INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Spectrum Solutions, Inc. Employee Stock Ownership Plan

Opinion on the Financial Statements

We have audited the accompanying financial statements of Spectrum Solutions, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**SPECTRUM SOLUTIONS, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

1. DESCRIPTION OF THE PLAN

The following description of the Spectrum Solutions, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General

Spectrum Solutions, Inc. (the Company and Sponsor) established the Plan effective January 1, 2020. As of March 19, 2020, the Plan was amended and operates, in relevant part, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (IRC), as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by the Spectrum Solutions, Inc. Employee Stock Ownership Trust (the Trust). The Trust has authority to control and manage the operation and administration of the Plan and has all powers necessary to enable it to carry its duties.

The Plan purchased Company common stock through a promissory agreement with Company officers (Note 5), which is guaranteed by Company common stock and held in a trust (the Trust) established under the Plan. The borrowing is to be repaid over a period of eight years by fully deductible Company contributions to the Trust fund. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC. Shares are 100% vested upon allocation.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares of common stock once they are allocated under the provisions of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2023 and 2022, and for the year ended December 31, 2023, present separately the assets and liabilities and changes therein pertaining to:

1. The accounts of employees with vested rights in allocated common stock (Allocated), and
2. Common stock not yet allocated to employees (Unallocated).

Eligibility

Employees of the Company are generally eligible to participate in the Plan upon commencement of their hiring date.

Eligibility for the employer match to the Plan is based on participation in the Company's 401(k) plan. The amount of the match is based on employee deferrals and the provisions of the Company's 401(k) plan.

Contributions

The Company's Board of Directors determines the form (either in Company stock or cash) and amount of employer contributions. During any year during which the Company has elected to be treated as a "Subchapter S Corporation," the Trust may also receive its share of any distributed earnings (S Corporation Distributions) paid to the Company's stockholders. Participants in the Company's 401(k) plan have their Company match contributed to the Plan instead of to their account in the 401(k) plan. Employee contributions are not permitted.

SPECTRUM SOLUTIONS, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Payments of Benefits

Distributions on account of death, disability or retirement are made in a lump sum or annual installments in the Plan year following the event. The method of payment will either be cash or stock distribution as required by the Plan document.

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. Normal brokerage charges that are included in the cost of securities purchased (or charged to proceeds in the case of sales) shall be paid by the Plan. The Company shall pay all expenses in connection with the design, establishment or termination of the Plan. The Trust shall pay all costs of administering the Plan and Trust, unless such expenses are paid by the Company.

Voting Rights

All Company stock in the Trust shall normally be voted by the Trustees in such manner as it shall determine in their sole discretion. However, with respect to any corporate matter which involves the voting of Company stock as to the approval or disapproval of corporate transactions as may be prescribed in the IRC promulgated thereunder, each participant will be entitled to direct the Trustees as to the exercise of any voting rights only to the extent required by sections 401(a)(2) and 409(e)(3) of the IRC and the regulations promulgated thereunder.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account can be credited with an allocation of (1) the Company's contributions, (2) Company matched funds as directed from the 401(k) plan, (3) Plan earnings or losses based on changes in the price of the Company stock, and (4) forfeitures of terminated participant's nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation or account balances, as defined in the Plan document. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Vesting

Nonelective contributions and related earnings vest at a rate of 20% per year after two years of service and are fully vested after six years. Matching contributions are fully vested upon allocation. Employees are also fully vested upon reaching the normal retirement date as defined by the Plan document, death of a participant, or total and permanent disability as defined by the Plan document.

Put Option

Under federal income tax regulations, the Company stock, that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of a put option is to ensure that the participant has the ability to ultimately obtain cash.

SPECTRUM SOLUTIONS, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution. Participants eligible to diversify make their election after year end based on the number of shares of Company stock held in their account at year end.

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. There were no forfeitures of terminated nonvested account balances allocated to remaining participants at December 31, 2023.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities, and changes therein, pertaining to (1) the accounts of employees with rights in allocated stock (allocated), and (2) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment Valuation and Income Recognition

The shares of Company common stock are reported at fair value. See Note 4 for a discussion of the fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

**SPECTRUM SOLUTIONS, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Subsequent Events

The Plan's management has evaluated subsequent events through November 11, 2025, the date the financial statements were available to be issued.

3. INVESTMENTS AND SUBSEQUENT EVENT

The Plan's investments are presented in the following table:

	<u>December 31, 2023</u>		<u>December 31, 2022</u>	
	<u>Allocated</u>	<u>Unallocated</u>	<u>Allocated</u>	<u>Unallocated</u>
Company common stock:

Estimated fair market value of Spectrum Solutions, Inc. common stock	\$ 2,662,393	\$ 187,607	\$ 1,862,254	\$ 777,746

On July 1, 2024, the Trust acquired 20,000 additional shares of Company common stock, increasing ownership to 40%.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

- Level 1 Fair Value Measurements – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Fair Value Measurements – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the net asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Fair Value Measurements – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**SPECTRUM SOLUTIONS, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for assets measured at fair value at December 31, 2023 and 2022.

Spectrum Solutions, Inc. common stock: Valued at estimated fair value based on an independent appraisal. The appraiser takes into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of the Company's assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for limited marketability.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31, 2023			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Spectrum Solutions, Inc. common stock	\$ -	\$ -	\$ 2,850,000	\$ 2,850,000
Investments at fair value	\$ -	\$ -	\$ 2,850,000	\$ 2,850,000

	Assets at Fair Value as of December 31, 2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Spectrum Solutions, Inc. common stock	\$ -	\$ -	\$ 2,640,000	\$ 2,640,000
Investment at fair value	\$ -	\$ -	\$ 2,640,000	\$ 2,640,000

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2023:

Balance at December 31, 2022	\$ 2,640,000
Unrealized appreciation in estimated fair value	210,000
Balance at December 31, 2023	<u>\$ 2,850,000</u>

Gains and losses (realized and unrealized) included in changes in net assets available for the period above are reported in net appreciation in the fair value of investments in the statement of changes in net assets available for benefits.

**SPECTRUM SOLUTIONS, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Company common stock held by the Plan is reported at fair value based on an appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years, as illustrated in the following table.

<u>Instrument</u>	<u>Fair Value</u>	<u>Principal Valuation Technique</u>	<u>Unobservable Inputs</u>
Spectrum Solutions, Inc. Common Stock	\$ 2,850,000	Income	EBITDA, Net Income, Weighted Average, Cost of Capital, Discount Rate, Discount for Lack of Marketability
		Market	Public Comparables, Revenue Multiple, EBITDA Multiple Discount for Lack of Marketability

The valuation process involves the selection of an appraiser under contract for a term of three years with the right to cancel such contract at any time. Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report of estimated per share value that a participant will receive upon distribution, which Plan management, along with the ESOP Trustees, reviews in detail, discusses and approves.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. LOAN PAYABLE TO RELATED PARTY AND PARTY-IN-INTEREST AND SUBSEQUENT EVENT

In 2020, the Trust entered into a \$2,000,000 seven-year promissory agreement with the owners of the Company who are related parties and parties-in-interest. The proceeds of the loan were used to purchase the Company's common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants when principal payments are made. The number of shares released in any year is the number of shares held as collateral, multiplied by the ratio of the current year payments, divided by the total current year's payments, plus all future years' principal payments.

**SPECTRUM SOLUTIONS, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

This resulted in 4,575 shares being released and allocated for the Plan year ended December 31, 2023. The fair value of the note payable as of December 31, 2023 and 2022, was \$131,654 and \$563,882, respectively, determined by using interest rates currently available for issuance of debt with similar terms, maturity dates and nonperformance risk.

Future maturities of the loan payable are summarized as follows:

<u>For the Years Ending December 31,</u>	<u>Principal</u>
2024	\$ -
2025	-
2026	-
2027	131,654
	<u>\$ 131,654</u>

The loan bears interest at a fixed rate of 7.0%. On June 30, 2024, the loan was paid in full. On July 1, 2024, the Trust entered into a \$2,850,000 seven-year promissory agreement to acquire 20,000 additional shares of Company common stock.

6. COMPANY DISTRIBUTIONS

The Company paid distributions to the ESOP of \$130,000 during the year ended December 31, 2023. Distributions received are either allocated to participant accounts or held for future Plan expenses. As required by the Plan document, the current appraised value of the shares to participant accounts in exchange for the use of such distributions was at least equal to the current value of such distributions.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock and has a loan payable to owners of the Company guaranteed by the Company. These are related party and party-in-interest transactions. As described in Notes 1 and 3, the Company pays the expenses of the Plan. The Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

Financial Consulting Group and Ellis & Ward Consulting Group, Inc. provided record keeping services for the Plan and therefore qualifies as a party-in-interest. As described in Note 1, fees related to the Plan's operations were paid by the Sponsor directly to the party-in-interest during 2023.

8. RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

9. PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Employee Benefits Administration Committee directs the Trustees to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the Trust fund will be distributed to such participant, or his or her beneficiary, as prescribed by the Plan terms and the IRC.

10. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 28, 2020, that the Plan is qualified, and the Trust established under the Plan is tax-exempt, under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related Trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.
