INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed the audits of the financial statements of the Thomas Keller Restaurant Group Employees' Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as January 31, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits for the period from January 1, 2025 through January 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of January 31, 2025 and December 31, 2024 and for the period from January 1, 2025 through January 31, 2025, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Merger

As described in Note 1 to the financial statements, the Plan sponsor's Board of Directors approved the merger of the Plan into the ADP TotalSource Retirement Savings Plan effective November 1, 2024. As of that date, all contributions ceased. The Plan continued to operate in accordance with its provisions through January 31, 2025, at which time all assets were transferred to the new plan. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to the participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters we identified during the audit.

Thomas Keller Restaurant Group Employees' Retirement Plan Notes to the Financial Statements

1. Description of the Plan

The TK Employees' Retirement Plan (the Initial Plan) was established by Shamus & Peabody, LLC (the Company and Employer) on January 1, 1999. The Initial Plan, as amended and restated, provided retirement benefits to eligible employees of identified employers.

Effective September 1, 2016, the Initial Plan was amended and restated to change its name to the Thomas Keller Restaurant Group Employees' Retirement Plan (the Plan) and KRM, Inc. (the Company and Employer) replaced Shamus & Peabody LLC as the Plan sponsor.

The Plan was amended and restated several times to include and exclude related employers as needed. As most recently amended, the Plan provided retirement benefits to eligible employees of the Company and the following related and un-related employers (as defined in the Plan agreement): Ad Hoc LP, BBCG, LLC, Bishop Keller, Inc., CL, LLC, French Laundry Restaurant Corporation, TKMM, Cup4Cup LLC, French Laundry Partners LP, KVP LP, Keller Manni LP, SC Restaurant Property LLC, TK Mex LP, TKNYC, LLC, and Yountville Food Emporium LLC (collectively, with the Company, the TK Group or the Employer).

The following description of the Plan, as amended and restated, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Plan Merger:

The Company's Board of Directors resolved to merge the Plan into the ADP TotalSource Retirement Savings Plan (the ADP Plan) effective November 1, 2024. All contributions to the Plan ceased as of the Merger Date. In accordance with the Plan provisions, the Plan continued to operate through January 31, 2025 in order to complete administrative activities transfer all Plan assets to the ADP Plan.

General:

The Plan was a defined contribution plan under the related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company was the Plan sponsor and Plan administrator. The Plan was administered by Company employees, who were responsible for selecting investment options offered under the Plan and monitoring investment performance. Fidelity Management Trust Company (Fidelity) served as the Plan's trustee and recordkeeper. Fidelity held, invested, and reinvested Plan assets in the interest and direction of the participants and their beneficiaries.

1. Description of the Plan (continued)

Eligible Participants:

Employees of the TK Group, as defined by the Plan agreement, could participate in and make contributions to the Plan immediately upon being hired.

Plan participants became eligible to receive discretionary Employer matching and nonelective contributions after one year of completed service in which at least 1,000 hours were worked.

Contributions:

Participants were permitted to make voluntary pre-tax salary deferral and after-tax Roth contributions up to 100% of their annual compensation, as defined in the Plan agreement. Participants who reached the age of 50 could also elect to withhold additional catch-up contributions under the Code. Participants could also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollovers), subject to Code regulations.

The Company elected to administer the Plan as a safe harbor plan. Under the safe harbor provisions, the Employer was required to make matching contributions equal to 100% of participant salary deferrals up to 3% of eligible compensation, plus 50% of participant's salary deferrals between 3% and 5% of eligible compensation. The Employer could also make discretionary matching contributions and nonelective employer contributions, as determined by the Employer's Boards of Directors. The Employer did not make any discretionary matching contributions to the Plan through January 31, 2025.

Contributions were subject to certain limitations under the Code.

Participant Accounts:

Participant accounts were credited with participant contributions and rollovers, Company matching contributions, and an allocation of Plan earnings or losses through the termination date. Allocations were based on participant earnings or account balances, in accordance with the Plan agreement. The benefit to which participants were entitled is the benefit that could be provided from the participant accounts.

Participants could elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that were designed to provide the participants with a wide range of investment options. Participants could authorize transfers among investment options at any time.

1. Description of the Plan (continued)

Vesting:

Participants were fully (100%) vested in their contributions, all Employer safe harbor matching contributions and nonelective contributions, if any, plus actual earnings (less any losses). Vesting in Employer discretionary matching and nonelective contributions, if any, plus allocated earnings (less any losses) thereon, was based on years of service. Participants would vest in these contributions at the rate of 20% after one year of service and became fully vested after five years or upon death, permanent disability, or normal retirement age.

Forfeitures:

The non-vested portion of a terminated participant's account balance was forfeited upon distribution of the vested account balance. Forfeitures were retained in the Plan and could be used to pay Plan administrative expenses or reduce employer contributions. Forfeitures totaling \$46,688 were transferred to the ADP Plan on January 31, 2025.

Payment of Benefits:

On termination of service for any reason, benefits were paid to participants in a lump-sum cash distribution equal to the value of the participant accounts, or in partial withdrawals, or regular cash installment payments of their choice. Terminated participant accounts between \$1,001 and \$7,000 could be automatically distributed to individual retirement accounts on behalf of the participants without participant approval. Terminated participant accounts below \$1,000 could be distributed directly to participants without participant approval. The Plan agreement also allowed for in-service and hardship withdrawals of benefits to current employees. Benefits were recorded when paid.

Notes Receivable from Participants:

Through the Termination Date, participants could borrow up to one-half of their account balance, a minimum of \$1,000 and a maximum of \$50,000, for a period not to exceed five years, except for notes used to purchase a primary residence for which terms of up to 30 years are permitted. Participant notes were evidenced by a written note, secured by the balance in the participant's account, and bear interest at the prime rate published in The Wall Street Journal, plus 1%. Repayment of principal and interest was generally made through payroll deductions. As of January 31, 2025, there were no notes receivable from participants.

Notes to the Financial Statements

1. Description of the Plan (continued)

Notes Receivable from Participants: (continued)

Notes receivable from participants were measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes were reclassified as distributions based upon the terms of the Plan agreement.

Administrative Expenses:

Several of the investment fund options were subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. These fees were charged directly against the fund's investment performance and, thus, were not separately disclosed in the Plan's financial statements. Certain account maintenance, benefit payment and note fees are paid by the Plan and charged to participant accounts. All other administrative expenses related to the Plan were paid by the TK Group and were not reflected in Plan's financial statements.

Risks and Uncertainties:

Participants were able to invest their account balances in a variety of investment options offered by the Plan. Investments were exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it was at least reasonably possible changes in risk in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investments:

Investments consisted of mutual funds and a money market fund at December 31, 2024. These funds were reported at fair value, which is the net asset value (NAV) of shares held by the Plan at year end, as quoted prices in active markets.

Fair Value Measurement:

The Plan used a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability at the measurement date. The three-level hierarchy prioritizes within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs or methodology used for valuing financial instruments are not necessarily an indication of the risk associated with those instruments.

The three-level hierarchy for fair value measurement is defined as follows:

- Level I:** Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level II:** Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level III:** Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

An investment's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The Plan's investments were recorded at fair value and classified within Level I of the fair value hierarchy as of December 31, 2024.

Income Recognition:

Purchases and sales of investments were recorded on a trade-date basis. Interest income was recorded on the accrual method of accounting. Dividends were recorded on the ex-dividend date. Net appreciation included gains and losses on the Plan's investments bought, sold, or held during the year.

3. Information Prepared and Certified by the Qualified Institution

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the qualified institution of the Plan, has certified to the completeness and accuracy of the:

- investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024.
- net appreciation in fair value of investments, dividends and interest, and interest on notes receivable from participants on the accompanying statement of changes in net assets available for benefits for the period from January 1, 2025 through January 31, 2025.

4. Income Tax Status

The Plan administrator has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable provisions of the Code. The Plan document has been amended and restated since receipt of the letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified, and the trust that forms a part of the Plan is exempt from federal and state income taxes.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded, as of January 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

5. Subsequent Events

As indicated in Note 1, the Plan assets held at Fidelity were transferred to a new defined contribution employee benefit plan on January 31, 2025.

Subsequent events have been evaluated through November 10, 2025, which is the date the financial statements were approved by the Plan administrator and available to be issued.
