## INDEPENDENT AUDITOR'S REPORT

The Benefits Administrative Committee of GE Vernova Flexible Compensation Plan

### Opinion

We have audited the financial statements of GE Vernova Flexible Compensation Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for plan benefits as of December 31, 2024, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for plan benefits as of December 31, 2024 and the changes in its net assets available for plan benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

GE VERNOVA FLEXIBLE COMPENSATION PLAN  
Notes to Financial Statements  
December 31, 2024

(1) Description of the Plan

The following description of the GE Vernova Flexible Compensation Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

**General**

On April 2, 2024, General Electric Company ("GE"), which now operates as GE Aerospace, completed the spin-off (the "Spin-Off") of GE Vernova Inc. (the "Company"), as an independent publicly traded company.

The Plan was established on January 1, 2024 in anticipation of this Spin-Off. Substantially all full-time employees of the Company are eligible to participate in the Plan.

Plan assets are held in the General Electric Insurance Plan Trust (the "Trust"). State Street Bank & Trust Company is the custodian for plan assets. The Company is the Plan Sponsor. The Plan is intended to qualify as a "Cafeteria Plan" under Section 125 of the Internal Revenue Code. The Dependent Care Plan and Health Care Reimbursement Plan are bundled in a single Plan Document. The Health Care Reimbursement Plan component of the Plan (providing medial reimbursement) is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

**Benefits**

The Plan administrator provides dependent care and health care reimbursement accounts for eligible employees who elect to participate. Such accounts are funded through participant contributions in the form of salary reductions. The accounts may be used to reimburse participants for certain eligible childcare, dependent care, or medical expenses.

Contributions in excess of claims, to be used for future benefit payments totaling \$892,000 have been included as net assets on the accompanying Statement of Net Assets Available for Benefits. Net assets totaling \$313,000 included on the accompanying Statement of Net Assets Available for Benefits were subsequently forfeited by participants.

Participants may submit claims for reimbursement to their dependent care and healthcare reimbursement accounts during the Plan Year and up to six months following the Plan Year end. The remaining balances in the dependent care reimbursement accounts are not eligible to be rolled over to the subsequent Plan Year. Such unused balances for the Plan Year will be forfeited. The remaining balances in the healthcare reimbursement accounts may be rolled over into the next Plan Year subject to Internal Revenue Service ("IRS") regulations. Any unused balances in excess of the allowable rollover amount will be forfeited. IRS regulations allowed for a rollover amount of \$640 per participant in 2024.

**Plan Transfers**

In connection with the Spin-Off, certain balances were transferred from the GE Health Choice for Employees Plan and GE Health Benefits for Production Employees Plan as sponsored by GE to the Plan. These transfers represent rollovers of approximately \$140,000 associated with unused balances for the 2023 Plan Year in participants' healthcare reimbursement accounts subject to IRS regulations.

### **Contributions**

Contributions to the Health Care Reimbursement Plan and the Dependent Care Reimbursement Plan, which are components of the Plan, are held in cash in the Trust.

### **Claims Payable**

Claims payable represents claims invoiced for reimbursement prior to December 31, 2024, that relate to eligible services incurred during 2024.

## (2) Summary of Significant Accounting Policies

### (a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

### (b) Benefits Paid

Benefits are recorded when paid.

### (c) Administrative Expenses

Recordkeeping fees, and other expenses are paid by the Plan and reimbursed by the Company. The reimbursements are included as employer contributions to the Plan.

### (d) Management Estimates and Assumptions

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, disclosure of contingent assets and liabilities and the reported amounts of additions and deductions at the date of the financial statements. Actual results could differ from those estimates.

### (e) Subsequent Events

Management has evaluated subsequent events for the Plan through November 14, 2025, the date the financial statements are available to be issued.

## (3) Summary of Trust Financial Information

The Plan's assets are held by the Trust, which was established to hold the assets of the Plan and several other company-sponsored benefit plans. Each participating plan's interest in the Trust is divided.

The Plan only holds cash within the Trust and does not hold any investments.

The Plan's net assets in the Trust represented 4.9% of Trust net assets as of December 31, 2024. The net assets of the Trust and the Plan's interest in the Trust balances at December 31, 2024 are as follows:

<sup>(b)</sup> The non-interest bearing cash balance in the Trust represents liquid funds available to pay benefits.

(4) Summary of Trust Fair Value Measurements

For financial assets and liabilities, fair value is the price the Trust would receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical assets or liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date.

Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect management's market assumptions. Preference is given to observable inputs. These two types of inputs create the following fair value hierarchy:

Level 1 - Quoted prices for identical investments in active markets.

Level 2 - Quoted prices for similar investments in active markets; quoted prices for identical or similar investments in markets that are not active; and model-derived valuations whose significant value drivers are observable.

Level 3 - Significant inputs to the valuation model are unobservable.

Policies and procedures to value investments using the best and most relevant data available are maintained. Independent pricing vendors are used to assist in valuing certain investments. Investment transactions are recorded by the Trust on a trade date basis. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date.

The following section describes the valuation methodologies used to measure investments at fair value.

The cash investment fund is valued at the net asset value of units of the fund. The net asset value per unit is published and is the basis for current transactions. The cash investment fund is a Level 1 investment.

Investments in private equity and other investments held by the Trust, are generally valued using the net asset value ("NAV") per share as a practical expedient for fair value provided certain criteria are met. The NAVs are determined based on the fair values of the underlying investments in the funds. Investments that are measured at fair value using the NAV as a practical expedient are not classified in the fair value hierarchy.

The Trust's investments measured at fair value on a recurring basis at December 31, 2024 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
	(in thousands)			
<u>Investments:</u>				
Cash investment fund	\$ 1,293	\$	\$	\$ 1,293
	\$ 1,293	\$	\$	\$ 1,293
<u>Investments measured at net asset value:</u>				
Private equities and other investments <sup>(a)</sup>				\$ 4,351
Total investments, at fair value				\$ 5,644

<sup>(a)</sup> Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the level hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as total investments in Note 3.

*Private equity funds and other investment funds*- This asset class consists primarily of closed-end private equity funds, which invest across various fund types, including venture capital, buyouts, growth and debt strategies. The term of each fund is typically 10 or more years and the fund's investors do not have an option to redeem their interest in the fund. The assets in this class have been diversified across vintage years, industry sectors and geographic regions. Also included are investments in fund of funds which invest across a diversified array of strategies. Generally, redemptions are not available or allowable for these funds. As of December 31, 2024, there are certain unfunded commitments of \$6.1 million for these funds. There has not been significant funding (administrative expenses only) relating to those commitments during the year ended December 31, 2024. Significant funding related to those assets is not expected in the future.

(5) Tax Status

Pursuant to a letter issued by the IRS on June 24, 1987, the Trust utilized in conjunction with the Plan is intended to be a tax-exempt Voluntary Employee Benefit Association (VEBA) under Internal Revenue Code section 501(c)(9). However, to the extent the Trust recognizes any "unrelated business taxable income" as defined in Section 512 of the Code, the Trust is required to pay tax on any such income. The Trust incurred no significant unrelated business income tax for the tax year 2024.

(6) Exempt Parties-in-Interest Transaction

The Plan paid certain expenses related to Plan operations to a service provider who is a party in interest under ERISA. In Plan management's opinion, fees paid during the year ended December 31, 2024, for services rendered by parties in interest were based upon customary and reasonable rates for such services.

(7) Plan Termination

The Plan Sponsor reserves the right to amend, modify, suspend, replace, or terminate the Plan at any time, for any reason, in its sole discretion, with or without notice, to the full extent permitted by law. No employee, dependent, or other individual has a vested right to any benefit under the Plan and no provision of the Plan or any communication regarding the Plan shall be interpreted to provide or imply such a right. In the event of termination, participants are able to request reimbursement for eligible expenses from their account balances as of the date of termination, as defined in the Plan Document.
