INDEPENDENT AUDITOR'S REPORT

To the Independent Fiduciary/Trustee of the
Bakery and Sales Drivers' Local 33
Partitioned Pension Fund

Opinion

We have audited the financial statements of the Bakery and Sales Drivers' Local 33 Partitioned Pension Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (in liquidation) as of January 13, 2025 and 2024, and the related statements of changes in net assets available for benefits (in liquidation), and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits (in liquidation) of the Plan as of January 13, 2025 and 2024, and the changes in its net assets available for benefits (in liquidation) for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Liquidation Basis of Accounting

As described in Note 3 to the financial statements, all contributing employers withdrew from the Plan, triggering a termination of the Plan by mass withdrawal as defined by ERISA.

Accordingly, the financial statements are prepared on the liquidation basis of accounting.

Accounting principles generally accepted in the United States of America require financial statements be prepared on the liquidation basis of accounting when an entity is in liquidation or when liquidation is imminent. Our opinion is not modified with respect to that matter.

NOTES TO FINANCIAL STATEMENTS

JANUARY 13, 2025 AND 2024

NOTE 1. DESCRIPTION OF PLAN

The following brief description of the Bakery and Sales Drivers' Local 33 Partitioned Pension Fund (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information.

The Plan was formed on January 14, 2014 with Pension Benefit Guaranty Corporation (PBGC) approval. Under the Plan, the PBGC agreed to fund all liabilities directly attributable to non-forfeitable benefits in the Bakery and Sales Drivers' Local 33 Industry Pension Plan accrued by employees who performed service for Interstate Brands Corporation and/or Hostess Brands, Inc. and/or Continental Baking Corporation. On that same date, the Bakery and Sales Drivers' Local 33 Industry Pension Plan (the Plan existing prior to the partition) and the Milk Drivers & Dairy Employees Local Union No. 246 of Washington, D.C. Pension Fund merged to provide benefits to the remaining participants not included in the partition. The PBGC provides financial assistance to the Plan in the amount of PBGC guaranteed benefits attributable to the Plan after the effective date, but on or before February 1, 2014. After the effective date, all claims against Hostess Brands, Inc. become claims of the Plan and the Plan is entitled to any recovery on such claims.

The Plan provides monthly benefit amounts limited to the product of 100% of the first \$11 of the average accrual rate plus 75% of the next \$33 of the average accrual rate in excess of \$11; times the number of the participants' years of credited service with the bankrupt employers. Reference should be made to the summary plan description for specific details as to vesting, benefits and eligibility.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements are prepared using the liquidation basis of accounting. Accounting principles generally accepted in the United States of America require financial statements be prepared on the liquidation basis of accounting when the entity is in liquidation or when liquidation is imminent. PBGC contributions are accounted for as exchange transactions.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service which employees have earned through the date of termination. Accumulated plan benefits include benefits expected to be paid to (a) pensioners and beneficiaries receiving benefits and (b) terminated vested pensioners and beneficiaries with rights to future benefits.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Reclassifications - Certain prior year amounts have been reclassified to be in conformity with the current year presentation. These reclassifications did not change the total assets, liabilities or change in net assets from the totals previously reported.

NOTE 3. TERMINATION

On February 1, 2014, the Plan was terminated by mass withdrawal as defined by ERISA Section 4041A (a)(2). The Trustees have exercised their right to terminate the Plan. Termination shall not permit any part of the Plan assets to be used for, or diverted to, purposes other than the exclusive benefit of the pensioners, beneficiaries and participants. The net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive full benefits at some future time will depend on the sufficiency of the Plan's net assets at the time and the priority of those benefits.

In addition, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC). Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. The PBGC does not guarantee all types of benefits and the amount of any individual participant's benefit protection is subject to certain limitations. Some benefits may be fully or partially provided for while other benefits may not be provided at all.

Effective February 2014, the Plan began receiving quarterly contributions from the PBGC so that the Plan could continue to operate and pay benefits. Based on the present PBGC regulations, the Plan expects each participant's pension benefits to be guaranteed by the PBGC.

NOTE 4. TAX STATUS

The Plan obtained a favorable tax determination letter dated December 27, 2013 from the Internal Revenue Service that stated the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) and was, therefore, exempt from Federal income taxes under the provisions of Section 501(a). The Plan Trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the U.S. Federal, state, or local taxing authorities.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, Plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

NOTE 5. ACTUARIAL INFORMATION

An actuarial valuation of the Plan was made by the consulting actuary as of January 1, 2024. Information shown in the report included the following:

Actuarial present value of accumulated plan benefits:

Vested benefits:	
Pensioners and Beneficiaries	\$ 10,692,873
Terminated vested	3,128,277
Total vested benefits	<u>13,821,150</u>
PBGC section 4044 load assumption	<u>171,088</u>
Total actuarial present value of accumulated plan benefits	<u><u>\$ 13,992,238</u></u>

The Plan's present value of accumulated plan benefits as of January 1, 2024 totaled \$13,992,238. The net assets available for benefits as of the same date amounted to \$135,425. The value of non-forfeitable benefits exceeds the value of Plan assets by \$13,856,813 at January 1, 2024.

The actuarial valuation was made using actuarial assumptions determined in accordance with the Pension Benefit Guaranty Corporation (PBGC) regulations for valuing plan benefits for a terminated multiemployer plan. For the valuation at January 1, 2024, the interest rate used was 5.45% for 20 years and 5.22% thereafter. The morality table used for healthy participants is the 1994 GAM Basic table projected to 2034 with Scale AA. The morality table used for disabled participants is the PBGC's Social Security Disabled tables in Section 4044.75 (Tables 5,6).

NOTE 5. ACTUARIAL INFORMATION (continued)

At February 1, 2014 (date of termination), any participant retiring on or after January 14, 2014 with vested benefit under the predecessor plan is eligible to receive monthly benefit amounts limited to the product of 100% of the first \$11 of the average accrual rate plus 75% of the next \$33 of the average accrual rate in excess of \$11; times the number of the participants' years of credited service with the bankrupt employers.

NOTE 6. SUBSEQUENT EVENTS
