Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BDO USA, P.C**

(2) EIN: **13-5381590**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

| | Yes | No | Amount |
|--|-----|----|---------|
| a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.) | | X | |
| b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Independent Auditor's Report

To the Plan Administrator
The MathWorks 401(k) Retirement Plan
Natick, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The MathWorks 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2; and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from

error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits

of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule (modified cash basis) agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The MathWorks 401(k) Retirement Plan

Notes to Financial Statements (Modified Cash Basis)

1. Description of Plan

The following description of The MathWorks 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more comprehensive description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of The MathWorks, Inc. (the “Company”) with the exception of co-ops, interns, contractors, and temporary employees. Effective January 1, 2024, temporary employees were removed as an excluded group for plan eligibility purposes. Prior to January 1, 2024, temporary employees who work at least 1,000 hours during their first employment year or in any plan year that begins after their date of hire were eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The plan administrator is responsible for the oversight of the Plan while the Plan Advisory Team is responsible for determining appropriateness of the Plan’s investment offerings and monitoring investment performance, among other duties. Charles Schwab Trust Bank (“Charles Schwab”) serves as the trustee.

Contributions

Each year, participants may contribute up to 50% of their annual eligible compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their rate initially set at 6% of eligible compensation on a pre-tax basis with contributions invested in a designated fund until changed by the participant. The deferral rate for automatically enrolled participants automatically increases by 1% each year to a maximum of 50% until changed by the participant.

Mandatory non-safe harbor employer matching contributions are equal to 50% of the amount that a participant contributed to the Plan, limited to 6% of the participant’s annual eligible compensation. In 2024, the Company has elected to make an additional year-end discretionary matching contribution of an additional 50% of the amount that a participant contributed to the Plan, up to 6% of the participant’s annual eligible compensation when combined with the initial matching contribution. Participants are eligible to receive the additional year-end discretionary matching contributions provided they are employed on the last business day of the plan year.

Contributions are subject to certain Internal Revenue Code (“IRC”) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and employer matching contributions as well as allocations of profit-sharing contributions, if applicable, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant earnings, account balances, or specific transactions,

The MathWorks 401(k) Retirement Plan

Notes to Financial Statements (Modified Cash Basis)

as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of service. A participant is 100% vested after four years of credited service. The elapsed time method is used to calculate a year of credited service. Participants must be credited with at least a 12-month period of service in order to receive a year of credited service.

| <i>Years of Service</i> | Vesting Percentage |
|-------------------------|--------------------|
| Less than one | 0% |
| Between one and two | 25% |
| Between two and three | 50% |
| Between three and four | 75% |
| Four or more | 100% |

Participants become fully vested immediately upon death, disability, or retirement.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loan term may not exceed five years, except for loans used to purchase a principal residence. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%, which are commensurate with local prevailing rates plus 1.00% as determined by the plan administrator. Participants may only have one loan outstanding during the plan year. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement on or after normal retirement age of 65, or termination of service, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account or partial payments as defined in the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan provides for the direct rollover to an individual retirement account ("IRA") for terminated participants with balances greater than \$1,000 and not more than \$5,000, unless directed otherwise by the participant. In addition, the Plan allows the plan administrator to automatically distribute to terminated participants their entire vested balance which does not exceed \$1,000. Participants who have attained the age of 59½ may elect to withdraw part or all of their vested account balance from the Plan without penalty. In addition, a participant may elect to withdraw all or part of his or her account in the case of immediate and heavy financial need. Hardship withdrawals are subject to taxes.

The MathWorks 401(k) Retirement Plan

Notes to Financial Statements (Modified Cash Basis)

Forfeitures

Forfeitures of the non-vested portion of terminated employees' accounts may be used to pay eligible plan expenses or reduce future employer matching contributions. During 2024, forfeited non-vested accounts totaling \$1,073,411 were used to reduce employer matching contributions. At December 31, 2024 and 2023, the balance in the forfeiture account was \$10,712 and \$8,978, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America and is an acceptable method of reporting under the Department of Labor's ("DOL") regulations. The modified cash basis of accounting is a cash receipts and disbursements method of accounting. Accordingly, contributions, and dividends and interest are recorded when received, and administrative expenses are recognized when paid. Exceptions include investments, which are reported at fair value; notes receivable from participants, which are reported at their unpaid principal balance; and the recognition of excess contributions, which are recorded on the accrual basis.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities as of the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Advisory Team determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities, dividends, and interest income are recorded on the cash basis. Net appreciation/depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Participant contributions and any related employer matching contributions are recognized in the period during which the Plan receives the contributions.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis. Related fees are recorded as administrative expenses and are

The MathWorks 401(k) Retirement Plan

Notes to Financial Statements (Modified Cash Basis)

expensed when they are paid. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. During the year ended December 31, 2024, each participant's account was charged an annual flat fee of \$100. Certain expenses relating to specific participant transactions, such as loan fees or distribution processing fees, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2025, which is the date the financial statements were available to be issued.

3. Certified Investments

The plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab, the trustee for the Plan and a qualified institution, has certified as to the completeness and accuracy of all the investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, the supplemental schedule Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2024, and the related investment activity and interest income from notes receivable from participants reflected on the statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

| | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
|---------|---|

The MathWorks 401(k) Retirement Plan

Notes to Financial Statements (Modified Cash Basis)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds

Mutual funds are valued at daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission ("SEC"). The funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as level 1 assets in the fair value hierarchy.

Common/Collective Trusts

Common/collective trusts have the characteristics of a structure similar to a mutual fund and are valued based on the readily determinable fair value that each common/collective trust publishes at the end of each business day. While the underlying assets may be actively traded on an exchange, the common/collective trusts are not, and therefore, are classified as level 2 assets in the fair value hierarchy.

Self-Directed Brokerage Accounts

Investments within the self-directed brokerage accounts held by the Plan that are classified as level 1 in the fair value hierarchy consist primarily of cash, common stock of various companies, and mutual funds, money market funds, and exchange traded funds that are registered with the SEC. Common stock investments and exchange traded funds are valued at the daily closing price as reported by the active markets. Investments in mutual funds, including money market funds, are valued as described above.

Investments within the self-directed brokerage accounts held by the Plan that are classified as level 2 in the fair value hierarchy consist primarily of government, agency and corporate bonds, other fixed income securities, and non-listed real estate investment trusts ("REITs"). Bonds and

The MathWorks 401(k) Retirement Plan

Notes to Financial Statements (Modified Cash Basis)

fixed income securities do not trade on a daily basis and are valued with the assistance of a third-party pricing vendor using evaluated pricing models maximizing the use of observable inputs such as benchmark yields, reported trades, broker/dealer quotes, and other reference data for similar securities. The public, non-listed REITs file with the SEC and publish net asset values, but shares do not trade on an exchange and, therefore, are classified as level 2 assets in the fair value hierarchy.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of:

| <i>December 31, 2024</i> | Level 1 | Level 2 | Level 3 | Total |
|---|-------------------------|----------------------|-------------|-------------------------|
| Investments Subject to Fair Value Hierarchy: | | | | |

5. Related-Party and Party-in-Interest Transactions

Certain plan investments within the self-directed brokerage accounts are managed by Charles Schwab or affiliated companies. Charles Schwab is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Charles Schwab provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") between the Company and Charles Schwab. Under the terms of the MSA, each participant is charged an annual flat fee, deducted quarterly from his or her account, which is then used to pay certain administrative expenses. Charles Schwab receives revenue from mutual fund and collective trust fund service providers for services Charles Schwab provides to the funds. This revenue is used to offset certain amounts owed to Charles Schwab for its administrative

Notes to Financial Statements (Modified Cash Basis)

services to the Plan. If the revenue received by Charles Schwab from such mutual fund or collective trust fund service providers exceeds the amount owed under the MSA, Charles Schwab remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of the participants. During 2024 and 2023, there were no excess amounts. The Plan or the Company may make a payment to Charles Schwab for administrative expenses not covered by revenue sharing. Certain employees of the Company who participate in the Plan, perform administrative services for the Plan at no cost to the Plan. Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Plan has adopted a pre-approved plan document sponsored by Schwab Retirement Plan Service, Inc. The pre-approved document received a favorable opinion letter from the Internal Revenue Service ("IRS") dated September 21, 2020, stating that the form of the pre-approved plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax exempt. Although there have been amendments to the Plan since receiving the most recent opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and was tax exempt as of the financial statement date. Accordingly, no provision for income taxes has been made in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits (modified cash basis).
