## Independent Auditor's Report

Retirement Plan Committee  
Cathexis Investment Management, LP 401(k) Plan  
Houston, Texas

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed an audit of the financial statements of Cathexis Investment Management, LP 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Other Matter - Comparative Financial Statements Unaudited***

The accompanying statement of net assets available for benefits of Cathexis Investment Management, LP 401(k) Plan as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended were not audited, reviewed, or compiled by us and, accordingly, we do not express an opinion or any other form of assurance on them.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial

likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedules Required by ERISA***

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the

audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

### 1. Plan Description

The following description of the Cathexis Investment Management, LP 401(k) Plan (the Plan) provides only general information. Participants should refer to the comprehensive Plan document for a more complete description of the Plan's provisions.

#### *General*

The Plan was established on June 1, 2011, by Cathexis Investment Management, LP (the Company or Employer), who also serves as the sponsor of the Plan. The Plan is a defined contribution plan that covers all employees of the Company, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

#### *Trustee and Administration of the Plan*

The trustee and recordkeeper of the Plan is Transamerica Trust Company (Transamerica, Trustee, or Recordkeeper). The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

#### *Eligibility*

Employees of the Company are considered eligible for participation. There is no age requirement to enter the Plan. An eligible participant can enter the Plan immediately upon meeting the eligibility requirements.

#### *Contributions*

Each year, participants may contribute up to 90% of eligible compensation, as defined in the Plan. Salary deferral agreements shall be made, terminated, or changed according to procedures and limitations set up by the Plan administrator and the Plan document. The Plan also allows for Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company determines in operation which sources of rollovers will be accepted. Participants direct the investment of their contributions into various investment options offered by the Plan. The Employer will make a safe harbor matching contribution equal to 100% of salary deferrals up to 5% of employee compensation. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Company may make a discretionary non-elective employer contribution for eligible participants based on a non-integrated allocation formula. For the Plan year ended December 31, 2024, the Company did not make any discretionary non-elective contributions.

# Cathexis Investment Management, LP 401(k) Plan

## Notes to Financial Statements

---

### ***Qualified Non-Elective Contributions***

The Plan includes Qualified Non-Elective Contributions (QNECs), which are contributions made by the employer to satisfy certain nondiscrimination requirements. During the year ended December 31, 2024, it was discovered that certain of the Plan's provisions were not properly applied in the daily operation of the Plan. The auto-enrollment feature of the Plan did not function as intended. As a result, eligible participants who should have been automatically enrolled in the Plan were not enrolled. The Plan Administrator determined the affected participants and calculated the QNEC inclusive of earnings through the date of correction, for deposit into the Plan to make the affected participants and the Plan whole. As of the reporting date, QNECs receivable amounted to \$64,680 (see Note 9).

### ***Participant Accounts***

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

### ***Vesting***

Participants are 100% vested in their individual contributions, Roth, rollover contributions, employer safe-harbor contributions, and allocated earnings thereon. Vesting in the Company's discretionary non-elective contribution portion of their accounts is based on years of continuous service. Company discretionary nonelective contributions have a five-year graded vesting period as follows:

Completed Years of Service	Vested Percentage (%)
Less than 1	-
1	20
2	40
3	60
4	80
5	100

Participants become fully vested in the event of retirement, death, or disability, as defined by the Plan.

### ***Notes Receivable from Participants***

Participants are permitted to borrow a minimum of \$500 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the participant's account and the interest rate is established by the Company and is fixed for the term of the loan. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence up to 15 years. These loans are subject to certain restrictions as defined by the Plan document and

# Cathexis Investment Management, LP 401(k) Plan

## Notes to Financial Statements

---

applicable restrictions under the Internal Revenue Code (IRC). Participants may not have more than one loan outstanding at any time.

### ***Payment of Benefits***

Upon termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in their account, substantially equal installments, or partial withdrawals. Any balance that does not exceed \$5,000 is automatically paid out as soon as administratively possible. In the absence of an election by the participant within the time period specified by the Plan administrator, any balance that exceeds \$1,000, but does not exceed \$5,000, is paid as a direct rollover to an individual retirement account designated by the Plan administrator, and any balance that does not exceed \$1,000 is paid directly to the participant in the form of a cash, lump-sum distribution. The Plan also allows for in-service distributions upon reaching age 59½ or for proven financial hardship. Hardship withdrawals are subject to certain limitations.

### ***Forfeitures***

At December 31, 2024, forfeited non-vested accounts totaled \$1,607. These accounts may be used to pay the administrative expenses and to reduce future employer contributions. There were no forfeited funds used to pay administrative expenses and/or employer contributions in 2024.

## **2. Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

### ***Use of Estimates***

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### ***Investment Valuation and Income Recognition***

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

# Cathexis Investment Management, LP 401(k) Plan

## Notes to Financial Statements

---

### ***Contributions Receivable***

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Non-elective/Profit sharing contributions are recorded in the relevant period in accordance with the terms in the Plan document.

### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

### ***Payment of Benefits***

Benefit payments are recorded when paid.

### ***Administrative Expenses***

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Certain investment-related expenses are included in net appreciation in fair value of investments.

## **3. Certified Investment Information**

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedules, related to investments and notes receivable from participants held as of December 31, 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Transamerica, a qualified institution.

## **4. Fair Value Measurements**

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.

# Cathexis Investment Management, LP 401(k) Plan

## Notes to Financial Statements

---

- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

*Mutual Funds* - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Stable Value Fund* - The stable value investment is offered through an indirect investment in a fully benefit-responsive group annuity contract and consists of an investment in the general account of Transamerica. The stable value investment is a depository liability with no formal underlying maturities and is considered fairly valued at contract value, as a proxy for fair value, because of this specific distinction. The value of the stable value investment is guaranteed by Transamerica. The guaranteed rate of interest is determined on a semi-annual basis, and there is no stated minimum or maximum interest rate. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable. As of December 31, 2024, the Plan had no unfunded commitments related to the stable value investment. The stable value investment has a daily redemption frequency and redemption notice period. There are no other restrictions on the timing of redemption; however, participant redemptions may be subject to certain redemption fees.

## Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value:

### ***December 31, 2024***

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,857,857	\$ -	\$ -	\$ 8,857,857
Stable value fund	-	151,806	-	151,806
<b>Investments, at fair value</b>	<b>\$ 8,857,857</b>	<b>\$ 151,806</b>	<b>\$ -</b>	<b>\$ 9,009,663</b>

### ***December 31, 2023 (Unaudited)***

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,099,696	\$ -	\$ -	\$ 6,099,696
Stable value fund	-	107,665	-	107,665
<b>Investments, at fair value</b>	<b>\$ 6,099,696</b>	<b>\$ 107,665</b>	<b>\$ -</b>	<b>\$ 6,207,361</b>

## **5. Related Party and Party-in-Interest Transactions**

Certain Plan investments are in funds and accounts that are managed by the Trustee or its subsidiaries and affiliates. Participant loan and distribution processing fees are paid to the Recordkeeper by participants. The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

## **6. Risks and Uncertainties**

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

## **7. Plan Termination**

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

# Cathexis Investment Management, LP 401(k) Plan

## Notes to Financial Statements

---

### 8. Tax Status

The Plan uses a pre-approved plan document sponsored by an affiliate of the Trustee. The affiliate of the Trustee received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then-designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

### 9. Delinquent Participant Contributions

During the Plan year ended December 31, 2024, participant contributions totaling \$64,680 were not remitted to the Plan within the period prescribed by Department of Labor regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Employer has corrected these transactions in 2025 and is in the process of remitting the related lost earnings.

### 10. Subsequent Events

Management has evaluated subsequent events through November 13, 2025, the date the financial statements were available to be issued, and has determined that no other events require disclosure.

In 2025, the Company spun off a division from the Plan. As a result of this transaction, eligible participants associated with the division ceased participation in the Plan effective as of the spin-out date. The assets attributable to these participants were transferred to a newly established retirement plan in accordance with applicable plan provisions and regulatory requirements.
