plan's proportionate share of earnings of the Master Trust, as discussed in Note 3. The Master Trust records purchases and sales on a trade-date basis, dividends on the ex-dividend date, and interest income on the accrual basis. The Master Trust records net appreciation/ depreciation including the gain and loss on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Master Trust's investment options include funds that invest in securities of foreign companies which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

On a periodic basis, Plan management determines whether notes receivable from participants are collectible. The determination is made based on the terms of the Plan Document and the related Plan policies and procedures. No allowance for loan losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan payments and the loan is deemed a distribution, based on the terms of the loan document, the participant's note balance is reduced, and a benefit payment is recorded in the financial statements in the year the determination was made.

Payment of Benefits

Benefits are recorded when paid.

The Permanente Medical Group, Inc. Salary Deferral Plan

Notes to Financial Statements

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by TPMG, and the remainder is paid from Plan assets. Expenses paid directly by TPMG are excluded from these financial statements. Administrative fees recorded in the Plan during the years ended December 31, 2024 and 2023 amount to \$1,653,230 and \$1,794,721, respectively, and generally represent loan set-up and maintenance fees, overnight fees, personal asset manager fees, brokerage link recordkeeping fees, and short-term redemption fees charged directly to participant accounts.

Investment-related expenses are included in net investment income (loss) in The Permanente Medical Group, Inc. Master Trust in the statements of changes in net assets available for benefits.

3. Investment in The Permanente Medical Group, Inc. Master Trust

The Plan's primary investment is in the Master Trust which was established for the investment of the assets of the Plan and The Permanente Contribution Plan of The Permanente Medical Group, Inc., a money purchase pension plan sponsored by TPMG. Each participating plan has an individual divided interest in the Master Trust, and the assets of the Master Trust are held by FMTC.

Master Trust assets are allocated between the two plans by assigning specifically identified transactions to each plan (primarily contributions, participant loan transactions, benefit payments and certain administrative expenses) and allocating each plan's proportional share to the income and expenses resulting from the collective investment of the assets.

The Master Trust has mutual funds, TPMG pre-assembled funds, self-directed accounts, CCTs, and synthetic GICs available for investment through the Trustee, FMTC.

Participants in the Plans may elect to allocate a portion or all of their account balances to any of these investment options and may change their elections at any time. These funds may be changed, and new funds added at the direction of TPMG's Board of Directors.

The Master Trust statement of net assets as of December 31, 2024 is as follows:

Net Assets, End of Year	\$ 17,036,549,405	\$ 14,731,450,499

Self-directed accounts consist of funds primarily invested in publicly traded securities, mutual funds, bonds, certificates of deposit, publicly traded master limited partnerships and money market funds. Pre-assembled funds are comprised of several existing CCT's and mutual funds and are administered by FMTC. The pre-assembled funds have predetermined asset mixes (as determined by TPMG's investment advisor), are rebalanced on a regular basis to maintain existing asset ratios and are presented in the Master Trust statements of net assets in mutual funds and CCTs. The Master Trust also invests in the T. Rowe Price Preservation Fund through which the Master Trust owns seven synthetic GICs.

4. Fair Value Measurements

The framework used to measure fair value prioritizes the inputs to valuation techniques within a hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

The Permanente Medical Group, Inc.

Salary Deferral Plan

Notes to Financial Statements

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value within the Master Trust:

- *Cash equivalents* - Cash equivalents are generally classified as Level 2 as the inputs to the valuation are either quoted prices in active markets or the inputs are derived from other than quoted prices that are observable.
- *Common Stocks* - Common stocks are valued at the closing price reported on the active market on which the individual securities are traded and are considered Level 1 investments.
- *Mutual funds* - Mutual funds are valued at the daily closing price as reported by the fund. Securities actively traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are considered to be Level 1 investments.
- *Self-directed accounts* - The investments underlying the self-directed accounts include certificates of deposit, common stock, preferred stock, fixed income securities, money market funds, mutual funds and other registered investments. Certificates of deposit are valued at cost which approximates fair value and are considered to be Level 1 investments. Common and preferred stocks are actively traded on a national securities exchange and are valued at the last reported sales price on the last business day of the Plan year. Common and preferred stocks are considered to be Level 1 investments. Fixed income securities are valued by a third-party pricing source that incorporates market observable data such as reported sales of similar securities, broker quotes and reference data. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. Fixed income securities are

The Permanente Medical Group, Inc. Salary Deferral Plan

Notes to Financial Statements

considered to be Level 2 investments. Money market funds carrying amounts approximate the fair value because of the short-term nature of such instruments and are considered Level 1 investments.

- *Common collective trusts* - The Master Trust also holds units of CCTs which represent investments with various investment managers. The NAV, as reported by the investment managers, is used as a practical expedient. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Investments that are measured using NAV as a practical expedient are not categorized within the fair value hierarchy. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the CCTs, the investment advisor reserves the right to temporarily delay the withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments as of December 31, 2024 and 2023.

There have been no changes in the methodologies used at December 31, 2024 and 2023.

The following tables set forth by level within the fair value hierarchy the Master Trust's investments at fair value, measured on a recurring basis, as of December 31, 2024 and 2023:

The Master Trust recognizes any transfers between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the years ended December 31, 2024 and 2023.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Synthetic Guaranteed Investment Contracts

In November 2018, the Master Trust entered into fully benefit-responsive synthetic GIC contracts through the T. Rowe Price Preservation Fund. A synthetic GIC, also known as a wrap contract, is an investment contract issued by an insurance company or other financial institution, designed to provide a contract value “wrapper” around an underlying portfolio of bonds or other fixed income securities. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Master Trust. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate as of December 31, 2024 and 2023 was 3.73% and 3.36%, respectively. The crediting rate is reviewed by resetting on a quarterly basis. The insurance company is not permitted to terminate the agreement prior to the scheduled maturity date.

The wrap contracts are issued by creditworthy financial institutions. The Master Trust’s ability to receive amounts due is dependent on the contract issuer’s ability to meet its financial obligations and may be affected by future economic and regulatory developments.

Certain events limit the ability of the Master Trust to transact at contract value with the contract issuer. Such events include: (i) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan sponsor or other Plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan; (iv) the failure of the trust to qualify for exemption from federal income

The Permanente Medical Group, Inc. Salary Deferral Plan

Notes to Financial Statements

taxes or any required prohibited transaction exemption under ERISA; (v) premature termination of the contracts. No events are probable of occurring that might limit the ability of the Master Trust to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Master Trust and settle at an amount different from contract value. Such events include (i) an uncured violation of the Master Trust's investment guidelines, (ii) a breach of a material obligation under the contract, (iii) a material misrepresentation, and (iv) a material amendment to the agreement without the consent of the contract issuer.

6. Tax Status

The Plan obtained its latest determination letter on February 17, 2016, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, TPMG has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will remain fully vested in their accounts.

8. Related Party and Party-In-Interest Transactions

Certain investments in the Master Trust are managed by an affiliate of FMTC. FMTC is the trustee of the Master Trust. Transactions with the trustee qualify as party-in-interest. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan Document and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Notes receivable from participants also qualify as exempt party-in-interest transactions.

9. Subsequent Events

Plan management has evaluated subsequent events or transactions from the date of the statement of net assets available for benefits through October 13, 2025, the date the accompanying financial
