INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Lab Logistics, LLC 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Lab Logistics, LLC 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institutions").

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by the trustee of the Plan and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

LAB LOGISTICS, LLC 401(k) RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Lab Logistics, LLC 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan document or Summary Plan Description for a more complete description of the Plan’s provisions, which are available from the plan administrator.

General

The Plan is a defined contribution plan covering eligible employees of Lab Logistics, LLC and participating affiliates (collectively, the “Company”) except for (1) collectively bargained employees and (2) non-resident aliens. Employees become eligible after ninety days of service and are age twenty-one and older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 100% of annual compensation as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age fifty or older who are making contributions to the Plan are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. Under the Safe Harbor Matching provisions, the Company matches 100% of a participant’s elective deferral up to the first 3% of eligible compensation plus 50% of the participant’s elective deferral up to the next 2% of eligible compensation. Contributions are subject to certain Internal Revenue Code (“IRC”) limitations.

Participant Investment Account Options

The Plan currently offers various mutual funds, common collective trusts, pooled separate accounts, and a guaranteed investment contract as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Company’s matching contributions and allocations of plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

LAB LOGISTICS, LLC 401(k) RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions and matching contributions plus actual earnings thereon, except for vesting of the employer match merged into this plan during 2020 from the Path-Tec, LLC 401(k) Plan (“PT Plan”).

Matching contributions from the PT Plan for Path-Tec, LLC participants’ accounts are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 or 50% of the individual’s vested balance with a minimum of \$1,000 per loan. Loans are secured by the balance in the participant’s account and bear interest as determined by the plan administrator at the inception of the loan at the prime rate plus 2%. Loan terms range from one to five years unless the loan is used to purchase a primary residence, in which case the loan may be repaid over a ten-year period. Other restrictions, as specified in the plan document, may apply to a participant’s loan transaction. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Distributions can be made if requested due to disability, retirement, or termination of employment. Upon termination of service for any reason, a participant may receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account or partial lump sum. For termination of service due to other reasons, a participant may receive the value of their vested interest.

Forfeitures

Amounts forfeited under the Plan are used to reduce future employer contributions and pay administrative expenses. At December 31, 2024 and 2023, there were no forfeited non-vested accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Administrative Fees

Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Note 3 - Information Prepared and Certified by the Custodians

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company ("Principal Life"), Principal Global Investors Trust Company ("Principal Global"), and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (together "Principal"), the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate with respect to investments:

- Investments at fair value
- Investment at contract value
- Net appreciation in fair value of investments
- Interest and dividend income
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described below:

LAB LOGISTICS, LLC 401(k) RETIREMENT PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by Principal Global, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Valued at the NAV of units of the separate account. The NAV, as provided by Principal Life, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 4 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	<u>Investments at Fair Value as of December 31, 2024</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 4,737,343</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,737,343</u>

Investments measured at NAV practical expedient ^(a)				<u>12,919,211</u>
Total investments at fair value				<u>\$ 16,655,851</u>

^(a) In accordance with FASB ASC 820-10, the Plan's investments in common collective trusts and pooled separate accounts with a fair value of \$15,068,649 and \$12,919,211 at December 31, 2024 and 2023, respectively, that were measured at net asset value per share (or its equivalent), as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are presented to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. Additionally, there are no unfunded commitments.

Note 5 - Fully Benefit-Responsive Investment Contract

The Plan has a fully benefit-responsive guaranteed investment contract with Principal Life. Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5%. The crediting interest rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

LAB LOGISTICS, LLC 401(k) RETIREMENT PLAN
Notes to Financial Statements

Note 5 - Fully Benefit-Responsive Investment Contract (Continued)

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

Note 6 - Related Party and Party-in-Interest Transactions

Certain plan investments are units of pooled separate accounts and common collective trusts managed by Principal, and a fully benefit-responsive guaranteed investment contract. Collectively, Principal are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. The Company pays directly any other fees related to the Plan's operations.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 8 - Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2024 to Form 5500:

Net assets available for benefits per the financial statements	\$ 21,000,782
Less: Deemed distributions	<u>(22,209)</u>
Net assets available for benefits per Schedule H of the Form 5500	<u>\$ 20,978,573</u>

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2024 to Form 5500:

Net increase per the financial statements	\$ 2,925,168
Less: Deemed distributions of participant loans	<u>(22,209)</u>
Net income per Schedule H of the Form 5500	<u>\$ 2,902,959</u>

Note 9 - Tax Status

The Internal Revenue Service (“IRS”) has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the custodians of such in a letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, the plan administrative committee/plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

Note 11 - Delinquent Participant Contributions

Defined contribution plans are required to remit employee contributions to the plan as soon as they can be reasonably segregated from the employer's general assets. The Company did not remit \$4,574 of employee contributions to the Plan within the required time period for the year ended December 31, 2024, of which \$2,721 was not remitted as of December 31, 2024. The Company has remitted these delinquent employee contributions, including any lost earnings as a result, during 2024 and 2025.

Note 12 - Subsequent Events

The Plan has evaluated subsequent events through November 14, 2025, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
