Independent Auditors' Report

To the Plan Sponsor and Participants of the
Perry Veterinary Clinic, PLLC 401(k) Profit Sharing Plan
Perry, New York

Opinion on the 2024 Financial Statements

We have audited the accompanying financial statements of the Perry Veterinary Clinic, PLLC 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2024 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2024 Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – 2023 Financial Statements

Plan management is responsible for the accompanying 2023 financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2023, and the related notes to the financial statements. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2023 financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2023 financial statements.

Notes to Financial Statements

1. Description of the Plan

The following description of the Perry Veterinary Clinic, PLLC 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan, established effective January 1, 2003, is a defined contribution plan covering substantially all employees of Perry Veterinary Clinic, PLLC (the "Plan Sponsor"). The Plan was amended and restated effective January 1, 2021 to bring the Plan into compliance with legislative and regulatory changes set forth in IRS Notice 2017-37 ("Cycle 3 Restatement"). Employees must be at least 21 years of age and complete 1 year of service in order to become a participant in the Plan and begin making elective deferrals and receiving Plan Sponsor matching contributions and safe harbor contributions. After 2 years of service, employees are eligible to receive Plan Sponsor profit share contributions as long as they are employed on the last day of the Plan year and work at least 1,000 hours during the Plan year. In accordance with the Plan agreement, the following classes of employees are excluded from eligibility:

- Employees covered by a collective bargaining agreement; and
- Non-resident aliens; and

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants may elect to contribute a specific percentage or dollar amount of their annual compensation as a pre-tax or Roth contribution, limited by the amount imposed by law. Additionally, participants age 50 or older may elect to make a catch-up contribution limited to the amount imposed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (i.e., rollovers).

The Plan Sponsor safe harbor contribution is equal to 3% of employee compensation. The Plan Sponsor matching contribution is determined annually and may only be based on participant deferrals that do not exceed 6% of Plan compensation. In addition, the total amount of matching contribution will not exceed 4% of Plan compensation. For the 2024 Plan year, the Plan Sponsor matching contribution was 3% of employee compensation.

The Plan also allows discretionary profit share contributions, determined annually by the Plan Sponsor, and allocated to eligible participants based on eligible compensation. For the year ended December 31, 2024, the Plan Sponsor made a profit share contribution totaling \$330,000 which is typically funded to the Plan after year-end.

Perry Veterinary Clinic, PLLC 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Vesting – Participants are immediately vested in their salary deferral and rollover contributions, as well as all types of Plan Sponsor contributions and actual earnings thereon.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions and the participant’s share of Plan earnings. Participant accounts are decreased by participant distributions and each participant’s share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based upon the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Payment of Benefits – Upon termination of employment, retirement, death, disability, or as required by law, a participant may elect to receive a lump-sum distribution in an amount equal to the vested value of their account. The Plan permits in-service distributions only for participants age 60 and older. The Plan does not allow in-service distributions for financial hardships. The Plan includes a force out provision under which participants who terminate employment and have a vested account balance less than \$7,000 are automatically required to receive a distribution from the Plan.

Forfeitures – As participants are immediately vested in all forms of contributions, forfeitures are not applicable to the Plan.

Notes Receivable from Participants – Participants loans are not permitted.

Income Taxes – The Plan delegated authority to Benefits Management Inc. to adopt the Benefits Management Inc. Basic Plan Document #01. The Plan relies on an opinion letter issued by the Internal Revenue Service (“IRS”) as evidence that the Plan is qualified under section 401 of the Internal Revenue Code (the “Code”). Accordingly, no provision for income taxes has been included in the accompanying financial statements. The Plan Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Perry Veterinary Clinic, PLLC 401(k) Profit Sharing Plan *Notes to Financial Statements (continued)*

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition – The Plan’s investments consist of four collective funds that are held with U.S. Bank (the “Custodian”). The collective funds hold a variety of cash/money market accounts, exchange traded funds, mutual funds, preferred stocks, and foreign stocks, dependent on the risk profile and objective of the fund, and are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

The Plan presents, in the accompanying statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments which consists of the realized gains and losses and the unrealized net appreciation or depreciation of those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses – Certain accounting and administrative expenses of the Plan are paid by the Plan Sponsor. Expenses relating to investment activity are paid by the Plan.

Payment of Benefits – Benefits are recorded when paid.

Party-in-Interest Transactions – U.S. Bank is the Custodian is defined by the Plan and, as such, transactions with the Custodian qualify as party-in-interest transactions. Fees paid to U.S. Bank for administrative services amounted to \$400 for the year ended December 31, 2024. Karpus Investment Management (“Karpus”) serves as the Plan’s investment advisor and is also considered a party-in-interest. Fees paid to Karpus for investment management and recordkeeping services amounted to \$215,266 for the year ended December 31, 2024.

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent Events – The Plan Sponsor has evaluated subsequent events, for recognition or disclosure, through November 7, 2025, the date the accompanying financial statements were available to be issued. See Note 5.

Perry Veterinary Clinic, PLLC 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date. All assets held for investment by the Plan utilize Level 1 inputs as their primary measure of fair value as of December 31, 2024.
- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security. There were no assets of the Plan that utilized Level 2 inputs as its primary basis for calculating fair value as of December 31, 2024.
- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity’s own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the Plan that utilized Level 3 inputs as its primary measure of fair value as of December 31, 2024.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The collective funds hold a variety of cash/money market accounts, mutual funds, preferred stocks, and foreign stocks. The following is a description of the valuation methodologies used for assets measured at fair value that are held within the collective funds.

Money Market – Shares of money market funds consist of short-term U.S. government securities and are typically held for short periods of time before being traded into stocks or bonds.

Exchange Traded Funds, Preferred Stocks, and Foreign Stocks – Valued at the closing price reported on the active market on which the individual securities are traded.

Perry Veterinary Clinic, PLLC 401(k) Profit Sharing Plan
Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are primarily closed-ended mutual funds that trade on active exchanges similar to a stock.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

	2024	2023
Level 1		
Money market	\$ 1,011,679	\$ 1,147,964
Mutual funds	15,432,206	15,649,266
Exchange traded funds	16,323,630	12,340,587
Preferred stocks	2,695,086	1,976,521
Foreign stocks	3,383,015	1,302,913
	\$ 38,845,616	\$ 32,417,251

4. Reconciliation with Form 5500

4. Reconciliation with Form 5500 (continued)

The following is a reconciliation of the increase in net assets available for benefits as reported on the accompanying financial statements to the Form 5500 for the year ended December 31, 2024:

Net increase as reported on the financial statements	\$ 6,453,587
Plus: Prior year contributions receivable	330,000
Less: Current year contributions receivable	<u>(355,222)</u>
	<u>\$ 6,428,365</u>

5. Plan Migration & Change in Custodian

Effective February 26, 2025, the Plan was amended and restated to adopt the Empower Retirement, LLC Defined Contribution Pre-Approved Plan. The Plan's investments were transferred from the existing four U.S. Bank accounts to Empower. Under Empower, the Plan now invests primarily in mutual funds.
