## **INDEPENDENT AUDITOR'S REPORT**

Investment Committee  
Panama Transfer Profit Sharing Plan  
Panama, Iowa

### **Report on the Audit of the Financial Statements**

#### **Opinion**

We have performed audits of the financial statements of Panama Transfer Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of January 31, 2025 and June 30, 2024, and the related statements of changes in net assets available for benefits for the period from July 1, 2024 to January 31, 2025, and the year ended June 30, 2024, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of January 31, 2025 and June 30, 2024, and the changes in net assets available for benefits for the period from July 1, 2024 to January 31, 2025, and the year ended June 30, 2024, in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Emphasis of Matter – Plan Merger**

As discussed in Note 7 to the financial statements, the Investment Committee of Panama Transfer voted and approved in June 2024, to merge the Plan into the Lutz Financial Pooled Employer Plan (Lutz Financial Plan) effective in January 2025. All Plan assets were transferred to the control of the Lutz Financial Plan effective January 8, 2025. Our opinion has not been modified with respect to this matter.

### 1. Plan Description

---

The following brief description of the Panama Transfer Profit Sharing Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

#### *General*

The Plan was a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of Panama Transfer (the Company).

Employees were eligible to make pre-tax or after-tax Roth contributions and receive employer discretionary and safe harbor matching contributions after attaining age 21 and one year of service (1,000 hours). Effective July 1, 2022, eligible employees became participants on the date eligibility requirements were met. Prior to July 1, 2022, eligible employees became participants on the first day of the quarter after eligibility requirements were met.

#### *Contributions*

Participants could make pre-tax or after-tax Roth contributions up to 100 percent of pre-tax annual compensation, as defined in the Plan. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans. Effective July 1, 2022, all eligible employees were automatically enrolled at a 2% deferral rate. Prior to July 1, 2022, all employees were automatically enrolled at a 1% deferral rate. Effective October 1, 2022, the deferral election for each participant increased by 1% of the employee's compensation every twelve months up to a maximum of 7% with the first escalation occurring on October 1, 2023. The Company contributed a safe harbor matching contribution of 100% of the first 5% of employee deferrals. Additional discretionary contribution amounts could be contributed at the option of the Company's owners. For the period July 1, 2024 to January 31, 2025, and for the year ended June 30, 2024, the Company made discretionary contributions of 33% of the first 6% of eligible compensation that a participant contributes to the Plan.

#### *Participant Accounts*

Each participant's account was credited with the participant's salary deferral contribution and an allocation of a) the Company's safe harbor matching contributions b) the Company's discretionary contributions and c) Plan earnings or losses. Company safe harbor matching contributions were allocated among participants based upon each eligible participant's elected salary deferral. Company discretionary profit sharing contributions were allocated on the basis of the participant's eligible compensation for the Plan year. Plan earnings or losses were allocated on the basis of actual results of the investments selected by each participant. Investments were maintained in individual member accounts managed by American Trust Company (American Trust).

### *Vesting*

Participants were vested immediately in their contributions and the Company's safe harbor matching contributions plus actual earnings on the contributions. Vesting in the Company's discretionary contributions was based on years of continuous service. A participant was 100% vested after 6 years of credited service.

### *Payment of Benefits*

On termination of service, death, disability or retirement, a participant could elect to receive either a lump-sum payment or equal installments in amounts equal to the value of the participant's vested account. Upon attaining age 59 ½, a participant could receive in-service distributions from their vested account balance. The Plan also allowed hardship withdrawals. Distributions under \$5,000 were paid to the participant in the event the participant did not elect a payout option. Distribution payments between \$1,000 and \$5,000 were directly rolled over to an individual retirement account. Benefits were recorded when paid.

### *Forfeitures*

Upon a participant's termination of employment before normal retirement, disability, or death, the portion of their Company contributions not then vested was forfeited. As of January 31, 2025 and June 30, 2024, forfeited non-vested accounts totaled \$0 and \$14,054, respectively. These accounts were used to reduce future Plan expenses or employer contributions to the Plan. Forfeitures of \$4,916 and \$19 were used during the period from July 1, 2024 to January 31, 2025 and during the year ended June 30, 2024, respectively, to reduce Plan administrative expenses or employer contributions.

## 2. Summary of Significant Accounting Policies

---

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

### *Basis of Presentation*

The accompanying financial statements have been prepared under the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America.

### *Presentation of Participant-Directed Funds*

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting-Defined Contribution Pension Plans*.

---

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### *Investment Valuation and Income Recognition*

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determined the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

### *Risks and Uncertainties*

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### *Other*

Certain expenses of maintaining the Plan were paid directly by the Company and were excluded from these financial statements. All fees and expenses of the record keeper and custodian which were incurred in connection with the Plan were paid by the Plan and recorded in administrative expenses. Other certain expenses specifically incurred by or attributable to individual participants were paid from the applicable participants' account. Investment related expenses were included in net appreciation (depreciation) in fair value of investments.

### *Subsequent Events*

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through November 12, 2025, noting no items requiring disclosure.

### 3. Fair Value Measurements

---

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques used needed to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 31, 2025 and June 30, 2024.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds that were held by the Plan were open-end mutual funds that were registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds that were held by the Plan were deemed to be actively traded.

## Notes to Financial Statements

January 31, 2025 and June 30, 2024

*Common Collective Trust:* The estimated value of the common collective trust was at NAV. The use of NAV as fair value was deemed appropriate as the common collective trust does not have a finite life, unfunded commitments relating to these types of investments, or significant restrictions on redemptions. FASB ASC 820, *Fair Value Measurement*, allows NAV per share to serve as a practical expedient to estimate fair value as long as certain requirements are met. It was in the Plan's assessment that this common collective trust met those requirements, since the participants had the ability to redeem this fund at NAV as the measurement date on a daily basis.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no Plan investments as of January 31, 2025.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 20,904,477	\$ -	\$ -	\$ 20,904,477
* Common Collective Trust	-	-	-	897,063
<b>Total Investments at Fair Value</b>	<b>\$ 20,904,477</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 21,801,540</b>

\*Investment measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on the NAV per share as a practical expedient as of June 30, 2024:

June 30, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trusts	\$ 897,063	None	Daily	1 Day

#### 4. Tax Status

The Plan was qualified as a profit sharing plan under Section 401(a) of the Internal Revenue Code and was exempt from federal income taxation under Section 501(a) of the Internal Revenue Code.

# Panama Transfer Profit Sharing Plan

## Notes to Financial Statements

January 31, 2025 and June 30, 2024

---

The plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

### 5. Related Party Transactions

---

Certain plan investments were a stable value fund managed by American Trust. American Trust was the record keeper and custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions.

### 6. Reconciliation of Financial Statements to Schedule H of Form 5500

---

The following is a reconciliation of net assets available for benefits per the financial statements as of January 31, 2025 and June 30, 2024:

	<u>2025</u>	<u>2024</u>
Net Assets Available for Benefits per the Financial Statements	\$ -	\$ 21,849,229

### 7. Plan Merger

---

Effective in January 2025, the Company approved the Plan to be merged into a new plan called the Lutz Financial Pooled Employer Plan (Lutz Financial Plan). Newport Group is the custodian of the Lutz Financial Plan. The merger into the Lutz Financial Plan initiated a “Black Out” period that continued through February 4, 2025. During the black out period, funds could not be applied to the employee selected funds or withdrawn from the Plan or the Lutz Financial Plan until Newport Group had time to accurately complete the merger conversion. Plan assets of \$20,386,331 were transferred to the Lutz Financial Plan by January 8, 2025. The participants will continue to make payroll contributions to the Lutz Financial Plan thereafter.
