Independent Auditor's Report

To the Plan Administrator of
Energy Federation, Inc. Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Energy Federation, Inc. Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 (in liquidation) and 2023 (ongoing), and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Energy Federation, Inc. Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 (in liquidation) and 2023 (ongoing), and for the year ended December 31, 2024 (in liquidation), stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Energy Federation, Inc. Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Use of Liquidation Basis of Accounting

As discussed in Note 1a, Energy Federation, Inc. Savings Plan terminated effective December 31, 2024, whereby all assets of Energy Federation, Inc. Savings Plan were distributed to plan participants. As a result, the Plan changed its basis of accounting from the ongoing basis of accounting used in presenting the 2023 financial statements to the liquidation basis of accounting used in presenting the 2024 financial statements. Our opinion is not modified in respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Energy Federation, Inc. Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

ENERGY FEDERATION, INC. SAVINGS PLAN

Notes to Financial Statements
December 31, 2024 (In Liquidation) and 2023 (Ongoing)

1. DESCRIPTION OF THE PLAN

The following description of the Energy Federation, Inc. Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan was a defined contribution profit sharing plan with a cash deferral 401(k) arrangement covering all eligible employees of The Energy Federation, Inc. (the Employer) (Plan Sponsor). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Fiduciary Committee was responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

On August 11, 2024, the Fiduciary Committee approved terminating the Plan. At that time all activity allowed with the Plan was frozen except for participants taking distributions. In addition, all participants became 100% vested in their respective employer contributions. Participants could request a distribution through October 23, 2024. Any remaining participants with assets would have a rollover made to an Individual Retirement Account (IRA) established by the Plan on their behalf. Effective December 31, 2024, all assets were fully distributed.

b. Eligibility

All permanent employees, except non-resident aliens, were eligible to participate in the Plan upon being hired and reaching the age of 18.

c. Participant Contributions

Participants could elect to defer up to 90% of their pre-tax annual compensation, as defined by the Plan, up to the maximum allowed by the Internal Revenue Code (IRC). The Plan also allowed for post-tax (Roth) contributions. Participants who reached the age of fifty before the end of the plan year were eligible to make catch-up contributions. The Plan provided for automatic enrollment deferrals of 4% upon hire for all newly eligible employees and previously employed participants, unless an alternative election was made by the participant. Deferrals automatically escalated 1% annually each July 1st until a maximum of 10% was reached. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions). Participants directed the investment of their accounts into various investments options offered by the Plan.

d. Employer Matching Contributions

The Employer contributed a non-discretionary, fixed matching contribution of 40% of the first 4% of eligible compensation that a participant contributes to the Plan, subject to certain limitations. Participants must have been eighteen years old and actively participating in order to receive the non-discretionary, fixed matching contributions. The Employer made \$42,075 of non-discretionary, fixed matching contributions for the year ended December 31, 2024.

1. DESCRIPTION OF THE PLAN (Continued)

e. Employer Non-Elective Contributions

The Employer's non-elective contribution for each fiscal year was discretionary and was determined by the Board of Directors, subject to limitations imposed by the IRC. Allocation of the non-elective contribution was based on a uniform percentage of participant compensation, as defined by the Plan. There was no Employer non-elective contribution for the year ended December 31, 2024.

f. Participant Accounts

Each participant's account was credited with the participant's contributions and allocations of the Employer's contributions plus earnings thereon, less administrative fees paid by the Plan. Allocations were based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled to was the benefit that could be provided from the participant's vested account.

g. Vesting Provisions

Participants were fully vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts was based on years of continuous service. A participant was 100% vested after one year of service (defined as 1,000 hours of service) or if employment was terminated due to death, disability or retirement. As a result of the Plan Sponsor terminating the Plan, all participants became fully vested.

h. Forfeitures

A participant who terminated employment forfeited any non-vested balance at the earlier of a distribution of the entire vested portion of the participant's account or at the end of five consecutive one-year breaks in service. Forfeitures could be used to reduce any Employer contributions or to pay plan expenses. There were \$13,019 of unallocated forfeitures as of December 31, 2023. During the plan year ended December 31, 2024, there were \$6,813 of forfeitures used to reduce plan expenses, \$3,797 used to offset Employer contributions and \$3,509 of forfeitures re-allocated to participant accounts. There were no unallocated forfeitures as of December 31, 2024.

i. Payment of Benefits

The Plan provided for a normal retirement benefit to be paid to participants who reached the normal retirement age of sixty-five, with no option for early retirement. In-service withdrawals from all participants' vested accounts were permitted once a participant reached age fifty-nine and a half. Participants were entitled to their vested account balance upon death, disability, retirement or termination of employment. The normal form of payment under the Plan was a lump-sum benefit. A participant could elect to receive installment payments equal to their vested account balance. In addition, if a terminated participant's vested account was greater than \$1,000 but less than \$5,000, and a distribution election had not been made by the participant, the funds would be distributed to the participant in the form of a direct rollover to an IRA designated by the Plan Administrator. Terminated participants with account balances of less than \$1,000 received a lump-sum distribution of 100% of their vested benefits. During 2024, the involuntary distribution amount was increased to \$7,000 per the SECURE 2.0 Act.

1. DESCRIPTION OF THE PLAN (Continued)

i. Payment of Benefits (Continued)

A participant could request a withdrawal upon demonstration to the Plan Administrator that they were suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to the applicable section of the IRC or standards established by the Secretary of the Treasury or their delegate.

j. Notes Receivable from Participants

Participants could borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans could not extend beyond five years unless the loan was used to acquire a primary residence. Participants could only have one outstanding loan at a time. The loans were secured by the balance in the participant's account and bore interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest were paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting principles (U.S. GAAP) established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these notes are to the FASB Accounting Standards Codification (ASC). The 2024 financial statements are presented on the liquidation basis of accounting due to the Plan Sponsor voting to terminate the Plan, management determining liquidation was imminent, and the Plan's assets being fully distributed as of December 31, 2024 (see Note 1a). The 2023 financial statements are presented on an ongoing basis.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, as determined by Fidelity Management Trust Company (Fidelity). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year end. The common collective trust is valued at NAV as a practical expedient. See Note 4 for disclosure of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The change in the value of investments and realized gains are reflected in the accompanying statement of changes in net assets available for benefits, as net appreciation of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions

Contributions from plan participants and non-discretionary, fixed matching contributions from the Plan Sponsor were recorded in the year which the participant contributions were withheld from compensation. Employer non-elective contributions were recorded when such contributions were authorized by the Plan Sponsor's Board of Directors.

Payment of Benefits

Benefits paid to participants were recorded when paid.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceased to make loan repayments and the Plan Administrator deemed the participant loan to be in default, the participant loan balance was reduced, and a benefit payment was recorded. For the year ended December 31, 2024, there were \$6,497 of defaulted loans that have been deemed distributed and included in benefits paid to participants in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

Subsequent events have been evaluated through November 7, 2025, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition or disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S QUALIFIED INSTITUTION

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2024 (in liquidation) and 2023 (ongoing), and the related investment transactions, investment income and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024 (in liquidation).

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the accompanying financial statements.

4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. *Fair Value Measurement* establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs).

ENERGY FEDERATION, INC. SAVINGS PLAN

Notes to Financial Statements
December 31, 2024 (In Liquidation) and 2023 (Ongoing)

4. FAIR VALUE MEASUREMENT (Continued)

The fair value hierarchy is as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by Fidelity, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. As of December 31, 2023, the Plan had no plans to sell the common collective trust at amounts different from NAV. The common collective trust seeks to maintain a stable value of \$1 per unit.

There have been no changes in the methodologies used at December 31, 2023 (ongoing). During 2024, all plan assets were distributed as part of the Plan termination. Accordingly, there are no investments held at December 31, 2024.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determinate the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENT (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 6,291,719</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 6,291,719
Common collective trust, measured at NAV				<u>59,983</u>
Total investments, at fair value				<u>\$ 6,351,702</u>

The following table summarizes the Plan's investments measured at fair value based on NAV as a practical expedient as of December 31, 2023:

<u>Type</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trust	<u>\$ 59,983</u>	<u>\$ -</u>	Daily	None

5. COMMON COLLECTIVE TRUST

The Plan's investment in the Common Collective Trust (CCT) was represented by the CCT's underlying investment in the Morley Stable Value Fund which invests in fully benefit-responsive investment contracts, commonly referred to as guaranteed investment contracts (GICs), synthetic investment contracts, and similarly designed contracts issued by insurance companies, banks and other financial institutions. The Plan's investment in the CCT was not considered a fully benefit-responsive investment contract and is reported at fair value (see Note 4).

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, transactions with investment funds managed and held by the qualified institution, as well as investment advisors, are considered party-in-interest transactions.

Certain plan investments are shares of mutual funds and units of the CCT account held by Fidelity, the trustee and qualified institution of the Plan, and therefore, these transactions qualify as party-in-interest transactions. For the plan year ended December 31, 2024, administrative fees of \$34,942 were paid to the trustee, qualified institution and investment advisor.

7. TAX STATUS

The Plan Sponsor has obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the restated prototype plan document was in compliance with applicable requirements of the IRC. The Plan Administrator timely adopted the restated prototype plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is currently being operated in accordance with the IRC.

ENERGY FEDERATION, INC. SAVINGS PLAN

Notes to Financial Statements
December 31, 2024 (In Liquidation) and 2023 (Ongoing)

7. TAX STATUS (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

The Plan filed an incomplete Form 5500 for plan year 2024. The Plan intends to amend and file a complete Form 5500 filing with the audited financial statements in 2025.

8. RISKS AND UNCERTAINTIES

The Plan provides for various investment options that invest in various combinations of stocks, bonds, fixed-income securities, real estate, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
